

RECEIVER FOR PAXTON HOTEL

Rome Miller Alleges that Property is Not Being Properly Handled.

WANTS COURT TO ORDER AN ACCOUNTING

Principal Charge is that J. B. Kitchen, as Majority Stockholder, Felt Himself Excessive Price for Strip of Land.

As the result of the real estate transaction between J. B. Kitchen and the Kitchen Bros. Hotel company, Rome Miller, a stockholder in the company, has brought suit in the district court to have a receiver appointed for the company and its affairs investigated.

According to the application filed by the attorneys for the complainant, the Kitchen Bros. Hotel company is a corporation with a capital stock of \$500,000, the shares being held by several parties, but the controlling interest, 233 shares of \$1,000 each, is held by J. B. Kitchen, and 150 shares by Rome Miller, the complainant.

The complaint says that Mr. Kitchen owes the company large sums of money and that the stockholders are at the mercy of the holder of the majority of the shares unless the court will intervene to protect their rights.

SOLDIER HELD FOR MURDER

Edward Morris Must Answer for the Killing of Henry McKee.

In accordance with recommendations made by a military board of investigation at Fort Niobrara, United States District Attorney Sumners has filed with United States Commissioner Gustav Anderson a complaint against Edward Morris, a private in D company of the Twenty-fifth Infantry, charging him with the murder of Henry McKee, a private in the same company.

McKee was shot and killed by Morris on September 17 last at Fort Niobrara, where the Twenty-fifth is stationed. The affair occurred about an hour after retreat, near 8 o'clock, in the rear of D company's quarters. Morris and McKee, with other soldiers, were assembled around a crap game in progress on a table.

Morris was at once put in close confinement at the post guard house and the post commander appointed a board of three officers to investigate the case. This board, after a survey of the matter, recommended that Morris be tried for murder. He will be taken before a United States commissioner at Valentine, Neb., Wednesday.

Johnson, who was running the game, said to the board that as around the table where McKee was standing he asked for a stake. No one offered it, so he could not play. When the dice came to McKee again he asked for a second stake, and at that Morris ordered him for a beggar and McKee replied that he had not asked Morris for anything.

The bill this week at the Orpheum is drawing and pleasing full houses and the women and children who attend the matinee this afternoon will find in it a varied assortment of entertainment of the kind they will like.

There is a strong sentiment on the new board in favor of the election of Guy C. Barton to the presidency. One member of the old board who has been re-elected said: "There are about forty subscriptions on the part of Omaha citizens which should be closed immediately. These forty subscriptions should bring into the fund at least \$50,000, and if handled by the right man they will do so."

There is no talk of change in the other officers, although the retirement of Mr. DeBord from the directorate leaves a vacancy in the office of counsel. There are two lawyers on the new board, however, from which to select the officer.

In the election of E. F. Peck to the directorate there is seen by some of the directors a desire on the part of the stockholders for a change in the plans of the building which will make it more convenient for horse and other stock shows.

The first meeting of the new board will be held at the Millard hotel Thursday evening, followed by a banquet Thursday evening, at which the annual reports of the officers will be made.

All Arrangements for Christian Church Gathering Are Well Under Way.

The plans for the alteration of the Coliseum for the use of the Christian church convention will not be fully decided upon until Wednesday, as several changes will have to be made which were not contemplated at first. The floral embellishments which were used during the court ball of King Ak-Sar-Ben VIII will be retained during the convention.

NEW LIFE FOR AUDITORIUM

Annual Election Puts Some Big Men on Board of Directors.

GUY C. BARTON CAN HAVE PRESIDENCY

Effort Being Made to Offer Executive Office to Smelter-Man by Unanimous Vote—New Board Meets Thursday.

The election of directors for the Auditorium company did not bring out the heavy vote that was expected, the highest number of votes cast for one person being 25,002, which was received by E. A. Cudahy. The lowest number which elected a director was 11,874. The directors elected are: Arthur Brandeis, Guy C. Barton, Ward Burgess, E. A. Cudahy, J. Frank Carpenter, F. H. Davis, Joseph Hayden, Frank T. Hamilton, G. W. Hoobler, George A. Jolly, John L. Kennedy, Joseph R. Lehmer, Alfred Millard, T. J. Mahoney, F. A. Nash, Fred Paffenrath, E. P. Peck, Charles H. Pickens, C. G. Penrose, James L. Paxton, F. E. Sanborn, J. A. Sunderland, G. W. Westley, H. S. Weller and W. S. Wright. Of these directors fourteen are at present on the board, while five have served continuously on both boards which have been in existence since the company was formed. Fred Paffenrath has been elected to both boards but resigned on account of ill health early last year.

With the election of the board there is a revival of interest in the election of officers, which will take place Thursday. President Sanborn, who has served two years, and has devoted more time to the work than any other director, has positively refused to let his name be before the directors for re-election. Yesterday morning he said that he had served the board to the best of his ability and had neglected his private business for two years in the interests of the company; that he hoped in justice to himself the members of the board would not mention his name in connection with the office, as he has had enough and must devote the larger part of his time to his business this year. He says that he will willingly continue on the board.

The plans contemplate at least 100 members of the reception committee and it appears somewhat difficult to secure this number.
