Teach Weaving in Schools,

"Every child, his or her own hammock

maker," is the way one of the members of the Board of Education styled the scheme to introduce the art of weaving into the public schools of Council Bluffs. For the present only the children in the primary grades will be taught the art, but it is said that eventually it may be extended through all the grades, even into the High school-that is to say, it may be made part of the manual training in the High school. Learning the art of weaving, however, will not be compulsory on the pupils. While it is said that the "loom" will cost but a mere triffe, the school authorities realize that in permitting this novel instruction in the schools they cannot force the pupil to buy one of these machines and they cannot be supplied gratis under the free textbook system. Therefore it will be optional with the child whether it learns the art of making its own hammock or not.

### TEACHERS ARE IN EVIDENCE

Buttons of Southwestern Iowa Association Liberally Displayed.

EXPECT SESSION TO BE PROFITABLE ON

Finest Array of Educational Talent Ever Secured for the Association to Be Present and Deliver Addresses.

Little white lappel buttons with the letters "S. W. I. T. A." were in evidence on the streets yesterday. They call attention to the fact that the opening session of the annual meeting of the Southwestern Iowa Teachers' association will be held this evening and that already the advance guard of teachers from this section of the state had arrived in the city. While most of the buttons seen were worn by the teachers of the local schools a number of them also were noticed adorning the shirt waists or jackets of out-of-town school teachers.

Headquarters during the meeting will be at the Grand hotel and the work of registering the teachers on their arrival will commence this morning. At the Grand hotel also will be found the railroad secretary, M. P. Kenworthy of Menlo, and the local committee on entertainment. All sessions of the association will be held in C. W. Hicks and family, who have had their home in this city on Willow avenue for a number of years, have moved to 216 South Twenty-fifth street, Omaha. These conference meetings, which are an inovation, are expected to prove the most interesting feature of this year's meeting.

Never in the history of the association of southwestern lows, and the executive committee, of which Superintendent Clffford of this city is chairman, hopes and expects that the session will be productive of much benefit to the members in attendance.

Teachers arriving yesterday and today will be invited to inspect the schools of the city and the methods of teaching in vogue here. The feature of the opening session this evening will be the address of Superintendent Cooley of Chicago, who will talk on "The Significance of Some Recent Additions to School Programs." This is the program for this evening's session

#### SCHEME TO REGISTER GRADERS Republican Committee Takes Steps to

Prevent Any Fraudulent Voting.

Republican precinct committeemen will be on their guard Saturday and the last day of registration will be closely watched. It was reported yesterday that the democratic central committees had evolved a neat scheme to register every man working on the Great Western grade, irrespective of the time he might have been in this state. One of the leading employes of the Winston Bros.' company, the firm which has the contract for the Great Western grade between Council Bluffs and Fort Dodge, is quoted as saying yesterday: "Just watch the registration Saturday and see our men get their names on the list. Then just watch them all vote the democratic ticket next Tuesday." It is a well known fact that in grading camps men come and go and that but few who start at the begining of the work remain until the end. Men who work in grading camps are always on the move and it is very dobutful if many of the men now working in this city for the Hall Construction company or Winston Bros, have been with them steadily for six total is 11,895,000, against 14,900,000 a year months, and yet it is reported that every man of them intends registering Saturday and voting next Tuesday.

A meeting of the republican city central committee has been called for this evening by Chairman Canning and arrangements will be made to watch the registration closely in every precinct in the city. The meeting will be held in the office of County Chairman Wright in the Baldwin block and every member is urged to be present.

In view of the anticipated wholesale reg-Chairman Wright and City Chairman Canning have decided to offer a suitable reward for information of illegal registering and any person found registering who is not entitled to do so will be prosecuted to the full extent of the law. City Clerk Phillips yesterday selected

the voting places in the city for Twenday's election and they are as follows: First Ward-First precinct, 132 East Broadway; Second precinct, 207 East Broadway.

Claims Wipe Out Judgment. If the liens which have been filed against the judgment all hold good the estate of the late Mrs. Emma Holman will receive but little from the \$12,000 verdict against the motor company which has been finally confirmed by the supreme court, denying the application for a rehearing. It is expected that the motor company will pay the amount of the judgment into court within a few days.

The \$12,000 judgment draws interest at the rate of 6 per cent per annum from June 9, 1990, and the interest now amounts to \$1,720. Frank W. Reed, administrator of the Holman estate, states that claims excoeding \$10,000 have been filed against the judgment. The firm of Flickinger Bres., the attorneys who conducted the case for Mrs. Holman through two trials in the district court, two in the supreme court and again in the supreme court on the recent application of the motor company for a re-

bearing, have filed a lien for \$6,000 for professional services. James A. Holman, husband of the deceased plaintiff, and Mrs Roth, a relatives, have filed a claim for \$4, subsequent to the time she sustained her injuries. This latter claim is, however, it dispute and will in all probability have to be passed upon by the court.

#### Hard Coal Eleven Dollars.

Yesterday one of the local coal dealers said that while he had no hard coal on hand now yet he expected to have plenty of it next month and that it would not cost over \$11 per ton. This reminds us that there is no use to be frightened about hard coal and if you want a good heater for the winter come in and let us show you what the Radiant Home is and all its good points, including a very reasonable price Our reputation depends upon our putting out the best goods on the market and that is why we are urging you to buy a good heating stove. After you see the Radiant Home we will leave it to your own judgment as to its superior qualities over all others you have examined. Petersen & Schoening, Merriam block.

DES MOINES, Oct. 29 .- (Special.) -The thirty-first annual convention of the Iowa Equal Suffrage association is being beld in Des Moines, with about 100 delegates and members present, representing nearly every section of the state. Mrs. Ballard of Hull presided and reviewed the work of the suffragists from earliest days in lows. The treasurer of the association, Mrs. Ankeny, has resigned and the corresponding secretary, Mrs. Nelson, has recently turned over the work to another, and these facts somewhat broke in on the smoothness

#### Larger Sum Lost.

Complete investigation of the bank situation at Prairie City shows that the loss by robbery was greater than at first reported. The books showed nearly \$4,700 on hand, all of which was taken. There was also a smaller proportion of it in silver than at first stated. The dogs secured for tracking the robbers followed a trail during the night to Fairmount, six miles southeast of Prairie City, where it is supposed the robbers took a train. In a Pottawattamie county case in which the Illinois Central was sued for causing the death of Herman Smith, an employe, the court reached the conclusion that Smith was wholly to blame, as when he was killed he was sitting on the front end of a car being pushed by a freight engine. In Kinyon against the Northwestern Railway, from Harrison county, the supreme court found that Judge Wheeler erred in his instructions in regard to the liability of the railroad company for killing live stock and the case goes back. In a Fremont county case against the Burlington the court holds that the company was liable for not stopping a train when the trainmen saw that a section hand did not hear the signals. He was

#### WHITNEY'S HORSE WINS RACE King Edward is an Interested Specia tor at Fashionable Event at Newmarket.

LONDON. Oct. 29.—The racing at Newmarket today was attended by the crowd of fashionable people generally drawn to witness the contest for the Cambridgeshire stakes, for which the entries were more numerous than usual. William C. Whitney's Ballantrae was a hot favorite for the event of the day and won the Cambridgeshire stakes. King Edward was an interested spectator of the races.

St. MacLeod was second and Nabot third. Twenty-four horses ran. The Cambridgeshire stakes is a handicap of 25 sovereigns each, with 500 sovereigns added, for 3-year-old and upward, one mile and a furlong.

The betting was \$ to 4 against Ballantrae. Nabot led to the dip, where he was overtaken by Ballantrae, who won by a neck.

Play Shows a Wonderful Improvement Over That of the Former Tournament.

The second men's tournament in ping pong, played at The Bee building pariors, resulted in a victory for J. R. Histed, who defeated Dwight Williams in the finals in a game extremely well played on both sides. The winner takes as first prize a staghotn umbrella and a sliver smoking set goes to Mr. Williams.

The tournament was remarkable throughout for fast, sure playing. As an example of the relative excellence compared with the first tournament, it may be remarked that Samuel Burns, fr., the winner of the second prize in the last tournament, did not win a set in this one. Histed won by his swift and sure playing. The game put up by Williams afforded the sensation of the evening.
