COMPERS AND SCHAFER ROW

Revive Old Steel Strike Quarrel at Federation Meeting. COMMITTEE WILL INVESTIGATE CHARGES. Trouble Arises Out of Steel Man's Allegation that Mitchell and Others Were Guilty of Ununion-Like Conduct.

NEW ORLEANS, Nov. 17.—Either Theodore Schaffer, president of the Amalgamated Association of Iron, Steel and Tin Workers, or Samuel Compers, president of the American Federation of Labor, is destined to pass under a cloud. It is a fight to the finish, with the odds in favor of Compers. The trouble, which so suddenly came to a point in the convention of the American Federation of Labor, this morning, is an echo of the great strike against the United States Steel company. After his association had been defeated, Schaffer uttered charges of a serious nature against Compers, John Mitchell, president of the United Mine Workers, and Frank Sargent of the Brotherhood of Railway Trainmen. He asserted that the organizations over which these men presided had, while listening to the advice of their leaders, refused to lend a helping hand to the Amalgamated association, had even fought against it in the dark.

Mr. Schaffer of the Amalgamated association brought the matter before the convention today. A full bench upon the convention and Mr. Compers, delegating Wilson of the Mine Workers to take the chair. Committee is Appointed. Mr. Wilson took the gavel and read the resolutions as follows, which Sheridan had of free. Whereas, President Schaffer of the Amalgamated Association of Iron, Steel and Tin Workers, at the last convention in Wheeling, W. Va., made charges against President Compers of the American Federation of Labor, and against John Mitchell, president of the United Mine Workers, and Frank Sargent, president of the Brotherhood of Railway Trainmen, and reported its findings to the convention in order that the truth may be known.

Instantly Mr. Compers was on his feet and Mr. Schaffer started toward the front of the platform, both intent on securing the withdrawal of the objection. Mr. Compers first said: "I hope my friend will withdraw his objection." "All right, I withdraw it," was the reply. Mr. Mahon of the Street Carriers' association at once made a motion that the matter be referred to a special committee of five. Vice President Duncan offered an amendment, which was accepted, and it was decided that Mr. Compers should name two members, Mr. Schaffer two and the fourth a fifth. This motion was adopted by the convention and Mr. Compers named John A. Agard of the Glass Bottle Blowers' association, Mr. Shaffer, J. M. Slayton of the Carpenters and Joiners and W. H. Haskins of the United Mine Workers of Ohio.

When the committee met later but three members were present and it was decided not to appoint the fifth member and attempt work until tomorrow. A resolution that before any union shall make a demand for a change of wages or conditions it be referred to the central body for action was reported as ready for action by the committee, which committee it was referred, and its action was sustained by the committee. President O'Connell of the machinists declared that insufficient time had been given committee to complete their work, and asked for an adjournment until Tuesday morning, in order that the convention could proceed more rapidly with its labors. His motion prevailed and an adjournment was taken.

EXPLOSION FOLLOWS A FIRE

Two Persons Are Killed and Ten Injured. Two Perhaps Fatally. DEATH RECORD.

Well Known Capitalist. WEBSTER CITY, Ia., Nov. 17.—(Special Telegram.)—A. Alexander of Jewell, one of the best and widest known capitalists of Hamilton county, died suddenly in this city this afternoon. He came to the city on the noon train and went to the Hamilton County State bank to see his son, F. H. Alexander, the cashier. While standing in the lobby he was suddenly stricken with paralysis. Doctors worked over him for an hour and a half when he was removed to the home of his son, where he died at 3 o'clock. He was 61 years old.

FOOD TO USE

When Doctor is Not Convenient. Many people dislike to call in a doctor until it is absolutely necessary; frequently a change of food will work wonders. A young lady in Russellville, Ky., says: "I was taken ill six weeks ago, and could not take solid food, which was only allowed to eat soup and milk. In about a week I got so weak and nervous that I could not sleep. Father wanted to call in a doctor, but I objected, as I didn't feel I needed 'medicine' as much as good food. The next day father had to go to town, and brought back a package of Grape-Nuts with him, and I commenced to eat it twice a day in milk. I would get hungry for it from one time to the next. In a few nights I could sleep soundly all night, and in two weeks I was up and had actually gained flesh, and was soon as strong as before I got sick. I would not have believed Grape-Nuts was for anything, and my friends comment on my looks. I tell them I owe it to Grape-Nuts and recommend it to all who complain with stomach trouble, which is the general complaint in this neighborhood." Name given by Postum Co., Battle Creek, Mich.

GRAIN RATES ARE INCREASED

Wheat and Corn Shipped to the East Will Cost Two Cents More Next Month. CHICAGO, Nov. 17.—Western traffic officials agreed today to advance the export rates on wheat and corn from points west and southwest from the Missouri river to the east and from the Missouri river to the gulf 2 cents per hundred pounds. The rate on wheat from the Missouri to the Mississippi will on December 1 be 5 cents and the rate on corn will go up from 7 to 8 cents.

This will make the rate to Chicago on wheat 14 cents instead of 12 and on corn 13 instead of 11. The new rates apply to export business only. This is claimed to be merely a restoration of rates. It is understood that a similar advance in east bound rates on grain from Chicago and the Mississippi will be made by the eastern roads about December 1.

HARRIMAN STICKS TO PLAN

Has Not Abandoned Scheme to Build Road from Salt Lake to Los Angeles. SAN FRANCISCO, Nov. 17.—W. H. Harriman, president of the Great Salt Lake Road, is in this city. His headquarters are at Salt Lake City and he says his trip to the coast is partly for pleasure and partly for business. In an interview he said: "The report that President Harriman has sold 300 miles of the track out from Salt Lake to Senator Clark is untrue. President Harriman has not abandoned the plan of building a road from Salt Lake to Los Angeles and work is now being pushed on this new road. I wish to deny emphatically that an agreement between President Harriman and Senator Clark has been entered into."

WABASH IS IN FOR RATE WAR

Clover Leaf Threatens to Carry Passengers for Half Present Fare. TOLEDO, O., Nov. 17.—A passenger rate war is threatened between the Clover Leaf and the Wabash which will demoralize rates from all eastern points to St. Louis. The Clover Leaf is preparing a tariff which will cut the Toledo-St. Louis rate almost in two. A meeting of the interested lines has been called to adjust the matter.

John J. Roberts of New York State is Here Looking for His Nephew. Hon. John J. Roberts of Ceres, Allegany county, N. Y., is in the city on a search for his nephew, Paul T. Roberts, who has been missing since November 9. Paul Roberts is an attorney who some time ago graduated with the highest honors at the University of Syracuse, New York, and about October 8 left his father's house at Eldred, Pa., to secure a location to open a law office. He spent some time in Minneapolis and St. Paul and then informed friends in this city that he was going to Omaha to open an office. On his way here he spent November 9 at Eagle Grove, Ia., since which time all trace of him has been entirely lost.

BITE OF FLY CAUSES DEATH

Physicians Unable to Save Victim and Believe Insect Was Infected with Germs. NEW YORK, Nov. 17.—Hermann Kaufman, the 3-year-old son of a tobacco dealer, living in the Bronx, has died from the effects of a fly bite inflicted last Wednesday. A few hours later a small spot made by the bite developed to a swelling which extended over the entire cheek. This swelling continued to spread until the whole upper portion of the child's body was distended. The doctors were powerless to give relief and the little victim died.

SAN FRANCISCO, Nov. 17.—The Japanese fleet will maintain a permanent Pacific fleet in American waters.

DIVIDES PASSENGER TRAINS

Union Pacific Railroad Lightens the Loads for Its Local Motives. The Union Pacific has resorted to the expedient of dividing its passenger trains to enable them to make something like a schedule time. When No. 2, the fast mail train, was divided into two sections the statement was given out from the headquarters that it was done as a means of improving the running time, that since the traffic had so materially increased it was impossible, most of the time, for this long train to make its schedule.

THEORY ADVANCED SHORTLY AFTER

Resignation of General Manager Dickinson of the Union Pacific that a general superintendency would be created to take the place of the general manager and that Superintendent of Transportation Buckingham would be selected, temporarily at least, for the latter place, seems amply justified in an appointment which is announced at Union Pacific headquarters over the signatures of Mr. Buckingham and President Burt.

THIS APPOINTMENT IS WILLIAM D. LINCOLN

as car service agent, who is to have charge of the entire car equipment, and all communications and reports with reference to the movement of cars and time freight, mileage, etc., should be addressed to him. This work formerly was done by the superintendent of transportation, Mr. Buckingham. Prior to Mr. Buckingham's accession to the superintendency of transportation, however, he held the car service agency under that title, but when he was given large duties he dropped the title and it has since been obsolete at Union Pacific headquarters. As has been said, Mr. Buckingham now occupies the office rooms of former General Manager Dickinson, retaining the title of superintendent of transportation. His duties, however, make him practically general superintendent.

MR. LINCOLN HAS BEEN CHIEF CLERK TO MR. BUCKINGHAM

and his promotion is regarded as a just reward of merit. Several other changes in Union Pacific clerical ranks have been occasioned in the general freight department by the resignation of Charles Wingo, formerly chief clerk in that department. Mr. Wingo has left the service and gone to Chicago. His position was taken by Rhody Kennedy, who was next in rank to Mr. Wingo. Other clerks affected by the change are Harry Lindsay, Guy Thomas, Leslie Campbell, Cornelius Webster, Maurice Moore, Fred Larson and Thomas A. Lewis.

Thousands of Women Suffo

and Many Die, Owing to False Treatment. PAIN'S CELERY COMPOUND. Never Fails to Banish Disease and Re-Establish Lasting Health.

Thousands of women are kept in sickness for months and years owing to false treatment and the use of worthless medicines, and we are inclined to believe that Milton thought of this class of almost dying women when he said: "Direct angelic guards ascended, mute and sad."

The common sense treatment of today for weak, run-down and suffering women, is Paine's Celery Compound. This marvelous medicine is spoken of in every part of the civilized world, and men and women of all classes derive new life from its use. M. Elizabeth Messick, Marietta, O., writes about her rescue from a low condition of physical weakness, she says: "Eight years ago I was most successfully operated on for an ovarian tumor, weighing twenty-five pounds. After the operation I was so weak that I was unable to walk, and I was confined to my bed for several months. I was then 18 years old, and had three years more of school work. Your compound is the only thing I have to thank for strength during the last three years at school. Now, I am eight months of each year in the south in home missionary work among the freedmen. This last spring I would have had to give up, but one bottle of Paine's Celery Compound made me over again. My sister cured her ectopic with Paine's Celery Compound. We recommend it to all."
