

# New Life To Weak Men.

## Wonderful Remedy, That Awakens Dormant Nerves, and Sends a Tingling Warmth to Strengthen and Revive the Vitality of Youth.

### Old Men Made Young Again, Weak Men Find in the Old-Time Strength and Power, and to Every Man it Brings a Welcome Return of Buoyant Spirits.

"No Man is Lost—There is a Sure Cure for Every Weak Man"—Dr. Robinson

To the men who have tried every known remedy to revive their waning power or lost manhood, and have given up in despair, the message of Dr. A. E. Robinson of the State Medical Institute, the world-famed physician in the weakness and diseases of men, comes as a most blessed promise. To the doctor no weak man is incurable. With the wonderful treatment that he has discovered, any sexual weakness disappears as if by magic. The normal functions are restored quickly and positively. Men who have mourned their loss of power and manly strength and after repeated trials of many remedies and famous physicians have abandoned all hope have, with this remarkable treatment, seen in a few short days possessed of a splendid, vigorous vitality. It gives the power of the mature man reinforced with all the buoyancy, spirit and vigorous vitality of youth. The immediate effect of the remedy is to send a rich tingling flood of warm blood to the paralyzed nerves, awakening them to active and healthy life. It is a home treatment that has cured so many men who have for years battled against the terrible mental and physical suffering of lost manhood, that the State Medical Institute, of which Dr. Robinson is the dean, has decided to distribute free trial packages to all men who write. It restores all men who suffer with any

### MORE EVIDENCE OF FRAUD

#### Men Who Voted at Recent Primary Election Cannot Be Found.

### ELEVEN MYSTERIOUS NAMES IN ONE WARD

#### Postal Cards and Personal Investigation Fails to Reveal Identity of Voters Who Used the Affidavit System.

Evidence of fraud in the last republican county primaries continues to accumulate, investigation showing that the casting of fraudulent votes was confined to no one ward. In the fifth ward F. M. Hotchkiss, who has resided on Sherwood avenue for several years, moved away about a year ago. He voted on a certificate signed by W. S. Saunders and C. L. Saunders. W. A. Saunders Saturday said that Mr. Hotchkiss is a janitor at Lincoln, where he has resided for about a year, and to the best of his belief Hotchkiss has maintained his residence at Omaha. The fact is that none of the family, so far as can be discovered, live at the former address and he has no interests in the ward. One peculiarity about the Hotchkiss vote is that he received two certificates from the city clerk, the one signed by W. A. and C. L. Saunders and another signed by E. M. Oney and M. F. Sears. These two affidavits are on file with the secretary of the county committee and it is possible that both were used.

In the eighth ward three men who were certified to by residents of that ward as being legal residents and voters of the eighth cannot be found, either by postal cards or personal investigation, and one of the men who signed affidavits on the day of the primary does not know them. The men are W. P. Thompson and Robert Neale, who gave as their residence 714 North Eighteenth street, and Robert Whitesley, who said that he lived at 518 North Eighteenth street. The affidavits in these cases were signed by James Allan, deputy United States marshal, and Jacob Klein, who lives on Cuming street near Twenty-seventh, as resident freeholders. When Mr. Klein was asked as to these persons he said he did not know them and so far as he knew had never heard the names before.

"It was like this," said Mr. Klein. "That day up at the city clerk's office men would come in to register, or be brought in by workers. There was one man, a little Swede or Dane, who lives in the eighth ward, whose name I do not know, who brought in a hundred, maybe. When this crowd would come in there would be a cry for freeholders from the ward in which these men were supposed to reside. If they came from the eighth ward and I was there and knew the man, I would sign the affidavits. If I did not know the men I would let those who did know them sign first, and then if there was no other person to sign who knew them I would sign after someone vouched to me for the men."

"In these cases where you cannot find the men Mr. Allan signed first. He may be able to explain the seeming irregularity and I will see him as soon as he gets back from the Indian reservation and find out what he knows. "What can you do when a man you know says that a voter is right and that he cannot sign an affidavit because he doesn't own real estate? I couldn't refuse to sign. What is the penalty for such an action? I was innocent in the matter, but I find out that I can trust no one. I was there to help those whom I believed to be my friends and here they have made me break the law. I'm through with politics from this day, forever, and never want to take any part in any political work from this time on."

In the fourth ward eleven names of persons who registered and voted that day, in addition to the much lost W. S. Eassey, cannot be found, either by letters or personal investigation, at the addresses they gave to the election officers at the time they voted. The first on the list is J. P. Hedberg, 414 North Seventeenth avenue. He cannot be found at that number, either on the north or south side. J. E. Block, 2312 Chicago street, is said to have moved to Chicago, the date of his removal being given as prior to that of the primaries. C. H. Jensen, 548 South Twenty-fifth avenue, cannot be found at that address. Carl Akber, 320 South Twenty-sixth avenue, is reported unknown at the address given. G. C. Kettering gave as his address 2604 Farnam. There is no such number on the street named. Will Bosc, Seventeenth and Capitol avenue, cannot be found at the address given. Roy Willard, 214 North Twenty-third street, has moved, the date given being about the time of the primaries. T. Hawkins and J. Lohman, residing at 419 South Nineteenth street and at 546 South Twenty-sixth street, respectively, are said to have moved prior to the time the primaries were held. C. A. Lindsey, who gave as his residence 2423 Cass street and was certified to by J. G. Kuba and F. B. Kennard, cannot be found at the address given. The above names were certified to by F. B. Kennard, N. P. Dodge, Jr., J. G. Carpenter, John G. Kuba and J. G. Kennard.

George F. Wooley, in the seventh ward, gave the number of his residence as 2023 Mass street, but diligent search fails to reveal the man at that address.

The acting county clerk of Douglas county has solved the ticket question to suit himself, regardless of the form laid down by the secretary of state, and according to his plans there will be no difficulty in members of the democratic and people's party voting straight tickets, even though fusion has not been perfected. This result has been secured by removing from the head of the ticket the brace which would together the two fusion parties. The nominations made by the respective parties follow in the usual manner, but a mark in the circle opposite the word democratic will vote for only the persons nominated by that party, while the same rule will follow in the case of the people's party. This change will affect only the votes in the Third commissioner district, as in all other parts of the county the fusion is complete.

The county clerk's force is making preparations for the election and the ballot boxes are now being filled with the instructions to voters, the blankbooks and other stationery necessary for the election. The form of ballot to be used in the county has been approved by the executive officers of the different parties and will be printed as soon as possible under the law.

There is one candidate by petition on the county ticket, the fact that he has not made much noise in the campaign, but who is out possibly to ascertain the extent of his personal popularity. This candidate is John C. Tierney, who desires to be a member of the state legislature. His platform and his claims to recognition are unknown, but he has secured the required number of voters to his petition and is in the race according to law.

Very little is heard of the judicial campaign this fall, as the republican candidates have an unaccounted for better popular support than the democrats having made nominations for the office. The effect of this will be felt next fall more than in this campaign. At that time there will be seven judicial candidates for nomination and the democrats, it is understood, will ask to be given three places on the bench, with no contest. As

there are now more than seven republicans expecting judicial honors next year it is possible that this will not be secured without a fight, if it is accomplished at all.

The city ticket is another place where little interest is shown. The "municipal league," the republican members of which wrecked the republican ticket last fall, and the Woman's club, whose efforts were against the republican nominees, have in special and extraordinary session arrived at the conclusion that between the contending candidates there is nothing to choose and that they will permit the members of the organizations to exercise the right to do as they please, uninfluenced.

Reports from Sarpy county are to the effect that a number of graders have been put to work along the roads near Gretna and that an attempt will be made to vote the men at that place at the coming election. From South Omaha comes similar reports, and it is said that some such plan is to be followed in Washington county. In these places no registration is required and the effort will be made to swear in the votes on election day.

### RESOLUTIONS FOR MISS WHITE

#### Teachers Who Were Associated with Her in the Schools Deplore Her Death.

At the regular October meeting of the board of directors of the Omaha Teachers' Association and the association of the following tribute to their late associate, Miss Ellen M. White, was ordered spread upon the minutes.

In memoriam: For the first time in its history death has invaded the ranks of the active members of the Teachers' Association and Aid association, and we as members of this association, wish to record our sorrow in the death of our associate and co-worker, Miss Ellen M. White. In Miss White's last will and testament, which she left behind her, she expressed her deep and unselfish devotion to duty, eminently fitted her for her chosen work. To Miss White this work was a ministry, and our friends need never lofty marble shaft nor eloquent eulogy to glorify her memory. She has lived, for in homes of the rich and the poor her memory will be treasured, while everywhere her name will be spoken reverently, for she was kind.

### BOHEMIAN HALL IS FILLED

#### Tenth Anniversary of Austro-Hungarian Society Attended by Large Numbers.

The Austro-Hungarian society celebrated the tenth anniversary of its organization last night and a crowd that completely filled Bohemian Turner hall was present and enjoyed the occasion. The members and their friends were welcomed by President Carl Breier, who spoke of the growth of the society and the good it had done and expected to do. Following this a musical program interspersed with tableaux, portraying incidents in the history of the Austrian people, was carried out. One among these that created much amusement was the "Immigrant in America," by Mr. Breier. Following the program ex-Schmidt and Mrs. Schmidt started the grand march, which was the beginning of a dance that lasted late into the morning. The committee having the entertainment in charge was composed of Stephen Schmidt, Joseph Pestner, John Greber, John Wolfbauer and Carl Breier.

### TRAVELING MEN'S MEETING

#### Accident Association Hears Reports of its Officers, Showing Prosperous Condition.

The tenth annual meeting of the Western Travelers' Accident association was held here yesterday morning. The selection of officers and the report of the secretary-treasurer for the year comprised the principal business of the meeting. The association confines its membership to commercial travelers and the report of the secretary showed an increase in membership of over 1,500 for the year. The national headquarters of the association was established in this city four years ago, since which time the membership has tripled, and the officers and members as well as very much elated over the record that has been made.

### Found a Straw Hat.

People in the vicinity of Eleventh and Davenport streets were startled at a late hour last night by a loud cry for help. When several men rushed to the rescue, a straw hat was found lying in the vacant lot at that corner. It was later reported that a bare-headed man had been seen running up Capitol avenue toward Sixteenth street. The police are wondering what was doing.

### Marriage Licenses.

Marriage licenses were issued yesterday to the following: Residence. Age. Lombardo Cristoforo, Omaha, 21. Cristina Petronioma, Omaha, 18. Henry E. Strong, Oakland, Ia., 19. Reade Shotwell, Carson, Ia., 21. William Riecken, Elkhorn, Neb., 22. Margaret Aye, Elkhorn, Neb., 22.

### CATARRH

Often begins with a cold in the head, but it never stops there. The tendency is always from bad to worse. The simple cold becomes a protracted, stubborn one, the hot, watery discharge from the nose thickens, and is more profuse and offensive. The inflammation extends to the throat, causing hoarseness, a tickling sensation and an aggravating cough. The foul matter that is continually dropping back into the throat finds its way into the stomach, resulting in a distressing form of dyspepsia, nausea, loss of appetite and strength. The catarrhal poisons are absorbed into the blood, and all the membranes and tissues of the body become infected, and what was supposed to be purely a local disease has become constitutional, deep-seated and chronic.

### THE GATEWAY TO CONSUMPTION.

Sprays, washes, powders, salves and other external remedies give only temporary relief, and the disappointed and disgusted patient finally gives up in despair and declares catarrh incurable. The only way to get rid of catarrh permanently is to treat it through the blood. The system must be toned up and all impurities removed from the blood, and this S. S. S. does promptly and thoroughly. It expels from the circulation everything that is irritating, poisonous, or characterizing the inflamed membranes to heal when the mucous discharges cease, and the damage done to the health is soon repaired. S. S. S. keeps the blood in such a healthy, vigorous condition that cold, damp weather or sudden changes in the temperature are not so apt to bring on catarrhal troubles. S. S. S. is a vegetable medicine unexcelled as a blood purifier, and the best of all tonics—just such a remedy as is needed to thoroughly and effectually cure catarrh. The Swift Specific Co., Atlanta, Ga.
