poration and would be an assessment of its tranchise.

1. Evidence examined in the case at har a heid that in the assessment of the properties of the railroad and telegraph companies by respondents the franchises of such corporations were valued and assessed in the assessment of the physical properties of such corporations.

18 The State Board of Equalization is by law constituted a special wibunal for the purpose of assessing railroad and telegraph properties and in the valuation and assessment of such property for taxation purposes they are given exclusive jurisdiction.

Power of the Board. Power of the Board.

19. In assessing property for faxation purposes the board is clothed with quasi judicial powers as to the valuation of such property and when it has once acted on sufficient information and expressed an honest judgment as to such value its judgment cannot be controlled by the writ of mandamus. The writ of mandamus is not a writ to correct errors, but to compel action.

mandamus. The writ of mandamus is not a writ to correct errors, but to compel action.

26. The presumption is that when an officer or assessing body values property for assessment purposes that he acts fairly and impartially in fixing such valuation.

21. Held in the case at bar under the evidence the interence is not warrantable that the respondents acted from improper motives and fraudulently in making the assessment complained of with the wrongful intention of discriminating in favor of the railroad and telegraph companies whose property was assessed.

22. Where an assessing officer or board disregards well known rules for the valuation of property assessed and has refused to consider reliable and pertinent information regarding such values and arbitrarily assesses property at a grossiy inadequate sum, such assessment may be treated as fraudulent and as in law no assessment.

23. Where in the assessment of property for municipal purposes in cities of the metropolitan and first class different standards of valuation prevail than in the assessment of property generally throughout the state for general revenue purposes, and the State Board of Equalization cannot assess property in harmony with such different standards of valuation, it is the duty to observe the rule of uniformity of valuation of property assessed generally for revenue purposes rather than the standard prevailing in the cities of the classes mentioned when property therein is assessed for municipal purposes.

24. The constitution requires that in the assessment of taxes for municipal purposes such taxes shall be uniform with respect to persons and property within the jurisdiction of the body imposing the same.

Question of Uniformity.

25. Whether the provisions of law re-culring the valuation of railroad and tele-graph property for assessment purposes made by the State Board of Equalization graph property for assessment purposes made by the State Board of Equalization shall be taken and accepted as a correct assessed valuation of such property for municipal purposes in cities of the metropolitan and first-class when a different standard of valuation prevails as to the assessment of all other property in such cities violates the constitutional provision requiring taxes to be uniform throughout such municipality as an independent taxing jurisdiction. Quare.

26. The power of the State Board of Equalization to value and assess for tax purposes sleeping and dining cars operated on the railroads in this state is derived from the statute, it being within the province of the legislature to select a method by which all such properties shall be valued and assessed, which is exclusive when no constitutional rule is violated.

27. In assessing sleeping and dining cars under the provisions of sections (et and 40b the board cannot value and assess the franchises or other intangible property of the corporations owning such cars as independent species of property, in estimating the value of such property for assessment purposes the assessing board in determining the value thereof is not confined alone to the cost of construction, but may consider the value of the property assessed as a means of sarning income, the profitable ness of the use to which it is put, and ascertain and fix its true value for assessment purposes with reference to the value it has as used and by reason of its use.

STRIKERS GET THE BENEFIT Claim to he Helped by Injunction,

stated from an interview with one of the men who left the shops Wednesday, these men now feel a greater degree of security in coming out since the restraining order has been issued, believing, of course the repurts given them of the desperate character of the strikers and the injunction will have a tendency to suppress all violence.

There is sensething strange shout this

There is something strange about this movement of men to and from the shops. Pickets who stood at or near the shop yard entrances all day Wednesday stated that as high as forty desertions occurred during the day and reporters met and talked with many men at Labor temple who said they had just left the shops. Yet, on the other hand, officials of the Union Pacific dispute all claims of desertions and hold that their shop forces are not diminished or reduced in the least. One of the highest officials yesterday said: "You tell us forty men left the shops, but we have not missed one." Again the statement has been made by a

there are now and have been for some time all told, thirty men. This lacks considerable of being a normal force. When the strike began this department contained about seventy-five men. Whether the forces are up to the standard

or not, the company continues increasing them by importing new men. A large shipment of men was due and they are said have arrived from the east yesterday. There were to be fifty-eight in all, forty

the coroner's jury in the Caldwell inquest, recommended be held for further investigation, although not implicated in the crime, has been released from custody on \$5,000 bail.

BRYAN IN RAILROAD WRECK

No One is Hurt and the Nebraskan Embraces Opportunity to Hold a Reception.

INDIANAPOLIS, Ind., Sept. 18 .- The Big Four train No. 2, which arrived here today with William J. Bryan on board, struck a yard engine at the New Jersey street cross-

The pilots of the engines were smashed and they were sent to the shops for repairs. The wreck caused considerable delay and Mr. Bryan, who was not in the least injured, disembarked and held an impromptu reception in the street.

None of the passengers were injured. Mr. Bryan was on his way from Cincinnati

Hood's Pills Sold by all druggists. 25 cents. ARCTIC STEAMER IN HARBOR

Windward Arrives at Sidney After Long Trip to the North.

IMPORTANT DISCOVERIES ARE ANNOUNCED Expedition Fails to Reach the North Pole, but Lieutenant Peary Feels

that Trip Has Been Valunble Onc. SIDNEY, N. S., Sept. 18.- The Peary Arc

to club's relief steamer Windward, with Lieutenant Robert E. Peary on board, arrived at North Sidney at 8:15 this morning from Greenland. Lieutenant Peary did not succeed in eaching the pole, but it is announced that

he made important discoveries,

When Peary stepped from Windward to the wharf no one would have supposed that he had braved the rigors of a winter in the polar regions. His face was bronzed, out he looked the picture of health. Mrs. Peary and daughter, who had gone with Windward to meet him, looked well, although the former is just recovering from

an illness. Dr. Diederick was on board and quite well. As far as can be learned the difference between him and Lieutenant Peary has not been patched up. Dr. Diederick declined to say anything further at present than that the difficulty between him and Lieu-

tenant Peary had not been settled. His Faith Undaunted.

The citizens of Sydney gave Lieutenaut Peary a public reception in Alexandra hall this evening. Mayor Crow presided and presented to Lieutenant Peary an eloquent address commendatory of his work. which the explorer made a brief but effective response. "God Save the King" and "America" were sung by the audience, after which many of those present were presented to Lieutenant Peary.

Lieutenant Peary has received an invitation from the Scottish Geographical society to visit Edinburgh and receive a gold medal, its highest honor. He has also been elected an honorary fellow of the National Geographical society, whose headquarters are at Washington, D. C. He says he feels certain that the pole were a man of independent means he would

persevere until he succeeded. Lieutenant Peary said: "Our expedition did not reach the north pole, but we made most important scientific discoveries. We are well and glad to get back to civilization."

He recovered and brought back the in struments and library abandoned by the Greeley expedition. He also brought numerous and rare specimens of natural history. Lieutenant Peary sent to the Arctic club the following report of the operations of the expedition since August 9, 1901:

Left at Erik harbor, on the Ellesmere coast, August 29, the party reached Payer harbor September 16, crossing Roose bay by sledge and partly by boat, then going across Beford Pima about a week later and met Eskimos, began to fall sick, not one escaping. Before November 19 six adults and one child were dead; nearly all the others were very weak, but out of danger.

Ravages of Fatal Epidemic.

Which Rednees Shop
Forces.

Early in January Eskimos came across from Anvilaka, bringing news of the ravages of a fatal epidemic through the tribe. Word was sent back by these scouts for as many of the survivors as could to come the forty men who they said left the Omaha shops Wednesday, others, according to the claims of the pickets, went out yesterday morning and those who are still inside are restless as a result of the wave of immigration that has been set in motion. As was stated from an interview with one of the stated from an interview with one of the stated from an interview with one of the

Start Over Polar Sen. April 1 started northward over the Polar sea with Hensen, four Eskimos and six sledges. Old floes covered deep with snow and intersected with rubble ridges and lanes of young ice were encountered from the moment we left the ice foot. The same the moment we left the ice foot. The same kind of traveling, except the lanes of young ice, as found by the English expedition of

After six marches open leads, floes in motion were encountered. Two natives were sent back. As we advanced the floes became smaller, the pressure ridges on a grander scale and the open leads more frequent. Each day's march was more perious and our general course deflected west by the character of the ice. Finally, at \$4.17 north latitude, northwest of Hecla, the polar pack became impracticable and Again the statement has been made by a member of the special special ways and process the special weeks. Events of the last few days have challenged this statement, however.

During the inquest over the body of Earl Caldwell Tuesday, one of the Union Pacific guards who testified, informed the jury in answer to a question by the attorney for the strikers, that in the blacksmith department where he had been employed, there are now and have been for some time.

84.17 north latitude, northwest of Hecla, the polar pack became impracticable and further efforts to advance were given up. Now leads and pressure ridges with fogsy weather made our return in some respecting conger May 3. Leaving Conger May 6. Cape Babine was reached on the 18th. A few days later went north as far as Cape Louis Napoleon to complete the survey of Babbit bay, returning the first of June. A proposed trip across Eliesmere land westward was prevented by open water in Buchanan bay.

The ice broke up earlier than in 1901 and Bayer harbor was blockaded almost continuously.

Bores Way Through Icc. Bores Way Through Ice.

The Windward bored its way through the ice and entered the harbor the morning of August 5 and got out again the same afternoon, with scarcely fifteen minutes to spare before the harbor was closed by the ice. Forcing our way across Smith sound, my Eskimos with their belongings were landed in Ughfield guif. Several days were devoted to hunting walrus, then Windward started south, reaching and leaving Cape York the afternoon of August 25.

Calling at Goldhoun, Greenland, and Cape Haven, Baffinsland, Windward arrived at Chateau bay, Labrador, September 14, and There were to be fifty-eight in all, forty from Buffalo and eighteen from New York, according to information received by strikers from their unico brethren in these two cities.

United States Marshal Mathews has not yet completed the service of his injunctions. It has been impossible for the strike leaders to get all their men together for this purposs and the marshal was at Labor Tsmple yesterday distributing writs to some of the stragglers.

Charles Pospisil, one of the strikers whom the coroner's jury in the Caldwell inquest,

Haven, Baffinsland, Windward arrived at Chateau bay, Labrador, September 14, and Sent dispatches. The summer voyage has been without mishap and Windward with its engines has made as good time as the targer and more powerful ships that have been going north the last ten years. The year at Payer harbor was passed comfortably, though an anxious strain, caused by the ravages of disease among my faithful people was not light. Food was abundant and our supply of musk ox and deer meat continued throughout the year. The north-ten selected the year at Payer harbor was passed comfortably, though an anxious strain, caused by the ravages of disease among my faithful people was not light. Finds Greely Instruments.

Equipment and personnel were satisfactory and further advance was vetoed by insuperable natural cognitions. Windward has an board the insuraments, chronometers and arctic library abandoned by the Greely expedition and numerous specimens of natural history, bear, musk ox, reindeer and walrus skins.

The skeleton of a two-horned narwhal, a rare urctic specimen, also living specimens of musk ox, walrus, arctic hare and Eskimo dog are also on board.

The anchor and chain lost by Erik last summer is on board. Fram left Goodhoun about August 29, bound home. It has been in Sonor sound, from whence it is understood explorations were made to the rorthwest. One death (a fireman) was reported since. Others on board said to be, well. The little schooner Forget-Me-Not, which was caught in the ice at Cape Haven last year, is now on its way to St. John.

This report, signed by Peary, is addressed to Secretary H. L. Bridgeman of the Peary Peary will go to New York tomorrow and

Windward will probably go to Newfoundland for the winter.

STRONG DEMAND FOR WHISKY Dealers Find That Joy Julee is Hard to Corner, with 61d Corn

LOUISVILLE, Ky., Sept. 18 .- There is a strong demand for whiskies of 1893. 1896. 1898 and 1899, and the prices have advanced from 10 to 25 cents per gallon. These whiskies are closely held and efforts to buy in

High.

lots have proved unsuccessful. It is impossible to find a round lot of whiskies of 1895 and 1896. The demand comes from blenders. One broker took an order for a standard rye which he had to pay 90 cents gallon instead of 70 cents, as he had expected to pay. He could find only fifteen barrels in the market. None of the distilleries will start to operate until after January 1, the price of old corn being too

TO RODGERS, THE PROTECTOR Consul in Venezuela Extends, Through Navy Department, Thanks for

Services in Venesuela.

WASHINGTON, Sept. 18.-The acting secretary of state has received a dispatch from Consul Goldschmidt, dated at La Guayra August 17, reporting the arrival of Marietta at that port, and enclosing a letter from Mr. Hobert Henderson, consular agent at Cludad Bolivar, commending the services of Copies of these reports were sent to the Navy department.

"The department will be pleased," says the secretary, "if you will convey to Captain Rodgers its appreciation of the assistance rendered by him to Mr. Henderson and the American citizens at Cuidad Bolivar.

Consul Goldschmidt says he thinks it but

just to Captain Rodgers that he be given credit for his services in Venezuela. In his letter Mr. Henderson details the good work performed by Captain Redgers, and adds: "The captain has taken information and has had several interviews with General Herrera to induce him to treat the foreigners here in a way to insure a better feeling of confidence and to end the terror that all foreigners feel. As Captain Rodgers has done so much good by his presence here and his firm but courteous manner of treating with General Herrera for the interests of all foreigners, the consuls prepared an address to the captain, ent, as with his presence they felt secure.

The chief business before the vention is the canvassing of the new rules promulgated September 1, with a view of making them uniform among all the roads of the country. No serious objection to any of the rules is anticipated, but all of them, which are fifty-four in number, will be carefully reviewed and adopted if satisfactory.

Among those in attendance at the meeting are President Charles Waughop of St. Louis; J. W. Hogsett, chief inspector of several Texas lines of Fort Worth; W. E Sharp and H. A. Stevens, Chicago; C. S. Peebles, Kansas City; H. Bought and S. Skidman, Cincinnati, and about fifteen or twenty others. None of the Mexican Canadian members are here. The delegates will remain in the city over Friday on a pleasure tour of Omaha, Counell Bluffs and South Omaha.

Gets . \$100,000 -a -Year Because he has a keen, clear brain in a Augustinian order. A banquet was held in vigorous body. Electric Bitters give both, and satisfy or no pay. Try them. 50c.

Two Little Fires. A leaking gaspipe in the two and a half-story frame dwelling at \$202 North Twenty-fourth street rost Mrs. Marinda Steen \$100 in damages and a slightly burned face yes-terday evening at 7:10 o'clock. Mrs. Steen went upstairs to light the gas at that hour. When she struck the match an ex-piseton followed which set fire to the room. pteston followed which set fire to the room and blew out the window glass. Before the fire was extinguished the interior of the room and some clothing was much damaged. The gas had leaked from the pipe until the room was full.

Earlier in the day the nremen were called to the one-story frame cottage at 310 North Fifteenth street, where a small fire had started in the kitchen. This was extinguished by the occupants before the arrival of the firemen. LONDON, Sept. 18 .- The submarine telegraph cable, which joins the United States and Hawaii as the first link in the system to the Philippines, has been completed and is now on board the cable steamer Silvertown, lying in the Thames preparatory to sailing September 22 for San Francisco.

Marriage Licenses. Licenses to wed were issued yesterday to Name and Residence.
William H. Labs. Bennington, Neb.....
Augusta Reich, Omaha.....

The total weight of the cable is 10,000 You Take No Risk Vice President Ward of the Commercial In using Dr. King's New Discovery for Consumption, Coughs and Colds. It cures Pacific Cable company, who sails for New York on the steamer Celtic temorrow, says to a representative of the Associated all lung troubles or no pay. 50c and \$1.

Press:

The shipment of the cable gives the assurance that the United States may look forward to being in telegraphic communication with Honolulu by the end of this year. The manufacture of the remaining three sections to the Philippines is proceeding at the rate of fifty miles a day and I am confident they will be finished by March and laid during next summer. Two cable steamers, Colonia and Anglia, will lay the line beyond Hawaii. I would like to see the entire project consummated by next LOCAL BREVITIES. Charles M. Phillips has brought suit in the district court for divorce from Rosetta Phillips, to whom he was married July 12, 1890, in Sarpy county. The petition alleges habitual and excessive use of intoxicating liquor by the defendant.

Signor Rivela and the members of his Royal Italian band, sixty-two persons in all, have joined Alpha camp, Woodmen of the World, and were last night initiated into that order after the concert. There was a reception in the lodge hall, with refreshments. line beyond Hawali. I would like to see the entire project consummated by next Fourth of July.

Pending the arrival of Silvertown, work will be pushed on the underground cable approaches at San Francisco and Honolulu, each seven miles long. It will take Silvertown two weeks to unwind its spools between San Francisco and Honolulu. The service will begin immediately thereafter.

This evening the pulpit of Temple Israel, Twenty-fourth and Harney streets, will be occupied by Max J. Merritt, a santor student of the Hebrew Union college, Cincinnati. The subject of the sermon will be "Tolerance." Mr. Louis Bernstein, also a student at the Cincinnati Theological college will read the services.

Coming Conventions at Toronto and Jerusalem.

PHILADELPHIA, Sept. 18.—The central executive committees of the International Sunday School convention met here today to consider plans for the next regular convention, to be held in Toronto in 1903, and to ion, to be held in Toronto in 1903, and to

"An All-Day, Food"

Wheat and Pure Fruit Combined.

CERO-FRUTO is a concentrated food containing every element necessary to properly support every part of the body, and is easily digested and assimilated by the weakest stomach because it is PRE-DIGESTED. Experience teaches, chemiatry proves, that in nutritive values CERO-FRUTO is ALL food, or 160 percent nutrition. This cannot truthfully be claimed of any other cereal food ever manufactured. There is no waste. The starchy elements of the wheat kernels is converted into sugar, and the fruits incorporated add still more (fruit sugar), which renders it unnecessary to ase sugar when it is served.

CERO-FRUTO is

A PROPERLY BALANCED FOOD.

Its constituents are so carefully prepared and blended for muscle building and Wheat and Pure Fruit Combined.

Its constituents are so carefully pre-pared and blended for muscle building and brain nourishing that the finished product may be caten by old and young alike with great benefit as well as relish. It is a predigested food in all that the word im-plies. It is not placed on the market as a "breakfast food" but as an ALL-DAY food.

food.
Whether served as a principal of the table as a side dish, or for dessert, it is delicious and appetizing. Try it and you WILL NEVER TIRE OF IT.
CERO-FRUTO is the logical solution of the "meat problem," as it may be able to take the place of meat in every family that wishes to live in accordance with the laws of health.
