

BROATCH PLAYING POLITICS

Mayor Moore's Expresses Opinion on Fire Department Fund Question.

SAYS DEPARTMENT MUST BE MAINTAINED

His Honor Thinks It is Broatch's Game to Discharge Half the Firemen to Make Places for His Own Men.

"It is all a great, big bluff," said Mayor Moore, speaking of the action of the Board of Fire and Police Commissioners looking toward the reduction of the fire department to keep within the fund for the present year.

"That board," he continued, "is making a great fuss over the lack of funds and the necessity of cutting down the department to conform with the requirements of law; but Mr. Broatch's real purpose, if he could carry it out, is to discharge a lot of men at this time, and then when the new appropriation becomes available after January 1 to appoint his own men to help him in his political aspirations next spring."

"But the fire department must not be cut down, the people will not stand it. Our department is not sufficient as it is and it must not be crippled in any way. We have been trying for years to raise a fire department for the city of 125,000 inhabitants on the basis of a place of 75,000, and it is a wonder to me that we have fared as well as we have. Our appropriation of \$125,000 is barely enough to pay the actual running expenses of the department, without leaving any margin for contingencies."

Insurance Rates Lower. "The other board of fire and Police Commissioners—the board which was appointed by me—added ten men to the fire department last spring at the urgent request of the Commercial club and the business men of the city and I notice the Broatch board has had some criticism to offer on that score. But I also notice that that increase in the department reduced the rate of insurance in the business district just two points. Certainly when that phase of the question is considered it is plain that the business men of the city will not allow the fire department to be cut down even temporarily to further the plans of Mr. Broatch. For the immediate contingency some way must be found to at least keep the department up to its present standard and for the future we must take measures to secure a material increase in the appropriation."

Discusses another phase of the same question, one of the members of the city council said: "I don't see why the Board of Fire and Police Commissioners should put it up to the council to find a way out of this predicament or to help it out in any way except as a way of shifting the responsibility from itself. If the members of the Board of Fire and Police Commissioners would be personally liable for an overdraw of the fire department fund, so would the members of the council be personally liable for any excess of the fire department appropriation. Either alternative would be a direct violation of the law, as I understand it, and either body would be in the same manner and in the same measure be guilty and liable."

TALK OF MAKING NEW WARDS North Side Improvement Club Meets Candidates of Legislative Ticket.

The North Omaha Improvement club discussed a rearrangement of city wards at Monday night's meeting. Delegates were present from the Omaha View and South-west Improvement clubs, and Messrs. Howell, Nelson and Martin, legislative candidates, were also there. The sentiment of candidates and club members was favorable to redistricting the city and after election action will be taken to have charter amendments introduced to this end. It was determined to devote the next meeting to a discussion of taxation, the discussion to be opened by R. B. Wallace of the tax commissioner's office, who has recently made a tour of investigation looking into the methods of taxation in other cities. It is expected that a number of legislative candidates will be present who will be asked to state their positions in regard to railroad assessments. The regular club entertainment was postponed from next Monday evening until the week following.

Announcements of the Theaters. Amelia Bingham's Special company, presenting Haddon Chamber's remarkable play of "A Modern Magdalen" will be the attraction at the Boyd Friday and Saturday matinee and night.

"A Modern Magdalen" is one of the most remarkable successful dramas of the contemporary stage, and one of the interest in which on the part of the public never ceases to abate. This is the first season of its travels and yet its coming is anticipated as when first produced in New York fresh from the Bijou theater, where it achieved the most brilliant and successful run of any play ever brought forward in America.

The "Four Madcaps" will be one of the pleasing features to appeal to women and children who attend the Orpheum midweek matinee this afternoon. These four scintillating, saucy and merry little terpsichorean queens are scoring a decided success. Contributions to the laugh-making portion of the program liberally provided by Carrie Graham, with her "Six Hopkins" characterization; Lew Hawkins, the blackface comedian and parodist; and Brannan and Martin with their "Madcap" and "Madcap" following, that makes no end of fun that takes well with the audience, while Smith, Doty and Coe, supply a varied lot of good instrumental music and Atelle Clair sings several pretty songs.
