

On a Plane

Was quoted last evening in our "ad" at 10c per yard. This was a typographical error. The price should have read:

\$1.00 Per Yard THOMPSON, BELDEN & Co.

TROOPS ARE AGAIN NEEDED

Turbulent Element Becomes Very Boisterous in Panther Creek Valley.

RELIEF FUNDS DO NOT MEET DEMANDS

Railroad Officials say More Men Are Being Hired Because They Expect Coal Traffic to Gradually Increase.

TAMAQUA, Pa., Sept. 30.—After a lapse of several days' troops were again sent through the Panther Creek valley today. This action was taken because the turbulent element has been acting in a boisterous manner in their effort to intimidate non-unionists on their way to work. The presence of the soldiers had a quieting effect, and although strikers and pickets were out in force there was no disturbance.

It is asserted that the strikers in this vicinity are showing little interest in their union, as compared with a few months ago, and that the distribution of relief funds is far too small to meet the demand made during the last few days.

Twenty-five extra men have been hired for the Shamokin division of the Reading railroad. Strike leaders claim the reason why the company is hiring so many men is in order to be prepared in case some of their crews refuse to handle hard coal.

Railroad officials say the extra force is being hired because the company expects the coal traffic to gradually increase.

Attempt to Wreck Express.

READING, Pa., Sept. 30.—An attempt was made to wreck a Reading express train last night at Brooks Crossing. A short distance below Pittston, Pa. A fish plate had been spiked to the rail in such a manner that the rails would strike it when the train came along. The wheel of the engine did strike the obstruction, but the plate broke and the train was not derailed.

The officials are investigating.

The reports of the Philadelphia & Reading railroad here show that during the last week about 12,000 tons of hard coal were turned out of the washeries and collieries of the company and transported to different points. This would be equivalent to about 400 cars. None of it has been delivered in this section of the Schuylkill valley.

The officials say the coal was sent to Philadelphia and points beyond there.

MOUNT CARMEL, Pa., Sept. 30.—Six companies of the Fourth regiment, commanded by Colonel O'Neill of Altoona, arrived here today from Reading, Lebanon, Altoona and Harrisburg. When they alighted in the Reading railroad yards northeast of the town over 2,000 strikers assembled, but made no demonstration. The troops are now distributed along the Reading railroad until General Gobin, who arrived here on a special train from Shenandoah, selects a permanent camp site. The militia was sent out last night to suppress rioting.

Everything is quiet today. Leaders are doing all they can to prevent the men from committing disorderly acts and are urging large numbers of strikers from the Shenandoah region to permanent camps. All fifty deputies at Richards colliery were surrounded by a big mob. At daybreak the strikers dispersed.

PRESIDENT ASKS HOW

(Continued from First Page.)

Seth Low of Greater New York, asking for further particulars, Mayor Maybury sent the following telegram:

Conference is expected to take coal situation as it exists at date of meeting. Then will discuss best and most practicable means of obtaining coal. All last night fairly attended, namely, a coal supply. The plan to be pursued to enforce our demand must be governed by the wisdom of the conference and should be such plan as will be most effectively and promptly applied. Representatives from the metropolitan cities of the country would be most helpful.

Murphy says No.

Among the few messages received that did not endorse the proposed conference was the following from Governor Murphy of New Jersey: "I do not think the conference proposed can accomplish any practical results."

Governor Nash of Ohio wired "I am in receipt of your telegram. Heartily sympathetic with the result you desire to bring about. I have no authority of law for appointing the delegates suggested. If essential it will be a mere voluntary meeting. If citizens attend under such appointments it will be voluntary on their part. I have no confidence in the efficacy of unauthorized acts upon the part of officials."

President H. B. McFarland of the Board of Commissioners of the District of Columbia telegraphed as follows: "Will be glad to co-operate. Have asked Board of Trade and business men's associations if they can name delegates."

In reply to a message from Mayor Wells of St. Louis saying he thought it would be better to have the delegates appointed by the business men of the city, Mayor Maybury wired that it did not matter who appointed them so long as the city was represented at the conference.

President D. M. Parry of the National Association of Manufacturers tonight received from President John Mitchell of the United Mine Workers a telegram in answer to one sent him asking if the mine workers would be willing to appoint a committee to meet with a committee from the association and discuss means of ending the coal strike. President Mitchell says he will be pleased to appoint the committee and would prefer meeting in the east.

Upon receiving President Mitchell's telegram, Mr. Parry sent Mr. Mitchell another telegram suggesting Buffalo as the place of meeting any day this week that Mr. Mitchell may designate.

Governor Hias Acts Promptly.

LANSING, Mich., Sept. 30.—Governor Hias has appointed twenty delegates to represent Michigan at the interstate conference called to meet in Detroit on Thursday to devise ways and means for obtaining a supply of anthracite coal. The governor says "the people face a serious crisis, and that without stopping

to consider the merits of the controversy between the operators and the miners, it is advisable that means be devised whereby the country can have the needed supply of hard coal. The governor says that this should be accomplished through arbitration if possible. He hopes to see the confounding brought to a settlement on mutually agreeable grounds, but says the situation is of such grave concern to all the people that it is time it should be taken as a national matter if it cannot be otherwise adjusted.

TOLEDO, O., Sept. 30.—Mayor Samuel M. Jones today issued a proclamation regarding the miners' strike. It says in part: "Every effort be brought about a settlement of the difficulty has been arbitrarily and arrogantly rejected by the mine owners, until the trouble has now become almost a national calamity. This state of affairs has moved some of our fellow citizens in Boston to ask the United States court to appoint a receiver for the various anthracite mining companies and the coal-carrying roads that are the direct cause of the trouble through their absolute refusal to submit the question of their differences to arbitration. Believing that these Boston citizens should have the moral support of good people everywhere, I therefore call upon all citizens and thirty-loving citizens to assemble at Memorial hall on October 2, 1902, for the purpose of passing suitable resolutions to encourage these Boston citizens in the work that they have undertaken."

Expects Early Settlement.

PHILADELPHIA, Sept. 30.—Mayor Ashbridge tonight declined to comply with the request of Mayor Maybury of Detroit to appoint a delegation of citizens to attend a conference in the city October 2 to devise ways and means for obtaining a reasonable coal supply from the mining regions of Pennsylvania and West Virginia. The mayor's reply is as follows: "Governor of commonwealth, clergymen and citizens are actively working for settlement of strike in anthracite coal fields in this state. My judgment is that differences will be adjusted and work resumed before date of conference named."

Mayor Ashbridge today contracted with President Baer of the Reading company to furnish fifty tons of coal daily, beginning next Wednesday, for use at the Philadelphia hospitals and almshouse. The mayor's telegram is significant coming after the visit here yesterday of President Mitchell, National Secretary-Treasurer Wilson and other officials of the United Mine Workers' union.

NEW YORK, Sept. 30.—After considering the matter all day Mayor Low decided to seek further information about the coal conference before he would take action. He sent the following to Mayor Maybury: "Telegram received. I would be very glad to join in any practicable movement that tends to bring to an end the present unpleasant coal famine in this city. I desire to appoint delegates to proposed conference. I should be glad to know whether a program is formulated, and if so, what it is."

MORE HARDSHIP FOR THE POOR

Coal Selling at the Rate of Twenty-Five Dollars Per Ton in the Tenement Districts.

NEW YORK, Sept. 30.—The heads of the coal railroads were in conference today at one of the weekly meetings of the Temple Iron company, of which they compose the board of directors.

There were present Presidents Baer of the Philadelphia & Reading railroad, Trustees of the Lackawanna, Olyphant of the Delaware & Hudson, and Fowler of the New York, Ontario & Western, and John Markie of the firm of G. B. Markie & Co., independent operators.

Before Mr. Markie went into the meeting he was asked as to the truth of the report from Philadelphia that John Mitchell, president of the United Mine Workers of America, had been in conference at the Hotel Walton with the operators and J. P. Morgan.

"It is untrue," said Mr. Markie. "For if it was true I would have been in a position to know."

The condition here now seems to be worse than at any time since the strike of 1900, usually in stock at this time of the year, there are but 2,000 tons of hard coal in tenement districts. The price is 75 cents a bushel, which is at the rate of \$25 a ton. Dealers in other parts of the city, who yesterday were selling half tons, today cut the allowance to customers to quarter tons. Coal and coal dust by the pall of twenty pounds is selling at 25 cents.

BAER SAYS PLENTY OF COAL

Promises that There "Certainly" Will Be Enough in New York Before Winter.

NEW YORK, Sept. 30.—President Baer was asked today if there would be enough coal in this city to supply the demand before winter sets in.

"Oh, certainly," said he. "This idea that there is going to be a scarcity of coal this winter is simply a scare. There will be plenty of coal in New York before cold weather."

RETURNS FOR MORE TROUBLE

Joe Harney of Burlington Has All Kinds of Difficulty at Star Theater.

Joe Harney, a grocer from Burlington, Ia., was arrested late last night at the entrance of the Star theater and charged with shooting with intent to kill. John J. Bowles was taken into custody at the same time for disturbing the peace by fighting, and Mike Bowles will probably be arrested today when found. "The trouble originated about 11 o'clock in the evening in the theater. Harney was there and is said to have been behaving boisterously. Mike Bowles, who is the bouncer of the establishment, then put him out. Later Officer Ferris found Harney at Eleventh and Farnam streets, where he refused to say how he got his bloody nose and very much swollen cheek. Taken to the station he explained, and was allowed to wash his face and go. He said that he intended to meet a friend from Iowa at the Millard hotel at 1 o'clock. Later on he turned up again in the theater quite drunk, and demanded a drink. When these were refused he drew a revolver and fired three shots and snapped the other two cartridges which failed to explode. The theater people say he shot at Mike Bowles. John Bowles then threw the grocerman out a second time, and the pair were arrested by Officer Brady.

Headache

Biliousness, sour stomach, constipation and all liver ills are cured by Hood's Pills

The non-irritating cathartic. Price 25 cents of all druggists or by mail of C. I. Hood & Co., Lowell, Mass.

CITY COUNCIL PROCEEDINGS

Major Moore Indulges His Veto Habit to Marked Degree.

BILLS PASS DESPITE HIS DISAPPROVAL

Among Ordinances Passed Over Mayor's Veto is One for Opening Thirty-Fifth Street from Farnam to Harney.

Mayor Moore's veto habit was shown to a marked degree in the proceedings of the council last evening, being a veto of more than six documents returned without his official signature. In every instance but one, however, the measure was re-enacted notwithstanding the veto of the mayor, and in nearly all cases it was by a unanimous vote of eight members. Mr. Trostler alone being absent.

In withholding his signature from the resolution to grant to C. N. Dietz the use of a portion of Thirty-eighth street and a portion of Dewey avenue, the mayor expressed his views on the subject in the following language:

"There is nothing that does more to spoil the appearance of city streets than to have irregular sidewalks and curb lines and irregular fences in front of properties. The streets of the city should be most sacredly preserved to the public for public use and for the purposes for which they were dedicated. Dewey avenue and Thirty-eighth streets will undoubtedly be paved at an early date and it is not wise to make any disposition which would interfere with the continuity of curbs, sidewalks, fences and other improvements. This part of the city will undoubtedly be built up with the residences within a few years and this fact should be taken into consideration in this matter. In addition to this I would not like to see the property owners along these streets in the vicinity of Mr. Dietz's property have to have the same reasons as I have given here."

By unanimous vote the resolution was made operative in spite of the veto.

Thirty-Fifth Street Opening.

Among the other documents which the mayor refused were the ordinance providing for a twenty-foot alley in continuation of Thirty-fifth street from Farnam to Harney street, and the ordinance providing for the opening of a fifty-foot street at that point.

The mayor's communication relating to this question was as follows:

"I veto this ordinance for the reason that I cannot see where the cost of the same (street opening) can be assessed to adjacent property and because I deem it unwise and undesirable. The condemnation of fifty feet taken from lots 15 and 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620, 621, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, 632, 633, 634, 635, 636, 637, 638, 639, 640, 641, 642, 643, 644, 645, 646, 647, 648, 649, 650, 651, 652, 653, 654, 655, 656, 657, 658, 659, 660, 661, 662, 663, 664, 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, 676, 677, 678, 679, 680, 681, 682, 683, 684, 685, 686, 687, 688, 689, 690, 691, 692, 693, 694, 695, 696, 697, 698, 699, 700, 701, 702, 703, 704, 705, 706, 707, 708, 709, 710, 711, 712, 713, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 743, 744, 745, 746, 747, 748, 749, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 778, 779, 780, 781, 782, 783, 784, 785, 786, 787, 788, 789, 790, 791, 792, 793, 794, 795, 796, 797, 798, 799, 800, 801, 802, 803, 804, 805, 806, 807, 808, 809, 810, 811, 812, 813, 814, 815, 816, 817, 818, 819, 820, 821, 822, 823, 824, 825, 826, 827, 828, 829, 830, 831, 832, 833, 834, 835, 836, 837, 838, 839, 840, 841, 842, 843, 844, 845, 846, 847, 848, 849, 850, 851, 852, 853, 854, 855, 856, 857, 858, 859, 860, 861, 862, 863, 864, 865, 866, 867, 868, 869, 870, 871, 872, 873, 874, 875, 876, 877, 878, 879, 880, 881, 882, 883, 884, 885, 886, 887, 888, 889, 890, 891, 892, 893, 894, 895, 896, 897, 898, 899, 900, 901, 902, 903, 904, 905, 906, 907, 908, 909, 910, 911, 912, 913, 914, 915, 916, 917, 918, 919, 920, 921, 922, 923, 924, 925, 926, 927, 928, 929, 930, 931, 932, 933, 934, 935, 936, 937, 938, 939, 940, 941, 942, 943, 944, 945, 946, 947, 948, 949, 950, 951, 952, 953, 954, 955, 956, 957, 958, 959, 960, 961, 962, 963, 964, 965, 966, 967, 968, 969, 970, 971, 972, 973, 974, 975, 976, 977, 978, 979, 980, 981, 982, 983, 984, 985, 986, 987, 988, 989, 990, 991, 992, 993, 994, 995, 996, 997, 998, 999, 1000.

Supervisors of registration for the current year were appointed from two lists, one submitted on behalf of the republican members and giving the names of two judges in each election district and the other submitted by Congressman Berkeley, and giving the name of one in each election precinct. The list, with the names of the two republicans given first in election districts, is as follows:

First Ward.

First District—J. L. Francis, R. A. Willett, Charles W. Morehouse, B. R. Loring, C. O. Boehme.

Second—F. W. Coleman, W. O. Gould, Richard Wallace.

Third—F. W. Erom, D. C. Olsen, George Younk.

Fourth—J. Henderson, L. F. Hale, Charles S. Williams.

Fifth—J. R. Papp, O. W. Sommer, Charles Kaufman.
