FIRST ARREST OF STRIKER

Picket Lindsey Taken to Jail Because He Refused to "Move On."

The first arrest of a Union Pacific striker since the issuance of the injunction by the federal court Monday was made late yesterday afternoon when W. I. Lindsey, a picket, refused to "move on" at the command of a police officer...

This is the first actual development in the affairs of the strike as a result of the action promulgated by the railroad company in having the injunction served. It is expected to lead to a test of the strength and blinding force of the writ which Judge McPherson of Iowa, upon the application of John N. Baldwin, the Union Pacific's attorney, granted against 145 strikers...

The strikers are proceeding with their affairs much as they did before the writ was issued, maintaining their picket lines within a block of the Union Pacific shops, sending out their daily bulletins sheets to their associates in other places and occasionally whispering a word to some newspaper reporter.

Every effort is being made by the strikers to be ready to resist any effort at the curtailment of their personal privileges. In so far as the injunction relates to the prohibition of lawless acts or deeds, the strikers avow their determination to obey it and see that it is enforced.

Strike leaders have arranged for a mass meeting in Washington hall next Monday night, at which the merits of the present conflict will be discussed publicly for the benefit of the citizens of Omaha.

FOX WAS DETERMINED TO DIE

Shoots Four Times at Himself Before the Fatal Ball Strikes Home.

A man between 30 and 35 years of age, presumably Francis E. Fox, killed himself with a revolver last night about 8:20 o'clock at the Eleventh street entrance of the alley between Harney and Howard streets.

Detectives Heelan and Johnson were in the immediate vicinity and ran to the alley on hearing the shots. They found the wounded man where he had sunk down against the rear of 1623 Harney beside a telephone pole, with the revolver on the ground, where it had fallen from his hand.

He was taken to the police station, but died as he was being carried in. Fox only lived about ten minutes from the time of receiving the wound. The coroner was summoned and the body was taken to the morgue about an hour after the shooting.

In the man's pockets were found receipts which showed him to have been a member of lodge 1623, Independent Order of Foresters, at Grand Haven.

The state is not given, but the Grand Haven is probably the Michigan town. The receipt is dated August 8 and was addressed to Fox at Shenandoah, Ia. Deceased had three recommendations as to his good ability as a baker, pastry and ice cream maker.

One of these was from Palmyra, N. J., where he had evidently worked. While in Shenandoah he received several letters, one from Palmyra and the others bearing the Grand Haven postmark.

One of these was from the treasurer of the lodge there, and stated that Fox's wife had been to the writer to try to find out where her husband was.

Reference was also made to the death of her lawyer, who was getting a divorce for her. It is thought that Fox had become melancholy over domestic troubles.

The dead man was between 30 and 35 years old, five feet, seven or eight inches tall, weighed about 150 pounds, had thick, light brown hair and sandy moustache, straight nose and grayish-blue eyes, and had a star in India ink tattooed on inside of left thumb.

He was not dissipated in appearance and was a good looking man. Deceased was rather well dressed and wore a black suit, light gray soft hat, red striped shirt and gold nose glasses without rims and had 26 cents in his clothes.
