WELCOME TO ODD FELLOWS

Governor and Mayor of Lincoln Address Open Session of Grand Lodge.

ALL SOCIALISTS CAN RUN FOR OFFICE

Secretary of State Must Look Up Another Name, However, for One Faction—Malet an Insurance Company.

(From a Staff Correspondent.) LINCOLN, Oct. 15.—(Special.)—Governor Savage and Mayor Winnett delivered formal addresses of welcome this morning at the open session of the Odd Fellows' and Rebekahs' lodges of the state house. C. A. Randall, grand master, of Newman Grove, responded for the Odd Fellows and Mrs. Lucy Barger of Hebron for the Rebekahs. This afternoon a very creditable parade, led by Department Commander Nichols of the Patriarchs Militant and staff, was held. So far 233 candidates have been given the grand lodge degree. The remainder of the time has been taken up with interesting reports and discussing, behind closed doors, matters of interest to the orders. Both factions recognized.

Both the tickets nominated by the socialists will be allowed on the official ballot, but only one will go to the "socialist" ticket. The other will have to be content with some other name than that. What this is will be decided shortly. It will be some distinguishing name, and the secretary of state, whose decision was announced this afternoon, will try and think one up. The victory rests with the Omaha faction.

The successful faction, who was the last to file its certificate of nomination, held its convention in Omaha September 18 and put up the following ticket: George E. Bigelow, Lincoln, for governor; J. S. Berry, Humboldt, lieutenant governor; R. G. McElroy, Lincoln, secretary of state; William Schram, Kearney, treasurer; Louis Hogen, Ashton, auditor; J. B. Randolph, Omaha, attorney general; Burla Wilkie, Lincoln, superintendent of public instruction, and Leonard De Vore, Ponca, commissioner of public lands and buildings.

The ticket that will have to be content with opposition Mr. Malet's ticket is composed of: George E. Bigelow, Lincoln, governor; Andrew E. Pugh, Fairfield, lieutenant governor; J. Phillips Roe, Omaha, secretary of state; T. P. Lippincott, Blair, auditor; William Stolley, Grand Island, treasurer; James R. Burleigh, Lincoln, attorney general; Adam Remoshil, Lincoln, commissioner; William Brittain, Omaha, superintendent of public instruction.

Remoshil Wants Pardon. In William Remoshil an innocent man is the question that is claiming the attention of the general just present. Remoshil was sent to the penitentiary December 13, 1900, under sentence of seventeen years for statutory crime alleged to have been committed upon a child of 11 years named Julia Springer, daughter of H. E. Springer, County Attorney A. H. Tingle of Boyd county is now in Lincoln petitioning the governor for clemency, and it declares his conviction that the two years already served have fulfilled the ends of justice. In fact, he has stated to the governor his conviction that the man was innocent, but in a communication he simply declares his opinion that the sentence was excessive. He says that his wife is a woman who is very much respected in their home community and he has a family of children dependent upon him.

Forbes Resigns Place. Bert Forbes, assistant state engineer, has resigned his position to enter the employ of the United States geological survey under the civil service, and expects to be assigned to irrigation work under the new irrigation law, in southern California or Nevada. His resignation will take effect November 1, at which time he will be succeeded in the office by the secretary of the state irrigation board by J. C. Stevens of Lincoln, who has been attached to the geological survey and operating under the auspices of the state university.

New Corporations. The Knox county bank of Verdigris has filed articles of incorporation, placing its authorized capital stock at \$50,000. Its incorporators are D. B. P. B. and S. S. Welpton, the first named being president and the second cashier.

Small Hopes Mining company is the name of an Omaha concern that has just incorporated. Its incorporators are Samuel Rees, C. D. Hutchinson, John A. Wakefield and George E. Gibson and its authorized capital stock is \$500,000.

The Nebraska Clark Automatic Telephone company is the name of a new incorporated Omaha concern, the purpose of which is the manufacture and operation of telephone systems. A. S. Clark, A. Van Wegene and J. L. Putnam appear as incorporators and the capital stock is given at \$100,000.

Company Must Pay Anyway. The Security Mutual Insurance company of Lincoln, was hit hard in district court today when a jury found that it should pay the heirs of George W. Klutsch \$5,388 on a policy found among his effects after his death a year ago last July. Klutsch was one of the publishers of the Free Press, a big German weekly in this city, and met death very suddenly at the time the hot wave was prostrating hundreds. The company claimed that as a matter of fact Klutsch never paid the second year's premium and that the policy had lapsed eight months before his death. His beneficiary cashed a receipt, however, showing that the company had received the money. The secretary insisted that this was a clerical error.

He Dismissed the Case. Thomas G. Thompson, recently of Omaha, filed a suit for divorce from his wife, Laura, some weeks ago. Today he dismissed it with some precipitancy. He charged in his petition that his wife had left him and had greatly humiliated him by consorting with objectionable characters in South Omaha. His wife heard of the matter and wrote out a pitiful letter to one of the district judges telling him her side of the story, which was vastly different from that presented by Thompson in his petition. The letter was turned over to an attorney, and it is surmised that knowledge of the fact that his wife was about to appear against him induced him to withdraw the suit.

Federal Court Opens. Judge Munger and his official staff opened the Lincoln term of federal court this morning. But two cases, under the new rule requiring ten days' notice of trial, are ready for a hearing before a jury. One is a damage suit brought by a Kansas City man against the Nichols & Shepard company for an elevator accident, and the other one is a replevin between the Huber Manufacturing company and the Rock Island.

The suit in which William M. Welch of Chicago, sued George A. Jolya of Omaha, the Western Newspaper Union magnate, for \$500,000 for non-fulfillment of a contract to sell him an editor, as his controlling interest in the newspaper, will receive a partial airing, a demurrer being down for argument.

Test for Yourself the Wonderful Curative Properties of Swamp-Root

To Prove What Swamp-Root, the World-Famous Kidney and Bladder Remedy, Will Do for YOU, Every Reader of The Bee May Have a Sample Bottle Free.

Dr. Kilmer & Co., Binghamton, N. Y. Gentlemen—In justice to you, I feel it is my duty to send you an acknowledgment of the receipt of the sample bottle of Swamp-Root you so kindly sent me. I had been out of health for the past five years with kidney and bladder trouble. Had our best physicians prescribe for me. They would relieve me for the time being, but the old complaint would in a short time return again. I sent for a sample bottle of Swamp-Root, and found it did me a world of good. Since then I have taken eight small bottles bought at my drug store, and I consider myself perfectly cured. It seemed as though my back would break in two after stooping. I do not have the smarting and irritation, nor do I have to get up during the night to urinate, as I formerly did three or four times a night, but now sleep the sleep of peace. My back is all right again, and in every way I am a new man. Two of my brother officers are still using Swamp-Root. They, like myself, cannot say too much in praise of it. It is a boon to mankind. We recommend it to all who are suffering from kidney and bladder diseases.

My brother officers (whose signatures accompany this letter), as well as myself, thank you for the blessing you have brought to the human race in the compounding of Swamp-Root.

We remain, yours very truly, Police Officers of Greater New York. JAMES COOK, 58th Precinct. HUGH E. BOYLE, 65th Precinct. JOHN J. BODKIN, 58th Precinct.

If you are sick or "feel badly," begin taking the famous new discovery, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone. Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering with fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles; makes your head ache and back ache, troubles you may have plenty of ambition, but no strength; get weak and waste away. Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by physicians in their private practice, and is taken by doctors themselves, because they recognize in it the greatest and most successful remedy that science has ever been able to compound.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root—Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

EDITORIAL NOTICE—Swamp-Root, the great Kidney, Liver and Bladder Remedy, is so remarkably successful that a special arrangement has been made by which all of our readers who have not already tried it may have a sample bottle sent absolutely free by mail. Also a book telling all about kidney and bladder troubles and containing many of the thousands upon thousands of testimonial letters received from men and women cured by Swamp-Root. In writing, be sure and mention reading this generous offer in The Omaha Morning Bee when sending your address to Dr. Kilmer & Co., Binghamton, N. Y.

CAMPAIGN IN FULL SWING

Speakers Busy Out Over State Presenting the Issues to the People.

BURKETT AND MICKEY SPEAK AT YORK

Consul Williams, John T. Kelley of Wisconsin Deliver Addresses at Numerous Other Points in the State.

WAHOO, Neb., Oct. 15.—(Special Telegram.)—Consul General Williams of St. Petersburg, opened the republican campaign here this evening. He discussed the tariff and Philippine questions fully and gave facts that could not be disputed. The meeting was a big success.

BEATRICE, Neb., Oct. 15.—(Special Telegram.)—Hon. John T. Kelly, ex-chairman of the republican state central committee of Wisconsin, opened the campaign here tonight by addressing a large and enthusiastic audience at the Auditorium. The Second Regiment band gave a concert preceding Mr. Kelly's address and much enthusiasm prevailed throughout the meeting.

The speaker was introduced by H. M. B. Davis, chairman of the republican county central committee. Mr. Kelly's address in part: "The unprecedented prosperity of the country has made many men indifferent to the duty that the right of franchise imposes. The exceptions to the general rule of prosperity but serve to emphasize the fact that the only complaint that can be fairly made is that the benefits of our prosperity are not fairly distributed. These unequal conditions are not the result of legislation, but rather of the evolution of economic conditions. Where they can be reached by legislation the people may look with confidence to the republican party for such relief as legislation can give. Its whole history is one of effort to uplift, labor and to protect the American home. Much of the agitation about trusts is built of loose declamation without reference to close examination to the facts. It is true that Mr. Bryan contends that the Kansas City platform furnishes a remedy for destroying the trusts, but the American people are in no humor to experiment with the remedy offered."

Small Crowd Greets Thompson. BEATRICE, Neb., Oct. 15.—(Special Telegram.)—Hon. W. H. Thompson, fusion candidate for governor, addressed a small audience at the Auditorium this afternoon. But little interest was manifested among the fusionists over his visit.

PRISONER REFUSES TO EAT Man Who Shot Liverman Good is Either Inmate or Giving a Good Imitation.

PLATTSMOUTH, Neb., Oct. 15.—(Special.)—Bud Harlas, the man who is in jail charged with shooting a liverman named Good at Union, has been acting very queer since being brought to Plattsmouth last Sunday. He has taken no food of any kind, and when Sheriff J. D. McBride goes in with the meals for the prisoners he always finds this fellow standing like a statue in the corner of his cell. When Dr. E. W. Cook visited Harlas yesterday he found the prisoner very morose and not inclined to talk. The physician is of the opinion that the prisoner is trying to work the insanity dodge. Several years ago, it is said, in a fit of insanity, Harlas cut his throat, but a physician was near and saved his life. Later he was sent to an asylum.
