Plenty of Small Smart Things to Keep Folks Moving Briskly.

YOUNG FOLKS GO IN FOR LONG WALKS

Tramps Across Country on Bright October Days Are Much in Vogue Among the Active Juvenile Set.

A dozen or so prenuptial luncheous and complimentary teas given for some of the several charming women and girls that are visiting in town just at present rendered last week very busy, if not really gay, and bride-elect, while none of the gatherings were especially large, few of them exceeding a dozen members, all were very smart affairs that gave nociety something to do and plenty to talk

Of course the Foye-McShane wedding will take precedence over everything else this week, in point of importance-in the estimation of the Country club set at leastfor, though it is to be a home wedding, it will be large, and a larger reception is to follow it that is to include a good proportion of those people whose doings count

The reception to be given by Bishop and Mrs. Williams on Tuesday evening promises to be the largest gathering of the week, and though it is to be wholly informal, no cards having been issued, this feature seems to recommend it especially to the favor of society generally.

Some of the members of the younger set have been taking advantage of the fine fall days for out-of-door exercise, aside from that to be had on the golf links and at tennis, and have found it so enjoyable that a "Hiking" club has resulted. It has beome quite the thing to walk in from the Field or Country club, while the tramps to Benson, Piorence and other places have secome frequent of late. One afternoon last week a party of young people walked from Thirtieth and Ames avenue to Calhous, making the trip in about four hours. were the guests of Mr. Crounse and the Misses Crounse for dinner, returning to the city on the 9 o'clock train and then walking up from the station to the home of one of the young women, where a very pleasant evening was spent.

"There be books and books;" some edifying, others entertaining, and still others instructive. The average man is so busily engaged in the labor of money-making that he has little time and less inclination for books which instruct; hence when he feels out of sorts, either he gives no heed to Nature's warning, or he consults a physician, at an expense which a little knowledge would have enabled him to avoid. There is probably no complaint upon which the public is so little informed as hemorrholds, or piles; this little book tells all about their nature, cause and cure; it treats of the different forms of blind, bleeding, itching and protruding piles, describes their symptoms, and points the way to a cure so imple and inexpensive that anyone can understand and apply. The importance of promptness and thoroughness is vital, for the disease will not cure itself, and nature, alone, unaided, will not accomplish a cure, while the consequences are too painful for detailed description. You are told how piles originate, the reason for their appearance usually being that some of the rules of correct living have been violated, and (what is more to the point) how you may rid yourself of this bane of human existence. affections of the rectum are treated in simple plain language, so that all may understand and learn how the cause may be removed. Many people suffer from piles, because after trying the numerous lotions, olntments and salves that are on the market, without relief, they come to the conclusion that a surgical operation is the only thing left to try, and rather than submit to the shock and risk to life of an operation, prefer to suffer on. This little book tells how this may be avoided, and a cure be effected without pain, inconvenience or detention from business. Write your name and address plainly on a postal mail to the Pyramid Drug Co., Marshall, Mich,, and you will receive the book

ADOPT MEMORIAL RESOLUTIONS

Regrets at the Untimely Death of Mrs. Henrietta Heller Are Expressed by Her Co-Workers.

At a special meeting held October 16 of the trustees of the Wise Memorial Hospital association the following resolutions, prepared by a committee consisting of Mesdames C. Schlank, J. L. Brandels and J. Sonnenberg, were unanimously adopted:

Sonnenberg, were unanimously adopted:

Whereas, The Supreme Ruler of the universe in His all-wise wisdom, has been pleased to call from the midst of a busy life out beloved co-worker and trustee, Mrs. Henrietta Heller.

Resolved, That in the life and character of our departed friend and trustee we recognize a noble-hearted and worthy woman, untiring and devoted to her family and friends.

Resolved, That as a token of our esteem and admiration for a dear and devoted wife and mother, who has gone to rest, and the interest felt by the members and trustees of the Wise Memorial Hospital association in those she loved and cherished, we tender our profound and heartfelt sympathy to the sorrowing family and devoutly commend them to Him who does all things for the best.

At a special meeting of the Ladies' Sewing and Aid society held in the vestry rooms of the Temple Israel resolutions, prepared w Mesdames Ferdinand Adler, Samuel Katz and Henry Hiller, were adopted as follows:

Resolved, That in the death of our beloved sister, Mrs. Albert Hiller, we have sustained an irreparable loss. The zeal, fidelity, unselfishness and love which she manifested in the interests of our community have endeared her to our hearts and made her place among us one that cannot be filled. The Jewish community has indeed lost a mother in Israel, an earnest and faithful worker in all its spheres. While it is sad to part with those we love and cherish, the memory of her noble self-sacrificing and honorable life will ever be an inapiration to us.

Resolved, That the Ladies' Sewing and Ald society of Omaha, Neb., extend its heartfelf sympathy to the bereaved family and relatives of the deceased, praying that the who doeth all things for the best will give them strength in this their hour of trial and affliction.

in Improvement to The Bee Building. In order to accommodate the new tallorng firm, the MacCarthy Tailoring company, The Bee Building has just completed a handsome plate glass store front, which is an ornament to the building and to Farnam street. it is constructed entirely of plate-glass, Iron and metal and is in every way a fitting exterior to the handsome display of the fin-

est fabrics ever shown in Omaha. The room which has been newly decorated, is well lighted for the inspection of goods and compares favorably with the handsomest tailoring establishments in New York or Boston. Indeed, Mr. MacCarthy has made study of the tailoring business for the past twenty years and has been in close touch with the best establishments in varous cities.

He is convined that in appealing to the lass of men who wish correct fashions and well made tailor garments at from \$25.00 to \$45.00 per suit, he will be able to satisfy the men who have been paying ouble these prices for the same garments. They are employing no one but Omaha workman tailors, making all of their garnents here. They have no intention of establishing a cheap tailoring trade, or a o-called "popular priced" business. They xpect, however, to conduct their business on a large scale, so that it will be possible o give men first-class garments, as made by the highest priced tailors at from \$25.00 to \$45.00 business suits, frock coats, dress suits and semi-dress suits at corresponding moderate prices.
