$7.50, $5, $3.50, $2.50, $1.50

Bennett's Clothing Dept., Main Floor, Harney Street Entrance.

## ENDS LIFE WITH CHLOROFORM

**H. S. Boal, a Son-in-Law of Colonel Cody, Kills Himself at Sheridan, Wyoming.**

SHERIDAN, Wyo., Oct. 28.—H. S. Boal, son-in-law of William F. Cody (Buffalo Bill), committed suicide with chloroform in his apartments here.

He left several notes, but gave no cause for the act. Boal, who lived at Chicago up to 1894, leaves a widow and two children.

**Trial of Bear Begins.**

SIOUX FALLS, S. D., Oct. 28.—(Special.)—The feature of the present term of United States court in this city will be the trial of George Bear, a full-blood Sioux Indian, which commenced here today. Bear belongs on the Rosebud reservation. He a short time ago shot and killed John Shaw, his stepson, and C. Edward Tayloe, additional farmer and school teacher at the Ponca subissue station on the Rosebud reservation. The defendant is not exhibiting much interest in the proceedings, as he has frequently since his arrest expressed a desire to suffer the death penalty for his crime. He is a firm believer in the old Indian law, which has for its motto the words "A Life for a Life." R. W. Farliman, a local attorney, is defending him, having been appointed for the purpose by Judge Carland.

**Both Legs Are Amputated.**

HURON, S. D., Oct. 28.—(Special.)—An accident that is likely to result fatally, befell William Bott, a brakeman, on the Brookings-Redfield branch of the Chicago & Northwestern railway, near Raymond. In climbing upon a freight car the hand bar gave day and Mr. Bott fell beneath the car. Both legs were so severely crushed that one was amputated below the knee and the other just above the ankle. The unfortunate man's home is in Nebraska. He belongs to lodge No. 61, Brotherhood of Railway Trainmen, in this city.

**South Dakota Horses in Demand.**

HURON, S. D., Oct. 28.—(Special.)—William Abell and son are shipping large numbers of draft and carriage horses from this locality to St. Paul, Minneapolis, Sioux City and Omaha. On Saturday they sent a carload to St. Paul, and also to Sioux City.

**Y. M. C. A. Goes to Beatrice.**

BEATRICE, Neb., Oct. 28.—(Special.)—At a conference held in this city today between State Secretary Bailey of the Young Men's Christian association and the local ministers, it was decided to hold the next Young Men's Christian state convention here, February 26 to March 1.

## TO CALL AT FANNING ISLAND

**Australian Mail Steamers to Hereafter Stop at the New Pacific Cable Station.**

SAN FRANCISCO, Oct. 28.—The Australian mail steamers will, in future, call at Fanning island. Sonoma, which has arrived from Sydney, stopped at the new cable station and Captain Von Oterdorp sent a message to the owners of the vessel.

"The island is very low," said Purser Hodson, of the Sonoma, "but the people who are working there say it is the most healthy spot in which they ever lived."

## BREAKS PACIFIC RECORD

**Korea Crosses Ocean in Ten Days from Yokohama to San Francisco.**

SAN FRANCISCO, Oct. 28.—The Pacific Mail company's new steamer Korea arrived at noon today from Yokohama, breaking the record across the Pacific.

The steamer made no stop. It sailed from Japan on the 18th and made the passage in ten days, averaging 470 miles a day.

**Severely Injured by Runaway.**

FAIRBURY, Neb., Oct. 28.—(Special.)—Last evening a horse driven by E. B. Cowles former county superintendent, ran away and, while crossing the railroad tracks, overturned the buggy, throwing Mr. Cowles to the ground, severely injuring him. He has recovered consciousness, but is out of his right mind. The runaway then collided with a team driven by George Clark, a farmer, wrecking his buggy and leaving him with a badly sprained wrist.

**Horse and Rig Stolen.**

FALLS CITY, Neb., Oct. 28.—(Special.)—Harry A. Fisher, a young farmer living just east of this place, had a fine horse, new buggy and harness stolen Monday evening. He came to town and tied the horse to a hitch rack in the main part of town and went to do some trading. He was gone less than thirty minutes. On his return the horse was gone. This happens in Falls City about once a month.

**Mickey and Norris at Fairfield.**

FAIRFIELD, Neb., Oct. 28.—(Special.)—Hon. J. H. Mickey and G. W. Norris, republican candidates for governor and congressman respectively, addressed a large and enthusiastic audience here last evening. Music was furnished by the Clay Center band and by local singers.

Slave if you will, but if you perfer to make housework easy, use

**GOLD DUST**

It makes home brighter and care lighter.

Chicago. New York. Boston. St. Louis.—Makers of OVAL FAIRY SOAP.

## CONTEST FOR WATER RIGHT

**Three Companies Ask Privilege of Using the Same Source of Supply.**

**STUDENTS SELECTING AN ORATOR**

**Court Refuses to Order Secretary of State to Place the Baird Socialist Ticket on the Official Ballot.**

(From a Staff Correspondent.)

LINCOLN, Oct. 28.—(Special.)—Before the State Board of Irrigation the Scotts Bluffs county irrigation case was heard at considerable length. This is a case involving the right to construct and maintain extensive irrigation works for the watering of something like 60,000 acres of land. Last April William Frank, who is jointly interested with Heywood G. Leavitt of beet sugar fame, applied for permission to tap the North Platte river for 1,142 cubic feet of water, his application stating that it contemplated 150 miles of ditches and a total expenditure of $580,000.

About a month later the Farmers' Irrigation district also applied for a right, at the same time protesting against the granting of the application of William Frank. It was upon this protest that the hearing was had today before the State Board of Irrigation. Messrs. Manderson and Dilworth of Omaha appeared in behalf of Mr. Frank, J. J. Halligan of North Platte for the Farmers' Irrigation district and Carl C. Wright of Omaha for the Farmers' Canal company, all claiming to be parties in interest. Among the witnesses introduced was Sam D. Cox, an oldtime Lincoln newspaper man, who is a homesteader on the tract which it is proposed to irrigate. Some testimony was heard bearing on the conflict of rights between the three parties and counsel was given until November 15 to prepare printed arguments.

**Farmers' First Applicant.**

Much of the testimony was stipulated, and it was shown that away back in 1887 the right now sought was granted to the Farmers' Canal company, which constructed twenty-one miles of ditch and failed to continue the work. Nothing farther was done until after the enactment of the law authorizing the organization of irrigation districts and voting of bonds for the promotion of the irrigation. Then the Farmers' Irrigation district was formed and $400,000 bonds were voted to continue the works. This did not lead to active operations for the reason that the bonds have never been sold. By means of a suit that has been carried through the supreme court, they were declared valid, but since then their issue has been tied up by injunction on the application of the Lincoln Land company, which is a Burlington railway contingent. It was based upon the alleged fear that the district was about to dispose of some of the bonds in a manner that might not bring the ditch. It is stated that arrangements had been made by the district for the construction of the ditch by parties who were to receive the bonds. Under the plan proposed a large amount of the bonds was to be turned over to these parties before any work was begun, presumably to allow them to realize upon the securities money with which to do the work.

**Bonds Never Signed.**

It also appeared that at some stage of the proceedings the Farmers' Canal company, which obtained the original right, had disposed of its interests to Robert Walker, from whom they were purchased by William Frank, H. G. Leavitt and possibly others. It appeared also that Frank was for a long time connected with the Farmers' Irrigation district and endeavored in vain to float its bonds. It was shown that these bonds have never been signed, but that the district board has been in existence ever since organization and has been accustomed to meet now and then and draw the per diem of its members.

The application of the Farmers' Irrigation district contemplates a ditch eighty miles long, and the cost of the works was expected to absorb the entire issue of $400,000 bonds. The contention in behalf of the district project is that it would be better for the settlers and property owners to have the project carried out as a public undertaking. From the fact that Messrs. Manderson and Dilworth appeared for Frank it is suggested that the Lincoln Land company is behind the Frank project.

**Schulz is Discharged.**

Henry L. Schulz, the Scribner young man, arrested yesterday on the charge of embezzling $128.20 from his employer, James M. Garrett, a barber's supply dealer, was discharged today by the examining magistrate after a hearing. It appeared from the testimony that the amount due from Schulz was in dispute and that he had at all times stood ready to make good whatever was agreed upon as due. Furthermore, he claimed to have the right to pay his expense money out of collections and that every cent he was alleged to be short could be accounted for in this way.

**Submit List of Orators.**

The senior class of the State university has received a report from the committee to select a list from which the class orator shall be picked. The names submitted embrace Henry Watterson, Senator Beveridge of Indiana, Mark Twain, Thomas B. Reed and Hamilton Mabie, editor of Outlook. The list was presented to Chancellor Andrews today, and to morrow the class will vote upon its choice, the one receiving the highest vote to be first invited. If his services cannot be secured, then the next man available.

**Baird Faction Again Beaten.**

Judge Frost today refused the application of George E. Baird of Omaha for a mandamus to compel Secretary of State Marsh to place his socialist ticket on the official ballot. Baird and one Franklin, purporting to be a committee authorized at a mass convention of socialists in Omaha to select a ticket, were ruled off the ballot on the ground that there was no certificate from the officers of the convention authorizing the committee to do that job. Aside from this fact almost all of Baird's nominees had notified the secretary of state that they did not wish their name put upon the ballot as socialist candidates. Leonard Devore, named for land commissioner, solemnly protested on the ground that he was a socialist and did not believe in fraud of any kind. Secretary of State Marsh, in his answer, stamped the ticket as bogus, and so did the other faction of socialists who intervened.

**For a Rival System.**

W. J. C. Kenyon has finally confided to the public a part of his plans. Mr. Kenyon has offered $7,000 for the franchise of the Home street railway, a portion of the old Lincoln system discarded by the traction company and bought in by the city at tax foreclosure sale, and as an earnest of his intention has deposited $700 with the city treasury as a forfeit. Considerable reluctance has been shown to doing business with Mr. Kenyon because he has masked his intentions under a lot of verbiage, but at a meeting of the Commercial club today he frankly stated that his project contemplates a rival system of street railways in the city, as well as a line to west Lincoln, as part of an enterprise of larger significance, the details of which he does not wish to now make known.

The council last evening gave Kenyon an option on the franchise, but the mayor declines to approve the matter until he has been convinced that there is not a scheme on foot to make the Lincoln Traction company sell out. Local capitalists have long looked upon the traction company, which has but a slight bonded indebtedness, as a good thing to purchase for the purpose of stock exploitation, and the fact that some of these are in the Kenyon company is regarded as significant.

Officers of the traction company declare it is a mere scheme of piracy, and that they will neither sell out to the other crowd nor will they take the franchise off its hands at an advance. One thing is certain Kenyon will not get the franchise without a fight in the courts.

The Hospital Benefit association of Kearney has filed articles of incorporation, declaring its purpose to be the maintainance of a hospital in the midway city, funds for which are to be raised by an annual membership fee.

**Savage Goes to Colorado.**

Governor Savage has gone to Colorado to look after mining interests there. Some time since results of recent assays of ores taken from property in which he and other Lincoln parties are interested, showed a yield of over $4,000 to the ton on selected ore and above $3,500 on dump ores of which hundreds of tons are now in sight. The showing was somewhat unexpected and has awakened considerable activity among the interested parties.

## VISITOR SLUGGED AND ROBBED

**John Gosset Left Unconscious by Men Who Steal His Pocketbook.**

BLAIR, Neb., Oct. 28.—(Special.)—John Gosset of Hartington, upon arriving at Blair last night to pay a visit to his uncle, Steven Phillips, was slugged when about two blocks east of the depot, robbed of his pocketbook containing $20 and left unconscious by the side of the railroad. Mr. Gosset came in on the 8 o'clock train and walked east on the track until near a fill where the street goes under the railroad. He walked down the embankment and was set upon by three men, knocked down and his face badly cut and bruised on the right temple. He was found about 9 o'clock and taken to his uncle's house, where he did not regain consciousness until nearly 12 o'clock. He was unable to describe any of his assailants, as it was very dark where they attacked him. Mr. Gosset is a married man and came here to return with his wife, who is also here on a visit.

## NAME IS NOT ON THE TICKET

**Gage County Candidate for Float Representative Day Late in Filing Papers with Clerk.**

BEATRICE, Neb., Oct. 28.—(Special.)—Several days ago Mayor Dodds of Wymore filed his certificate of nomination as float representative for Gage and Saline counties.

Objection was made to placing his name on the ticket because he was a day behind time, as required by law. The county clerk at first issued him a certificate, but later rescinded it.

Mr. Dodds was here yesterday and secured a certified copy of the certificate and objection, and intends to lay the matter before the supreme court. He will apply for a pre-emptory writ to compel the county clerk to place his name on the ballot.

The outcome of the case will be watched with considerable interest by residents of Gage county.

## BALL PASSES THROUGH LUNGS

**Victim of Mysterious Shooting Affray at Silver Creek is Still Alive.**

SILVER CREEK, Neb., Oct. 28.—(Special Telegram.)—The man Ashley, who was shot here yesterday, is still alive. The bullet was taken out during the night, it having lodged under his breast bone after passing through his lungs. It was found to be a 38-calibre, which shows that it did not come from the gun found near him. The man who was seen with him previous to the shooting was arrested at Columbus and taken to Central City, the county seat, by Sheriff Ashe today. He refuses to talk. The two men answer the description of the ones wanted at Belgrade for the postoffice robbery. A kit of burglars' tools was found today near the scene of the shooting but there are no further developments.

**Offended at Evangelist.**

YORK, Neb., Oct. 28.—(Special.)—Many of the friends of Revivalist Williams, who recently conducted the most successful revival meeting ever held in the history of York, for which he received over $1,000 for about three weeks' work, have received copies of an evangelist paper edited by Mr. Williams and are offended at the write-up that Mr. Williams had of his meetings at York, in which he mentions York as a beautiful city of about 4,000 population, when the fact is that York's population is nearer 7,000. A conservative estimate is that 1,000 people have located in York the past year. The article also gave Mr. Williams credit for collecting at one night's meeting $10,000 for the building of a Young Men's Christian association building, when it is a fact that Mr. Baily of Omaha, the state secretary, assisted by the ministers and active workers of York, raised the subscription of $10,000.

**Collins Speaks at Loup City.**

LOUP CITY, Neb., Oct. 28.—(Special.)—Hon. Frank W. Collins of Washington, D. C., and Judge Wall of this city, spoke last evening on the political issues of the day from a republican standpoint, to a crowded house. Mr. Collins anticipated the speech of W. J. Bryan to be given here this week and gave his hearers much food for thought. He especially urged farmers to make comparisons of the price on all leading products in 1896, with present prices.

**Runs Pitchfork in Eye.**

BEATRICE, Neb., Oct. 28.—(Special.)—While threshing near Ellis, this county, yesterday, Chris Knoche, a prominent German farmer, had the misfortune to run the tine of a pitchfork in his right eye. The doctor has little hopes of saving the injured optic.

**Gage County Real Estate Transfers.**

BEATRICE, Neb., Oct. 28.—(Special.)—The total amount of real estate transfers filed for record with the register of deeds Saturday and yesterday was $34,701.

## SCHOOL HOUSE DESTROYED

**Fine Structure at Arapahoe is an Entire Loss Through Fire.**

**FURNITURE AND BOOKS ALSO BURNED**

**Only Eight Thousand Dollars Insurance, While the Loss Will Amount to Fully Twenty Thousand.**

ARAPAHOE, Neb., Oct. 28.—(Special Telegram.)—Fire of unknown origin entirely consumed the High school building at this place. The building is a total loss, not even the brick walls remaining standing. The fire was discovered about 8:45 this evening, but was under such headway that it was impossible to save any of the books or fixtures other than one teachers' desk.

The school building was one of the best in southwestern Nebraska, costing $14,500 and well equipped with costly and modern fixtures, which will bring the aggregate loss up to $20,000, with but $8,000 insurance, divided equally between the North British and New York Underwriters for $4,000 each.

When the fire was first discovered it was furthest advanced in the room adjoining the school laboratory in the second story, which gives rise to the theory that the fire was caused by some combustion or explosion of the chemicals therein.

James Hasty, the janitor, who was among the first at the fire, was quite seriously injured by a fall and was carried home unconscious, but later reports of his condition are that his injuries were not fatal and he would recover.

The school board will take prompt action in re-establishing a temporary school, and undoubtedly utilize the various chuch buildings until the district can build another suitable structure.

## SLOW WORK GETTING A JURY

**Another Day Likely to Be Required in that Part of the Niegenfind Case.**

PIERCE, Neb., Oct. 28.—(Special.)—The work of getting a jury in the Niegenfind case is still in progress. The jury is filled, but the defense still has seven peremtory challenges and the state one or two. It is predicted by some that the jury will not be secured by tomrrow noon.

In the Niegenfind case court adjourned this afternoon at about 4:30, the second panel of jurymen having been exhausted. Thus far seventy-two jurymen have been examined and discharged. The judge has ordered Sheriff Jones to summon fifteen more jurymen and it is thought they will be here in time to be examined at the evening session.

**Move to Start Canning Factory.**

GRAND ISLAND, Neb., Oct. 28.—(Special.)—At a meeting of business men last evening steps were taken to put the canning factory into operation for the season of 1903, with very little doubts of the success of the undertaking. Mr. James Rourke of Omaha, formerly manager of the concern, proposes to supply the building with the necessary machinery and to place everything in readiness for the operation early next year, provided the citizens will place the building in a good state of repair. During its idleness vandalism and the weather has wrought some havoc with the building, but the sum required to make the repairs will only be about $2,000 and the citizens will unquestionably easily raise the amount. The factory will employ over 200 hands in a season of the year when other industries are idle.

**Seining Out Poor Fish.**

YORK, Neb., Oct. 28.—(Special.)—Yesterday, under authority of the state fish commissioners, John Stapleton, with the assistance of others, attempted to sein Beaver creek mill dam, hoping to take from it all carp, turtles and other obnoxious fish. The sein used was rotten, and after a few hauls, in which they did not get anything, they gave up the job and will try it again with a better sein if the deputy fish commissioner can find one in the county. Many farmers of York county have private fish ponds and many are making fish ponds. The state fish commissioners were here last week with a car of young fish. Beaver creek, running through the York park, was stocked with perch, black bass and croppies. From here the car went to Thayer and the fish pond of Hon. R. B. Price was stocked with the same kind of fish.

**New Academy for Wahoo.**

WAHOO, Neb., Oct. 28.—(Special.)—At a special meeting of the board of directors of the Luther academy it was decided to erect a new school building at a cost of $18,000. P. L. Plym, an architect from Lincoln, was appointed to draw up the plans and specifications. Work will be commenced as soon as the plans are ready. The site for the building was selected at sunrise with proper ceremonies.

**Flag Sermon at Hebron.**

HEBRON, Neb., Oct. 28.—(Special.)—The Grand Army of the Republic, the old veterans and the Women's Relief corps, listened to a flag raising sermon last evening at the Methodist Episcopal church. The pastor, Rev. Dr. C. M. Shepard, spoke on "patriotism" and "love of country." The congregation joined in the singing of national airs, during which, a large American flag was raised over the rostrum.

**Preaches Farewell Sermon.**

BEATRICE, Neb., Oct. 28.—(Special.)—Rev. W. W. Hess, for four years pastor of Trinity Lutheran church, this city, preached his farewell sermon Sunday evening and bade goodby to his congregation. Rev. Mr. Hess and family will locate in Tipton, Ia.

**To Hold Poultry Show.**

BEATRICE, Neb., Oct. 28.—(Special.)—At a meeting of the Gage County Poultry association, held in Blue Springs yesterday, it was decided to hold a poultry show at that place the last of December. William Craig was elected secretary.

**Second Crop of Strawberries.**

PAPILLION, Neb., Oct. 28.—(Special.)—P. W. Birkhouser was last Monday showing his friends a second growth of strawberries that he picked from his farm south of town last Monday morning. The berries were well formed and well ripened.

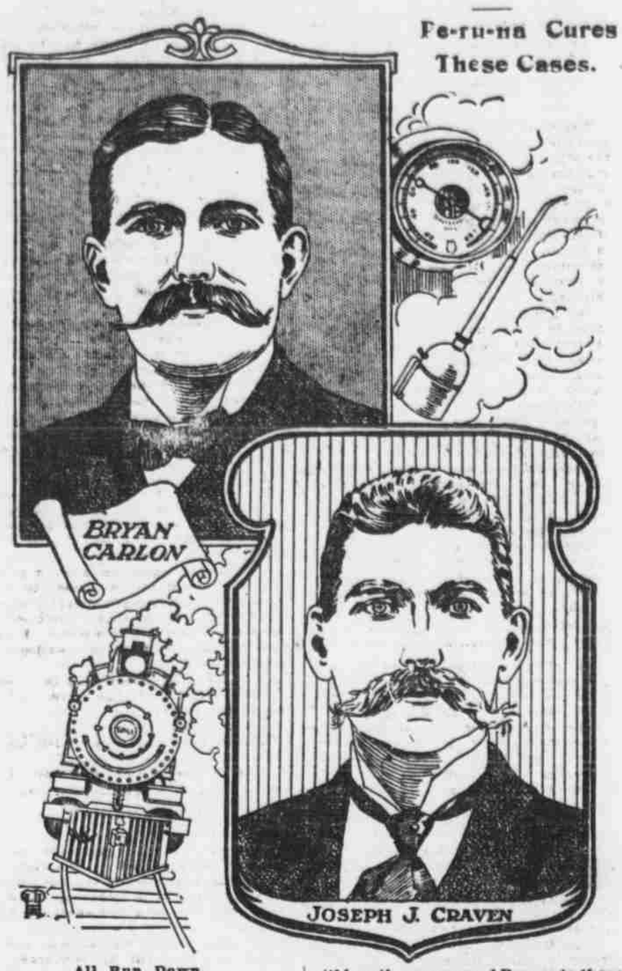
**A Deathblow to Malaria.**

Electric Bitters kill and expel malaria fever and ague or no pay. Only 50c. For sale by Kuhn & Co.

## ALL THROUGH THE SYSTEM

### Catarrh Spreads Like a Malignant Poison.

Peruna Cures These Cases.



**All Run Down.**

MR. BRYAN CARLON, Sec'y of the Eccentric Engineers Association of N. Y. City, with a membership of 1,000 licensed engineers, also prominent in labor unions, writes from 499 Canal street, N. Y. City:

"Your Peruna is a valuable tonic. When I get run down, weak and languid, or restless at night, I take a bottle of Peruna. I notice the effects of it almost immediately. It quiets the nerves and brings healthful sleep. It is a reviving tonic at all times."—Mr. Bryan Carlon.

Congressman Romulus Z. Linney from North Carolina, writes:

**"My private secretary has been using Peruna for several week and I wish to testify to its great value and merits in cases of catarrh. My secretary had as bad a case as I ever saw and since he has taken one bottle he seems like a different man. Before he started on Peruna his system was very much run down, and at times he could not work at all, but ever since his first bottle he has been building up. I don't think any man who is under a nevous strain should be without it. I cannot express the good it has done him."—Romulus Z. Linney.**

Peruna is not a sleep medicine. Peruna is not a nervine. Peruna is not a narcotic. Peruna does not stupefy. Does not bring about artificial rest. Peruna helps weak nerves. Builds up broken down constitutions. Brings refreshing sleep, not by producing stupification, but by invigorating the nerve centers.

Peruna produces a natural appetite. It strengthens the digestive power. It fills the lacteals full of nutrition and sends surging through the blood vessels the recuperative currents of new life. It does all this by producing healthy mucous membranes.

**"I heartly recommend Peruna to those who suffer from nervousness and loss of sleep. For months I did not get a refreshing night's sleep, and in the morning I was weak and drowsy. Peruna was recommended to me by a friend. When I had taken four bottles of it I was a new man. The nervousness had entirely disappeared and when I get up in the morning now I feel rested and refreshed. Peruna is a splendid catarrhal tonic."—Joseph J. Craven.**

The above letter was written by Mr. Joseph J. Craven, 235 E. Seventy-fourth St., N. Y. City. Mr. Craven is president of the Standard Association of Stationary Engineers of New York, an organization with a membership of 1,500 licensed engineers. He has been identified with labor organizations all his life.

Peruna makes clean, strong mucous membranes in the nose, throat, stomach and digestive organs. In this way it reaches the origin of all life, all strength and all activity.

Peruna cleanses these membranes of every vestige of catarrhal congestion. This leaves them strong and able to do their work.

The follows refreshing sleep. Then nervousness disappears. Then a man becomes confident, vigorous, hopeful and happy.

This is why it is that Peruna is the tonic of tonics. It cleanses the sources of the blood. Good, rich, red blood is the result and health follows as a natural consequence.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Santarium, Columbus, O.
