progress being made in the sale of the common stock of the company and have for some time been casting about to discover the probable reason for the failure of the plan to become popular. John Becan Ryan Thursday afternoon presented his ideas on the subject in such a manner as to attract attention and yesterday, by a unanimous vote, he was employed as manager of the enterprise and instructed to put his ideas into effect. Mr. Nettleton, who was brought from

Kansas City to act as superintendent of the enterprise, resigned, but his resignation was not accepted. The board then discussed the reason for the usually small attendance at the meetings and decided to try another meeting place for a month. The secretary was instructed to arrange with the manager of the Millard hotel for a private dining room at that house and a meal at 12:30

Unless he is instructed to the contrary Chief of Police Donahue intends to issue an utter inability on the part of Major Gen- order which will take from carnival week eral Bates to get any word from those in much of the noise and confusion and a quantity of the ginger. The order which the chief contemplates issuing is to the ef-Lincoln regarding the participation of Ne- fect that during the Ak-Sar-Ben festivities braska troops. Nothing has been heard there shall be no confetti thrown on the streets, no explosive canes used, no blank cartridges fired, no rubber balls attached to rubber strings smashing the hats of passereby and no tin horns blown. The chief will allow confetti throwing in

the carnival grounds, but this privilege has a string to it. It will be permissible only if the management of the grounds agrees to keep the streets in the enclosure absolutely clean, free of sand and dust. Those who throw confetti will not be allowed to pick a handful off of the streets to throw. "I intend to issue this order," said the chief, "because the throwing of confetti is dangerous and the other things mentioned

are an coying, and where one person enjoys it, five hundred object. It may not be generally known, but there were a large number of persons last year who came very near losing their eyesight because of the confetti throwing habit. Clean confetti, of course, is not dangerous, but the throwers do not stop at that. They pick up the stuff on the streets and with it they get all kinds of dirt and "The blowing of horns in persons' ears

is a nuisance and annoying. The shooting of blank revolvers is dangerous. I do not intend to allow the discharge of anything like this, for the simple reason it gives a good opoprtunity for anyone who so desires to fire a loaded revolver and someone is sure to get hurt. It may be that I will be reversed on this order, but I shall issue it nevertheless, and if I am instructed to Eighteen of the twenty-one members of reacind it I will. But I believe it will meet the Board of Directors of the Auditorium with the endorsement of the people, or at
