WORKING ON HIS MESSAGE

President is Expected to Complete the Document on Tuesday.

POLICY NOT DISCUSSED WITH VISITORS

Excepting for the General Understanding as to the President's Views No Forecast Can Be Made Concerning Message.

WASHINGTON, Nov. 24.—President Roosevelt will put the finishing touches on his annual message to congress tomorrow.

The document is practically completed now, but it is the president's desire finally to consult several of the leaders in both branches of congress as to one or two features of the message before he commits it to the hands of the printer.

This was a day of conferences at the executive office. The president arrived in his office early and soon was besieged by callers. With several senators and representatives he had engagements and he declined to see all others.

During the hours until luncheon time the president had brief conferences with Senators Allison of Iowa, Lodge of Massachusetts, Foster of Washington, Quay of Pennsylvania, Fairbanks of Indiana, Stewart of Nevada, McCombs of Maryland, Blaine of West Virginia and Gibson of Montana and with Speaker Henderson and Representatives Cannon of Illinois, Babcock of Wisconsin, Bouteille of Illinois and Landis of Indiana.

Nearly every one of the callers was with the president to short a time that no opportunity was afforded to discuss the important questions the consideration of which is involved in the message.

Many of them announced as they left the executive office that they had called merely to pay their respects. Few of them discussed with the president any matters of policy.

With the views of all the president is reasonably familiar. With Senator Quay and with Speaker Henderson the president was in conference for half an hour or more.

The former did not hesitate to express to the president his opposition to any tariff revision, either at the approaching short session of congress or in the next congress. He expects to press in the senate this winter the territorial statehood bills and is very optimistic as to the result.

By agreement the statehood bills will be made the unfinished business of the senate soon after the session begins.

The president conferred with Speaker Henderson about the status of legislation in the house during the short session, but the speaker declined to enter into any details of the conference.

Mr. Cannon had only a brief interview with the president, during which they discussed no public questions.

It is expected the president will talk with some of the republican congressional leaders with special reference to the reciprocity question.

Senator Allison and Representative Cannon later in the day will have a conference with the president.

MAIL CARRIER IN TROUBLE

President of Union Excess Charge of Interfering in Political Campaigns.

WASHINGTON, Nov. 24.—The United States Circuit Service commission has started an investigation into the action of J. C. Keller, president of the National Association of Letter Carriers, during the recent election at which Hon. Eugene F. Louis of California, chairman of the House committee on postoffices and postroads, was defeated.

The charge has been made that Mr. Louis was defeated through the efforts of the letter carriers, assisted by the rural free delivery service employees, who were induced at his opposition to an increase in their pay.

Just who made the complaint against Mr. Keller is not known.

Will Make Affidavit

New Lease of Life for an Iowa Postmaster.

Postmaster R. H. Randall, Dunlap, Ia., says: I suffered from indigestion and resulting evils for years. Finally I tried Kodol. I soon know I had found what I had long looked for. I am better today than in years. Kodol gave me a new lease of life. Anyone can have my affidavit to the truth of this statement. Kodol digests your food. This enables the system to assimilate supplies, strengthening every organ and restoring health. Kodol Makes You Strong.

Keller for violating the rules against taking part in political campaigns is not known, though it was not Mr. Louis.

It is understood that some of the officials of the Letter Carriers' association are afraid that Mr. Keller will be discharged from the service.

MAKES WAR CLAIM RULES

Commission Holds America Responsible for Spanish Liabilities in Cuba.

WASHINGTON, Nov. 24.—The Spanish claims commission has announced the principles by which it will be governed in passing upon the various demurrers submitted in connection with the claims between Spain and Cuba.

The general basis is laid down in assuming the responsibility which would otherwise have been Spain's, the United States is bound to pay all claims for which Spain could have been held. It is further held that the insurrection in Cuba has gone beyond the control of the Spanish government and that it was not responsible for damages done by the insurgents. It, however, it be shown that the Spanish authorities might have prevented damage done in any particular case it will hold that Spain was liable.

It is further held that Spain was entitled to take such measures for the recovery of its authority as are sanctioned by the usages of international warfare. If, however, it be proved in any particular case that acts of the Spanish authorities were contrary to such usages Spain will be held liable.

This decision does not, however, go to the extent of saying that the reconcentration orders were legitimate acts of war. There is to be a further argument on that subject.

Former Senator Chandler, chairman of the commission, and Mr. Maury dissent from the rules adopted.

Urge Civil Service Rules.

WASHINGTON, Nov. 24.—Colonel Emmett Urell, commander-in-chief of the Spanish War Veterans, accompanied by Fred C. Hodgson and G. Layburn Sherry, officials of the organization, today urged the president to place under the civil service all the Spanish war veterans who are now serving the government in a clerical capacity in the Philippines. President Roosevelt promised to consider the request.

NEBRASKA SWEDES WILL AID

Omaha Organize Society to Relieve Stricken Fatherland.

CROP FAILURE THERE CAUSES FAMINE

People Are Eating Their Horses' Flesh and Countrymen Here Propose to Remove the Necessity by Circulating General Appeal.

To relieve conditions of distress now prevailing in central and northern Sweden by reason of the failure of this year's crops, fifty leading Swedes of Omaha met last night at N. P. Swanson's establishment, Seventeenth and Cummins streets, pledged \$120 of their own, selected a central committee of twenty-five members to appeal to the 15,000 Swedish-Americans in Omaha and the 60,000 or more over the state to swell this nucleus, and organized the Nebraska Swedish-American Relief society.

The officers of the organization are: Judge E. M. Stenberg, vice consul for Sweden and Norway, president; Rev. P. M. Lindberg, Swedish-Lutheran church, vice president; G. A. Lindquist, 1419 Farnam street, treasurer, and O. M. Nelson, editor of the Swedish Journal, secretary.

On the Committee.

Serving with these on the committee are: Rev. C. E. Elving, Salem Swedish-Lutheran church; Rev. Emanuel Berg, Swedish Mission church; Rev. Frank Swanson, Swedish Methodist church; Rev. John Carlsson, Zion Swedish Lutheran church; Rev. L. Orlander, Swedish Baptist church; Rev. E. A. Fogelstrom, manager of Emanuel hospital; Theodore Johnson, N. P. Swanson, T. G. Northwell, C. O. Lobeck, John F. Heita, Gustav Andreen, Dr. F. A. Swanson, County Surveyor F. A. Edquist, F. E. Sannvall of South Omaha, A. L. Berquist, S. E. Flodman, Alfred Bloom, John A. Swanson, Albin Johnson, S. K. Burgstrom.

This general committee is to meet Wednesday evening at N. P. Swanson's place to sign the appeal that will be later printed and generally circulated throughout the state. Meanwhile the officers and C. O. Lobeck, N. F. Swanson and Rev. Swanson will meet this afternoon and draft such appeal. The money already pledged and all that may be sent the committee in response to its appeal will be forwarded to Stockholm for distribution by a central relief association there appointed by the Swedish government. Only money is to be asked as the aid is needed at once.

Reason for the Call.

The call for the meeting of last night was issued by Revs. Lindberg, Berg and Elving and N. P. Swanson, who were moved by the articles now appearing in the Swedish papers. The movement is general and Chicago Swedes have already sent \$25,000, though the first steps in this country were taken only about three weeks ago.

Rev. Lindberg who was born and reared in the section now afflicted and who writes that he has corroborated the published reports by correspondence with personal friends made this statement last night of the conditions which have inspired the call:

"For the first time since the total crop failure of 1867, the 1,000,000 people resident in the central and northern portions of Sweden are in actual distress. On two-thirds the total area of the country the crops are a failure, and in the northern half of that section there is no crop at all. The summer was wet and cold, so that the barley, oats, corn and rye developed late and the frosts caught them; then heavy snows came and all was ruin. The southern half of the affected district has saved a crop that is perhaps one-fifth the normal yield."

Indications of the Condition.

"The result is that people are now mixing bark with their rations and killing even their oxen and draft horses for food. This has paralyzed the lumber industry, for railroads in that section there are few and lumber is disposed of only after long hauls.

"Stockholm papers sent special investigators to the place of the reported famine and from them and from government sources obtained confirmation of the worst reports. The correspondent met 100 representative farmers in a special conference and quizzed them. He asked which was worst needed, food for the animals or food for the people, and they answered food for the people. He asked if any had a rye crop and they answered none. He asked if they had opportunity of earning money and they answered none they could rely upon. He asked how long the supplies they then had would suffice and they answered that the food for the stock would last until Christmas, but the food for the people was already practically exhausted. One farmer stated that he was no longer able to send his children to school because he could not divide the meager family support so as to give them enough for a lunch."

A Druggist's Advice.

Mr. C. L. Thompson, a druggist of Danville, Ind., gives the following wholesome advice to his customers: "If you should ever need a remedy for croup or whooping cough, get Chamberlain's Cough Remedy. It absolutely has no equal for the prevention and cure of croup, and if taken in time and according to directions, it is a most excellent remedy for whooping cough and all throat and lung troubles. I would recommend that a bottle of this medicine be kept in the home at all times, especially where there are children in the family."

Valleys in the Chickasaw Indian Nation Are Under Water for Many Miles.

ARDMORE, I. T., Nov. 24.—A serious flood exists in the Washita and Blue valleys in the Chickasaw nation, the country for miles around being under water. In some sections it has rained continuously for fourteen days, causing the rivers to overflow.

She declared she killed Mrs. Conn with a hammer and then shot the man. She made her home with the Conns and twenty-five years ago, while in a rage, shot and killed her husband, but was cleared on the ground of insanity.

SALOON BOND IS WORTHLESS

Suit for Damages Fails Largely on Account of Defective Instrument.

About 2 o'clock Sunday morning the jury agreed upon a verdict. Judge Paul Jessen arrived from his home in Nebraska City this forenoon and the verdict was read, which was in favor of the defendant. During the trial the defendants showed that the bond given to the city by the saloonkeeper was worthless.

The defendant company then took an appeal, with the result that the case was remanded back to the lower court for a new trial.
