WIRES TO GO UNDER GROUND

Ordinance to that Effect Introduced at Instance of Housemovers.

There was introduced at the meeting of the city council last night an ordinance pro- association, the State Horticultural society, pany, who holds most of the property at viding for the placing of all telephone wires underground within what may be termed Lake Manawa in his name as trustee for the center portion of the city and for the removal of all telephone poles within the same area. The measure, it is understood, was introduced on behalf of the Hollenbeck Brothers company and other firms engaged in the house moving business, whose operations have been, it is claimed, greatly interfered with by the overhead wires.

The district covered by the ordinance is as follows: Commencing at the south side of the alley between Broadway and First avenue at a point on the west line of Pearl street; thence west on the south line of said alley to the west side of Ninth street; street to the center line of Indian creek; to seine the lake under his personal suthence easterly along the said center line of pervision and to take out all buffalo, carp, means of seining. It is understood that Scott and his fellow finhermen are preparing to seine the lake on a wholesale plan

Acts Gently: Acts Pleasantly; Acts Beneficially: Acts truly as a Laxative.

Syrup of Figs appeals to the cultured and the well-informed and to the healthy, because its component parts are simple and wholesome and because it acts without disturbing the natural functions, as it is wholly free from every objectionable quality or substance. In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal virtues of Syrup of Figs are obtained from an excellent combination of plants known to be medicinally laxative and to act most beneficially.

Search Marriage and Divorce Records

Freeman Reed, clerk of the district ourt, received yesterday a most pathetic etter from Mrs. Elmer Lagler of Lestershire, N. Y., asking him to forward her a copy of her marriage certificate. She explained that about nine years ago her home was burned to the ground and the certificate so badly scorched that the writing on it was obliterated. Recently she removed to New York state and complains that her husband's people have repeatedly insulted her by alleging that she was never married to Lagier. The records show that on April 25, 1885, Mattle Killoran of Omaha, aged 27, was married in this city to Eimer Lagier of Lincoln, Neb., aged 36. Clerk Reed also received yesterday a let-

ter from John C. Hummer of Macomb, Ill., who desired to learn if his wife had secured a divorce from him in the courts here during the last three years. The writer explained that he had "been up north" for the last three years and his relatives had supposed he was dead. He had lately learned that his wife had married again, her reputed husband being a rancher living guilty of murder in the second degree for near Emerson, Ia., and that she was now a resident of Council Bluffs. The court records failed to show that Mrs. Hummer ever secured a divorce here and the marriage Madison. Smith and Edwards were pals records fail to show that she secured a license here.

Report of Public Library.

At the regular monthly meeting of the board of trustees of the free public library the last day of the trial, when he admitted yesterday afternoon J. J. Stewart and W. Baird were the only members present. The report of the librarian for November gave these statistics: Number of visitors, 7,055; number of visitors on Sundays, 154; number of registered book takers, 3,198; number of books taken, 5,438, of which fiction comprised 3,594; number of books in circulating library, 18,810; amount paid out for "rented" books to December 1, \$329.25; amount received from same, \$329.51, showing a surplus of \$10.26 on the credit side of the ledger. The report of the finance committee showed a balance of \$2,035.86 in the library fund on December 1.

Smith Draws Fifteen Years.

AVOCA, Ia., Dec. 8 .- (Special Telegram.) -Judge Wheeler today refused to grant a new trial to the negro, Lewis Smith, found the killing of Charles Edwards, also colored, on September 18 last, and sentenced him to fifteen years at hard labor at Fort and made the county fairs shooting craps and became involved in a quarrel here, which resulted in Smith following Edwards and shooting him squarely in the center of the forehead while he was standing on the depot platform here. Smith was arrested on suspicion, but denied the shooting until

the shooting, claiming self-defense.

Iowa State News Notes. The town of Sloan proposes to administer its own public utilities and has just com-pleted and paid for a water plant. Lew Mare, a Harlan barber, shaved a corpse, blood poisoning ensued from a scratch and he died in a few days. The agitation for better pay for colamon school feachers still goes on in Iowa, but as yet the pay is no better than it was. Notwithstanding the teachers' complaints about wages lows is planning a big educa-tional exhibit at the St. Louis exposition. The students at Amity college the other night hoisted a goat to the top of the ob-servatory. The animal did not seem to care half so much as the faculty.

The state capitol is found to be deplor-ably out of repair and the repair commis-icners will have to expend thousands of dollars more than was expected.

It remains to be seen whether the lows implement dealers, who are now aroused and in a fighting mood, will come out any better than the farmers with the harvester trust.
