Opens Minnesota Extension and

Starts Golden State Limited

November 2. November 2 is to be an eventful day for the Rock Island. On that day the Rock Island will open its Minnesota extension, which will enable it to run through trains over its own tracks into the Twin Cities. On that day also the same road will send out for the first time its new California train, known as the Golden State Limited. For two years the Rock Island has been looking forward to the completion of its track from Albert Les, Minn., to Minneapolis, in the meantime running its trains over the Minneapolie & St. Louis between

these points. Now this new extension is finished and ready for use. Locally this innovation is of considerable interest to railroad men, since it will mean changes in the Rock Island's official staff here. Naturally increasing that read's business in both Minneapolis and St. Paul, permanent offices will have to be opened. F. W. Caldwell, now traveling passenger agent for the Rock Island, with headquarters in Omaha, has been appointed city ticket agent at Minneapolis. A. O. Rowe, ticket seller here, will take Mr. Caldwell's old position and be succeeded by J. B. Tresler, now ticket seller at nights for the Rock Island at Des Moines. Fred P. Rutherford, brother of Charles A. Rutherford, general agent of the Rock Island's Nebraska division, has been selected as city ticket agent for St. man in St. Paul for the Minneapolis & St. Louis for a long time and is among the most active and popuar railroad men in the Twin

Cities. He is well and favorably kn The Rock Island's fast train, the Golden State Limited, will leave Chicago on the date mentioned and run over the Rock Island tracks to El Paso, thence to the coast over the Southern Pacific. The run from Chicago to Los Angeles the schedule shows will be made in sixty-eight hours. The train reaches San Francisco early on the morning of the fourth day out of Chi-

One case of interest which was presented was that of the Portsmouth Savings bank, which is the first action in which the question of validity of assessments under the new charter has been fully brought to a test on its merits and the decision of which will affect practically all of the special assessments made under the charter This case is based upon the repaving of Sherman avenue, from Locust to Wirt street, and involves the validity of the action of the Board of Equalization. behalf of the city it is argued that the board had jurisdiction of the parties and of the subject matter, and therefore that an appeal from the action of the board can only be taken on error. In the district court Judge Estelle held for the city, and before the supreme court the city hopes
