

OMAHA WINS RUBBER GAME

American Amateur Champions Rolled in Dust at Vinton Park.

SEVENTEEN LONG HITS OFF KELLUM

Brown and Owen Divide Work for Home Team and Hold the Hoopsters Safe at All Stages of the Contest.

Five thousand people turned out Sunday to see Omaha take the rubber game from Indianapolis, and the Rangers more than did it. Eight to one was the final score, and from the third inning on the visitors were never in the running for a minute. It was then that the Gate City defenders secured a veritable avalanche of hits and runs, and after that the game was a procession, with the Hoosiers no longer at all being out of the umpire's hands, the players and the crowd in ill natured beefing.

GAMES IN NATIONAL LEAGUE

Season at Chicago Ends with Home Team Victor Over St. Louis.

CHICAGO, Sept. 28.—The National League season here ended today, the local twelfth game of the season being the feature of the first game. In seven of the nine games played here, the home team was victorious, and in the two that were not, the visitors were the winners.

MINING IN THE BLACK HILLS

Homestake's Report Shows Immense Operations of that Company.

OVER FOUR MILLIONS IN BULLION

New Company to Work Benedict and Yellow Bird Groups—Four Miners Have Miraculous Escape From Being Blown to Pieces.

LEAD, S. D., Sept. 28.—(Special.)—The annual report of the Homestake Mining company has recently been issued to its stockholders, and from it some interesting figures are taken, showing the magnitude of the company's operations. For the year ending June 30, 1902, the company produced in bullion \$4,363,977.57, an increase of over \$600,000 from the year 1901; the different mills of the company treated for the year 1,218,098 tons of ore, the net proceeds of which amounted to \$2,717,496.14. The cyanide plant at Lead, which is treating the tailings from three of the largest mills of the company produced twenty-five bars of bullion, valued at \$537,738.79, the greater part of which had heretofore been lost to the company. The proceeds from the concentrates treated amount to \$187,484. The monthly average of ore milled has been 10,507, or about 3,500 tons a day. This ore has yielded \$3.15 a ton net. The monthly cleanups at the stamp mills have amounted to \$314,658.74, and the cyanide plant at this city has yielded an average of \$44,810. The total receipts of the company for the year have amounted to \$5,617,910.83, and the company has paid in dividends during that time \$1,260,000.

SETTLERS COME OUT LOSERS

Can Secure No Title to Much of Land Purchased from the Indians.

PIERRE, S. D., Sept. 28.—(Special.)—When Sioux lands were opened to settlement sections sixteen and thirty-six in each township was reserved, under the provisions of the bill, to the school lands of the state, but any Indian in taking his allotment was allowed to give upon such sections with the state being given the right to take the land in fee simple. The selections by such Indians have since the time of the opening of the reservation been relinquished by the Indians, and whites have made homestead entries on these tracts, and as a result of these provisions a considerable value has been placed thereon. Under a recent ruling of the commissioner of the general land office, all such filings are void. His holding in effect being that as soon as the Indian allotment was relinquished the tract became state land, and such was not subject to entry. The only exceptions to this was where the state had made indemnity selections for the tracts. This ruling will cause trouble for those who have bought the Indian rights on such state land sections, as the state has no power to relinquish its title except through sale.

YANKTON DEMOCRATS NOMINATE

YANKTON, S. D., Sept. 28.—(Special Telegram.)—The democrats have made nominations as follows: For city clerk, J. Wagner, David Finnegan and Ole P. Olson; register of deeds, William Pierson; treasurer, A. M. English; auditor, Louis Simpson; sheriff, Wm. Hickey; assessor, George A. Powers; state attorney, Thomas J. O'Connell; city attorney, H. J. Halworth; superintendent, W. S. Jolley; surveyor, W. L. Bruce; coroner, E. M. Doyle; commissioner, second district, Henry Tammon; first, Philip Ramp, and third, Joseph Tozek. There will be no populist ticket. Resolutions passed in favor of a \$40,000 court house.

FREE MAN GETS THE COLLEGE

SIoux FALLS, S. D., Sept. 28.—(Special.)—For some time there has been a spirited rivalry between the cities of Sioux Falls and Rapid City to secure a college which the Meannotes of the state had decided upon erecting. The town of Freeman, Hutchinson county, has now won out, those to whom was assigned the task of selecting a place for the college having decided upon that place. A beautiful and slightly level tract just south of town has been selected as the site for the new building, which will cost \$12,000. It is expected that work on the new institution of learning will soon be commenced.

FALL RIVER TICKET

HOT SPRINGS, S. D., Sept. 28.—(Special.)—The republican county convention of this (Fall River) county nominated the following ticket: For representative, E. T. Pierce; county treasurer, Chas. G. Grignon; for sheriff, J. H. Halworth; for coroner, P. J. Franzen; clerk of courts, F. G. Osmothery; state attorney, L. S. Cull; county judge, N. H. Wilson; county superintendent, Miss May Rich; coroner, R. C. Cramer; for county commissioner, first district, Wm. W. Forney; third district, James Hallenbeck.

BIG GAIN IN BANK DEPOSITS

SIoux FALLS, S. D., Sept. 28.—(Special.)—The greatly improved financial condition of the bank of Sioux Falls is shown by a statement just made by one of the Woonsocket banks. The deposits aggregate \$7,478.94. The deposits a year ago amounted to only a little over \$2,000, showing a gain of over \$5,000 in a year.

STEADIER FEELING IN ENGLAND

LONDON, Sept. 28.—The fact that the Bank of England's rate of discount, 2 per cent, of the company was not at all large, as shown by a statement just made by one of the Woonsocket banks. The deposits aggregate \$7,478.94. The deposits a year ago amounted to only a little over \$2,000, showing a gain of over \$5,000 in a year.
