

IN REALM OF AK-SAR-BEN

Knights Preparing for Reception of President Roosevelt Saturday Night. ALSO FOR OPENING OF THE CARNIVAL. Treasurer Penfold is Sending Out the Invitations and Souvenirs—City Council Not Ready to Allot Seats.

The only reception committee that will be at the train to meet the president at 5 o'clock Saturday afternoon will be the Board of Governors of the Knights of Ak-Sar-Ben, who will escort him to the dinner at the Omaha club over the following route:

From the depot, on Tenth to Farnam; west on Farnam to Fifteenth, north on Fifteenth to Capitol avenue, west on Capitol avenue to Sixteenth, south on Sixteenth to Douglas, west on Douglas to Seventeenth, south on Seventeenth to Farnam, west on Farnam to Twentieth, north on Twentieth to Omaha club.

In the evening the parade which will be given in honor of the president will leave Sixteenth and Cuming streets at 7:30 p. m., go south on Sixteenth to Douglas, east on Douglas to Tenth, south on Tenth to Farnam, west on Farnam to Nineteenth, south on Nineteenth to Harney, east on Harney to Fourteenth, north on Fourteenth to Dodge.

A special committee appointed by the board will escort the president from the dinner at the Omaha club to the reviewing stand in front of the city hall.

Treasurer Penfold is sending out the invitations to the ball and the souvenirs today. There are 2,500 souvenirs to be sent to the friends of those who contributed to the parade and to members of the order. The souvenirs this year are sterling silver paper knives. The handle on either side shows a mounted knight in full armor, his pennant bearing the word "Omaha," while below is the word "Ak-Sar-Ben." The date, 1902, appears on a shield below a helmet suspended above the knight.

The invitation is profusely illustrated with scenes from Mother Goose melodies and fairy-land, which surround the crown, resting on a cushion. The idea of the design is good, but its execution can hardly be called satisfactory, as the engraver failed to bring out the form of the more involved figures.

Invitations Not Transferable.

The Board of Governors has taken a decided stand in regard to the invitations this year. Heretofore some of the most prominent people of the city have come from out in the state to have violators of one of the rules of the society, which is to the effect that invitations are not transferable.

On account of the prominence of the parties and the apparent good faith of the persons who have presented the invitations which were not issued to them, doorknockers have been lenient and have admitted the holders. This year this lenient course will not be followed. In order that no one may accept an invitation sent to another person, the name of the holder of each ticket is printed on the back of each ticket.

When one is presented by a person other than the one to whom it is issued the ticket will be taken up and the person refused admission. The rule will not be evaded in any case, so that persons desiring to attend the ball must make provisions with the personal representative of Samson for invitations.

The electric light company is making preparations for the street illuminations to be held on the night of the ball. The wires which have been in place for some time.

Carnival Opens Wednesday

When the carnival opens Wednesday it will find the jobbing houses well prepared to receive their friends and customers, who are expected to be in large numbers. Already the managers of many of the houses have received letters from customers asking them to secure quarters for the visitors during their stay in the city and these requests have been complied with as far as possible.

The houses have organized reception and entertainment committees sufficient to care for the entire crowd which will come to the city. The houses will be decorated with the Ak-Sar-Ben colors and, while a force will be ready to take orders for shaly goods, it will not be business which will attract the attention of the local managers during the carnival, but a desire to see that their friends are well received and cared for.

The jobbers desire their customers to understand that Saturday is a regular half holiday with the jobbing houses. This is the day that President Roosevelt will be in the city and that afternoon no business will be transacted. It is expected that one afternoon in next week will be declared a holiday, on which the houses will close at noon.

City Hall Reviewing Stand.

The committee of the city council, consisting of Messrs. Whitehorn, Karr, Burkley and Zimman, who were appointed to have entire management of the reviewing stand in front of the city hall, met yesterday and discussed plans for the arrangements of seats, but were unable to take any decisive action at that time for the reason that they were unable to ascertain just how many seats the stand will accommodate. It has been decided to use the tickets which remain after the city officials and presidential party are provided the charge shall be \$1 each.

The committee will meet again this morning and will then be able to determine as to the allotment of seats.

TO ELECT NEW DIRECTORATE

Annual Election of Omaha Auditorium Company First Monday in October.

The annual election of directors of the Omaha Auditorium company will take place the first Monday in October. F. E. Sanborn has positively refused to serve longer as president of the company, giving as his reason for withdrawing the fact that he is not in good health, not having fully recovered from his serious illness of the summer. In addition to this his business requires more attention than can be given to it while he acts as president of the Auditorium company. He is willing to serve as a director and will probably be one of the persons elected. It is expected that there will be several changes on the board.

BUILDING INSPECTOR ALERT

Complains that Exhibitor at Street Fair is Injuring Asphalt Pavement.

The building inspector has found it necessary to complain to the management of the Ak-Sar-Ben carnival by reason of the carelessness or wanton disregard for city property on the part of some of those who have leased privileges and are making preparations to place their exhibits. On Eighteenth street one prospective exhibitor who has erected a tent in the street has driven the iron tent pins entirely through the asphalt pavement and in some places has torn up and displaced large portions of the asphalt.

AFTER THE NEXT CONVENTION

Scramble for Christian Church Gathering Begins in Earnest.

FOUR LOCATIONS ARE BEING BOOMED

Niagara Falls, Buffalo, Detroit and California Are Making Efforts to Secure the 1903 Meeting.

Already there is a scramble for the Christian church convention of 1903. The local committee of the church has received word from Niagara Falls, Detroit, Buffalo and California to the effect that there would be strong delegations present to advance the claims of those cities and that state for the next convention.

So far it appears that Niagara Falls has taken the most advanced position. That city has a committee whose business it is to secure conventions. This committee has undertaken to secure the Christian church and a letter from the mayor and city clerk brings information that the city council is co-operating with the convention committee for that purpose.

Detroit and Buffalo write to ascertain the cost before putting on foot active steps for the meeting, while the California delegates have decided to ask for the convention for San Francisco or Los Angeles. The question will be decided later.

Harry G. Hill, pastor of the First Christian church has gone to Springfield Mo., to advertise the meeting before the missionary society of that state. Enroute he will stop at Kansas City and work for the same object.

Judge Silbaugh and C. S. Paine are in Beatrice, where Sunday night they spoke at a meeting of the Christian church. They returned last night.

W. T. Hilton will return from his trip to Colorado Wednesday and will be in a position to tell of the showing to be made by that state at the convention, as he has devoted considerable time to the work while on his vacation.

Mrs. Garloch, chairman of the entertainment committee, is anxious to close her work as soon as possible and asks that those who can entertain delegates make the fact known at headquarters, either through the members of her committee or by personal notice to the general committee, as soon as they can. It is found as the work of the entertainment committee advances that it will require a large number of private homes to accommodate the visitors.

MONEY TO HEAL INJURIES

Woman Asks for More Than Ten Thousand Dollars from 'Bus Company.

Mae I. Kamar seeks by means of a suit in the district court to collect damages amounting to \$10,200 from the Omaha Street Railway company and William A. Paxton and William A. Sharp, doing business as the Omaha Transfer company, by reason of injuries which, it is alleged, she received on the evening of July 4 last in a collision between a street car and one of the transfer company's buses, in which she was a passenger.

The petition states that on the evening in question, about 9 o'clock, the plaintiff took passage in the 'bus to go from the Webster street depot to the corner of Eighteenth and Burt streets and that on Sixteenth street the driver of the 'bus carelessly and recklessly tried to cross the street car tracks, although there was a car coming along, and that the car collided with the 'bus, overturning the latter, and the plaintiff was violently thrown through one of the windows of the 'bus. It is alleged that the plaintiff's face was cut so severely as to leave a permanent scar and she was severely bruised about the head, shoulders, back and limbs, besides suffering a great nervous shock.
