## INJUNCTION HEARING DRAGS FAVOR

Union Pacific Witnesses All Tell Substantially the Same Story.

SOME ASSERT THEY WERE ASSAULTED

Not One, However, Has Complained to the Police After the Alleged Assault-Other Side of Story to Come.

As the hearing of the application for an injunction against the strikers by the Union Pacific Railroad company progresses the attorneys for the respondents admit that as to one or two strikers it has been shown that they were unlawful in their opposition to the striker breakers, but, on the other hand, that there has been less violence used in this strike than in any where so many persons were engaged and where a company asked for the extraordinary relief of an injunction.

The first witness yesterday morning was Sylvester Sweeney, who came from Milwaukee to Omaha about the time the strike With P. J. ### LET HOPPER NAME DELEGATES

Second Ward Republicans Grant Concession to School Board Candidate.

At a meeting of the Second Ward Republican club last night a motion was carried that F. Corliss Hopper, candidate for the nomination for school board member be allowed to select his own delegation to the city convention. Mr. Hopper made a short talk, expressing his thanks to the meeting and wound up by making an enthusiastic republican speech. Short talks were made by F. H. Hore and Fred Behm. No other candidates were present and the meeting adjourned early.

Sickness steals more savings than the burglar. Slowly, coin by coin, the money that has been so hardly earned paid out for drugs and doctors. Sickness is the worst enemy of the working man, and the common cause of the working man's sickness is disease of the omach often involving the heart, lungs,

The use of Dr. Pierce's Golden Medical Discovery will stop the stealing of the savings by sickness. It cures diseases of the stomach and other organs of digestion and nutrition. "About ten years ago I began to have trouble with my stomach," writes Wrn. Connolly, of Manut Street. Lorain, Ohio. "It got so bad I had to lay off quite often two and three days in a week, my stomach would blost, and I would beich up gas, and was in awful distress at such times. I have employed and been treated by the best doctors in the city but got no help whatever. By some way or other I nappened to get hold of a vial of your 'Pellets,' and I thought they helped me. It was then I wrote to you for advice. You told me that by my symptoms you thought I had liver complaint, and advised the use of your 'Golden Medical Discovery' and 'Pleasant Pellets' in connection. These medicines I have taken as directed, and am very happy to state that I commenced to get better from the start and have not lost a day this minmer on account of my stomach. > Police Learn Lesson in Economics from Suit Brought by Douglas County Against City for Large Amount.

AFFAIRS AT SOUTH OMAHA

Only Disabled Prisoners May Go to County

Jail Hereafter.

The suit recently instituted against South Omaha by Douglas county to recover some \$14,000 for the care of prisoners sent o the county fail from South Omaha, has opened the eyes of the police to the fact that the average prisoner can be put to a better use than boarding at the expense of South Omaha tax payers.

In all probability from now on, no prisoner will be sent to the county jail unless he is absolutely unable to perform any work for the city. There seems to be no end of work ready to be done, scattered throughout the town and this work probably will be done from now on by laborers confined in the jail.

Some of the unpaved streets crossing on I street and streets south of that are said be in a dangerous condition and it is proposed to fill up the numerous ditches and improve the general condition of the streets. The success of the city this sumthe well was completed. The well, Mr. Carmer in coping with the weeds of the town ter explained, was a necessity from the fact has greatly encouraged the officials in the efficiency of jail labor and it is generally believed that all of the improvement work necessary can be done without additional expense to the city.

"There is no question but that all of this work can be done," said a police officer last evening. "Of course some little expense must be incurred before it is attempted. In the first place it will be necessary to provide more comfortable quarters for the prisoners if we expect them to do the work. But all that would be necessary would be the purchase of a few cots. Anything would be better than to require them to lie upon the cold cement

It is thought that if this plan is put into operation several damage suits against the city will be avoided. Some of the roads in the southern part of the city are said to be simply inviting accidents, and the police say it will prevent them in this way. That is, if the supply of "vags" hold out. Saloon Cases Today.

Short on Cattle Cars. Owing to the fact that the railroads were all unable to furnish sufficient cars for the purpose, a number of cars of cattle were yesterday strung out on all of the different lines leading to the city. Railroad officials in South Omaha say that the roads simply cannot meet the demands of the shippers, as the supply is now so great that it has simply overtaxed their powers of filling orders. ## FEARS CABLE MAY BE CUT

Minister Bowen at Caracas Warns the Officials at Washington.

SUGGESTS THAT WARSHIPS BE SENT

WASHINGTON, Sept. 29 .- The following cablegram has been received here from Minister Bowen, dated at Caracas, yester-

I have been reliably informed that the government will probably cut all the cable lines this week. Therefore I suggest the dispatch to this point of warships in case communication is interrupted.

The dispatch is interpreted as showing conditions unfavorable to the government of Venezuela, as except in the event that the tide has turned strongly against it, it is thought here there would be no desire on its part to prevent the news of the MOVEMENTS OF MONTGOMERY daily happenings in the campaign from warships requested, Montgomery is already under orders to go to the Colombian coas from Hayti, where it is now looking into some complaints made by an American at Port De Paix is jeopardized by a threat gram to Commander Patch of Montgomery. of the national party to land troops in at Cape Haytien: that insurgent stronghold. Later on, San Francisco and Olympia will be available if needed on the Venezuelan coast.

While the Navy department has no vessels immediately available to meet the suggestion of Minister Bowen, the cruiser Raleigh, now at the Boston yard, will be in commission in a few days, and it was said at the department today that it probably will be sent to Venezuela if the prospective interruption to communication materializes.
