

DO YOU GET UP WITH A LAINE BACK?

Have You Uric Acid, Rheumatism or Bladder Trouble?

To Prove what SWAMP-ROOT, the Great Kidney and Bladder Remedy will do for YOU, all our Readers May Have a Sample Bottle Sent Free by Mail.

Pain or dull ache in the back is unmistakably evidence of kidney trouble. It is nature's timely warning to show you that the track of health is not clear.

If these danger signals are unheeded more serious results are sure to follow. Bright's disease, which is the worst form of kidney trouble, may steal upon you.

The mild and the extraordinary effect of the world-famous kidney and bladder remedy, Dr. Kilmer's Swamp-Root, is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Backache, Uric Acid and Urinary Trouble. Among the many cures of Swamp-Root investigated by The Daily Bee the one we publish today for the benefit of our readers speaks in the most convincing manner of the wonderful curative properties of this great kidney remedy.

When I wrote you last March for a sample bottle of Swamp-Root my wife was a great sufferer from backache, rheumatism and urinary trouble. She also had a great deal of uric acid. After trying the sample bottle, she bought a large bottle here at the drug store. That did her so much good she bought more. The effect of Swamp-Root was wonderful and almost immediate. She has felt no return of the old trouble since.

Lame back is only one symptom of kidney trouble—of many. Other symptoms showing that you need Swamp-Root are, obliged to pass water often during the day and to get up many times at night, inability to hold urine, smarting or irritation in passing, brick dust or sediment in the urine, catarrh of the bladder, uric acid,

constant headache, dizziness, sleeplessness, nervousness, irregular heart beating, rheumatism, bloating, irritability, worn-out feeling, lack of ambition, loss of flesh, salivary complexions.

If your water when allowed to remain undisturbed in a glass or bottle for twenty-four hours, forms a sediment or settling or has a cloudy appearance it is evidence that your kidneys and bladder need immediate attention.

If you have the slightest symptoms of kidney or bladder trouble, or if there is a trace of it in your family history send at once to Dr. Kilmer & Co., Binghamton, N. Y., who will gladly send you free by mail immediately, without cost to you, a sample bottle of Swamp-Root and a book of wonderful Swamp-Root testimonials. Be sure to say that you read this generous offer in The Omaha Sunday Bee.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

States at all events could not destroy the railroad, it is pointed out that it was evidently not the intention of the French, if they built the canal, to dispense with the railroad.

As to the objection that congress has authorized a purchase from the new company only and not from the liquidator, the opinion says: "In view of the condition of the title the purchase will be from the new company, and the consent of the liquidator will be at once a waiver of rights as to property transferred to the new company."

The opinion closes: "For the reasons I have given I am of the opinion that the United States would receive a good and valid unincumbered title."

WASHINGTON, Oct. 25.—The general order for the reduction of the army applies to the Porto Rico provisional regiment of infantry.

WASHINGTON, Oct. 25.—(Special Telegram.)—It is said that a determination has been made at the executive session of congress to have John Hyde, the statistician of the Agricultural department, relieved from the work of preparing the monthly crop report. This effort will come principally from the speculative interests of New York. The fact that the great speculator of New York had with Mr. Hyde is that he has refused to change the hour of giving out the monthly crop report. For a decade at least this report has been given out at the Agricultural department on the tenth day of each month at 4 p. m. after the exchanges are closed. Mr. Hyde has refused to give out this report at an earlier hour and his refusal has angered the New York Produce exchange, the New York Cotton exchange and the Chicago Board of Trade. Mr. Hyde was not apparently real at all alarmed. He feels secure in his position because he has the endorsement of his chief, Secretary Wilson, and also of agriculturists generally and the exchanges in all the leading cities of the west and northwest outside of Chicago. It is, however, reasonably certain that one result of the proposed fight on Mr. Hyde will be to draw the attention of congress to the necessity of consolidating the government's numerous statistical departments.

The report of the special agent of the architect's office who recently visited Pierre, S. D., to look over the sites offered in that city for a new postoffice, was today made to the acting secretary of the treasury. Under the thirty days of grace rule Secretary Shaw will not announce its selection until November 25.

WRIGHT JOINS COMMISSION

President Adds His Name to Anthracite Arbitration Board.

PARDEE'S MEN VOTE TO CONTINUE STRIKE

Complain of Agreements They Are Asked to Sign and Say They Will Not Go Back Till Restriction is Removed.

WASHINGTON, Oct. 25.—At the request of the members of the anthracite strike commission, and with the assent of both the operators and miners, President Roosevelt has appointed Carroll D. Wright, recorder of the commission, a member of that body.

The correspondence leading up to the appointment of Mr. Wright was made public at the temporary White House today. The following self-explanatory telegram was sent yesterday:

WASHINGTON, Oct. 24.—Mr. George F. Baer, ex-chairman of the anthracite coal strike commission, recently appointed by the president, has instructed me to inquire whether it would be agreeable that Mr. Carroll D. Wright, recorder of the commission, be appointed a member of the same. It is understood that he will be addressed to the representatives of the miners. Will you be good enough to answer as requested, please.

A telegram identical with this was sent to Mr. John Mitchell, president of the United Mine Workers of America at Wilkesbarre. To these inquiries the following response was received by telegraph:

PHILADELPHIA, Oct. 24.—I am authorized to say that Mr. Wright's addition to the commission will be entirely agreeable to the gentlemen of the coal operators. GEORGE F. BAER, President United Mine Workers of America.

The completed correspondence was then laid before President Roosevelt with the unanimous request of the commission that Mr. Wright be added to the commission as a full member.

In accordance with the request the president immediately designated Mr. Wright a member of the commission, coupling his announcement with a statement that Mr. Wright would continue to perform his duty as recorder.

Mr. Wright called upon the president today and formally accepted the appointment. Recorder Wright and the anthracite coal strike commission has received replies from most of the coal mine owners who are parties to the controversy, indicating their acceptance of the arbitration of the commission to attend the conference to be held on Monday, next, at Scranton, Pa., for the purpose of settling the anthracite coal strike until the company withdraws its requirement that all the men, before returning to work, sign an agreement not to interfere in any way with the nonunion hands.

HAZLETON, Pa., Oct. 25.—The local of the United Mine Workers composed of the Palmyra, Hazleton, Crystal City and Crystal Ridge, voted today to remain on strike until the company withdraws its requirement that all the men, before returning to work, sign an agreement not to interfere in any way with the nonunion hands.

WILKESBARRE, Pa., Oct. 25.—Today saw a further increase of coal production in the anthracite region. The estimated output is 120,000 tons. The increase came mostly from collieries that have been in operation since Thursday and which are in good condition now.

M'KINLEY MEMORIAL HALTS Trustees Will Not Proceed Further Till Full Sum Asked is Raised.

CANTON, O., Oct. 25.—A meeting of the trustees of the National McKinley Memorial association was held today in the offices of the president, Judge William R. Day. No detailed statement of the business was furnished for publication.

It is understood, however, that the trustees are not satisfied to proceed in any channel suggesting the expenditure of the fund until the full \$650,000 has been raised, as originally contemplated.

It is pointed out that, while an amount approximating that which may be sufficient to build an appropriate memorial has already been accumulated, the money necessary to maintain the work properly is as yet unavailable. The work of the association will continue until the needed balance, which, it is understood, amounts to more than \$100,000, is secured.

Those in attendance were: President Day, Marcus H. Baker, A. Bliss of New York, A. H. Revell of Chicago, Senator Charles Fairbanks of Indianapolis, George B. Corley, secretary to the president; William McConway of Pittsburg, Postmaster General Payne, John G. Milburn of Buffalo and William A. Lynch of Canton.

After luncheon the party was driven to Mrs. McKinley's residence and made a brief call on the widow of the late president. They were then taken to West Lawn cemetery, where a beautiful wreath was laid on the dead president's casket.

MANY-NAMED FORGER CAUGHT St. Louis Police Capture Man with Six Aliases After Exciting Chase.

Thomas Kilpatrick & Co. 1505-1507-1509 Douglas Street. WYNDHAM IS IN DEEP WATER Subject of Most Severe Castigation of Any of Ireland's Chief Secretaries.

(Copyright, 1902, by Press Publishing Co.) LONDON, Oct. 25.—(New York World Telegram—Special Telegram.)—The World correspondent hears that Irish Secretary Wyndham, who seems to be drifting into hopeless difficulties, is about to appoint, in place of Sir David Harrel, a new secretary for Ireland, whom he expects to extricate him from his troubles by settling the land question.

At present the question of Irish government is at a most acute stage, both in Ireland and in the British Parliament. Prime Minister Balfour superciliously refused to give a single day for discussion of the coercion abuses in Ireland, unless the liberal leader, Sir Henry Campbell-Bannerman would endorse the Irish demand: The Irish party declined to accept any intermediary, and Sir Henry pronounced Balfour's refusal scandalous.

The Irish party in revenge for Mr. Balfour's treatment, has each day raised by questions the most flagrant scandals of Irish Secretary Wyndham's coercion regime. When the chief secretary has sought to evade straightforward answer the nationalities have moved adjournment to compel him, and have subjected him to the severest castigations any Irish secretary has ever received.

By refusing the day to the Irishmen, all business of the session has been upset, the fiercest antagonisms have been aroused between the Irishmen and the unionists and scenes of extraordinary turbulence and disorder have been witnessed. The Irish party is overriding all opposition and at all risks insisting on its rights.

CANAL TITLE IS GOOD

Kees Reports on Legal Status of Panama Property and Owners.

SAYS COMPANY CAN LEGALLY SELL ALL Matter Complicated by Many Transfers, but Not as Seriously as Might Be, Owing to Special Laws.

WASHINGTON, Oct. 25.—Attorney General Knox has decided that if the United States should purchase the new Panama canal for \$40,000,000 it would receive through the parties in interest a valid and unincumbered title to the property.

The principal objections which have been made in this country to the title resolve themselves into reasons in support of the following propositions:

1. That the new Panama Canal company has no power to sell the canal and railway property.

2. That the liquidator of the old Panama Canal company has no power to consent to such sale.

SMALL ARMY FOR PORTO RICO

Reduction Orders Will Leave Only About Five Hundred Soldiers.

WASHINGTON, Oct. 25.—The general order for the reduction of the army applies to the Porto Rico provisional regiment of infantry.

The Porto Rico regiment is composed of natives of that island offered by officers of the regular army, with Colonel Buchanan in command. The effect of the order is to reduce the strength of the eight companies composing the regiment to sixty-five enlisted men each, making the total strength 520.
