"But these fellows have been awakened by American ways and now they are assimflating these modern customs with commendable progress. The better class of the natives have learned that it is to their own 'advantage to become Americanized as rap-1dly as possible and these now show a remarkable anxiety to acquire all the knowledge they can. Self-interest animates and actuates them and as a result both they and the Americans who have to deal with them as factors in transforming the conditions of the islands are benefited.

"I have a number of natives in my department, and while they are not yet capable of doing original work, they show great aptitude for performing work that has been mapped out for them and in time they will me proficient enough to be given more responsible work. They are as a rule painstaking in their efforts to do right what is

"There is little or none of that hostility toward Americans among the better classes of natives, but of course many of the lower strata are treacherously inclined. It will take some time of rigid discipline to bring these fellows in line so they can be trusted. KNIGHTS' ANNUAL MEETING

Final Report of Ak-Sar-Ben Governors Expected by November Seventeenth.

The annual meeting of the Knights of Ak-Sar-Ben will be held at the den Monday evening. November 17. This is somewhat later than usual, because the Board of Governors has been delayed in making up its final reports by reason of the Christian church convention. The reports are not yet prepared and it is impossible to give even an approximate estimate of the financial condition of the society as many of the bills contracted have not been audited. It is understood, generally, however, that there will be funds in the treasury sufficient to bring the work up to the time when the
