Chamber Decides Closing of Schools Was Legitimate and Proper.

PARIS, Oct. 17 .- The premier, M. Combes, eplied in the Chamber of Deputies today to attacks on the government for the manner in which the law of associations had been enforced. He maintained that the closing of unauthorized schools was perfectly legal and the resistance instigated by political agitators who deceived congregations regarding the law. He denied that any children had been deprived of primary education.

"We have reached a turning point in our history," he added. "The country would perish if we yielded to the congregations. We wish to arrest the monastic in-

President, we make the unqualified declaraorder, the companies' coal and fron pollhave committed more unprovoked murders during this strike than can be charged to the great army of men who have been in idleness for the past five months. Lawleasness is Condemned.

We have repeatedly and in language not misconstruction, co:

charge our organization with responsibility for acts of lawlessness during the strike. It would be just as logical to charge the American army in the Philippines with being an army of murderers, torturers and robbers because a few crimes were committed by soldiers there.

Until the millenium there will be crimes in every community, and human nature is the same, no better and no worse, among the half million people dependent upon the coal fields as it is overywhere in our country.

The recognition of our strength thus forced upon the operators by stern necessity we exult over, not in any narrow spirit, but because we believe it marks a forward step toward a new era. Upon the foundations laid through war we are ready to join with them in building for better conditions and a long and lasting peace.

We have asked the anthracite operators to We have asked the anthracite operators to inquire of the soft coal operators how well they are pleased with their business relations with us, whether or not we keep agreements and render satisfactory services for wages paid to our members. One business man might thus learn of another what is the character of our organization. Many soft coal operators have publicly declared that they would not dispense with our cooperation and would deem it a disaster if compelled to go back to the chaotic conditions which existed when their labor was unorganized.

inorganized Miners Stand Upon Record.

Upon our past record we are willing to stand or fail. We have, time and time again, invited the anthracite operators to adopt these business methods and to deal with us on this basis. Despite repeated rebuffs we persisted, but they resented any attempt upon our part to organize their employes: they refused our overtures for amicable discussion and possible satisfactory adjustment of wage differences in joint conference. They refused to have any dealings with their employes except as individuals; they refused concessions and refused arbitration; they put their backs against the wall of prejudice and their faces arbitrarily against progress; they thought themselves stronger than the great union principles which is making such strides throughout the world; that while combining their corporations and pooling

union principles which is making such strides throughout the world; that while combining their corporations and pooling their interests in hard and fast alliance they could deny the men who worked for them the right to organize and speak through their organization.

When the inevitable conflict came on they attempted to justify themselves upon the false plea that ours is an irresponsible organization; when we demonstrated our responsibility and reliability they then asserted that we were a lawless organization, which was dominated by violence. When society attempted to interfere to settle the strike they declared their divinely appointed right to be let alone. When representatives of national and state governments tried to mediate they resented "such medding by politicians."

But, thanks to you, Mr. President, and to the power of public opinion, they have been brought to a realization of the fact that the interesis or welfare of the American people cannot be ignored with impunity.

Justice is Expected.

My trouble was compilested with a disorder of the liver, but the "canteen" victory. The Manila union this seemed to yield to the doctor's treathad provided for leasets in Spanish and ment. The ringing sound continued and Tagalog and a Tagalog weman, the wife of followed me night and day. The doctor said it was caused by nervous headache. I was sick in bed for weeks and my head did not stop aching. One day I saw Dr. Willams' Pink Pills mentioned in a newspaper and thought I would try them. The first box helped me decidedly so I got six more and by the time I htad taken them the headaches rarely troubled me and my head felt good. The ringing in the ears that had proved so annoying was gone. I shall always keep Dr. Williams' Pink Pills on hand and gladly recommend them to anyone afflicted as I was. They are the only thing I ever found that seemed exactly suited for nervous headache.

Nearly everyone has felt symptoms of this trouble which Mrs. Brown experienced. In her case the disease was neglected for years and became chronic. Even innocent excesses cause nervous headache and this is invariably the forcrunner of a nervous breakdown. Dr. Williams' Pink Pills build up the blood, strengthen the nerves and tone up the system. Taken in time they often prevent serious illness. They have cured the most obstinate diseases of the blood and nerves Cash, president of the Southern California such as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, nerv-Woman's Christian Temperance union and ous headache, the after-effects of the grip. of fevers and of other acute diseases, palpitation of the heart, pale and sallow complexion and all forms of weakness either male or female.
