Cleaning Off the Sidewalks.

Chief of Police Tibbits was familiariaing himself yesterday with the provisions of the city ordinance relative to the removal of snow and ice from sidewalks, WITNESS IN LIBEL CASE AN EX-CONVICT which he sated he intended to enforce as far as practical. Following the sleet of Tuesday the sidewalks yesterlay were al. Illinois Man Convicted of Swindling most solid sheets of ice, and in but very few instances had any attempt in the business section of the city been made to clean

The ordinance governing the matter provides "that the occupant of each and every basement or building in said city fronting upon any street or sidewalk, or the owner of any unoccupied lot fronting as aforesaid, shall clear the sidewalk of snow and ice by 9 o'clock, and every person omitting to clear off said sidewalk shall forfeit and pay the sum or not more than \$10 for every twelve hours such sidewalk shall remain encumbered after notice from the Mayor, any alderman or any police officer

of said city." Another section of the same ordinance provides for the cleaning of snow from gutters by occupants of abutting buildings, but no attempt has ever been made to enforce it and Chief Tibbits says he will be content if people will only clean off their sidewalks. The patrolmen will be instructed to notify occupants of all business houses to comply with the ordinance.

SURPRISE FOR THE OIL MEN Decision in Favor of Railroad Com pany Takes Them Off Their

EVANSTON, Wyo., Dec. 3 .- (Special.)-Had a bomb exploded in Evanston no more turprise could have been caused than by the announcement from Washington that the secretary of the interior had decided the Spring Valley oil land contest case which was brought by the American Consolidated Oil company against the Union Pacific railroad to prove that the land in question was more valuable for oil mining than for other purposes, in favor of the railroad company. The character of the ground, and the undisputable proof of the existence of oil in paying quantities for the oil company, and with this belief, not only the American company, but many other concerns have gone ahead with development work and have spent thousands of dollars in the vicinity of Spring Valley.

Just what will be done in this matter is not known. At present the oil men are simply paralyzed at the unexpected decision against them. But much will depend upon the action of the Union Pacific. If the railroad chooses to sell its lands, or permit the development of same for an interest in the product, the trouble may be settled amicably, but on the other hand, if William Gall; secretary, W. in a Washing Machine Deal Wants a Rehearing-lowa Contributes Little.

(From a Staff Correspondent.) DES MOINES, Dec. 3,-(Special.)-Judge McPherson of the federal court today made a ruling in the suit for injunction against the labor assembly officers in regard to the telephone strike. At the time of the strike against the Iowa Telephone company in this city last summer a movement was inaugurated to induce business men to take out their 'phones and the labor union peopie were realous in carrying on this movement. The Illinois Savings and Trust company, on behalf of the telephone company, on which it holds a mortgage, secured an order for a temporary injunction in the United States court at St. Paul signed by Judge Sanborn. The injunction restrained all persons and especially the officers and agents of the Des Moines Trades and Labor assembly from removing telephones without authority, or from urging or advising that they be removed, or carrying on the boycott which had been declared. The laboring men moved before Judge McPherson to dissolve the injunction and the taking of testimony has been in progress here for a long time. Today Judge McPherson decided that the case as brought by the Illinois Savings and Trust company is not under the jurisdiction of the court, but he permits the injunction to stand for fifteen days, pending which there may be another suit brought or an amendment which will confer jurisdiction. He decided that the case should be brought direct by the telephone company and not by the mortagee, hence the injunction was not in proper form to stand.
