

“FORCE”
The Ready-to-Serve Cereal
the ABC of good health.

Sw 64, crisp flakes of wheat and malt.

Boy Big and Healthy.
“My little boy was very sick and would not eat anything. I got a package of ‘FORCE’ and fed him on it and soon he was eating again. He is now a healthy, all-I-need him on it.”
—Mrs. J. LINDLEY KEENE.

NOT SO BAD AS PAINTED
Sensational Stories About Nebraska City's Water Supply Injure the City.

NEBRASKA CITY, Neb., Dec. 11.—(Special.)—The people of this city take exception to the sensational stories sent to some papers regarding the water situation. The truth is that change in the channel of the river rendered the supply short and made it necessary to dig a ditch to the main channel, but at no time has the city been without water and at the present time this difficulty has been remedied. The stories that every man who could handle a shovel had been pressed into service and that they were working day and night, while the women encouraged them by carrying coffee and food while they worked, are ridiculous. These exaggerated stories have brought inquiries from insurance companies, who have threatened to raise insurance rates. While the conditions have been annoying, there has been nothing to cause a panic or undue alarm.

Parallel for McCormack Case.
NEBRASKA CITY, Neb., Dec. 11.—(Special.)—Considerable interest is manifested by the local attorneys on the opinion of the supreme court in the McCormack case. In 1925 there was almost a parallel decision rendered. W. H. Dodge of Chase county, then ungaraged, was tried here, convicted of murder and sentenced to be hung. On error to the supreme court by the defendant the precise question as in the McCormack case was raised and the prisoner was remanded for notification of the verdict and sentence. In this case, before judgment of the court was executed, the prisoner was shot in the jail by unknown parties, supposedly friends of the murdered man.

Killed by a Train.
BLAIR, Neb., Dec. 11.—(Special.)—John Thompson, a Polandee who has been working as a farm hand in this county for the last ten years, was killed at midnight last night by a train on the Elkhorn, one mile west of Blair. He was in town last night, badly intoxicated, and it is supposed that he was making his way to his brother's, a half-mile from where he was killed. His head was split open across the back and most of the back part was gone.

Sons Surprise Their Father.
MEAD, Neb., Dec. 11.—(Special.)—Willard Williams of Ashland, who has been at the Mead hotel for a few days, was surprised last evening, while seated at the desk, by his sons, Herbert and Albert, whom he had not seen or heard from for fifteen and twenty years respectively. The boys, or rather men, are located in Cuba, N. Y., and are prosperous and well-to-do residents of that town.

Contest for Prize at Crete.
CRETE, Neb., Dec. 11.—(Special.)—The Sanborn prize declamation contest of Crete academy occurred at the Congregational church last night. There were seven contestants, the successful being Wm. E. Johnson, Jr. For second place there was the unusual spectacle of a tie between three persons, R. L. McMillan, R. B. Douglas and A. K. Shedd.

Beatrice Property Changes Hands.
BEATRICE, Neb., Dec. 11.—(Special.)—C. H. Calkins, a prominent farmer of eastern Gage county, yesterday purchased the Clemmer property in this city, for which he paid \$3,000 cash. Mr. Calkins will take possession March 1 and will make Beatrice his home.

Burned by Explosion of Stove.
BEATRICE, Neb., Dec. 11.—(Special.)—Miss Gertrude Enlow, a teacher in the public schools of this city, had her face and hands badly burned yesterday afternoon during school hours by the explosion of a coal stove.

Ice Five Inches Thick.
BEATRICE, Neb., Dec. 11.—(Special.)—The ice on the Blue River at this point is five inches thick and if the cold weather continues our local dealers expect to begin harvesting ice soon.

Beatrice Firemen's Fair.
BEATRICE, Neb., Dec. 11.—(Special.)—The firemen of Beatrice will hold their fair here this year, beginning December

22 and continuing throughout the week. A splendid program is being prepared for the occasion. The Jeffrey twins of Wymore have been secured for one of the attractions.

UNION PACIFIC IMPROVEMENTS
Large Additions to Be Made to Shops and Other Facilities at Sidney.

SIDNEY, Neb., Dec. 11.—(Special Telegram.)—President Burt, Superintendent of Motive Power McKee, Superintendent Ware and Chief Engineer Berry of the Union Pacific were here today inspecting the shops and roundhouse. Orders have been issued for the immediate building of an additional ten stalls to the roundhouse, a new boiler house with a battery of three boilers of 250 horse power, a large new well near the ice house and electric lighting plant, a large sandhouse, an addition to the machine shops and a complete remodeling of the Union Pacific hotel to be modern in every particular.

DIES FROM AN OLD INJURY
Abscess Forms in Brain of Man Who Was Shot Three Years Ago.

ATKINSON, Neb., Dec. 11.—(Special.)—While working in his cornfield yesterday Clark Guy suddenly dropped to the ground in a spasm and in a short time was dead. Other men working near hastened to him and found blood and pus running from his mouth, ears and nose. About three years ago Mr. Guy was shot through the brain and his remarkable recovery at that time created great interest in the medical fraternity. Death resulted from the bursting of an abscess inside his head, caused by the old wound.

Telephone Company Prospers.
YORK, Neb., Dec. 11.—(Special.)—At a meeting of the subscribers of stock to the Consolidated York County Independent Telephone company the following directors and officials were elected: Captain George Holdeman, president; C. N. Beaver, vice president; J. M. Bell, treasurer; Edwin Bell, secretary and manager; George Holdeman, Alfred B. Christian, W. L. Kirkpatrick, J. B. Erwine of Waco, Dr. Straight of Benedict, J. M. Bell and C. N. Beaver, directors. The new company starts out with a paid up capital of \$50,000 and has a network of wires over the north and south part of the county. The new company is a consolidation of the York Telephone company, the Waco Telephone company and the Benedict Telephone company, which have large exchanges and at present are scarcely build lines as fast as telephones are wanted.

Arm Injured in Corn Shelter.
FREMONT, Neb., Dec. 11.—(Special.)—Rufus Hook, a farmer living near Glencoe, had his arm caught in the cogs of a corn shelter yesterday and sustained serious injuries. Hook was working about the shelter when in some way his coat sleeve caught in the cogs. He called out to stop the machine, but before it could be done his arm was drawn into the cogs and the flesh torn off to the bone. His arm is so badly injured that he will never recover the full use of it.

Pair Association Elects Officers.
TECUMSEH, Neb., Dec. 11.—(Special.)—The annual meeting of the Johnson County Fair association was held in Tecumseh yesterday afternoon. The reports of the secretary and treasurer were read and then officers elected for next year as follows: President, Israel Carman; vice president, A. C. Sullivan; treasurer, T. J. Pierson; secretary, E. H. Grist. The indebtedness of the association was somewhat reduced during the last year.

Gets \$100,000 a Year
Because he has a keen clear brain in a vigorous body, Electric Bitters give him, and satisfy or no pay. Try them. 50c. For sale by Kuhns & Co.

STATE OFFICERS REPORTING

Superintendent of Industrial School for Boys Explains Its Purpose.
OIL INSPECTOR TURNS IN A SURPLUS
Governor Savage Explains How the State Happened to Raise the Price on Thirty Carloads of Coal.

(From a Staff Correspondent.)
LINCOLN, Dec. 11.—(Special.)—In his biennial report to the governor of the Industrial School for Juveniles (boys) at Kearney Dr. J. V. Beghtol, superintendent, desires to correct the impression that the institution is a "reform school." It is an industrial training school, the report said, "and it is an unfortunate error that the idea exists that an odium attaches to the name of the boy who is sent there. Boys are not sent there for punishment, but for guidance."

"Some ambiguity of the law exists which renders commitment irregular in certain cases and it is hoped the legislature will make the law plain," Dr. Beghtol adds. Of the religious training at the school the report says the services are conducted by five chaplains, who are residents of Kearney and who alternate. Sunday school is held each Sunday morning and a church service each Sunday afternoon.

At present there are 145 boys in the school. On February 1, 1927, there were 225 boys and on February 1, 1932, there were 125 boys. The superintendent accounts for the decrease by indiscriminate parole, regardless of demerits cancelled or home environments.

The total appropriation for the two years was \$28,700 and the amount expended from April 1, 1931, to June 1, 1932, was \$27,272.28. The average monthly expenditure was \$4,460.47. The balance on hand to pay expenses from June 1, 1932, to April 30, 1933, is \$20,127.53.

Beghtol estimates that it will cost \$59,000 to conduct the affairs of the institution during the next biennium.

Norfolk Asylum Report.
Dr. Frederick F. Teal of the Norfolk Hospital for the Insane in his report filed with the governor calls attention to the success of the homeopaths and their treatment of disease at that institution. The death rate since homeopathic treatment has been introduced, said the report, was the lowest in the history of the institution, being only 3.05 per cent. There were 265 inmates in the hospital December 1, 1931, and sixty-nine new ones admitted during the year. A total of 369 cases were treated during the year.

The report contains a complete history of the fire and to that attributes the increased cost per capita to \$238.02. At present on the roll of the hospital there are three names and these persons are at their homes on parole. The disposition of the patients has been as follows: Lincoln hospital, 128; Hastings, 135; discharged as cured, 84; died, 10; home on parole, 3.

Dr. Teal reports the value of state property at Norfolk to be \$125,000, and he recommends the hospital be rebuilt to accommodate 350 persons.

The appropriation received was \$174,000; expenditure from December 1 to April 1, 1931, \$18,521.71; from April 1, 1931, to December 6, 1932, \$36,709.35.

Surplus on Oil Inspection.
State Oil Inspector Hayes has filed his semi-annual report with the governor, showing the receipts and expenditures of his office monthly for the last half year.

The report shows a decided increase in the matter of receipts over the last report. It is as follows:

Receipts-Expenditures.	
July	\$1,063 00
August	1,812 90
September	1,961 90
October	1,926 00
November	1,523 19
Totals	\$8,286 89

An organization said to be the oldest woman's club in America has recently celebrated its eightieth anniversary in Baldwinville, New York, and its name the Female Charitable association, would seem to justify its claim of continuous work since 1822.

The reform department of the Chicago Woman's club has projected the building of a hospital for children and a meeting of the entire club has been called to arrange the details of the enterprise.

A large number of women who did service as nurses in the Spanish-American war were in attendance last week in Washington, D. C., at the convention of the Spanish-American War Nurses' association. The meeting was held in the red parlor of the Ebbitt House and Dr. Anita Newcomb McGee presided. In addition to the women there were a number of distinguished visitors representing the army and navy. Greetings were received from the Daughters of the American Revolution and other prominent women's organizations. The nurses were received at the White House and were taken for a number of pleasant excursions about the city.

The annual meeting and election of officers of the Women's Christian association was held on Tuesday morning in the parlors of the Young Men's Christian association and was well attended by members and interested friends. The effort of the association is now being concentrated upon the Old People's Home, formerly known as the Old Ladies' Home, the organization having recently re-incorporated to include this broader work. The report from the home showed 143 applications for admission during the year, three deaths, ten regular inmates, two of which have come from the numbers, and a number of transients sheltered for a few days. The treasurer reported \$3,000 in cash toward the proposed new building and \$1,000 for current expenses. The election followed, resulting in the re-election of Mrs. George Tilden as president; Mrs. P. L. Perine, first vice president; Mrs. G. W. Clarke, second vice president; Mrs. Edward Johnson, recording secretary; Mrs. C. S. Lobinger, corresponding secretary; Mrs. Frederick Clarke, treasurer; trustees, Mesdames L. B. Lutz, Cade Taylor, O. H. Pratt, Isaac Carpenter, W. Taylor, Chetwood Hamilton, David Cole, S. V. Fullaway and T. V. Moore; honorary vice presidents, Mesdames J. B. Jardine, J. J. McClain, M. E. Elliott, Horace Luddington and L. O. Coman. The regular meeting of the board of directors will be held at 10 o'clock on Tuesday morning in the Young Men's Christian association parlors.

The house committee of the Young Women's Christian association is planning to furnish a membership parlor where members may go and be away from the others when they desire. The present parlors are to continue open to all. The entertainment series outlined by the educational committee for the winter is unusual and profitable. In fact, the association in all its branches has offered unusual inducements this year that it hopes to extend to at least 2,000 young women.

The Sunshine club at South Branch is planning a Christmas party for December 27, and the mothers are to be the guests.

Mrs. Robert Burdette of Los Angeles, Cal., vice president of the General Federation of Women's Clubs, was in the city this week.

The South Omaha members of the Home Queen's Circle club entertained at a card party on Wednesday afternoon, the proceeds of which are to go to the circle.

The announcement of the decision of the executive committee of the General Federation of Women's Clubs to hold the next biennial in St. Louis is being discussed with satisfaction not unshared with severe criticism. Ordinarily St. Louis would offer exceptional advantages as a meeting place, owing to its location, facilities and its strong local clubs, but with an exposition on in the city at that time the wisdom of the board's decision is to be questioned. As a matter of fact, the exposition is the bone of contention. It is pointed out by some that the fair will only be an additional attraction and advantage, occasioning as it will a reduction of rates that will make the convention possible to hundreds of clubs and delegates who could not otherwise afford the trip, and will enable the women to embrace two great educational feasts instead of one, while the missionary work in the cause of women will be invaluable. All of this is true enough, but there are those who are viewing the matter from another side. There are few who have attended the previous conventions who are not familiar with the inconvenience and annoyance occasioned by these
