

AFFAIRS AT SOUTH OMAHA

Constant Demand for Extra Help at the Various Packing Houses.

DISPELS RUMORS OF CITY SUFFERING

Number of Employees Increases Despite Persistent Reports that Alleged Mergers Will Cut Down These Forces.

The constant demand for extra help at the packing houses of the city seems to have had a tendency to dispel all rumors to the effect that South Omaha would suffer by reason of some unknown action of the combined heads of the different packing interests.

The office forces of the plants still remains as it always has been, except the fact that several new department clerks have been employed and are now at work.

One of the oldest office employees at any of the packing plants stated yesterday that even if the proposed merger had been consummated, as was at first reported, the forces at work would have been changed but little.

It is believed that the employees would be cut off, surely not from packing men. One who is familiar with the ins and outs of a packing plant will readily understand that they always employ the minimum number of men possible to do their work, and if the present systems are retained no less number of men could do it.

PLAINTIFF WITHDRAWS SUIT

Contest Over a Will Results in Warrants Being Issued for Prisoner and Witnesses.

LONG BRANCH, N. J., Sept. 26.—The contest of Laura Biggar for the estate of Henry M. Bennett, a Pittsburgh capitalist, was withdrawn in court here today.

A representative of Peter J. McNulty, one of the heirs, made the following announcement to the court:

There are warrants out charging Laura Biggar, Samuel Stanton and C. C. Hendricks with conspiracy to defraud.

The two were arrested and bail fixed at \$5,000 in each case. Stanton is the justice of the peace who, it is alleged, swore he had married Miss Biggar to Mr. Bennett.

C. C. Hendricks, Miss Biggar's attorney, is a physician and owner of a sanitarium. Miss Biggar asserted that a child of which Bennett was the father, had been born to her in Dr. Hendricks's sanitarium.

The present case came up in court before Judge Wilbur A. Herley last Friday, when a motion was made to set aside the probate of the will. Miss Biggar was a beneficiary under that document, but if the truth of her statement about her marriage to Bennett and the birth of the baby were demonstrated, it would be the legal heir to the entire estate.

Among the first of the witnesses to be called to the stand was John F. Hawkins, who drew Mr. Bennett's will. Mr. Hawkins testified among other things that on one occasion Miss Biggar had remarked in his presence that if she was not taken good care of in the will she would sue the estate for her long services in caring for Mr. Bennett during his illness, or else bring suit against the estate as Mr. Bennett's common law wife.

Peter J. McNulty, the executor, who filed the complaint alleging conspiracy also testified. Mr. McNulty was employed by Mr. Bennett. He testified that he had an interview with Stanton in Hoboken, with reference to the alleged marriage of Miss Biggar and Mr. Bennett.

92 YEARS OLD, KIDNEYS HEALTHY.

MRS. REBECCA SMITH OF WESTFIELD, N. J. WHO IS 92 YEARS OLD, WAS CURED OF KIDNEY AND BLADDER DISEASE AND IS KEPT PERFECTLY HEALTHY BY WARNER'S SAFE CURE. BOTTLES OF THIS GREAT CURE SENT ABSOLUTELY FREE TO ANY READER OF THE BEE.

Doctors Say: "Almost Every One Has Kidney and Bladder Troubles Before Fifty Years of Age."

On July 10, 1902, Mrs. Smith says: "I was 82 years old my last birthday. My husband was a veteran of the civil war. I have a daughter and eight grandchildren living. Some years ago I had a great deal of sickness and for a long time did not know that it was caused by the diseased condition of my kidneys and liver. As soon as my doctor found I had kidney trouble, he prescribed Warner's Safe Cure. I had experienced with other remedies which did me no good whatever, but as soon as I took a few bottles of Warner's Safe Cure I felt better and a few bottles completely cured me and made me feel like a woman thirty years younger. My kidneys, liver and bladder are in just as healthy condition since I have used Warner's Safe Cure as they were fifty years ago. It is a greater medicine than it is claimed to be. Notwithstanding I am 92 years old I possess a good head of hair, my sight and hearing are good and I have never used any other medicine since I used the very best of health. I cannot speak too highly of this great medicine. No doubt it has saved thousands of people who would have some of the early graves had they neglected their kidneys and bladder and not taken Warner's Safe Cure. It is truly a Godsend to anyone who is troubled with diseases of the kidneys, liver or blood
