FIGHT AGAINST THE SALOON

Smaller Attendance Than Usual at State Anti-Saloon League Meeting.

DEMOCRATIC COMMITTEE WAKING UP

Plan of Campaign is to Consume Effort Largely to the Circulation of Literature—Accuse Agent of Fraud.

(From a Staff Correspondent.)

DES MOINES, Sept. 16.—(Special.)—The Anti-Saloon League held its annual meeting here today, the attendance being about twenty-five all told, much smaller than usual.

Port Dodge, president. The secretary, Rev. Matt Sawyers of Centerville, was not present. The feature of the meeting was a lecture by Rev. Father Lemhan of Dubuque on temperance, and this is the first time there has been any affiliation of the Catholic clergy with Protestants in temperance work in the state.

The report of Rev. H. C. Marshall of Sioux City on the work of enforcement during the year was read. Mr. Marshall reported that his work had consisted largely of educational work. He recommended that the state be divided into eight or ten districts and a superintendent be named for each one to have charge of the work of enforcement.

He also urged more agitation and education, that the league adopt a better system of financing it; that law enforcement should become more general, etc. In closing he announced positively that he would accept the re-elected for next year.

That he had collected for his work \$1,120.52, and had expended \$277.04. During the year a mulct petition had been obtained on one county and in five counties had been freed from the subject of a successor to the late President Beardshar of the Iowa State Agricultural college. He will leave upon his return for Massachusetts to attend the launching of the cruiser Des Moines, and it is stated that it is doubtful if the opinion is made public before he returns.

Appoints Dead Sheriff's Brother.

ONAWA, Ia., Sept. 16.—(Special Telegram.)—At the special session of the Monona County Board of Supervisors, held this afternoon Miles W. Strain was appointed sheriff to fill the vacancy caused by the death of W. E. Strain. He is a brother of the late Sheriff Strain and has been his chief deputy since the beginning of the second year of his appointment.

The appointment is likely to give general satisfaction, and was one of the last requests made by Sheriff Strain to the president of the board.

Black Hawk Court House Dedicated.

WATERLOO, Ia., Sept. 16.—(Special.)—The new courthouse of Black Hawk county was dedicated yesterday by the Board of Supervisors and the County Bar association. The building was thrown open for the inspection of the public. It is one of the finest temples of justice in the west, built of Bedford stone at a cost of \$150,000.

It takes the place of the one erected in 1857. Judge Platt opened court and then adjourned for the day.

More Matter of Law.

WATERLOO, Ia., Sept. 16.—(Special.)—A. J. Wittick, who was defendant in a boycott damage suit by Mrs. Minnie Hooper, who runs a restaurant, has filed a demurrer to the suit on the grounds that as a business man he has a right to make any business agreement he likes.

He admits that he agreed with the labor unions not to sell Mrs. Hooper meat, and thus admits the boycott on which grounds the suit was based.

No Substitute Offered.

Say what you will about druggists offering something "just as good" because it pays a better profit, the fact still stands that a business man has a right to recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy when the best remedy for diarrhoea is asked for, and so because they know it is the one remedy that can always be depended upon, even in the most severe and dangerous cases.

MOB IN CONTROL OF TOWN

Reign of Terror is Reported at Rockport, a Small Kentucky Village.

HARTFORD, Ky., Sept. 16.—There is a reign of terror at Rockport, eight miles west of here, and the town is practically in the hands of a drunken, lawless band of men, whose members frighten the law-abiding citizens into submission.

Last night over 100 shots were fired in the town by the gang and the citizens of Rockport are afraid to call for aid, fearing that the mob may hear of it and burn the town, as they have threatened. During last night's fusillade Town Marshal Tilford was wounded. Three of the gang have been arrested.

For Don't Accept Counterfeits.

For don't accept counterfeiters, sores, cuts, bruises, burns and other wounds nothing equals DeWitt's Witch Hazel Salve. Don't accept counterfeits. None genuine except DeWitt's. "I have suffered since 1865 with protruding bleeding piles and until recently could find no permanent relief," says J. F. Gerral of St. Paul, Ark. "Finally I tried DeWitt's Witch Hazel Salve, which soon completely cured me."

MOUNT PELEE TAKES REST

Volcano Still in Eruption, but Its Activity is Now Regarded as Insignificant.

NEW YORK, Sept. 16.—Growth from Mount Pelee are finally diminishing, says a Times dispatch from Martinique, by way of London. The volcano is still in eruption, but its activity is now insignificant.

All necessary measures to assist the sufferers have been taken by the government. The native population is calming down. It is the opinion of cool observers that the tidal wave comes.

Iowa's Dispensarian Colony.

The dispensarian ward of the State hospital at Mount Pleasant is running smoothly with about fifty inmates on an average. After the first large batch of victims of whisky, cocaine and morphine the judges of the state appear to have eased up on this branch of their work. Now that the September term of court are opening up all over the state it is expected that there will be an increase in the number sent to the hospital for treatment. On August 1 there were fifteen in the dispensarian ward. During the month thirty-six were admitted and two died. At the close of the month there were forty-nine men and one woman at the hospital in this department. Since the first of the month a number have been admitted. The governor has issued no paroles in this department as yet.

Liberal with Insane Paroles.

FIRE RANGERS APPOINTED

They Begin Systematic Campaign Against Wyoming Conflagrations.

INTERIOR DEPARTMENT SENDS ITS ORDERS

It is Better Able Now to Direct Work, Having Received Official Reports, and Also Communication from Governor.

SARATOGA, Wyo., Sept. 16.—(Special.)—C. W. Garbutt, superintendent of forest reserves for Wyoming, South Dakota and Nebraska, is here to investigate the recent forest fires in this section and extinguish those now burning.

As the fire on Brush creek has again broken out, as well as a new one on Douglas creek, Superintendent Garbutt has asked permission of the department to appoint rangers, one to take charge of each fire, which was granted. William R. Bradford and Shellie Wood were selected and they have organized forces and repaired to the scenes of the fires.

The Brush creek fire has gained considerable headway again, owing to the high wind of the last few days. This fire was extinguished by Captain N. J. O'Brien of Denver, and when he went away he asked for permission to appoint guards to patrol the forest to prevent the fire breaking out afresh, but this request was denied by the department.

The fire on Douglas creek is a new one and has gained such headway that it will be a difficult problem to extinguish it before snow flies. It has a front of eight miles and is confined to the dense timber. Ranger Bradford says 100 men could not put it out were they to fight the flames for weeks. So far as known there are no mining camps or ranches in the path of the fire and outside of the destruction of valuable timber the damage will not be heavy.

Another fire has broken out in the country along the South Fork of Encampment river.

All of southeastern Wyoming is covered by a pall of black smoke and at times the sun is hidden from view. At night the moon resembles a huge ball of fire and is blood red in color.

From Governor Richards.

CHEYENNE, Wyo., Sept. 16.—Governor Richards has been informed by telegraph from Grand Encampment that for many miles along the Wyoming-Colorado line, north of Pearl, Colo., a furious forest fire is raging, devastating everything in its path. Efforts to subdue the flames have been exhausted without effect. Devoaning Richards immediately communicated with Governor Orman of Colorado and arranged for both to send a telegram to the secretary of the interior asking for aid.

According to the latest reports, there are at least eighteen serious forest fires burning in Wyoming, to say nothing of numerous smaller fires burning in southern Albany county that are destroying great swamps of fine pine timber in the Medicine Bow range and threatening mining buildings.

Although a hundred miles away from Cheyenne, the smoke from these fires obscures the sky here and the odor of burning wood is plainly noticeable.

At Washington.

WASHINGTON, Sept. 16.—Late today the interior department received a telegram from Superintendent Sheller, in charge of the forest reserve tracts in Washington state, informing that two serious forest fires of large area inside the Mount Ranier reserve. The rangers have been fighting these fires since their inception and extra help has been employed to aid in the battle.

In response to the telegrams from the governors of Wyoming and Colorado, the secretary of the interior has ordered Forest Superintendent Garbutt of Wyoming to assist Supervisor Athery of the Crow Creek reserve in fighting the fire reported burning near Pearl, just south of the Medicine Bow forest reserve. They will employ a large number of men to assist in the work. This is the only action the department can take.

A new forest fire that stretches over a large area is reported in official circles by South Dakota. It is being fought by Forest Superintendent Michelson and a large force are working to extinguish. The dispatches say the fire near Saratoga, Wyo., has been brought under control.

READY FOR THE EXECUTION

Senfold on Which Lovewear is to Be Hanged is in Perfect Working Order.

STURDIS, S. D., Sept. 16.—(Special Telegram.)—Everything is now in readiness for the execution of Ernest Lovewear next Friday for the murder of George Pack and George Ostrander at Owl creek. The trap was tested this morning by Sheriff Smith with a sack of sand weighing 170 pounds at a drop of six feet. Everything worked in good shape.

The prisoner still plays a mouth harp at times and then again seems to be very nervous.

Wolsey is to Be Rebuilt.

HURON, S. D., Sept. 16.—(Special.)—Several business men from Wolsey were here today in search of carpenters and buying material for buildings to be erected in that city where so many were destroyed by fire Sunday afternoon. Workmen are very scarce, and although big prices were offered not enough men could be secured to do the work. While here the parties purchased large bills of building materials, and the work of erecting new buildings will commence at once. At this time great piles of machinery, merchandise and goods of every description fill the streets and there is no building suitable for business purposes to be had in the town.
