The serious situation arising from the drouth in Australia grows week by week. excepting the wealthiest, such as Great A large area of the wheat lands in northern Victoria, we are now told, can yield creased security would be followed by an nothing. The farmers cannot feed their horses and cattle, and are appealing in their extremity to the government for free carriage to the southern areas, where the sence of unproductive state debt, and the land owners are offering free paturage. The the beasts that are being sent south to the good grass, many are so emaciated that they cannot stand the railway journey, and hundreds have died in the trucks. In New inflict another severe blow on the wool industry. According to a recent estimate tries. The excise duties on tobacco, beer the flocks there have been depleted by some 35 per cent, leaving something short shortage of wool for the year is computed at 34,622,000 pounds, amounting to some 270,000 bales. This, reckoning at \$50 per bale, brings the pastoral industry face to face with a loss of \$13,500,000 on account of the drouth. It is perhaps an exaggerated estimate, but another account puts the loss of sheep since the beginning of

As is well known, the government of New Zealand, among its numerous socialistic enterprises, maintains a department of life insurance. This has existed for a long time in competition with priized, he said, that the agriculturists would vate companies, but has only in recent years made any great headway. The latest annual report, however, shows that the department wrote insurance during the year aggregating over \$3,100,000. It now-carries assets amounting to above \$16,909, 000, which, for a colony of less than 1,000, 000 people exclusive of the aborigines would indicate that the state has become a very important factor in life insurance. The commissioner reports an increase in premium income and a decrease in the expense ratio. It is noticeable that the demand upon the department has become almost exclusively for endowment insurance. Practically all the policies written last year were endowments, only three whole life and term policies being sold.
