

LOCATE ASYLUM FIREBUG

Imbecile inmate of the institution the man who burns the barn. IS NOT RESPONSIBLE FOR HIS ACTS

Governor Savage Halts Between Gobs to St. Louis and Attending the Ak-Sar-Ben Carnival at Omaha.

(From a Staff Correspondent.) SCOLN, Sept. 26.—(Special.)—The incendiary who fired the asylum barn last Wednesday morning has been found. He is Frank Ackerson, a feeble-minded inmate of the institution. Ackerson this morning confessed that he was the man who did it. He came originally from Frontier county and has been at Kearney and Beatrice. Last Saturday Ackerson, who has a penchant for running away, slipped from the institution. He had been employed about the stables and was familiar with the place. Ackerson walked out into the country and hired himself out to a farmer three miles southeast of the asylum. Tuesday night he yielded to an impulse he says he has often had to set fire to the asylum. He reached there long before midnight. He pried up one of the windows of the north wall and mounting the bayonet he started the conflagration there in five different places. He took one of the horses out, intending to mount it, but the animal became so excited and unruly that he had to abandon the attempt and get away on foot. Ackerson made his way fourteen miles south, after enjoying the conflagration from the back of the asylum. There he stopped with a farmer who had often sold hay to the asylum. Underwood suspected he had run away and notified the asylum authorities. Dr. Greene wired back to arrest him. Ackerson was returned this morning, and under the questioning of the superintendent broke down and confessed. He said he knew that it was wrong to burn the building, and he had controlled himself several times when the impulse came upon him. But it was at last too strong for him. There will be no prosecutions, as the man's mental responsibility is evident.

Sues for Ten Thousand Dollars.

H. H. Gaffey, a master plumber, sued the Northwestern Life Insurance company and the Woods Brothers for \$10,000 damages today, alleging that they entered into a conspiracy to get him out of a room he had occupied as his business headquarters for ten years and upon which he holds a lease which does not expire for two years. The Northwestern owns the Burr block and Gaffey had an O street basement room therein. The room was rented by the company to Woods Brothers, and they took forcible possession one day while Gaffey was absent. He says it was all a scheme to ruin him, that he has been damaged in the sum named.

Takes Off Train.

It was announced at Burlington headquarters today that the daily train between Alliance and Gurney would run tri-weekly only hereafter. This is one of the series of recent orders which are understood to have come from Mr. Hill that all trains must be self-sustaining if they are to be run on the main line. It is thought enough to hold the franchise will be the rule.

Halts Between Two Opinions.

Governor Savage is hesitating between two seemingly important duties, and has as yet been unable to decide which has the greater claim upon him as a representative of the state. A conflict of dates is going to interfere with his desire to attend an important meeting and banquet in St. Louis or else keep him away from the big Ak-Sar-Ben demonstration of October. He has just received notification that there will be a big meeting of state commissioners for the Louisiana Purchase exposition at St. Louis, beginning the 29th inst., and continuing for three days, at which the allotments on space will be made to the different states. He is very anxious to attend this so he can secure favorable consideration for Nebraska when the space is given out. At the same time, the business men's league of St. Louis will tender a banquet to the visiting governors and commissioners. This will occur the same evening as the big Ak-Sar-Ben parade. Meantime he has sent out word to every member of his staff of the prospective trip to Omaha. He thinks that by going down to St. Louis with the commissioners the 28th inst. and trying to hurry the allotment of space so that he may come right back he can forego the banquet and reach Omaha again in time for the parade.

New Corporations.

Articles of incorporation were filed with the secretary of state today by the C. J. Colby company of Omaha. It is capitalized at \$25,000. The declared purpose is the erection, purchase and alteration of gas plants for the production of gas for light, heat, power and other purposes. H. A. chairman, and William O'Connor, secretary, of the democratic state committee, today filed with the secretary of state their certificate of nomination of the fusion state ticket.

The Star Publishing has filed amended articles of incorporation whereby a vice president is added to the list of officers, and the board of directors is made to comprise nine instead of five as formerly.

The sixty-second volume of the Nebraska supreme court reports made its first appearance at the state house today, the

RAIN SPOILS THE CARNIVAL

Weather Man, After Holding Out Hope, Makes a Mess of it at Ainsworth.

AINSWORTH, Neb., Sept. 26.—(Special Telegram.)—Yesterday and today were rank failures for the carnival so far as the weather was concerned. Yesterday morning started out cloudy and rainy, but with prospects of clearing, so that it did not prevent a larger number from attending who had made arrangements to do so, but instead of clearing the weather put on its roughest aspect, with accompanying high winds, so that it was impossible to have the balloon ascension and parachute leap or many of the attractions advertised. Still the people were determined to make the best of it, and the large, good-natured crowd surged from point to point and enjoyed itself as well as the nature of the day would warrant. All the attractions that could be pulled off, including the races, were done in the evening. The crowd remained to see the crowning of the queen and maids of honor, which occurred as advertised, and was met with enthusiastic applause at every portion of the program. After the crowning, which occurred on the second street platform, a reception to the queen and maids was held at Rising's hall, which was generously attended, the hall being finely decorated, the whole proceeding being witnessed by a large number of delegates, who are now in jail awaiting trial on charges of bribery and perjury, failed. Judge Valliant of the supreme court, before whom this petition was taken, denied the application, declaring his jurisdiction. The grand jury met this afternoon for its final session, several witnesses being present to testify. It is said that the report of the body will be sent to the court next Monday and Mickey especially pleased the audience as a result of the findings. The grand jury convened September 5 to hear the disclosures of Delegate J. K. Murrell that revealed the workings of the house of delegates combine. The investigations of the jury, aired by Murrell's disclosures, have resulted in the indictment of nineteen delegates and former delegates and the arrest of all but six of the number, who are fugitives from justice. The grand jury's investigation has been mainly along the line suggested by a confession of Murrell looking toward the discovery of the identity of the men who are said to have furnished Delegate Kelly with the \$47,500 which he is alleged to have distributed to the nineteen members of the combine, whose votes for the Lighting bill he bought. At the request of Circuit Attorney Folk, Judge Douglas, in the criminal court this afternoon, issued a subpoena duce tecum, commanding one of the employees of James Campbell, a well known broker, to bring to court two checks for sums aggregating \$47,500, drawn by him in favor of Ed Butler. Broker Campbell is out of the city. These checks, one for \$27,500, the other for \$20,000, are dated November 28, 1899, the day on which the Lighting bill was passed, for which Charles F. Kelly is said to have distributed \$47,500 to the house combine at Delegate Julius Lehmann's birthday party. Broker Campbell's employee will be asked to explain the purpose for which the two checks were drawn. John K. Murrell, looking toward the disclosure of the identity of the men who are said to have furnished Charles T. Kelly to the house combine, numbering nineteen members, each receiving \$2,500. On this information Kelly and several other colleagues of Murrell were indicted. All are now charged with bribery, both in this case and in the suburban bill safe deposit case. The checks were traced by Mr. Folk after a thorough canvass of St. Louis. This canvass was recently made by a committee of the grand jury to save the banks the inconvenience of taking all their books before the grand jury. The checks were found duly drawn, paid and returned to Campbell. The lighting bill was passed in the city council October 27, 1899, and in the house of delegates on November 28 following. Shortly after the passage of the bill by the house came the Lehmann birthday party.

BUTLER REPUBLICANS ALIVE

Most Enthusiastic Convention in the History of the Party.

DAVID CITY, Neb., Sept. 26.—(Special.)—The most enthusiastic and harmonious republican county convention ever held in Butler county convened in this city yesterday, with every township represented with the full number of delegates. The chairman, Hon. C. H. Aldrich, delivered a most able and full speech, full of republican doctrine. Dr. J. G. Marron of Brainard, a surgeon who saw service in the Philippine islands, delivered a speech, which was enthusiastically received. The doctor said he went to the Philippines a democrat, but saw the error of his ways and was now a full-fledged republican. J. F. Albin, editor of the People's Banner of this city, and who was a fusionist for several years, in a short talk denounced fusion, and declared his allegiance to the party of progress. The following nominations were made: Representatives, C. C. Gelwick of Brainard and C. W. Ludden of Surprise; county attorney, Arthur J. Evans. The ticket nominated is a strong one and its election is assured.

Removing Kearney Cotton Mill.

KEARNEY, Neb., Sept. 26.—(Special Telegram.)—It has been known for some time that the machinery of the Kearney cotton mill would be removed to Evansville, Ind., at which place the owners intend to establish a new mill. It is now known the removal will take place in not certain, but it is presumed that it will be soon, because Charles N. Brown, treasurer of the cotton mill company, has gone east and intends to break up his residence here before long. No disposition has been made of the buildings and power plant, but there are several enterprises that have been under consideration, and it is not improbable that the cotton mill will, in time, be succeeded by some manufacturing plant of equal importance and greater value.

Ordain New Ministers.

GRAND ISLAND, Neb., Sept. 26.—(Special.)—The sessions of the north Nebraska conference of the Methodist Episcopal church are continuing, with a large attendance. The missionary anniversaries were held yesterday afternoon, Rev. T. C. Webster of Central City and Miss Lillian E. Marks of India addressing the conference. Last evening, at First church, Rev. Dr. Jordan Chavis, colored, of Bennett college, North Carolina, addressed a large public gathering on the needs of the negro. His address was a most timely and powerful one, and it is not improbable that several enterprises that have been under consideration, and it is not improbable that the cotton mill will, in time, be succeeded by some manufacturing plant of equal importance and greater value.

Wifebeater Duly Punished.

PLATTSMOUTH, Neb., Sept. 26.—(Special.)—Frank Gillis, who resides on South Sixth street, gathered up a heavy load of fighting whiskey yesterday afternoon and went home and proceeded to amuse himself by chasing his wife out into the yard and beating her. Charles Weldy saw the performance and went over and "swatted" the wifebeater a few times and then took him to jail. The injured wife failed to file a complaint against the fellow, so he was charged with being drunk and disorderly, and this morning Judge Archer fined him \$5 and costs. He has a time check coming from the Burlington railroad company and went to jail to await its arrival.

Kills Himself with Shotgun.

DAVID CITY, Neb., Sept. 26.—(Special.)—William Graf committed suicide at the residence of his daughter, Mrs. Theodore Rutten, living four miles south of the city, yesterday by shooting himself in the heart with a shotgun. Mr. Graf was 42 years of age. No cause is given for the act other than his mind had been slightly affected for two or three years, and it is supposed that it was during a temporary attack of mania. He ate a hearty dinner and went for a walk in the morning. His family heard the report of a gun, and on search they found him dead. Coroner Sample held an inquest and the jury found a verdict as above stated.

Schools Close for Revivals.

YORK, Neb., Sept. 26.—(Special.)—There is continued interest in the revival meetings now being held in the large tabernacle. Today is the day of fasting and prayer by all Christians in York, and this morning at 8:45 there was held thirty-five cottage prayer meetings, lasting thirty minutes, and immediately thereafter all went to the tabernacle meeting. All public schools, York colleges, the business college and a number of the business houses closed for the day to give aid in the city is assisting Evangelist Williams in the good work.

AFTER SUSPICIOUS CHECKS

St. Louis Prosecutor Subpoenas Broker Who Holds Them.

THEY AGGREGATE AMOUNT OF BRIBE Two, Dated on Day of Alleged Burning Up of Delegates, Are for \$47,500—Grand Jury About Through.

ST. LOUIS, Sept. 26.—Developments in the "hoodie" investigation were rather sensational today, subpoenas duce tecum having been issued at the instance of Circuit Attorney Folk, commanding Broker James Campbell and one-third party cashier, to appear in court and bring two checks aggregating \$47,500, dated November 28, 1899, and payable to Ed Butler, a prominent local politician, and explain the purpose for which the checks were drawn. The investigations on the part of the grand jury that both checks had been cashed and returned to Broker Campbell. The date of these checks was the same as the day on which the ten-year lighting bill passed the house of delegates, for which nineteen members are said to have received \$2,500 for their votes. Up to a late hour deputy sheriffs were unable to serve the subpoenas. At Broker Campbell's office it was stated that Reed had not been there since yesterday and that his employee was somewhere in the city. Another session of the grand jury was held today, several witnesses being examined. Tomorrow the last session before the final meeting and report on Monday will be held. An additional effort to secure the release on writs of habeas corpus of the four former members of the house of delegates, who are now in jail awaiting trial on charges of bribery and perjury, failed. Judge Valliant of the supreme court, before whom this petition was taken, denied the application, declaring his jurisdiction. The grand jury met this afternoon for its final session, several witnesses being present to testify. FORMER BANKER CUTS THROAT

Worry Over Financial Troubles Drives Atchison Man to Take His Own Life.

ATCHISON, Kan., Sept. 26.—Norman Barratt, president of the defunct Atchison National bank, committed suicide in his room at the Hyram hotel here today, cutting his throat with a razor. Worry over the failure of his bank and the financial troubles that followed probably are the cause. The Atchison National bank suspended business in September, 1899. Unfortunate investments by Barratt's father, Milton Barratt, placed the bank in bad condition financially. Depositors were paid 50 per cent. Barratt evidently had planned suicide carefully. He left a wife and three children.

TO GREET KING AK-SAR-BEN

(Continued from First Page.)

the Roosevelt-day rates and special trains have been cancelled. All the roads have made adequate arrangements, however, to handle all the excursionists that may come and go and there need be no alarm or apprehension whatever as to the facilities or accommodations. The Wabash passenger department gave it out that that road would arrange for a special train on Thursday, the day of the big electric parade which was to be the feature of President's day, to take the place of the president day train. It will run from Pattonsburg, Mo., arriving at Council Bluffs at 11:15 a. m., and returning, leave Council Bluffs at 11:30 p. m. All intermediate points, of course, will have access to this train. A one and one-third day will prevail for the round trip. A very heavy travel is looked for. Anticipate Great Crowds. The Missouri Pacific is trying to arrange for a special on Thursday, parade day, to take the place of the Saturday special. The matter has been put up to the main office at St. Louis by the local office, and favorable action is anticipated. The Missouri Pacific officials anticipate crowds throughout the week. The Elkhorn, of course, will have its Black Hills tourists, who are assured, and, besides, look for a heavy travel from other points. The special train which has been arranged for Saturday will be run from Hastings and intermediate points Thursday next and is expected to bring in large numbers. It will arrive in Omaha at noon and leave on its return trip at 11:30 p. m. The Union Pacific will have no special trains, but will have extra coaches on all its regular trains which, it is believed, will be sufficient to accommodate the heavy travel. The officials of the Union Pacific are certain that heavy travel will be reduced as a result of the president's failure to take care of it will be unusually heavy, and may reach the maximum for Ak-Sar-Ben carnivals. The arrangement of the Union Pacific schedule, like those of other roads, is such as to render it possible for the regular trains, with additional cars, to take care of immense crowds such as will be handled on this occasion. The Burlington people will have a special from Plattsmouth on Thursday, leaving Plattsmouth at 4:30 a. m., and leaving Omaha on the return trip at 11:30 a. m. From agents' reports it is evident that large crowds will come in on this as well as regular trains. To Increase Facilities. The Rock Island will not find it necessary to put on any special trains, but will increase the number of cars on all its regular trains. Its schedule is such that hundreds of people from Iowa can be brought in on the regulars and the officials expect to see the limit reached. This road has a good string of towns in Iowa from which to draw and is making every effort to exhaust its resources in this respect. Reports from agents along the line give hopes of enormous crowds. The Northwestern is making plans to handle big crowds of pleasure seekers. Already its trains are hauling heavy loads from every direction. Every train next week will be increased in number of cars, so as to accommodate all who want to go to the metropolis during this festive period. The Milwaukee and the Illinois Central will meet every demand made upon them and intend to do so. The officials of these and special plans which their competitors have adopted. They are looking for liberal slices of the traffic and have enough extra cars at their command to dispose of any agency which may arise in this direction. The Illinois Central is the road which President Roosevelt will have entered Omaha. The Frisco's territory is most too remote to be affected by the Ak-Sar-Ben rates, consequently that road is not "in on the deal." The regular reduced rates already announced for the days prior to October 1, will prevail and the one-rate rate for round trips on October 1, 2 and 3 is still effective. These have not been changed by the change in the president's plans. Program for Free Shows. The program for the free attractions now on the ground has been arranged as follows: Afternoon—The cycle whirl at 1:30, Banda Rossa at 2, flying Langdarts at 2:30; educated dogs at 4:30, the diving elks at 5:15. The evening events will be: Cycle whirl, elks, dog show, 8:15; diving elks, 9. The pig and sheep are not on the grounds yet, but when they arrive a place will be made for them on the program. Today will be children's day at the carnival and the admission will be 5 cents for children under 12 years, until 6 o'clock in the afternoon. O'Brien Receives a Delegation. When D. J. O'Brien arrived at his candy factory soon after 9 yesterday morning he beheld in front of the place a small army of colored men. Knowing that the political campaign is on and that there had been more or less talk of nominating business men for public office, Mr. O'Brien surmised that the delegation in waiting for him represented the Allied and Aggregated Boosters of the Third Ward. He hastily prepared himself to receive a notification of his nomination for any office from congress or to receive a nomination for the leadership of the crowd handed him a copy of this: WANTED! 100 Colored Men for Special Parade and to Distribute CANDY. Call at office and receive 100-1200 Howard street, at 5 o'clock on Friday morning, September 26. Present this to me personally and receive 100 pieces of candy. Good day to right met. D. J. O'BRIEN, 1204 1/2 Howard St. Mr. O'Brien knew there was another Ak-Sar-Ben joke, but the candy was on him, nevertheless. ROWDYISM AT THE CARNIVAL Chief of Police Declares Disorderly Men and Boys Will Be Arrested. The exhibition of rowdyism given by a number of men on the carnival grounds Thursday night has caused Chief of Police Donahue to issue a manifesto which states that any practices of the kind will be tolerated. Several women reported to the chief yesterday that they had been caught and

Other boys were arrested, but were discharged because of their youth. Charles McDermott was charged with stealing a bottle of beer which was part of an exhibit in a booth. Henry Wolpa was arrested for stealing a pie from one of the lunch counters. As Henry told the police judge that he only got a small piece, he was discharged, with a lecture. Charles Loomis, who is older and who is charged with stealing a bottle of beer, was held for a hearing.

Peruna cures catarrh wherever located. As soon as Peruna removes catarrh from the stomach the digestion becomes good, appetite regular, nerves strong, and trouble vanishes. Peruna strengthens weak nerves, but by temporarily stimulating them, and by removing the cause of weak nervous-poor digestion. This is the only cure that lasts. Remove the cause, nature will do the rest. Peruna removes the cause.

Mrs. Dollie E. Edens, Charleston, Mo., writes:

"Before I began your treatment my stomach was bloated up all the time. I could only eat boiled milk and cracker, and was even then most distressed after eating. Was hungry all the time, but did not dare eat enough to satisfy my appetite. The doctor treated me for indigestion, I took so much medicine, but nothing did me any good.

"It is with a happy heart I now write you that I am almost well, and Peruna has done the work. I think it is the best medicine on earth. Had it not been for Peruna and your kind advice, which I followed to the letter, I should have been in a lunatic's grave long ago.

"I took medicine for a year and nothing helped me until I took Peruna. It was certainly a God-send. Our doctor bill amounted to a small fortune of itself.

"My mother and grandmother are now taking Peruna, and it is helping them. I talk Peruna to everybody. The druggist tells me he sells more of it than any other medicine. It is grand."

"If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio. "Health and Beauty" sent free by The Peruna Medicine Co., Columbus, Ohio.
