

PLAN FOR CONVENTION HALL

Christian Church Committee at Work on Alterations of Coliseum.

STAGE FOR SEVERAL HUNDRED SINGERS

Rooms for Committees to Be Arranged Around Building—Chairs for Nine Thousand People to Be Provided.

A special committee for the Christian church convention was at the Coliseum yesterday making final arrangements for the alterations required by the convention. While the final plans have not been approved it is understood that the decorations used Friday night will be permitted to remain in place as far as possible. That part of the building north of what was the throne will be cut off from the rest of the room and used by the state, national and local boards and committees, the publication houses and the educational institutions for displays of their work.

A number of committee rooms will be arranged for around the building, so that committees will have convenient quarters in which to transact their business without leaving the building. About the largest undertaking will be the erection of a platform large enough to accommodate the great choir which will sing at the opening of the sessions of the convention. It is expected that several hundred singers will occupy the platform at some of the song services.

When the building was arranged for the national populit convention in 1892 there was a large stage on the west side. On this platform were located not only the speakers and the presiding officers, but the reporters' gallery. The stage for the singers will probably have as much floor space as the populit convention stage did, but it may be differently arranged.

The most serious question before the house committee is providing seats for the building. At one time the Knights of Ak-Sar-Ben had nearly 5,000 chairs, and a considerable number of these may be available. The auditorium company will donate the use of about 2,700 chairs, but these will make little more than half the number required, as it is desired to provide seats for approximately 5,000 people.

Work on the Coliseum will begin as soon as the final plans can be approved, which probably will be within the next twenty-four hours. It will require a week of earnest work to make the necessary arrangements, so that little time can be spared if the house is to be ready for the first meeting, which is to be held October 15.

Unique souvenir spoons, Edholm, Jeweler.

TOURNAMENT FOR THE WOMEN

Fair Ones Will Be Given Chance to Play Ping Pong for Cup.

A ping pong tournament for women is the latest athletic venture to be projected upon the place of local events. It will occur next Friday morning at the ping pong gallery in the Bee building, and it is planned to complete the entire affair at one session of play.

This journey is a direct result of requests from feminine lovers of the game in Omaha that it be held. Women feel that this is one game which they are practically a man's equal, and it is so. There are not a few young fellows in Omaha who are given a trouncing over the table every evening by their sisters. In fact, there is one ping pong player who has made a great record at the gallery as a fast man who admits that he gets all his good practice in games with his sister.

The women witnessed the men's tournament of last week and envied the keenness of the sport and the rivalry engendered. They asked, may demand, that they, too, be given a chance to play for real cups and trophies. In consequence the event of next Friday was planned. A host of entries is expected. The tournament will undoubtedly prove a great drawing card for spectators.

Handsome prizes are offered. For first in the tourney the reward will be a sterling silver cup; for second a handsome piece of tapaserie of some elaborate description.

There's only one Stonecypher. He prints.

PERMANENTLY CURED.

Mr. Henry P. Marquardt Writes a Ringing Letter About Crammer's Kidney and Liver Cure.

OMAHA, Neb., Dec. 14, 1900.

Cramer Chemical Co.,

Gentlemen—Several months ago I procured a sample bottle of your excellent preparation. I had been a sufferer from an aggravated form of kidney trouble for years, so began taking it at once. The contents of the small sample so relieved me that I immediately purchased a large bottle, and after taking three bottles it effected a permanent cure and I have not suffered a day since. I can freely and with joy recommend your valuable medicine, as it completely cured me of a very severe case of kidney trouble, and to anyone who is so troubled I would say: Try it by all means and get relief—Henry Marquardt.
