Figures Show Little Use for Truent Officer in Council

Secretary Ross of the Board of Education completed yesterday the tabulation of the school census for 1902. It demonstrates that there will be no need for the appointment of a truant officer in Council Bluffs as provided for under the new compulsory education law. The census gives 6,704 persons of school age, that is between the ages of 5 and 21 years, in the independent school district of Council Bluffs. Of these a 3.337 are boys and 3.467 are girls, giving the girls a majority of 230. The school school age, thus the increase this year is

494. Under the new compulsory education law all children between the ages of 7-and 14 are required to attend school at least fourteen weeks in the year. The law also requires that in the taking of the census ing within its provisions. With an enrollment of 4,697 in the several schools of the city as compared with the number of children of school age Secretary Ross says it is evident that very few children are not attending school. From the number of children of school age, which includes all up to 21 years, must be taken those who are over 18 years of age, as but few over this age at tend the public schools. Young men and women on reaching 18 years as a rule leave the public schools to either finish their studies at some college or university or else to engage in business.

> ADJOURNS FEDERAL COURT Judge McPherson Hears Motions and Grants Continuances to Litigants.

Judge Smith McPherson adjourned the September term of federal court last evening and today will go to Des Moines, where he will hear the arguments in the telephone strike injunction suit.

In the suit of S. P. McCormick as administrator of the estate of his son. Frank McCormick, against the Citizen's Gas and Electric company of Council Bluffs and Lon Hathaway, foreman, which had been transferred from the district to the federal ourt, a motion on behalf of the plaintiff to have the case remanded back to the district court was argued and taken by Judge McPherson under advisement, On behalf of the plaintiff it was contended that Foreman Hathaway, party defendant in the suit, being a resident of Iowa, the suit should be properly tried in the district court.

The case of J. E. Fuller against Susle A Hoyt was dismissed by stipulation at plaintiff's cost. The suit of Charles McEvers against the Chicago & Northwestern Railroad company was dismissed for want of prosecution. The case of Henry S. Balley against the Chicago & Northwestern Railroad company was dismissed by stipulation. Continuances were granted in these cases: Sadie Coleman against Dr. J. E. Summers, jr., of Omaha; Lon Skelton, administrator of the estate of Freddy Skelton, against the Union Pacific Railroad company; John F. Williams, administrator of the estate of Jesse Williams, against the Chicago, Mil-F. Stoker against H. R. Gould (two cases); Cycle company against the Singer Manufacturing company; H. I. post, Grand Army of the Republic, it being understood that Kronkite was a member of the One Hunderd and Forty-seventh New York infantry during the civil war.

Kronkite was 65 year of age and was from Neola by two men who declined to give their names or disclose their identity in any way. They asked the hospital authorities to address them at "Box No. 2," Yorkshire, Ia., relative to Kronkite's condition, but made no arrangements for paying for the care of the sick man. Nothing was learned from Kronkite, as he began to sink rapidly after being brought to the hospital and died the next evening. A telegram sent to Yorkshire as directed failed to bring any answer. Inquiry by Overseer Miller at Neola showed that Kronkite was unknown there. Attorney Riley Clark of Neola informed Mr. Miller that he had been informed that Kronkite was an old soldier and that he had a daughter living somewhere in the west, but beyond that was unable to give any information.

The members of Abe Lincoln post, be lieving that the deceased was an old soldier, decided to give him a fitting burial and prevent him from being interred in potter's field by the county.

Civil Service Examination.

The United States civil service commision announces that an examination will be held in this city November 19 for the positions of clerk and carrier in the postoffice service. (From a Staff Correspondent.) DES MOINES, Sept. 18 .- (Special.) -- The feature of the Odd Fellows' meeting today was the competitive drills of the cantons of the Patriarche Militant at the state fair grounds. The contest today was in what s known as Class B, and the following cities were represented: Atlanta, Ga., Maron, Ind., and Lima, O. In this class unable to compete because of the illness of ome of the members. The judges in the contest were General Lincoln and Major Turner of the United States army. The result is not announced, but there is no doubt that it was won by Marion canton. The ther prize drills will take place tomorrow. This morning Dallas county was awarded the prize for having the largest number of men in line of the Odd Fellows parade. Guthrie county contested for this on the ground that it had a larger number of Odd Fellows in proportion to the lodge

Republican Campaign Plans.

Chairman nce of the republican state went to Creston this morning to attend the Eighth district republican conference. Dates were made here for several more political meetings in Iowa. It is probable that the meeting which was to have been held in Waterloo next week, Henry Kronkite, who died Tuesday night at which Speaker Henderson was to open his campaign and be assisted by Governor Cummins, Senator Foraker and Senator Dolliver, will be called off. Foraker has decided upon not coming and it will be difficult for Cumins to be there. The Illinois committee has given notice that Colonel Frank C. Lowden of Chicago will be able to give three speeches in Iowa, dates not fixed. Judge Conner, congressman of the Tenth district, will open his campaign brought to the hospital Monday evening in a speech at Coon Rapids September 21. Congressman John J. DUBUQUE, Ia., Sept. 18 .- The republican congressional committee of the Third district met here today and decided to call a convention at New Hampton, Ia., September 25, to consist of the delegates to the convention which nominated Speaker Henderson, to nominate a candidate to succeed him.

This action was taken after a consideration of the Iowa election law. Before acting the members of the committee called upon General Henderson and requested him to reconsider his withdrawal. He declined to do so, saying his decision was final. Before adjourning the following resolution was adopted:

tion was adopted:

It is with deep regret that we find outselves compelled to reconvene the delegates of this district for the purpose of naming a candidate for election to represent this district in the national house of representatives. This is especially true when we realize the necessity of such action is caused by the refusal of our present member to accept the nomination heretofore tendered him unanimously by a convention called. In his declination we feel that we lose an able, capable leader of great worth and national prominence, such as can be attained only by one of sturdy character, unusual natural ability and ripenel experience in the field of statesmanship. We part with him as a leader with reluctance. While thus compelled to release Speaker Henderson we do so with no feeling that the selection of his successor will be without merit or that there will result any danger as to the result to the republicans of this district in the coming election.

Land Office Officials at Olympia, Wash ington, Wire that the Danger

DENVER, Sept. 18 .- Forest fires are weeping bare of timber sections of the Rocky mountains from the Wyoming line to central Colorado.

The fires are spreading with terrible rapidity and conditions are more serious now than at any time since the first fire was reported about a month ago. Government inspectors and forest brigades are doing all in their power to check the progress of the flames and are receiving all possible assistance from ranchers and mining men.

In some places the fires have been checked but not subdued. The greater portion of them, however, have gained such headway that, with the limited force of fire fighters and other means at hand, the government can see little hope of successfully extinguishing the flames and must necessarily allow them to burn themselves out. New fires are reported daily and much fine timber heretofore untouched by the devouring flames has been wiped out or else

## DICESTION

Imperfect digestion is more serious and far-reaching in its effect than is generally understood. This state of health is like an open gateway to disease because germs that may be in the air we breathe at once seise such an opportunity to attack the vital organs. They slowly undermine the strength and energy, and a collapse comes-usually at a time when a strong healthy
