

Whether it Was Purely Luck or Business Sense

that prompted us to place heavy orders just before the raise in price. It is certainly fortunate for those contemplating the purchase of a piano for the public has learned long ago that Schmolzer & Mueller live up to their motto, "As we buy, so we sell." We do not take into our calculations decayed reputations or fictitious values.

We are not owned or controlled by any factory.

Each and every instrument on our floors must stand on its own intrinsic merits.

We sing no one special factory's praise-

But Remember

that when the instruments now on hand are sold, you, like us, must pay the advanced prices, which in some instances will amount to 20 per cent; this means as long as present stock lasts, you can buy a better grade piano for same money, or save from \$25 to \$75 on the same kind.

Don't Procrastinate

Three cars of pianos received this week. Get your choice at big saving.

We still have a number of good slightly used pianos that must be cleaned out this week. Among them are such well known makes as Steger & Sons, Emerson, Grammer, Knabe, Chickering, Everett, Smith & Barnes, Ivers & Pond, Schillier, Arion and Story & Clark.

Used Uprights

When New.	Now.	This Week.
\$300.00	\$175.00	\$38.00
350.00	215.00	\$57.00
400.00	240.00	\$115.00
450.00	275.00	\$135.00
500.00	300.00	\$158.00
550.00	350.00	\$198.00
600.00	400.00	\$248.00

Used Organs

Some are just as good as new; some have been used considerably, some have married cases, but each and every one is an elegant bargain at the price asked.

Among these are such old familiar names as Western Cottage, Chicago Cottage, Royal, Kimball, Sterling, Schmitt, Story & Clark, Pelton, Mason & Hamlin, Eskey and Packard. They will go for \$12, \$18, \$20, \$23, \$28, \$32, \$38, \$42, on Terms of \$5c Per Week.

New Pianos

\$200 Pianos—this week.....	\$115
\$250 Pianos—this week.....	\$125
\$300 Pianos—this week.....	\$145
\$350 Pianos—this week.....	\$198
\$400 Pianos—this week.....	\$237
\$450 Pianos—this week.....	\$287
\$500 Pianos—this week.....	\$337

Payment Plan

Remember we will sell you a piano without any cash payment whatever. The only requisite to enjoy this unprecedented offer is good character and ability to meet the small weekly or monthly payments.

We sell new pianos on \$1 weekly payments—

We sell used organs or squares on 25c, 50c and 75c weekly payments.

GOOD WORK OF INSTITUTE.

Home for Waifs Shows a Steady Advancement and Enlargement.

FIFTH ANNUAL REPORT NEARLY READY

Two Hundred and Forty-Four Little Ones Come and Go During the Year—Finances in Fair Condition.

The fifth annual report of the Child Saving Institute for the fiscal year ending October 31, will soon be published. The pamphlet will contain reports by the treasurer, board of trustees, nursery committee and medical staff; a brief of the objects and methods of the institution; several accounts of the miserable and pathetic conditions surrounding children when they were taken into the institute, with pictures of some of the children; a list of officers and medical attendants; a word of thanks to contributors, and several pictures of the new home of the institution at Eighteenth and Ohio streets.

The Child Saving institute has been at Eighteenth and Ohio streets for a considerable time. The house itself is well adapted to the present use, and is surrounded by an ample playground. The institute seems to be in a fair financial condition and the work is enjoying a steady growth. A graduate nurse has been employed so that the children can be better looked after than formerly. The following taken from the report gives briefly the objects and methods of the institution:

"The Child Saving Institute furnishes temporary care and shelter and provides permanent homes for homeless children; exercises a careful watch-care over children after they are placed in homes; investigates in the city and country, cases of abandoned, destitute and wayward children; gives advice to parents, with view to the improvement and permanent good of their children; endeavors by all reasonable means to keep children and parents together; prosecutes cases in the courts to rescue children from abuse and immoral influences; studies questions relating to children's aids in promoting child-labor legislation and strives to co-operate with existing charities."

Some Figures on Work.
In a resume of the work of the institute for the year ending October 31, found in the report of the board of trustees, the following figures are given. There were in the institution on November 1, 1901, twenty-four children. During the year 136 were received and twenty-four readmitted, making a total for the twelve months of 244. Eighty-seven children were provided with homes, eighty-six were restored to their parents, twenty-nine died under 5 months of age, thirty more than 5 months, three boys, 10 or 12 years old, ran away from the institute, and at the end of the year thirty-seven children were still under the charge of the institution.

According to the report, Treasurer C. W. Lyman, the expenses of the institute for the fiscal year ending October 31, have been \$58,76 more than receipts. The bonded and floating debts, approximating \$8,000, have not been decreased and there is a pressing need for a considerable further expenditure to care for the increasing work. Starting with \$963.55 on hand at the end of October, \$420.65 was received during November; \$787.06 in December, \$1,070.74; January, \$538.72; February, \$612.83; March, \$534.18; April, \$518.50; May, \$394.71; June, \$462.77; July, \$407.23; August, \$500.91; September, \$415.47; and October; making a total for the year of \$5,814.12.

"As given by Mr. Lyman's report, \$514.47 was paid out on all accounts during November, \$1,061.98 during December, \$1,061.98 during January, \$555.28 in February; \$591.72, March; \$686.15, April; \$626.85, May; \$447.72, June; \$556.25, July; \$590.47, August; \$666.92, September; \$712.29, October. This makes a total of \$7,089.33 for the year and leaves a balance of \$244.73 on hand.

Nursery Committee's Report.
The report by the nursery committee contains the following: On the side of receipts during the year, \$651.17 was collected from pledges; \$174.15 from donations; \$142.68 was taken from the small savings banks; W. H. Rucker of the Eighth cavalry, Colonel Alpheus H. Bowman of the Twenty-fifth infantry, Lieutenant Colonel John W. Pullman, chief quartermaster of the department; Major Daniel H. Brush of the Eighth cavalry, Captain Farrand Sayre of the Eighth cavalry and Second Lieutenant N. E. Bower of the engineer corps. Lieutenant Bower will be recorder and engineer officer of the board, and with the assistance of five enlisted men will make such surveys as the board may desire.

Gets Bad Fall.
Mike Queenan, who is employed on the East Omaha bridge, while walking along the street with two children, slipped and fell from a height of about 20 feet. He sustained a cut hand and lip and bruised ribs and was taken to the hospital. He is recovering from his injuries.

REMARKABLE SUCCESS

Of a New Cataract Cure.

A large and constantly increasing majority of the American people are cataract sufferers. This is not entirely the result of our changeable climate, but because modern investigation has clearly proven that many diseases, known by other names, are really cataract. Formerly the name cataract was applied almost exclusively to the common nasal cataract, but the throat, stomach, liver, bladder, kidneys and intestines are subject to cataractal diseases as well as the nasal passages.

In fact, wherever there is mucous membrane there is a feeding ground for cataract. The usual remedies, inhalers, sprays, douches or powders, have been practically failures, as far as anything more than temporary relief was concerned, because they simply dry up the mucous secretions without having the remotest effect upon the blood and liver, which are the real sources of cataractal diseases.

It has been known for some years that the radical cure of cataract could never come from local applications, but from an internal remedy, acting on the blood and expelling the cataractal poison from the system.

A new internal preparation, which has been on the market only a short time has met with remarkable success as a genuine, radical cure for cataract.

It may be found in any drug store, sold under the name of Stuart's Cataract Tablets, large, pleasant tasting lozenges, composed principally of antiseptic ingredients, blood-root, red gum and similar catarrh specific.

Dr. Atkinson, in speaking of the new cataract cure, says: "I have tried the new cataract remedy, Stuart's Cataract Tablets, upon thirty or forty patients with remarkable satisfactory results. They clear the head and throat most effectively and lastingly than any douche or inhaler that I have ever seen, and although they are what is called a patent medicine and sold by druggists, I do not hesitate to recommend them, as I know them to be free from cocaine and opiate and that even a little child may use them with entire safety."

Any sufferer from nasal cataract, throat or bronchial trouble, cataract of the stomach, liver or bladder, will find Stuart's Cataract Tablets remarkable effective, pleasant and convenient, and your druggist will tell you they are absolutely free from any injurious drug.

BOARD OF REVIEW AT WORK

Organizes by Electing Mr. Rosewater Chairman and Mr. Hunter Secretary.

TO CONSIDER REALTY VALUATION FIRST

Resolves to Require All Complaints to Be Filed First with the Tax Commissioner and to State Particulars.

Real estate is the class of taxable property which will first be taken up for consideration by the Board of Review. The three members met yesterday morning in the office of the tax commissioner to enter upon their duties and organized by electing Mr. Rosewater chairman and W. J. Hunter secretary. Mr. Rosewater, when nominated for the chairmanship, said he would accept the office only with the understanding that he should be considered as one of the members of the board, with the privilege of participating fully in its discussions and introducing motions and resolutions.

None of the detail work of the board was taken up at this meeting, which was entirely devoted to consideration of the duties of the board and the formulation of plans for its future conduct. Naturally the other members turned to Mr. Fleming for information as to the customary mode of procedure and the methods followed by other boards.

Resolution as to Complaints.
The law as to the duties of the Board of Review and the Board of Equalization was read and the following resolution was then adopted:
Resolved, That the board, while open to give consideration to complaints properly made, regard it as their first and primary duty to see that the assessments as returned by the tax commissioner and his deputies, this applying to all property, real and personal.

WILL PROVIDE FOR APACHES

Board of Army Officers Will Set Aside Land at Fort Sill for Them.

Next week a board of officers of the United States army will convene at Fort Sill for the purpose of deciding upon what part of the military reservation surrounding that post may be set aside for the Apache prisoners of war. There are about 250 Apache Indians, the most warlike and intractable spirits of that intractable race. They are the braves who were on the warpath under Geronimo for the last time and with that chief were sent to Florida as prisoners of war after the United States army had fought them for years. Among them are men who were on the warpath with Victorio and none of them were accounted friendly Indians at any time.

Since sent to Fort Sill they have for the first time become accustomed to the ways of the white man. They have been permitted to make homes on the reservation as they desired, so long as they did not interfere with the operation of the troops. They decided where they wanted to live and the government erected small houses for them and they were given small tracts of ground which they were permitted to cultivate. Some supplies were purchased for them and army mules were loaned to them so that they might become self-supporting. The experiment has been remarkably successful.

The prisoners have been joined by their families and are living contentedly upon the reservation, but the irregular way in which they hold the land makes it impossible for the government to make any permanent improvements being made, so it has been decided to take steps to set aside land to which they will be given title.

There are approximately 77,000 acres of land in the Fort Sill military reservation, including the wood reserve of 200,000 acres, will be divided upon the amount of land which must be retained for military purposes and the location of this land, as well as the amount and location of the land which should be allotted to the prisoners of war. The board consists of Colonel Lewis H. Rucker of the Eighth cavalry, Colonel Alpheus H. Bowman of the Twenty-fifth infantry, Lieutenant Colonel John W. Pullman, chief quartermaster of the department; Major Daniel H. Brush of the Eighth cavalry, Captain Farrand Sayre of the Eighth cavalry and Second Lieutenant N. E. Bower of the engineer corps. Lieutenant Bower will be recorder and engineer officer of the board, and with the assistance of five enlisted men will make such surveys as the board may desire.

Judge Ryan to Speak.
Judge O'Neil Ryan of St. Louis will speak in Omaha Sunday afternoon, November 23, at Washington hall under the auspices of the Irish-American societies. Judge Ryan is a judge of the circuit court in St. Louis and has recently presided at the trials of several assassins, and is especially valuable for his knowledge of the law and of the most prominent Irish-Americans of the west.

Woman's Work in Club and Charity

Mrs. Cornish entertained from 2 until 5 o'clock on Friday for the Women's auxiliary of St. Michael's church. Mrs. B. R. Ringwall will entertain the women on next Friday.

The Daughters of the American Revolution were entertained on Monday afternoon at the home of Mrs. S. D. Barkalow, a program of unusual interest. The program was read by Miss Anna Adams on the early fur trade of Nebraska, and by Mrs. Harriet MacMurphy on "Bellevue." Mrs. Wilhelm sang. It was decided by the women to adopt the mite boxes in which they are each to place 1 cent a day to go to a fund for purchasing a monument to mark the site of old Fort Atkinson. The next meeting will be held on the evening of December 10 at the home of Mrs. E. P. Peck.

The department of political and social science will be in charge of tomorrow afternoon's program at the open meeting of the woman's club. Miss Helen Hoagland will sing two numbers. Mrs. E. G. McMillen will speak of the Consumers' League. The label of the league will be posted for the inspection of the women and they will be urged to familiarize themselves with it and ask for articles bearing it when buying.

Mrs. A. M. Edwards will present a paper on "Nebraska's Charities." The program will close with a trio, Miss Grace Hancock, piano; Mrs. J. I. Cook, violin, and Mr. E. France.

For the benefit of the Home Queens, Mrs. H. S. Jaynes will open her home for a piano recital on the evening of November 23. Mrs. G. H. Cudaky, Mrs. B. James Rush, Mrs. T. J. Mahoney and the Philharmonic quartet will furnish the program.

There will be an informal tea at the close of tomorrow afternoon's meeting of the Women's club, in honor of the visiting women, and that the meeting of the club may have an opportunity of meeting them. Light refreshments will be served.

LAME BACK? IT'S KIDNEY TROUBLE!

Vice Commodore Adam Freudenstein, G. A. R., Custer Post, says he was permanently cured of lame back, kidney and bladder trouble by

WARNER'S SAFE CURE

A TRIAL BOTTLE OF THIS THE WORLD'S GREATEST KIDNEY CURE SENT ABSOLUTELY FREE TO EVERY READER OF THE BEE FROM KIDNEY, LIVER, BLADDER OR BLOOD DISEASE.

The following letter from Commodore Freudenstein is a sample of thousands of unsolicited letters received from grateful men and women cured by Warner's Safe Cure.

TACOMA, WASH.
I am pleased to say that I have the greatest confidence in Warner's Safe Cure. I suffered for years with lame back, kidney and bladder troubles contracted in the army, which nothing seemed to help until I tried Safe Cure. A few bottles did more for me than all the doctors and medicine I had previously tried. It has permanently cured me. I now feel strong and well, and though at an advanced age can enjoy life, thanks to this medicine.

Adam Freudenstein
Senior Vice Com., G. A. R., Custer Post.

Thousands of Men and Women Have Kidney Disease and Do Not Know It Until It Has Developed into Bladder Trouble, Rheumatism, Diabetes or Bright's Disease.

Bright's disease, diabetes, rheumatism, rheumatic gout, uric acid poison, jaundice, gravel, catarrh of the bladder, painful passage of the urine, a frequent desire to urinate, especially in the night, a dull, dragging ache in the small of the back, pains in your groin and the lower bowels, sore joints and muscles, distension, pains in the back of your neck, torpid liver, eczema and scurfy, yellow, sallow complexion, coated tongue, tired, worn-out, nervous feeling, lack of energy and ambition, are all caused by weak, unhealthy kidneys, neglected, and they indicate that disease has been of long standing, as these outward symptoms seldom make themselves known for many months.

THIS SIMPLE HOME TEST WILL TELL.

Let some urine stand for twenty-four hours in a glass or bottle. If there is a reddish sediment in the bottom of the glass, or if the urine is cloudy, or if you see particles or germs floating about in it, your kidneys are unhealthy. You should take Safe Cure to arrest all these unnatural conditions and prevent serious complications. If after you have made this test, you have any doubt in your mind as to the development of the disease in your system, send a sample of your urine to Mr. Dr. P. T. Warner, 250 Broadway, New York, N. Y. and our doctors will analyze it and send you a report with advice free.

Women may write with perfect freedom, as all letters from women are read and answered by a woman doctor. All correspondence strictly confidential.

Cures All Kidney Diseases
The free trial bottle has cured many light cases which were discovered in the early stages by the simple test.

Safe Cure purifies and strengthens the kidneys and enables them to do their work; it will cure rheumatism, rheumatic gout, diabetes, Bright's disease, uric acid poison, gall stone, inflammation of the bladder and urinary organs and female weakness, and restore the patient's health and vigor.

Safe Cure is purely vegetable and contains no narcotic or harmful drugs; it is free from sediment and is pleasant to take; it completely cures and kills the disease germs.

WARNER'S SAFE PILLS move the bowels gently and at a speedy cure.

You can buy Safe Cure at any drug store. Two regular sizes, 50c and \$1.00 a bottle. REFUSE SUBSTITUTES. There is none like it. Beware of cheap imitations. This cure is the full guarantee. Only absolute cure for all forms of diseases of the kidney, liver, bladder and blood.

Beware of so-called kidney cures full of sediment and of bad odor—they not only do not cure, but are positively harmful.

SAMPLE BOTTLE "SAFE CURE" FREE.

To convince every sufferer from diseases of the kidneys, liver, bladder and blood, that Warner's Safe Cure will cure them, a sample bottle will be sent absolutely free postpaid.

Also a symptom blank and a valuable medical booklet which tells all about the diseases of the kidneys, liver and bladder, with a prescription for each disease, and many of the thousands of testimonials received daily from grateful patients who have been cured by Safe Cure. This material will be sent to you absolutely free. All you have to do is write Warner's Safe Cure Company, Rochester, N. Y., and mention having read this liberal offer in The Omaha Bee.

BIRNEY WILL GET HIS MONEY

Chicago House Wrecking Company Finally Decides to Settle with Beatrice Man.

After fighting the case in every court of the United States having jurisdiction the Chicago House Wrecking company has finally decided to pay Otto C. Birney of Beatrice the amount awarded to him in 1901 by a jury in Judge Munger's court.

Birney was employed by the company in removing the buildings from the Omaha exposition grounds. While engaged in wrecking the Liberal Arts building, under post supporting a large portion of the roof from its position. The roof fell upon his head and he was seriously injured. He sued the company and was awarded \$5,000 at the second trial of the case. This verdict was affirmed by the court of appeals.

The defendant asked for a writ of certiorari from the United States supreme court after the appellate court had refused to grant an appeal from its decision. This writ was denied at the last sitting of the court. The interest on the amount awarded by the jury is now \$965.

Stepped Against a Hot Stove.

A child of Mrs. George T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove, which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep and in less than two weeks was well. Mrs. Benson is a well known resident of Kellar, Va. Pain Balm is an antiseptic, soothing and especially valuable for burns, cuts, bruises and sprains.

Woman's Work in Club and Charity

carried out a long-cherished purpose in the establishment of Hull House, in what was regarded as one of the worst slum districts of Chicago. By her sympathetic attitude toward the large number of poor laboring people with whom she is constantly thrown in contact in her settlement work Miss Adams has become among the most prominent personalities for good in Chicago. Hull House is located on South Halsted street in a district densely populated by Bohemians, Poles, Italians, Greeks and numerous other foreign peoples found in large numbers in Chicago. In Miss Adams' lecture Tuesday evening she will speak on practical subjects, and those who are privileged to hear her may expect something which, with the proper will and attitude, may be put into practice in any community similar to that in which she has been working. Club women and others are taking an active interest in this lecture. Miss Adams will be given a cordial reception on Tuesday evening.

The semi-annual meeting of the Women's Foreign Missionary society of the district of Omaha was held on Friday at the First Methodist church. It was an all day session. The morning was occupied with the reports, among the most interesting and important of which was that of the general executive meeting recently held in Minneapolis, given by Mrs. F. F. Porter. Luncheon was served at noon by the women of the First church. An address by Mrs. W. P. Harford and the election of officers was the important part of the afternoon program. Mrs. D. A. Foote was elected president. Mrs. A. L. Mickel and Mrs. Head of South Omaha, vice presidents; Mrs. F. F. Porter, treasurer, and Mrs. Peterson, secretary.

The Women's Home Companion for October publishes an illustrated article of Oxford college of Oxford, O. It is one of the western colleges for women that are rapidly gaining popularity.

is caused by the paralysis of delicate nerve filaments controlling the pelvic circulation. The blood in the swollen veins becomes laden with morbid materials which, being carried into the general circulation, injuriously affect the nerve cells, frequently causing Locomotor Ataxia or other form of paralytic disorder.

Where Varicocele is an accompaniment of nervous diseases, a necessary preliminary step in the cure of the nervous conditions is to cure the Varicocele.

I avoid the knife in curing this condition. No detention from business. The functions are fully restored to their normal state. Never is there loss of function, as is often the case where the vessels are cut, injected or punctured or burned with an electric needle. A complete cure is guaranteed. Do not be deceived into allowing part of the tissues to be removed. What you want is to have them restored to their normal condition. You will have a loss of function in proportion to the vessels destroyed. Have you suffered with nervous complication and made poor recovery? If so, I can assure you a complete restoration to perfect health, strength and vitality.

I also cure, to stay cured, BLOOD POISON IN ANY STAGE, STRICTURE, NERVOUS DEBILITY and all reflex complications and associate diseases and weaknesses of men. To these maladies alone I have earnestly devoted 25 of the best years of my life and claim advantages over other physicians in their treatment. I make no charge for private counsel and give each patient a legal contract in writing to hold for my promise. If afflicted it is your duty to investigate a cure that has made life anew to multitudes of men.

If you cannot come to my office, write me your symptoms fully. My home treatment is successful and strictly private.

Office Hours—8 a. m. to 8 p. m.; Sundays, 10 a. m. to 12:30-p. m. Address.

USE JUDGMENT

A dollar paid for results not obtained is more expensive than \$200 if you get what you pay for. There are doctors who give maximum results at minimum cost, and doctors who give minimum results at maximum cost. There are good lawyers and poor lawyers; good merchants and poor ones; good doctors and fake doctors. Thorough advertisements of the itinerant mushroom are not always a safe guide in forming conclusions. New medical companies are constantly coming and going and people desiring treatment owe it to themselves to know beyond question that their physician is reliable and trustworthy.

VARICOCELE

is caused by the paralysis of delicate nerve filaments controlling the pelvic circulation.
