BRUSSELS IS A CENTER OF ANARCHY

Strangled Daughter Telegraphs Congratulations to Her Father Personally Upon His Escape from the Would-Be Assassins.

BRUSSELS, Nov. 18.—Rubino, the anarchist who attempted to take the life of King Leopold last Saturday, has been confronted with another well known anarchist named Mesdag, and attempted to implicate him in the crime, but broke down under cross examination.

In his cell Rubino continues to express regret at his failure to kill the king and declares that he will commit suicide.

It is certain that Brussels is just now one of the most active centers of anarchism. A large number of Italian anarchists recently left London for Belgium.

Countess Lonny (Princess Stephanie of Belgium) telegraphed from Buda Pesth her congratulations on her father's escape, not only to the king personally, but also to all the members of the Belgian court.

Don't Accept Counterfeits.

For piles, skin diseases, sores, cuts, bruises, burns and other wounds nothing equals DeWitt's Witch Hazel Salve. Don't accept counterfeits. None genuine except DeWitt's. I have suffered since 1865 with protruding, bleeding piles and until recently could find no permanent relief.

says J. F. Gerra of St. Paul, Ark. "Finally I tried DeWitt's Witch Hazel Salve, which soon completely cured me."

Doubts Suicide Story.

SIoux FALLS S. D., Nov. 18.—(Special Telegram.)—A local paper which investigated the report of the suicide last week of William S. Doty, a former resident of Salem, S. D., at Butte, Mont., is in receipt of a telegram from that city which indicates that the report of the suicide was an error.

According to information from Butte, Doty left that place last Saturday morning with a party of friends for the mountains in search of bear. One peculiar feature is that the Butte telegram states that Doty has lived in that city for several years, when as a matter of fact the William S. Doty who formerly lived at Salem and was a prominent member of the Sioux Falls Elks lodge, did not go to Butte until a few months ago, he having been in Sioux Falls last spring. The report of his suicide was given out here by a well known resident of Salem, a personal friend of Doty and there was no reason to doubt that it was true.

BABY IS NOT IN THE RIVER

Part of Story Written by Mrs. Sechrest is Certainly Not True.

TOTALS ON STATE TICKET MADE UP

Library Commission Preparing Its Report for the Legislature—Burglars Active in Country Towns.

(From a Staff Correspondent.)

LINCOLN, Nov. 18.—(Special.)—At least part of the story told by Mrs. Albert Sechrest in the note she left on the banks of the Missouri river at Leavenworth yesterday is untrue. In that she said that she and her baby went to first rest on the river. The fact is that the baby is here in Lincoln, in the custody and care of its grandparents, and the reporters who have investigated the case are of the opinion that the mother is not far away. Several months ago her presence in the home of her father, John W. Strize, a real estate agent, was strenuously denied, but it was afterwards proven she was here all the time. As the child is but 2 months old, it is figured that she is here in hiding, and that the note was simply another symptom of her craving for notoriety.

Her father says positively she is not here, and is inclined to think that she has committed suicide. He says she was in such a mental state that it is not unlikely. Once before she ran away from Kansas City, on the eve of a trial of a damage suit against Zora for killing Sechrest, when Zora's attorney discovered a man who said that she was his wife, and that during the time she lived with Sechrest she was supposed to be away visiting friends.

Pair of Burglars.

The gang of burglars which is making a specialty of robbing stores and banks in country villages invaded Lancaster county last evening. At Waverly they were caught in the act of breaking into Branden & Anderson's store, but escaped after exchanging shots with Marshal Wong. Later in the night they returned to the store of W. J. Weller, at Raymond, and got away with \$200 worth of stuff. They repaired to the Union Pacific tracks and stealing a handcar rode towards Lincoln. The abandoned car was found a mile west of West Lincoln this morning. The bloodhounds which occupied the attention of the court today. This case was tried in the district court here last year, but the decision of the jury was set aside by the court and a re-hearing granted.

Security of Laborers.

Teamsters have more work than they can do and are getting \$3 a day and more.

The boy first denied any knowledge of the matter, but finally admitted that he had taken them and pointed out the hiding place to the officers. Only two sets were recovered.

About four inches of snow fell here night before last, but has melted. It will not hurt the range any as the grass is all cured by this time.

PRESIDENT KILLS NO BEARS

Brin Evades His Rifle to End and is Now Safe.

ROOSEVELT'S BAD LUCK STICKS TO HIM

Breaks Camp Unsuccessful, but Promises to Return and Pay Animals for Trouble They Have Caused Him.

(SMEDES, Miss., Nov. 18.—President Roosevelt's bear hunt in Mississippi is over and he has not had a single shot. The last day of the chase was simply a repetition of his previous bad luck, for try as the hunters would, they could not get a bear within range of his rifle.

The dogs got a fresh trail early this morning and the president and Holt Collier followed it half a dozen miles to the Big Sunflower river. The bear crossed a mile below the ford they went to and heaving it was making for the casabrate on the other side, they endeavored to lead it off. When they got into the brake, they were disgusted to find brin had doubled on his track and crossed the river still further down. It was then 1 o'clock and as arrangements had been made to break camp at 2:30 the president was compelled to abandon further pursuit.

Heim Kills a Doe.

While the president was after bear, Dr. Louis Major Heim and Mr. Cortleyou had a more successful drive on this side of the Big Sunflower. They jumped up a buck and doo and Major Heim killed the latter from his horse at about forty yards.

Although he has failed to kill a bear, the president has enjoyed his outing and philosophically attributes his ill fortune to the traditional hunter's luck and says the next time he goes after bear he will arrange to stay long enough for the luck to change.

Breaking up camp today was an interesting proceeding. The outfit was loaded into six mule wagons, the beds and sides of which were formed of the boards used for the table and tent floors. The deer killed today and the bear killed yesterday were loaded and will be taken to Washington on the special train.

When all was in readiness the president and members of the party mounted their horses and rode into Smedes, leaving the wagons to follow. The distance, which is fully twelve miles, was covered in less than an hour.

Upon his arrival here he found fully 500 people, practically all negroes on the surrounding plantations assembled to greet him. He thanked them for their demonstrations but made no speech.

Library Commission Meets.

The State Library commission, composed of Frank L. Haller, Omaha; Lee Herdman, state librarian; Superintendent Fowler, Chancellor Andrews and Librarian Wyrw of the State university, and Miss Edna D. Bullock of Lincoln, met this afternoon to formulate a report to the legislature. In the main the report consists of the one made at the meeting by the secretary, Miss Bullock. She says that the commission, which has charge of traveling libraries, had aroused great interest in the various cities and towns that are without library facilities. The total circulation has been very large. Continuing, she said:

The commission has led to a great growth of interest in the subject of libraries throughout the state. In twenty-five towns in the state where there is no library the commission has excited such an interest that in each of the prospects for a library supported by the municipality are good. At Milford, Stromsburg, McCook, Wahoo, Sidney, steps in that direction have been taken already. At Osceola and Fairbury new libraries have been installed within the last few months.

At the present time thirty circulating libraries are in use throughout the state and several are in process of arrangement preparatory to being sent out. Valley a few days ago donated a set of books for one traveling library, thus under the rules of the commission becoming a permanent station. Valley is the third town to take advantage of this provision.

Forty-four places in thirty-one counties have had traveling libraries so far. Sixty seven trips have been made, counting those that are in the present time. Five thousand five hundred and twenty-one persons have been served with books, making an average of six and a half persons to a book. This, and the secretary, is a far higher average per book than obtains in any public library of the state.

Russell Fights for Liberty.

In supreme court today arguments were presented in the case of the state against Charles Russell, who has twice been convicted of the murder of Alois Staudenmier in Sioux county in May, 1890. Russell is a young ranchman, and Staudenmier is said to have been a cattle rustler. The latter was found lying dead upon the prairie under circumstances which led to the arrest of Russell for his murder. On the first trial, which occurred in Sioux county, Russell was convicted of murder in the first degree. His case was brought to supreme court, a reversal secured and a change of venue taken to Dawes county, where he was again convicted, but for murder in the second degree. It is upon this conviction that the case is now in supreme court the second time. Associated with the attorney general in the prosecution of the state case was M. F. Harrington of O'Neill, while Russell is represented by A. W. Crites of Chadron and W. H. Fanning of Crawford.

"SAVED FROM AN UNTIMELY GRAVE."

Deputy County Clerk Anderson, of Burnett, Cal., Cured by Peruna of Catarrh of the Lungs.

A Remarkable Experience with Peruna After Being Given Up to Die.

BURNETT, CAL.—Mr. Andrew Anderson, Deputy County Clerk, Louisbebro county, Cal., and Ex-Postmaster, writes:

"No one seeing me today would think that I was at death's door a few years ago with pulmonary troubles. I had frequent bleeding of the lungs, my stomach was out of order and when I came here for my health no one thought I would recover.

"My brother in the east had been cured of a very hard cold on the lungs by using Peruna and he wrote me and advised me to try it. I had little faith but thought I would give it a trial. I noticed a change in my appetite the very first week and found that I soon began to sleep well. Gradually I began to feel better and took on flesh. Recovery was slow for I was so far gone, but after seven months steady use of Peruna I was my old self once more.

"I now weigh 175 pounds, am in fine health and spirit and have been a well man for two years, thanks to Peruna. It certainly saved me from an untimely grave."—Andrew Anderson.

A Congressman's Letter. Hon. J. H. Huling, Ex-Member of Congress from West Virginia, writes: "Peruna as a cure for catarrh is beyond all question and has been proven by many of my friends who have benefited by its use."—J. H. Huling, P. O. Address, Charleston, West Virginia.

Consumption Often Caused by Catarrh. Very few understand thoroughly that consumption is caused by catarrh. It may have begun as catarrh of the head or throat. It silently and gradually creeps down the bronchial tubes to the lungs. After the catarrh has reached the lungs it sets up the disease known as consumption. Peruna is not recommended as an infallible cure for consumption. It is not likely that any remedy will cure consumption after the disease is fully established, but Peruna will cure catarrh. It will cure catarrh after it has reached the lungs, if it is not put off too long.

Many cases of catarrh of the lungs that have been pronounced consumption and given up to die are cured by Peruna. This
