

TO ADVERTISE NEBRASKA

G. A. E. Enroute East Will Show the Products of the State.

NEW TELEPHONES FOR SOUTH OMAHA

State Board Authorizes the Purchase of Keith County Bonds for the Permanent School Fund.

(From a Staff Correspondent.) LINCOLN, Sept. 22.—(Special.)—Commander Steele of the Nebraska department of the Grand Army of the Republic arrived from his home in Fairbury today and was in conference with Adjutant Howe as to the final arrangements for the special train which the department will run to the annual encampment next month in Washington.

"The interest is unprecedented," declared Commander Steele, "I look for an attendance of upward of 1,000 Nebraskans at the Washington gathering. Adjutant Howe is fairly flooded with inquiries concerning excursion rates."

Commander Steele announced during the day that the state department of the Grand Army of the Republic had decided to fit up a baggage-car for the display of Nebraska products. The bounteous harvest of grain, grasses and fruits will be exemplified and special souvenirs distributed on the way. In Washington the car will be thrown open to visitors and Nebraska apples distributed to all who come. The State Board of Agriculture will assist in the preparation of the exhibit, the expenses of which, however, will be borne by the Grand Army of the Republic, purely as a matter of state pride, and not by any railroad company for advertising purposes, as is usually the case.

Buy Bonds for State. The State Board of Educational Lands and Funds today authorized Treasurer Steuffer to purchase \$4,000 in Keith county bonds from a Wichita (Kan.) bond broker who has them for sale. The bonds are payable in four years and draw 6 per cent interest. Two coupons were clipped as a premium, amounting to \$49, the net interest rate to the state on the investment being 5 1/2 per cent.

New Phones for South Omaha.

The effort is to be revived to secure a franchise for an independent telephone company to operate in South Omaha in opposition to the Bell company. Today articles were filed with the secretary of state incorporating the Interstate Independent Telephone company, which has for its object the construction and operation of a telephone system in the Magic City. Its incorporators are: A. A. Wright, Thomas Healy, L. C. Gibson, Frank Crawford, W. C. Lambert, Thorwald Jorgensen, Roscoe Rowley, Daniel Hannon, L. J. Carpenter, John Flynn and James Koutsky. The capital stock is fixed at \$100,000.

Extradition Papers for Forger.

The governor of Colorado has been requested in the form of a requisition to permit the extradition of Clarence Masching, alias Harry Koehler, under arrest in Boulder, Colo., charged with the commission of forgery in Lexington, Dawson county, Neb. Messenger, according to the complaint of County Attorney Stewart of Lexington, passed a forged check for \$125, on which he secured the money at a bank.

Notarial commissions were issued by the governor's office today to the following: L. F. Hertel, Pierce; Eva Smiley, Omaha; S. C. Stewart, Astoria.

The office of Secretary Dobson of the State Board of Irrigation was closed today out of respect to the late S. J. Dobson, a Lincoln business man and brother of the secretary. The funeral services were held in the afternoon.

Operators Get a Raise.

It was announced at Burlington headquarters today that telegraph operators on the system west of the Missouri river have been granted from \$5 to \$10 raise in pay. The men affected, largely the ones occupying the positions of lowest pay in the service, number several hundred. The men employed in the telegraph office here at headquarters received an increase of \$5, from \$65 to \$70. The raise came as a result of an investigation which showed many men were being poorly paid. It was determined to make it effective September 1.

Stockman Goes Insane.

Morris McDonald, a Blaine county stockman, enroute to South Omaha with a carload of cattle, was taken off the train here and held for examination by the insanity commissioners. While on his way here he began to show signs of mental derangement, complaining that the railroad people had hitched engines to both ends of the train and had been jerking it back and forth for hours. He jumped from the train and ran away here, but was afterwards found.

Neglected Will Recover.

Dr. Wilmett, prison physician, announced today that Niemann, the Pierce county murderer, wounded by a pursuing posse, would get well. When examined Saturday night it was decided an operation would be necessary to save his life. The absence of sunshine yesterday prevented the use of the X ray and this morning he was so much better that the doctors indefinitely postponed the operation.

Relieved of Blame.

After an all day's sitting the coroner's jury which investigated the cause of the death of 15-year-old Johnny Guerin, victim of an elevator accident at Herpolsheimer's department store Saturday evening, returned a verdict that the company was not to blame, but that the youngster's own negligence was the cause of his death. The boy had been employed in the mail order department for some time, but on Saturday traded jobs with the elevator boy. That evening he was injured, dying yesterday. One boy said that he was riding on the elevator with Guerin when it stopped. The boy, remarking that something had gotten out of fix, stooped over the edge and pulled a rope. The next moment the elevator shot up, catching the boy between the floor and the moving lift, crushing him and letting him drop to the basement, twenty-five feet below.

Throat Rest

Tickling in the throat. Constant desire to cough. You know about it. Feels uncomfortable through the day. Keeps you awake at night. Doctors prescribe Ayer's Cherry Pectoral for this tickling. A dose at bedtime puts the throat at rest.

"I have used Ayer's Cherry Pectoral for 40 years. It is a splendid family medicine to keep on hand for all throat and lung troubles."—Mrs. J. K. Norcross, Waltham, Mass.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood. All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their duty. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble. Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through the arteries. It is used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble. If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Some of Swamp-Root, free also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

NAMING REPUBLICAN TICKETS

Party in Cumling Harmonious and Nominations Create Enthusiasm. WEST POINT, Neb., Sept. 22.—(Special.)—The republican county convention, which was held in Beemer, nominated John Schor of Montrose, as the district representative to the legislature and Harry L. Keefe of this city as county attorney. The convention was very harmonious and the nominations were made with much enthusiasm. This is regarded as an exceptionally strong ticket.

TECUMSEH, Neb., Sept. 22.—(Special.)—With scarcely an exception the republicans of this neighborhood are satisfied with the ticket put up in the county convention here Saturday. The fusionists will hold their convention in Tecumseh next Thursday. It is said that some of the main manipulators have promised the nomination for county attorney to J. B. Douglas of this city. Mr. Douglas is confident he will be the man. There are several candidates for the other offices, and the question will be to see whether the populists or democrats can get the biggest end of the nominations. H. H. Hanks, the fusion nominee for congress for this district, will be present in the city that day and address the meeting.

HARMONY LACKING IN CUMING

Factional Fight Among Democrats Gets More Bitter with Each Year. WEST POINT, Neb., Sept. 22.—(Special.)—The democrats of Cuming county held their county convention in this city. Christian Schinckel was nominated for representative and T. N. Gagnon, of this city, for county attorney. The time of the convention was largely taken up with local differences, a big fight being had between the Irish and German elements of the party and between the so-called court house ring and the outsiders. The break among the faithful is becoming wider each succeeding election, which is a matter of great concern and encouragement to the republicans.

Burt County Fair a Success.

TEKAMAH, Neb., Sept. 22.—(Special.)—The Burt county fair, which closed yesterday after a very successful meeting of three days. Much attention was attracted by a bundle of corn stalks between twelve and thirteen feet in length and nine feet from the roots to the ear. The exhibit of live stock, consisting of Hereford, Durham and Aberdeen Angus cattle and Poland China hogs was exceptionally fine, many very high priced animals of each breed being shown. The receipts will justify the payment of all premiums in full.

TECUMSEH, Neb., Sept. 22.—(Special.)—While working with a disk harrow Charles Ernst, a young farmer of this county, came near losing his life yesterday afternoon. YORK EXPERIENCES REVIVAL

Special Tabernacle of Large Seating Capacity Built for the Occasion.

MINISTERS ALL JOIN IN THE CRUSADE

Large Number of Accessions to the Church and the Meetings Are at Present Only Fairly Begun.

YORK, Sept. 22.—(Special.)—York is experiencing a great religious awakening. While York is noted for its many beautiful, large churches and its large church membership, and a city where most people are supposed to regularly attend church, yet the religious excitement of the past week will not only do good, but will before the revival closes bring many more to membership of churches here. The members and ministers of the churches of York have combined and have a more perfect organization. One hundred and fifty citizens contributed \$5 each and have built a frame tabernacle 112x96x26 feet that will seat 2,500 people.

A choir of 250 under Prof. Hicks, the gospel singer, is assisting Evangelist M. E. Williams. Yesterday over 3,000 attended services at the tabernacle. All the pastors of the city are assisting in the meeting.

HUMBOLDT ENTERTAINS KELLY

Fugitive St. Louis Alderman Believed to Have Been in that City.

HUMBOLDT, Neb., Sept. 22.—(Special.)—Evidence has just come to light which makes it almost sure that the city of Humboldt has been entertaining a fugitive from justice in the person of Charles F. Kelly, one of the hoodling aldermen of St. Louis, for whose capture the sum of \$1,500 is offered. According to the story told by the employees of the barber shop of Fred Fisher, a man answering the description given of the above party drifted into town Friday morning and stopped at the Central hotel, and although being a man of apparently good education, registered in such a manner that the name was not legible. Landlord Todd of the above hotel says the man appeared to have no particular business and the only business house he is known to have visited is the Fisher barber shop, where he called for and received a shave and then seemed very anxious to secure a morning paper. None having arrived at that hour, he asked if he could remain in the shop and upon permission being granted he seated himself and read a novel for the rest of the day until train time when he took his departure for the west. Harry Wilkinson, a brother-in-law of Fisher, and Mr. Knight, the barber who shaved the stranger, noted his peculiar actions after he had gone out, but did not think much about it until the Sunday Post-Dispatch of St. Louis came, with the picture and description, which identified him as the man wanted, as did also Landlord Todd. Wilkinson says the man had sandy hair and light complexion, weighed about 160 pounds, height slightly less than five feet nine inches. He was smooth shaven, had uneven teeth, a Panama hat, light checked coat, striped trousers, negligee shirt and box-calf shoes. He talked very little, but upon being questioned said he was in St. Joseph a few days previous. All who came in contact with the stranger unite in the opinion that he fits the description of Kelly to a dot.

BAD MAN SHOTS CONSTABLE

Is Captured by Citizens After an Exciting Chase in Which Blood-Hounds Are Used.

FAIRBURY, Neb., Sept. 22.—(Special.)—B. Spragins, a disreputable character of Daykin, shot and seriously wounded Constable Thomas Butterfield, who was attempting to arrest him. Spragins had been on a protracted spree and was terrorizing the town with a shotgun. When the constable ordered him off the street, he got close enough to force the command Spragins raised his gun and fired, the full charge of bird shot entering the constable's side. Spragins ran into a cornfield, which was soon surrounded by citizens. A sheriff's posse, had upon them, followed a Panama hat, light checked coat, striped trousers, negligee shirt and box-calf shoes. He talked very little, but upon being questioned said he was in St. Joseph a few days previous. All who came in contact with the stranger unite in the opinion that he fits the description of Kelly to a dot.
