The debate is expected to determine Council Bluffs' choice of sides in the contest with Sioux City.

TEACH PHYSICAL CULTURE

Board of Education Decides to Add Instruction in All Grades.

BIDS ON FIRE ESCAPES ARE LAID OVER
Teachers Prohibited from Taking Any Outside Work Without First Obtaining Permission from the Board.

Physical culture is to be taught in the schools of Council Bluffs. This was practically decided upon at the meeting of the Board of Education last night when arrangements were made whereby Miss Frances Wright, one of the kindergarten teachers, will instruct the teachers of the city schools and they in turn will impart to the pupils under them the knowledge they derive from Miss Wright. Teachers' classes in physical culture will be held once a week in the high school auditorium by Miss Wright, who in addition to her present salary as kindergarten teacher will receive \$10 a month for this work. In the near future arrangements will be made for the teaching of physical culture in all grades. Miss Wright a year ago took a special training in physical culture and is said to be well qualified to instruct the other teachers.
Owing to the absence of Chairman Cooper of the committee on buildings and grounds, several bids which had been filed with the secretary for the erection of the fire escapes on the Washington avenue, Bloomer and high school buildings were not opened, although several of the bidders were present. President Sargent was in favor of opening the bids as he believed this matter had been delayed too long already but the other members did not like to assume the responsibility in the absence of Mr. Cooper. It is expected that a special meeting will be called in a few days when the building will be opened and the contracts awarded.
No Work Outside.
Henceforth no teacher in the city schools will be permitted to engage in any work outside her regular duties without obtaining permission from the committee on buildings and grounds. This resolution was passed last night, the matter being brought up by the request of Miss Jensen of the High school faculty, that she be permitted to teach classes of the Council Bluffs Woman's club foreign language department after school hours. Miss Jensen had previously been given permission to teach these classes on Saturdays, but this did not suit the convenience of the club women, and they wanted the benefit of Miss Jensen's instruction Tuesday afternoons. The permission was granted subject to revocation at any time the board might find that it interfered with her regular work in the high school.
The salaries of Janitors Crum of the high school and Simpson of the Washington avenue building, were raised \$10 on recommendation of the finance committee. It was decided to give Charles Harvey and four other young men \$10 as a reward for supplying information which led to the arrest of a number of youths who did \$40 worth of damage at the Gunn school house Halloween. The boys, who were admitted doing the mischief, were discharged by Judge Scott after he had read the four other young men \$10 as a reward to do it again. The fact that the boys had been arrested or that any damage had been done at the school house, appeared to be news to a majority of the members of the board.
In presenting his report for the second month of the school year ending October 31, Superintendent Clifford called attention to the fact that the enrollment had reached the 5,000 mark, the largest at this time of the year in the history of the schools. The average daily attendance, 4,448, he also stated was the largest in the history of the schools.

JUDGE CENSURES REFEREE

Nothing Done in Bankruptcy Case Except File Up Fees for Those Concerned.

TESTIMONY IN FAVOR OF LEVICH
Iowa Congressman in Caucus Decided to Give the Vote of the State to Cannon of Illinois for Speaker.

(From a Staff Correspondent.)
DES MOINES, Nov. 18.—(Special.)—Federal court opened here today for the northern district of Iowa and Judge McPherson took occasion in the first call of cases to pass severe strictures on those who were managing a certain bankruptcy case. The case was that of M. Glucklich of Perry, who went into bankruptcy and was accused of having concealed a large sum of money which he had received from sales in the few weeks previous to his failure. The whole matter was referred to a referee. Today the court declared that absolutely nothing had been done in the case, but to make fees for attorneys and others. The referee had been so busy that he would not even reply to the letters of the judge. He gave it out that unless a better showing was made he would cause the removal of the referee and have the case straightened out at once.
The important damage case of Kirby against the Chicago & Northwestern railroad, a suit for \$15,000, was settled out of court after having been before the court in some form for two years.
The grand jury was empaneled with N. M. Harris of Missouri Valley as foreman, but there is no work of any importance for the jury.
Testimony in Levich Case.
In the Levich case in the district court today a strong point was made for the defense in the testimony of H. C. Evans, a lawyer, who stated that he had passed along the street where Isaac Finkelstein was killed and passed the alley only a few moments before the murder was committed, that he saw two colored men in the alley when he passed and that one of them had a club in his hand and that neither one of the men was James Walker. It has been the purpose of the state to prove that Walker was one of the men in the alley and that he was employed by Levich to assault Finkelstein. This testimony came as a complete surprise to the state and will go far toward clearing Levich and Walker. The rest of the testimony of the day related to the circumstances surrounding the case, especially with reference to the troubles the deceased had had with the gangsters and with the city administration.
Conference of Congressmen.
The conference of Iowa members of the next congress in relation to the support of the candidate for speaker was held this evening. Major Lacey and Judge Conner arrived early and the others, with the exception of Thomas, Hepburn and Cousins, came during the afternoon. The conference was entirely harmonious and the action taken was that the Iowa delegation shall unanimously support Cannon for speaker. Those who were not present are pledged to support the action of the caucus.
Discretion of School Boards.
State Superintendent Barrett today rendered a decision in a case from Madison county of general interest in the state among school officers. A local school board had changed the site for the schoolhouse here and the board of supervisors had reversed the action of the board. The state superintendent now reaches the conclusion that the board acted entirely within its discretionary power and that it was not the province of the county superintendent to interfere in such cases. He holds that it will be expected that the board of supervisors is given exclusively to the board and by reason of its better knowledge of the facts in the case its action should have been final.
Renovated Butter Inspection.
M. W. Long, special agent of the Agricultural department, engaged in inspecting the renovated butter factories, is in Des Moines today inspecting the three renovated butter factories in Iowa. The government is now making its first regular inspection of these factories to see that they are properly equipped for the business and are not engaged in violating the law.
Cut Down Assessment.
Iowa miners have received notice from the president of the district union of mine workers that from this time on they will be expected to contribute only one-half as much for the support of the anthracite coal strikers as formerly. There are many of the men in the anthracite region still out of work and they must be supported.

DRY GOODS DEALERS ASSIGN

Whitelaw & Gardiner Stock in the Hands of Trustee for Creditors.

Archibald Whitelaw and John S. Gardiner, proprietors of the Boston store, made an assignment yesterday for the benefit of their creditors and the store is in charge of William E. Muse, representative of John V. Farwell & Co. of Chicago, as trustee for the creditors. The liabilities of the firm amount to about \$40,000, while the stock is estimated to invoice between \$20,000 and \$25,000, but will not bring this at forced sale.
The Boston store was formerly owned by Fotheringham, Whitelaw & Co., who were backed by Finkelstein, Dick and Walker, who controlled a number of similar stores throughout the country. A few years ago when Mr. Fotheringham retired from the firm, John S. Gardiner became interested with Mr. Whitelaw in the business.
The John V. Farwell company of Chicago is the largest creditor, but their claim of \$7,200 is partly secured by a note for \$5,000, endorsed by local friends of Messrs. Whitelaw and Gardiner. The Commercial bank of this city is also said to be a heavy creditor.

STOP COUGHING

You must stop that coughing at once, or before you know it young lungs will be affected and your life endangered by pneumonia or consumption. At this time of the year you must be particularly careful, as throat and lung troubles are hovering around.

DEATH IS NEAR

of times nearer than you can possibly imagine. Only last week a strong, robust young man, in the prime of life, who was a pip-pip young fellow, died of pneumonia. He had a slight cough. It was so slight that he paid no attention to it, and in a spirit of bravado continued his office work. In four days it went to his lungs, and he died from pneumonia within a week. Many such cases are happening every day, and every one of them can easily be cured by

DUFFY'S PURE MALT WHISKEY

The dose is a teaspoonful in a half glass of water every two hours until the cough is cured. It is a SURE CURE. It will cure any cough in 24 hours if the patient will use it as directed.

CURED WEAK LUNGS

Dear Sir—Having suffered with weak lungs, severe cough and loss of appetite, I tried nearly all medicines, but without benefit. A few weeks ago, on advice, I commenced the use of your Pure Malt Whiskey. My appetite improved almost immediately, my cough stopped and my lungs are as strong as ever, my strength has returned, and I shall continue its use. Respectfully,
FREDERICK WHITING, No. 106 C St., N. W., Washington, Jan. 4, 1902.

STOPPED HEMORRHAGES

Gentlemen—My lung trouble is two years old. Had about eight or ten hemorrhages, which broke me down in weight and strength. The last, in February, was the most severe. I could not see another summer. When I commenced to take Duffy's Pure Malt Whiskey my weight was 117 pounds; my weight today is 125 pounds; made a good improvement in every respect, and am stronger than I was; no hemorrhages since I used the Whiskey.—GOTTFRIED EBER.

IT IS ABSOLUTELY PURE

Duffy's Pure Malt Whiskey cures, coughs, colds, consumption, grip, bronchitis and pneumonia. It stimulates and enriches the blood, aids digestion, builds up the nerve tissue, tones up the heart and fortifies the system against disease germs. It promotes the growth of the old young and the young strong. It contains no alcohol and is the only whiskey recognized by the government as a medicine. This is a guarantee. **CAUTION—**When you ask for Duffy's Pure Malt Whiskey, be sure you get the genuine.
