OLIVER COMPANY WAITS FOR ITS PAY

Company's Part of the Contract Has Been Performed and Now the Board Holds Back Warrants.

When the South Omana Board of Education entered into an agreement with representatives of the Oliver typewriter to replace the typewriters in use at the high school building with Oliver machines it was stipulated that the machines on hand should be taken in part payment and that in addition the sum of \$22.50 should be paid the company for each of the new machines.

The Oliver company performed its part of the contract by supplying the new machines and taking away those in use at the time. So far the Board of Education has not taken any steps to pay to the Oliver company the money due according to agreement. An agent was in the city yesterday looking the matter up and he learned that while the claim for the twelve machines had been allowed at a meeting of the board nearly two weeks ago, no warrant had been drawn. Inquiry at the office of the city treasurer brought forth the information that while a number of claims were allowed, some time ago, only one warrant had been presented for payment, and this was a bill for supplies.

On the outside it is whispered that the members of the board who are under a cloud at the present time do not propose to issue the warrant to the Oliver company until the public forgets about the recent transaction

Want Waiting Room.

Patrons of the Missouri avenue car line are now compelled to sit around on the curbstone at Twenty-fourth and L streets while waiting for eastbound cars. One little settee holding half a dozen people has been provided. This is not enough to accommodate half of the people who are compelled to wait for the twenty-minute car service on this line. The East Side Improvement club proposes to ask the street car company to erect a shed or shelter of some sort at the corner of Twentyfourth and L streets for the use of patrons of the line. This request will, it is understood, be made before the end of the week. Babcock Visits Old Home.

AFFAIRS AT SOUTH OMAHA WORK DONE BY VOLUNTEERS

General and Mrs. Ballington Bootl Address Large Audience at Kountze Memorial.

General Ballington Booth was in a jovial mood when he appeared last night before a large audience at Kountze Memorial church and spent the first part of his address in what could best be termed a "joily" at the expense of his wife, who sat beside him awaiting her turn to speak. But as his speech continued it changed to a more serious turn and he gave his Mateners an idea of what the Volunteers had accomplished in

the six years of their extence. He said: 'During the last year 540 little children have been taken from the worst slums and placed among refining influences; 640 young women have been admitted to our homes of mercy, 345,000 men have been taken from the gutters and placed upon their feet, 540,000 meals have been distributed and nearly 4,000,000 have attended our meet-We have catered to the deserving undeserving poor and many a poor wretch has heard the first words of cheer

and hope from our officers." General Booth was introduced by Mayor Moores and his address was preceded by a speech by Brigadier Fielding of Chicago. The talk of the evening was made by manner she related a number of her experiences in the state prisons. Her simple recital brought the scenes of convict life to her audience with dramatic force and made the men and women who sat on the platform feel proud of the uniforms that they wore.

PARACAMPH.

New Discovery Which Has Practically Astounded the Medical Profession.

A prominent chemist of Louisville, Ky. has succeeded in perfecting a combination of Camphor with Essential to form a perfect and remarkable relieving and curing agent for all external injuries and pains. The peculiar feature of this new remedy and that which is at tracting the attention of the medical profession and public is its remarkable power of inducing copious perspiration, thereby opening the pores of the skin and allowing the Camphor and Cooling, Soothing Antiseptic oils to penetrate to the source of the allment, removing the Congestion by drawing out all Fever and Inflammation quickly This new remedy does not heal by drying, scabbing and deadening the nerve centers around the source of the injury, but on the contrary creates activity, stimulates the circulation, soothes and cools the injureperves, allowing the wound or pain to La relieved and cured quickly without any depressing or had after effects.

This remedy is so far superior to the oldfashioned cintments, salves and liniments here visiting friends during the absence that it is rapidly replacing these old time remedles in every household. It is jus what the mother, father and children need oft here two years ago. He still insists every day in their home, office or shop bethat South Omaha is one of the best cities cause of its remarkable quick relieving and

MAY CHANGE BUILDING PLANS

Auditorium Directors Take Up Consideration of Proposed Alterations.

DESIRE TO PROVIDE FOR HORSE SHOWS

Architect Latenser Tells How Change Can Be Made, but is Not Ready to Give Estimate of Additional Cost.

Building plans were discussed at the secting of the Board of Directors of the Auditorium company yesterday. Plans were not decided upon, but a majority of the members expressed themselves in favor of changes which would make the building suitable for both auditorium and horse show purposes, provided the change could be

made at a moderate cost. The architect said that the changes could be made at a comparatively small cost by cutting from the stage under the old plan a segment of a circle and adding the space thus secured to the arena, making that part of the building 96x214 feet, a twelve-foot promenade to come off the outside of the arena. This change would give a normal Mrs. Booth, who followed her husband. In seating capacity of about 3,000 to the builda sweet voice and in an earnest, sincere ing, including about 2,000 in the galleries. He would give no estimate on the cost, and it was decided to order the steel contractor to suspend operations until the plans were finally approved.

G. W. Wattles suggested that the business of the board be placed in the hands of an executive committee of five which will report to a meeting of the full board once a month, but the matter went over without action. No word was received from Guy C. Barton as to accepting the position of president of the company and Fred A. Nash is serving temporarily.

AMERICAN MONEY FOR MANILA

Mint Director Proposes Changing Insular Coinage for that of United States.

WASHINGTON, Oct. 23 .- Mr. Roberts, director of the mint, in an interview today on the rejection by the Filipino commission of the law providing for an independent system of coinage for the Philippines, sald:

said:

If the coinage system provided by congress is not fit for the islands and is not to be put into operation, I think the best way would be to pass a law at the next session providing that on and after a certain day American money shall be legal tender in the islands. That might make some confusion at the start, but it would come out all right in the end.

The money stock of the island, aside from what American money there may be, is about \$30,000,000, Mexican. It would be a comparatively easy matter for us to replace this with American money.

Certainly they are used instruments; we didn't claim that they were brand new, but some of them look so new that the only way you have of knowing that they are second-hand is our word. The cases haven't even a scratch, the tone and action is just as perfect as the day they arrived from the factory.

Of course, we have others that show use, but these are so cheap that you can't object to their appearance, Then there are several of those good old square grands (the kind our parents paid \$1,000 for), and, by the way, some of these to death. Anyhow, they give the children an opportunity to show if there is any
