CONCESSIONS AT CONVENTION

Christian Church Executive Committee Ready to Dispose of Coliseum Privileges.

At a meeting of the executive committee of the Christian church convention committee at Council Bluffs Thursday it was decided to close with several persons for concessions at the Coliseum.

It was decided by the committee to hold but one more union meeting of the general church committee. This meeting will be held on some Sunday between now and the opening of the convention and will be devoted to prayer for the success of the convention and thanksgiving for the work already done.

The chairman of the entertainment committee reports that she has been well received by the people of the city with whom she has conferred regarding the entertainment of delegates to the convention.

The committee is now in doubt as to the future of the Omaha Christian, a weekly publication started as the official organ of the convention. There have been some who desired to have it made a permanent publication of the church and a committee, consisting of Dr. Stabaugh of South Omaha, Judge Slabaugh of Omaha and Rev. W. D. Crowder of Council Bluffs, was appointed to consider the matter and make recommendation to the general committee.

WORK AT THE FAIR GROUNDS

Demand for Booths May Make it Necessary to Build Additional Ones.

The street fair grounds in the neighborhood of Douglas and Seventeenth streets are beginning to assume form.

The local merchants, manufacturers and jobbers are taking advantage of the fair to advertise their business.

There is some delay in sending out the souvenirs and invitations to the grand ball. It was expected that a large part of them would be mailed Friday, but they have not been delivered by the maker at this time and will not be sent out until Monday.

AIMS AT FAIR CASH VALUE

Tax Commissioner Issues Circular Pertaining to Assessment of Personal Property.

Tax Commissioner Fleming has just issued a circular for the instruction of his assessors and the information of the tax-paying public generally, which indicates pointedly that in the pending assessment of personal property particular attention is to be given to bank accounts, mortgages and other securities which are enumerated under divisions 26 to 29 of the assessment schedule, and to all of these other classes of personal property which ordinarily either exceed or fall far below their real value.

The assessment of all property, real and personal, for the city of Omaha for 1902 will be made at fair cash value, strictly according to the assessment schedule, and not at a value which is practically two and a half times (2 1/2) the former amount or more.

Second—The returns heretofore made in classes of property enumerated under Nos. 26, 27, 28 and 29 have not been what they should have been, judging from public bank statements and other means of information. This is a great injustice to those owning only other classes of personal property, and who make proper returns or owners of realty, who cannot escape taxation.

Third—The better class of horses, carriages, etc., seem to be undervalued according to the present market, and assessors are instructed to be more particular about valuing such property.

Fourth—The returns on diamonds, jewelry and silver plate are inadequate. Assessors are instructed to be more particular about valuing such property.

Fifth—The assessors are authorized deputies of the tax commissioner and have full power to put owners under oath and examination where the return by the owner is questioned by the deputy.

Sixth—Taxpayers should read back page of schedule.

Seventh—Notice especially fifth article in section 428, that the property of a wife should be returned by her husband.

Eighth—Provision has been made to accommodate taxpayers, so that the deputies can be seen in their district or at city hall on Saturdays, afternoons, evenings, notice of which will be given later in the daily newspapers.

HIGHWAYMAN LOSES HIS TIME

Holds Up Clinton Higby, Finds Only a Nickel and Gives it Back.

Clinton Higby, 2423 Leavenworth street, last night had an experience with a gentlemanly highwayman, who, with the exception of making Higby's hair stand on end for several minutes, did him no harm.

"Hands up!" he commanded, as he shoved the revolver close to Higby's face. Higby's hands went up. Then the highwayman searched Higby's pockets and discovered in the corner of one of them one lone nickel hovering deep in the pocket, as though in fear.

"No Substitute Offered." Say what you will about druggists offering something "just as good" because it pays a better profit, the fact still stands that ninety-nine out of a hundred druggists recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy when the best remedy for diarrhoea is asked for, and do so because they know it is the one remedy that can always be depended upon, even in the most severe and dangerous cases.

Object of Company is to Be in Position to Supply Its Own Needs Independent of Any Future Trust.

The Chicago, Burlington & Quincy railroad closed a deal Wednesday for the purchase of the mineral rights of 41,000 acres of land, situated south of Springfield, Ill., between the Chicago & Alton and the Illinois Central roads.

Not only for the amount of money involved, but for other considerations in the transaction regarded with special significance. The report is that the deal was prompted by the conviction on the part of the Burlington management that before a great time all the bituminous coal within convenient hauling distance would be absorbed by a gigantic trust.

Light Weight Top Coats At \$12.00

The accompanying illustration is the exact cut of our Covert Top Coats at \$12. It correctly reflects the "proper" style for the present season in the smart top coats which we are selling at the popular price of \$12. It is cut 33 inches long. It is made with the latest fly front and full box back. This style is made up in all the new tan shades of English Covert Cloths and Venetians. It is the extreme of style, but of course we show the same grade of top coat in modified shapes and all the various lengths up to the extreme long "stroller" cut, full 47 inches long. These coats are positively the best values that has ever been offered.

Men's Fall Suits \$10, \$12, \$13.50

The suits we are showing at the above prices are simply marvelous, both in quality of the fabrics and in the elegance of the cut. The variety is, for all practical purposes, unlimited. The Semi-Military and Princeton single and double-breasted sack styles are the most popular shapes. They are made from Home-spuns, Tweeds and beautiful mixed Worsted. The seal of fashion stamps every one of these suits.

A chapter that every mother should read, and not only read, but heed. Today we offer some very striking values in Boy's Clothing. We want to show mothers in the most practical way we know how that "The Nebraska" has eclipsed itself for values this fall, and that it will be to their interest to buy here, and only here. Today we offer three lines of Children's Suits at \$1.50, \$2.00, \$2.50. We wish to state emphatically that these are the biggest values ever offered honestly in Children's Suits. Seeing is believing. Investigating is knowing. Examining is finding out. It wont cost you anything to find out.

The New Autumn Suits for Women

Immense invoices of the new Fall Suits have been arriving daily. They are now attractively displayed in the Women's Suit Department. A remarkably large proportion of these Fall Suits is exclusive with us. They can be bought only of "The Nebraska." They are the kind of suits that people of the best taste want. The kind that has given us our prestige as the foremost style center. New Autumn Suits at—
