

GRANT SWITCHMEN MORE PAY

Union Pacific Readily Accedes to Demands of the Committee.

INCREASE AMOUNTS TO TWELVE PER CENT

New Scale Adopted at Chicago to Go into Effect at All the Yards on the Union Pacific System.

The Union Pacific switchmen have been granted a general increase in wages. This is the outcome of the demands presented by the Order of Railway Trainmen on the Union Pacific division.

The demands presented called for the new scale adopted at Chicago and this was conceded in every detail. It means practically a 12 per cent increase to all switchmen and their helpers on the Union Pacific.

Day foremen in these yards have been getting \$2.70 a day and under the new scale will get \$3.10. Night foremen have been getting \$2.90 and will get \$3.50.

Small Yards Included. In the intermediate yards the same per cent of increase applies, but as men in these yards work twelve hours a day, they will get a proportionate rate.

The switchmen were given their increase after one short conference yesterday with Superintendent Buckingham. They had no grievance to offer, save that they thought they were entitled to more money.

The switchmen emphasize the statement that their relations with the officials were entirely amicable and most cordial, and they express the utmost satisfaction with results.

STRUGGLE WITH A BURGLAR

Grocer Smith Finds Robber in His Store When He Opens Up.

THEN COMES HAND-TO-HAND ENCOUNTER

After Boiling Over and Over in Clink Store Keeper Gets Upper Hand and Chokes Burglar to Submission.

After a desperate struggle John Smith, a member of the firm of Robert Smith & Bro., 1403 Douglas street, captured J. J. Dolan, a burglar, while the latter was breaking open the cash register in the store.

When Smith unlocked the front door he saw Dolan in the rear part of the store working with the cash register. As he walked toward the burglar the latter stopped his work, but made no effort to escape.

"I was locked in here last night," answered Dolan, "but don't say anything about it. Let's get a drink and keep it quiet."

Dolan had torn the indicator from the cash register by using a large cheese knife. The blade of this he had broken off and with the stub was trying to pry off the top of the register when discovered.

At the police station Dolan maintained that he had been accidentally locked in the store during the night. It is believed he entered through the front transom.
