CONDUCTORS ARE TAKEN BACK TWO KILLED IN COLLISION

Five Men Discharged by Union Pacific Are Premptly Reinstated.

TRAINMEN'S CAUSE FOR STRIKE REMOVED

Latter Said to Have Served Notice on Company that Revolt Would Occur Unless Men Were Put to Work.

If the Union Pacific strikers had reared may hopes of gaining their fight upon the basis of the fact that the company discharged five of its conductors for alleged arbitrary reasons, they met with disappointment, as the company has reinstated all of these men, thus removing a cause for rebellion of the trainmen.

These conductors were discharged one day last week and strikers declare it was because the men had been contributing financially to their cause. This was taken as an act of disloyalty by the Union Patific and the discharge of the men is said to have been the result. Forthwith a report emanated from the trainmen that unless the Union Pacific receded from its arbitrary position the trainmen would strike. A strike of the trainmen is what the shopmen have been hoping might come about, for it would, in their opinion, tie up the motive power of the road, which is all they consider necessary to put a quick and final end to the trouble and land the strikers in the high scats of winners. If reports be true, this view was shared in by officials of the company, for it is said that bardly had General Maanger Dickinson returned Friday morning than he sent for the conductors discharged and their reinstatement followed in very short order. Thus a new and far more serious revolt than the strike of the shopmen has been averted. It is said the trainmen certainly had their minds made up to strike had not the company taken back the five conductors.

No further developments of the blackreported, except that the company is pro- not live longer." ceeding with its work of dismantling the will not leave that city and will become I spend my remaining days in tears." open rebels if the Union Pacific persists in

New Engines on the Way.

None of the seventy-one new locomotives which the Union Pacific has had built by the Baldwin works has arrived in Omaha as yet, although a number are said to be on the way now. It was given out at the office of General Manager Dickinson that there was no question of the delivery of these engines and that a good many were now between Philadelphia and Omaha, traveling this way, and would be here within a very short time. "They are expected any day," it was said. The tardy arrival of these engines is pointed to by the company as proof of its repeated statement that its motive power had not suffered as strikers represented.

"Strikers have been disposed to treat the purchase of these engines as a joke and the engines as myths," said a Union Pacific official, "but they will see in a few days that they have been deluded by their own fancies and that the Union Pacific has had built seventy-one mighty big, fine locomo-

Stops Mt. Pelce Eruption.

Benjamin Harrison, who was the proprietor of the Mount Pelee show on the Midway, last night had William Deome of Eighteenth and California streets, C. L. Jesse, who has been staying at the City hotel, and Philip Powell, who lives at 218 North Eighteenth street, arrested, charging them with the theft of the lamps which are used to illuminate his display. Harrison says that during the day, when he thought that the rain would spoil the evening for show purposes, he packed up the lamps and put them in the tent of Billy Madison, who had leased part of his concession. When he came back for the lights they were gone. The watchman told him that the three who were arrested had been the only ones to enter the tent. Harrison had a quarrel with Jesse and thinks that the three hid the lamps to spoil his business for the night.

The rain of yesterday made business so slack on the Midway thas charleton Menair of 2519 North Nineteenth street. Alle Daly of Denver and Roy Emery of Lamar, Mo., who were spielers for attractions there, had more time than they could use. Fred North was unfortunate enough to let them know that he wanted a hair cut and they volunteered to save him the trouble and expense of going to a barber. The spielers clipped a swath through his hair from the forehead to the back of the neck, made blazes all over one side and left the other as it was. When North saw what had been done he had the three arrested. He himself was, detained as a compiaining witness, and was later discovered by the detectives to be the man wanted in an lowa town for larceny.

Percentage of Increase in Attendance Over Last Year One of Largest in the State-Mickey Gets Warm Reception.

New school buildings are badly needed South Omaha. For several years the Board of Education has been compelled to rent outside rooms in which to hold sessions of school, and this year the demand

year previous. The Board of Education seems abundantly supplied with school sites, but the funds to erect buildings seem to be a minus quantity. The board has succeeded this year in using almost every cent in proportion to the number of months in session that was allowed it by the levy and it is generally predicted by those who money will be in the treasury and the of what was intended for it in the way of

The growth of the schoels in South Omaha has been very large. At the present time the attendance at the regular echools of the city looms up as follows: High school, 233; Central, 395; Hawthorne, 525; Jungman, 348; Brown Park, 446; Albright, 258; Highland, 222; West Side, 475; Corrigan, 228; Field, 24; Lowell, 258; Whittier, 70, and Lincoln, 449. It is stated by the teachers that two-thirds of these schools are so badly crowded that good work cannot be accomplished.

The percentage of growth of schools in South Omaha is one of the largest in the state of Nebraska, according to estimates furnished. At the present time there are 1,491 more pupils attending the South Omaha schools than there were in the year 1898, and the increase still continues. For the last five years the attendance at the South Omaha public schools has been as follows: 1898, 2,463; 1899, 3,230; 1900, 3,572; 1901, 3,728; 1902, 3,954. It is expected, however, that the 1902 attendance will be much larger before the school year closes.

Gets Warm Reception.

J. H. Mickey, republican candidate for governor, was in South Omaha yesterday and he was greeted most heartly by hosts of personal friends and admirers. His time was well taken up at the stock yards, where he visited a number of the prominent stockmen. He displayed considerable interest in the condition of the stock yards and stated to several of his friends, while there, that as he had heard nothing but politics for so long, it was a rare treat to be able to have some other subject discussed in his presence. He was cordially greeted wherever he went during his stay in the Magie City.

Mandamus Heard Monday.

The mandamus proceedings against Mayor Frank Koutsky wherein the Anti-Saloon league attempts to secure a mandate from the district court to compel Mayor Koutsky to close all South Omaha saloons on Sundays, will be heard in the district court on Monday morning. It is said the mayor will vigorously contest the suit, having taken exceptions to certain charges made against him in the petition.

Meeting Tomorrow Night.

There seems to be no doubt but that all of the talk which has been going the rounds to the effect that the council would hold LONDON, Oct. 4.-Slackness in the ship- no meeting tomorrow night has been based building trade has resulted in the closing on nothing more substantial than rumors. Almost all of the councilmen who have ham Iron works, which has thrown 1,200 been interviewed have stated most emphatically that the council would meet and that all business which should come before the meeting will be attended to.

Joe Maly Sinking.

Complications have arisen in the case of Joseph J. Maly, who, about a year and a half ago, was shot and seriously wounded in the Frank Dolezol saloon, Twenty-seventh and Q streets, by Fred Stegeman. The bullet entered the back and lodged in the spinal column so that the lower portion of his body became paralyzed. The attending physicians now say that complications have arisen in the case and it may be that Maly has but a very short time to live. He has never left his bed since the date of the injury.

Circulating Petitions.

Petitions are said to be in circulation among the property owners abutting on Railroad avenue, in which they are asked to waive all damages which may come to them by reason of the location of a viaduct over the tracks at the foot of O and N streets. The number of lots sought to be represented in these petitions will be from M to Q street. A member of the Live Stock exchange stated last evening that it was not the intention of the Stock Yards company to build a viaduet at all, but that whatever would be constructed would be in the shape of a footbridge, while teams would be supposed to use either the old L or Q street viaducts, coming around to the yards by way of the west entrance. The stock yard officials seem to have nothing to say regarding the matter.

Test for Yourself the Wonderful Curative Properties of Swamp-Root

To Prove What Swamp-Root, the World-Famous Kidney and Bladder Remedy, Will Do for YOU, Every Reader of The Bee May Have a Sample Bottle Free.

Dr. Kilmer & Co., Binghamton, N. Y.

Gentlemen-In justice to you, I feel it is my duty to send you an acknowledgment of the receipt of the sample bottle of Swamp-Root you so kindly sent me. I had been out of health for the past five years with kidney and bladder trouble. Had our best physicians prescribe for me. They would relieve me for the time being, but the old complaint would in a short time return again. I sent for a sample bottle of Swamp-Root, and found it did me a world of good. Since

then I have taken eight small bottles bought at my drug store, and I consider myself perfectly cured. It seemed as though my back would break in two after stooping. I do not have the smarting and irritation, nor do I have to get up during the night to urinate, as I formerly did three or four times a night, but now sleep the sleep of peace. My back is all right again, and in every way I am a new man. Two of my brother officers are still using Swamp-Root. They like myself, cannot sal too much in praise of of it. It is a boon to mankind. We recom mend it to all who are suffering from kidney and bladder diseases.

My brother officers (whose signatures accompany this letter), as well as myse if, thank you for the blessing you have brought to the human race in the compounding of Swamp-Root.

We remain, yours very truly, Police Officers of Greater New York.

JAMES COOK, 58th Precinct. HUGH E. BOYLE, 65th Precinct. JOHN J. BODKIN, 58th Precinct.

If you are sick or 'teel badly," begin taking the famous new discovery, Dr. Kilm er's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince an yone. Weak and unhealthy kidneys are responsible for many kinds of diseases, and if per mitted to continue much suffering with fatal results are sure to follow. Kidney trouble irritates the nerves, makes you diz zy, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscl es; makes your head ache and back ache, causes indigestion, stomach and liver trouble; you get a sallow, yellow complexion, makes you feel as though you had heart

trouble; you may have plenty of ambition, but no strength; get weak and waste away. Swamp-Root is pleasant to take and is used in the leading hospitals, recommend ed by physicians in their private practice, and is taken by doctors themselves, because they recognize in it the greatest and mo at successful remedy that science has ever been able to compound.

If you are already convinced that Swam p-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the n ame. Swamp-Root-Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

EDITORIAL NOTICE -Swamp-Root, the great Kidney, Liver and Bladder remedy, is so remarkably successful that a special arrangement has been made by which all of our readers who have not already tried it may have a sample bottle sent absolutely free by mail. Also a book telling all about kidney and bladder troubles and containing many of the thousands upon thousands of testimonial letters received from men and women cured by Swamp-Root. In writing, be sure and mention reading this generous offer in The Omaha Sunday Bee when sending your address to Dr. Kilmer & Co., Binghamton, N. Y.
