

MERCER ON A JOLLYING TOUR

Tells Different Story in Country Than He Does in City.

HAND SHAKING AND BRAGGADOCIO GAME

John McDonald Proclaims Himself for Pratt in the Sixth Ward, but Talks for Mercer in Country Precincts.

Dave Mercer and his allies have buckled down to hard work and are waging a campaign that is characteristic of the non-representative congressman.

Last Friday Mercer, in company with County Commissioner Gus Harle, former Sheriff John McDonald and A. W. Jeffries, who wants to be county attorney, made the rounds of several county precincts, leaving tracks in Millard, McArdle and Douglas.

To the people in the country Mercer insisted that every man in the city was solid for him and all he needed was the support of the country to make his nomination unanimous, although in the city he has been telling that he had the country solid and only needed the city.

It is significant, also, that McDonald, who was championing the cause of W. J. Broth's business and political partner, has been pretending in the Sixth ward, where he lives, to be in favor of Nelson C. Pratt for congress.

The fact that Mercer is getting down to a personal canvass shows that he realizes the desperate condition of his cause. This is also seen in his presence recently at several ward meetings, making a forced effort to jolly the ward workers, when previously he had contemptuously ignored invitations to attend meetings on the theory that he did not need any help from such a source.

His reception at these meetings, however, has hardly been such as to encourage him, whereas his opponents, especially in their own wards, have been given most enthusiastic receptions and assurances of hearty support.

There seems to be considerable dissatisfaction in the Ninth ward over the manner in which the ward club is run by a small clique of chronic politicians who have a cut and dried slate for the business of every meeting.

Although the call for the city republican convention has been out for some days candidates for the Board of Education are still plentiful, at least those on the republican side.

REPORT WHITMAN IS FOUND

Humor Says Absconding Soldier-Benevolent Has Been Arrested in Philadelphia.

It was reported in Omaha Saturday afternoon that James H. Whitman, who was married to Mrs. Little, the police matron, some months ago, and who a week after the wedding deserted her and at the same time deserted from the army, had been arrested in Philadelphia and would be taken to Fort Riley for trial for deserting from the army.

DADS DEFEAT EDUCATORS

City Councilmen Too Strong on the Diamond for Their Opponents.

GAME FULL OF UNIQUE FEATURES

Winners File Up Thirty-Five Runs to Losers' Seven and Everybody Apparently Has a Good Time.

Thirty-five to seven was the score; and the game was won by the City Council team. But the detail whereby that result was achieved is entirely beyond the range of description. Probably never before in the history of the game in Omaha has so much or so many different kinds of ball playing been introduced into seven innings.

KOBERSTEIN DENIES STORY

Says He Was Not at Home When Constable Came for Machine.

BIG AUTOMOBILE IS A WRECK

Harry Sharp's "Red Devil" Takes a Notion to Blow Up While Standing Still.

At about 9:40 o'clock last night Harry Sharp of 2023 Douglas street and three companions, A. J. Root, a young man named Smith and another, who are employed by the Whitman Automobile company, rolled up before Megath's stationery store on Farnham street at the corner of Tenth. Some belonging to the former and called the "Red Devil." They got out and went into Maurer's restaurant. One minute later something went wrong, for when the late occupants came rushing into the street, together with every one else within a block or two, they found only the running gear of the machine and a very loud noise, while from above descended an assortment of fragmentary sprockets and cushions and other gear.

Two of the telegraph wires above were broken, a cushion hurled onto the roof of Megath's and another through the entrance of Maurer's. An express wagon was summoned and the automobile towed away to the barn. The explosion was possibly caused by a leakage in the gasoline pipe or boiler, but it may have been empty, but the most probable cause was a defect in the construction of the water jacket of the cylinder, which had no safety valve. The water is supposed to keep the cylinder cool, but probably became hot and was turned into steam. The machine was built in turn after the designs of Mr. Sharp.

It was indeed a supreme moment when J. J. Smith, who had up to that time played field in so unobtrusive a manner as scarcely to be noticed, sat resolutely upon the ball and held it firmly while Councilman Lobeck, without a skip or a break, made the complete circuit of the bases; and not until Mr. Lobeck finished at the water barrel did Mr. Smith permit the ball to get back into the diamond. Another brief period of heart-breaking suspense occurred. Whitehorn of the City Council team batted long fly to right field and Homan posed promptly to "eat it up." Breathlessly the crowd watched the course of the sphere and not a sound was heard except the voice of the irrepressible small boy, who shouted: "He'll get it sure."

Batter, Himself, Amased.

Even the batter stood transfixed with excitement and forgot to run as the ball Homan awaited the descent of the ball. But as the ball rapidly approached the earth Mr. Homan, to his horror, discovered that he had slightly miscalculated the arc it had followed and had stationed himself at the wrong place. And thus one of the most brilliant plays of the entire game went wrong.

The audience was a large one and was full of interest and enthusiasm, and every one of the players was encouraged to the utmost.

One of the most pleasing features of the contest was the departure from conventionality which at times even went to the extent of disregard for the arbitrary rules, the advantages of which both of the contesting bodies have long ago demonstrated in their meetings. The ordinary ball game presents but nine players on each side, but in this grand contest the champions of the prowess of the Board of Education and twelve representatives of the city council were permitted to contribute to the festivities. It must be said for the teams, however, that neither of them played more than nine men at any one time, and at some times not that many.

Makeup of the Teams.

The participants on behalf of the Board of Education were: C. G. Pearce, Bernstein, Herring, Parker, Funkhouser, Percy Pearce, Theodore Johnson, Burgess, Waterhouse, Robert Smith, Homan, W. F. Johnson, Stubbendorf, J. J. Smith, Wood and Finlayson; and the city council team consisted of: Isaac Scheukin, Pittsburgh; Adolph Wagner, Manchester, N. H.; W. H. Gees, Baltimore; T. B. White, Waco, Texas; H. V. Compton, Toledo, O.

Several alterations were voted in the constitution and general laws of the Letter Carriers' Mutual Benefit association, including the substitution of dues at the rate of 6 cents a month instead of the former per capita tax of 50 cents a year. The minimum age of eligibility, 21 years, was also abolished.

After some argument a motion was adopted providing that benefits may be made payable to affianced wife, and children or parents of legal adoption, while a bank or a corporation may be appointed to hold such benefits in trust for the beneficiaries. No benefit, however, may be disposed of by will or assigned to any creditor for the payment of any debt.

Resolutions in commemoration of the late Joshua Richardson of Baltimore were adopted.

CRAIG BURIED IN OAKWOOD

Funeral Services Over Remains of Secret Service Man Who Lost Life in Roosevelt Accident.

CHICAGO, Sept. 6.—Funeral services for William Craig, the secret service man who was killed while accompanying President Roosevelt on his tour of the New England states, were held here today in the chapel of Bopston brothers' undertaking rooms.

The services, which were conducted by Rev. William W. Wilson of St. Mark's Episcopal church, were simple. Mr. Craig was laid to rest in the cemetery of the national secret service station in Chicago. The interment was made in Oakwood cemetery, and the pallbearers were William W. Wilson, chief of the department, Porter and Lieutenant Gallagher of the Chicago station. The offices of the department in the Rand-McNally building were closed all day, out of respect to the memory of Craig.

RAISIN COMBINATION SUEED

Made the Defendant in United States Circuit Court Under Sherman Anti-Trust Law.

SAN FRANCISCO, Sept. 6.—A suit for \$76,000 damages against the California Raisin combination has been begun in the United States circuit court under the Sherman anti-trust law. The United States Consolidated Raisin company, a New York corporation, is the plaintiff, and the Pacific Coast Seeded Raisin company, comprising a large number of corporations, is the defendant.

The complaint alleges that the plaintiff granted licenses to the different companies in the combination to use its patent seeding machinery on a royalty of one-quarter of a cent a pound on all raisins handled. This yielded a profit of more than \$10,000 last year, but now, by reason of the combine, the company refuses to pay the license and the damages resulting are estimated at \$25,000, when the anti-trust law must be trebled if awarded.

FIRE DESTROYS LARGE BARN

Flames Do Five Hundred Dollars of Damage Before Department Extinguishes Them.

A large barn, the property of M. R. Huntington, 2320 North Twenty-eighth avenue, was destroyed by fire at 1 o'clock yesterday. The barn contained considerable feed stuff and a number of chickens, which were burned with it. The loss probably will be \$500. Several small children were burning woods and brush in the rear of Mr. Huntington's residence and the flames communicated to the barn. Before the arrival of the department the flames were beyond control. The residence was scorched.

AFFAIRS AT SOUTH OMAHA

Legislature to Be Asked to Change the Present City Charter.

MORE MONEY NEEDED FOR THREE FUNDS

Fire and Police, General and Interest Resources Are Nearly Exhausted and Must Be Replenished Soon as Possible.

Months ago the city ordered printed copies of the city charter and the city ordinances. These have not been delivered and may not be as there is a movement on foot to appoint a committee to go over the charter and revise it. The legislature is to be asked to make a number of changes in the present charter of the city this is not enough. A committee of the council along with the mayor and city attorney will be called upon to go over the charter and pick out the flaws and present a revised charter to the legislature. Some of the older citizens here may be called in for suggestion, and a mass meeting is being talked of. This may be held sometime during the present month, but so far a call has not been issued.

It is asserted that a number of defects in the originals have been discovered and these, it is asserted, will be corrected from time to time. The printed copies of both the charter and ordinances when delivered will be out of date and the city will have spent its money for nothing as the same work will have to be done over next year.

LETTER CARRIERS END SESSION

Select Officers for Next Year and Decide to Meet at Syracuse in 1903.

DENVER, Sept. 6.—The National Association of Letter Carriers today selected Syracuse, N. Y., as the next place of meeting, and elected the following officers for the ensuing year: President, J. C. Keller, Cleveland; vice president, A. C. McFarland, Des Moines; secretary, E. J. Cantwell, Brooklyn; treasurer, G. W. Butterfield, Bay City, Mich.; executive board: David White, Boston; Ed J. Galner, Muncie, Ind.; M. A. Fitzgerald, New York; Ed Turner, Chattanooga, Tenn.; S. F. Stevens, San Francisco; Constitution and law committee: Isaac Scheukin, Pittsburgh; Adolph Wagner, Manchester, N. H.; W. H. Gees, Baltimore; T. B. White, Waco, Texas; H. V. Compton, Toledo, O.

Several alterations were voted in the constitution and general laws of the Letter Carriers' Mutual Benefit association, including the substitution of dues at the rate of 6 cents a month instead of the former per capita tax of 50 cents a year. The minimum age of eligibility, 21 years, was also abolished.

No benefit, however, may be disposed of by will or assigned to any creditor for the payment of any debt.

CHANGING COUNCIL CHAMBER.

Changes in the arrangement of the council chamber and the police court room are being made. The railing is being moved so as to give more room to those who desire to attend sessions of the court and the council. The old matting which was used on the floor will be taken up and the floors sanded and perhaps a couple of strips of right-angle tiling. It is understood that the changes in the platform will not be made at this time, although they have been ordered.

Streets Still Dirty.

The paved streets in South Omaha are in a deplorable condition when fifth is taken into consideration. Both Twenty-fourth street and N street need cleaning badly, but there seems to be little activity by the street gang in this connection. There is some filling of washouts and the road machine has been at work all week on Twenty-third street, but the down town streets have been neglected. Several members of the council made an inspection yesterday and will bring the matter to the attention of the mayor shortly.

Dumping Garbage Unlawfully.

The attention of the sanitary inspector has been called to the dumping of garbage at F street and the Union Pacific right-of-way. This practice has been going on all summer, but was stopped for a time. Now garbage haulers seem to think that it is too far to the river, although the road is all right, and so they are hauling to F street. Residents in that vicinity, as well as the railroad company, object, and a special policeman may be detailed to see that the practice is stopped.

Business Men Active.

Considerable interest is being manifested by business men in the proposed tannery. An effort is being made to raise the amount of money needed as a bonus for the parties who contemplate the erection and maintenance of a tannery here. While the sum of \$25,000 is considered large, it is possible that it may be raised. A positive answer must be given the promoters some time this week.

Cigar Makers' Union.

At a meeting held last week Cigar Makers' union No. 67 elected these officers: J. Kramoloch, president; C. Quastrom, vice president; Alexander Lenn, financial and recording secretary; S. D. Royer, treasurer. The delegates to the Trades and Labor council are: D. Royer, chairman and Frank Lettner. The union here has seventeen members.

Cutting Into Cables.

The Nebraska Telephone company has quite a force of men at work taking down old poles and dead wires in the business portion of the city. It is understood that the company proposes to put all wires in the business part of the city in cables and rid the streets of a number of unsightly poles. This work will continue for some time. Already N street is being cleaned up and when this street is completed the working forces will be moved to other sections of the city. The improvements

WASHINGTON, Sept. 6.—(Special.)—The following pensions have been granted: Issue August 16: Nebraska: Increase, Reissue, Etc.—Charles A. Clark, Fairbury, 12; Increase, Reissue, Etc.—Cyrus L. Wilson, Columbus City, 8; Widows, Minors and Dependents Relative to National Army, strong, Tipton, 8; Sarah J. Grant, Shannon City, 12; Ida T. Bunker, Fort Dodge, 12.

Falls from Moving Train. M. F. Mills of Denver fell from a rapidly moving Union Pacific freight train two miles from here on Saturday night. He was injured and sustained a deeply cut chin and forehead and had his right hand cut and sprained. The train did not stop and the injured man had to walk back to town. His injuries were attended to at the police station. Mills says that he came to Omaha Friday, and not being able to obtain work, started his return journey tonight. He was standing on the rear platform of the caboose and in some manner lost his footing.

See How Sweeper Works. Patrick McGinn last night had a pousse and started out upon the streets. About 11:20 o'clock he reached the intersection of Third and N streets, where he was struck by a street sweeper who was at work. McGinn is a mechanical turn and went out to see what happened. He got to near and the wheel passed over his right foot. His injury was examined by a physician and he was sent to his home, 121 Webster street, in the patrol wagon. No bones were broken.

PERSONAL PARAGRAPHS. J. N. Cox of Exeter is the guest of George H. Lee.

Julien H. Miller left yesterday for the Union Hebrew college and university at Cincinnati, which opens September 10. At the Millard: R. G. Heaton of Kansas City, F. L. Lake of Chicago, E. H. Wilson of St. Louis and J. C. Martin of Central City.

John Buck, foreman of the Stora Brewing company, bids his many friends adieu for a time, it being his intention to visit the fatherland and incidentally the principal cities of Europe, with the object of noting any improvements in the brewing industry.

Lyman Waterman is in the city from Creston. He has forty-five teams and is now engaged grading the right-of-way of the electric line from Creston to Winteret, but with the bad weather of the last month it is found impossible to make rapid progress and rails may not be laid until after January.

LOCAL BREVITIES. J. Jordan Dickey, son of J. J. Dickey, died of peritonitis at the family residence, near Benson, at 9 o'clock last night. The funeral notice will appear later.

D. E. Rosegrain, who comes from the Sac and Fox agency in Oklahoma, was arrested on suspicion of carrying a hip pocket a revolver which must have been the father of all the guns in Oklahoma. He has only been in the city a few days.

C. C. Borgard and Frank Barnett, machinists, were arrested yesterday and charged with carrying a revolver and suspicious characters. The former refused to give his place of residence, but the latter said that he was staying at the Union Pacific shops. They were held for investigation.
