# AFFAIRS AT SOUTH OMAHA

Alleged Coal Shortage Has No Serious Aspect at Present.

SCKING HOUSES WILL NOT BE CLOSED

Plenty of Steam Coal on Hand to Run the Plants Until the Additional Supply Now Enroute Has Been Received.

"The coal situation is not nearly as bad as has been represented," said a well known packer to a Bee reporter last night, "While it is a fact that the packers have been calling upon local dealers for steam coal for the last few days there is no necessity for making the statement that the plants are likely to close down."

All of the packers, as well as the stock yards company, contract for steam coal each year. This coal comes mostly from lowa. and Missouri mines. As a general thing the packers keep quite a supply ahead, as about sixty cars a day are used by the packers and the yards. Special tracks for the storage of coal were laid not long ago by the stock yards company, but of late there seems to have been a scarcity of cars, for the contracts have not been filled.

General Manager Kenyon of the Union Stock Yards company said last night that every effort is being made by his company forwarding steam coal. Inquiry at the state, had been found dead in bed. present supply is exhausted.

Local coal dealers say that there is likely shipments from the east have not been made county. Nebraska, he was judge of the probate county. Nebraska, he was judge of the probate county. Nebraska, he was judge of the probate county for six years at the county week. In the United States are 299, against 204 last week, 213 the preceding week and 273 the corresponding week ashortage of western coal here, but this is attorney of Lincoln county for six years.

After coming to Dakota he was county attorney of Lincoln county for six years. After coming week and 17 last week. 16 the preceding week and 17 last week. run of coal from points south of here is ex- cial district four years. pected within the week.

### Shy Refrigerator Cars.

Local packers are complaining about the scarcity of refrigerator cars. It is asserted secretary. that heavy shipments are being held back on account of the inability of the railroads to furnish cars for the shipping of dressed meats and other packing house products. All memory the state circuit court, which of the packing house managers have united was in session here, took an adjournment in a demand to the railroads and it is hoped today until Monday. that a sufficient number of cars will be furnished shortly. A large number of refrigerator cars are being used on the Cal-Ifornia fruit lines. These cars go east with fruit and are then loaded with packing house products and sent to the coast. The farm a dozen miles southwest of Wessing demand in the west, and also in the east, ton, was accidentally killed while stackin for cars has been heavy of late and consequently there is a shortage here. Costs Watkins Money.

Colonel J. B. Watkins. Both started down appears that the lad attempted to light the river on Castalia and intended getting the boat to St. Louis before the river went dry. About twelve miles this side of St. Joseph the boat went aground on a sandbar and by morning was fast in the ice. King says: "Watkins got home first and he told a nice story about a pleasant voyage and all that, but he did not tell the one feature of the trip because it was on him. When the boat was fast in the ice Watkins made his way to shore with the determination that he would walk to St. Joseph. He got lost in the woods and by chance he happened onto an old Missouri Equirrel hunter. He gave the hunter \$10 to pilot him within seeing distance of St. Joseph, and then and roads, and the york is yet going or walked in as if nothing had happened. We The Indians appear to prefer this way fellows who remained on the boat managed | making a living, rather than to wait around to catch a train in and were waiting for Watkins when he came trailing down the railroad track." Colonel Watkins admits the story, but says that he gave the Missourian an I. O. U. instead of good money. Appealed Cases.

All cases appealed from the police court of South Omaha will be called up before and the one in which they have the be Judge Baxter of the district court on Monday next. About a dozen cases have been appealed recently, mostly consisting of minor offenses, where the defendant has not been satisfied with the ruling of the police judge here. None of the appealed cases are of any particular importance.

Royal Neighbors Elect Officers. Clover Leaf camp No. 8, Royal Neighbors of America, elected these officers Thursday evening: Mrs. A. C. Jacobs, oracle; Mrs. W. G. Meeleus, vice oracle; Mrs. Frank amount than formerly. Jones, recorder; Mrs. H. B. Miller, chaplain; Mrs. S. H. Hathaway, receiver; Mrs. N. D. Cockrell, marshal; Mrs. W. D. Cox. inner sentinel; Mrs. A. Finley, outside sentinel; Mrs. W. M. Davis, Mrs. B. F. Hobbik and John Morehouse, board of managers. The lodge delegate is Mrs. A. C. for superintendent of schools, Wood car

## Dirty Meat Markets.

Mayor Koutsky proposes calling the attention of the sanitary inspector to the condition of some of the coolers in meat markets. It has been reported to the mayor that some of the chests in butcher shops east of the tracks are in a bad condition and the suggestion was made that these be thoroughly cleansed. An investigation will, the mayor asserts, be made at once and all butchers will be required to keep their coolers in first-class sanitary

## King's Daughters' Dinner.

The King's Daughters of the Presbyterian church gave a chicken pie dinner at the Troop armory yesterday. A bazar was held and many articles were sold, the for several hours, but was unable to talk proceeds going into the treasury of the coherently, though she recognized friends the attendance at the bazar last night was growing constantly shorter.

not as large as expected, but still quite a number of sales were reported.

Officers Nominated. A meeting of the South Omeha Live Stock exchange was held yesterday after-noon, when officers for the coming year were nominated. Captain D. S. Parkhurst was nominated for president and R. Gilchrist for vice president. For directors for a term of three years W. H. Dudley, Sol Degen and William Reed were named.

Magle City Gossip. A daughter has been born to Mr. and Mrs. John Larkins, Twentieth and O streets. State Secretary Bailey of the Young Men's Christian association was a guest of local Secretary March yesterday. South Omaha bive No. 15, Ladles of the Maccabees, will give a dance at Masonic hall on Tuesday evening, December 18. Frank Furay, a clerk at Cudahy's cele-brated his 30th birthday yeaterday. He was presented with a gold watch by the clerks

Rev. D. K. Tindall will deliver the last of his series of lectures on his travels in Palestine at the Young Men's Christian as-sociation rooms Sunday afternoon. Teddy Shanahan of the Packers' bank was reported much better yesterday. The fever has been broken and his physicians are greatly encouraged at his condition.

# RETAIL TRADE LIVENS UP

Sales Largely Exceed Those of Corresponding Week Last Year.

STEEL IS HAMPERED BY CAR SHORTAGE

Dun Reports Less Business Failures, Says Leather Stays Quiet, but Cotton and Wool Both Show Healthy Activity.

NEW YORK, Dec. 12.-R. G. Dun & Co.'s Weekly Review of Trade tomorrow will

Lower temperature and holiday demands have combined to accelerate retail trade, sales largely exceeding the corresponding week in preceding years. Much postponed business is being made up and shipping departments are crowded with work, but wholesale trade had ruled quiet. Railroad earnings for the month of November exceeded last year's by 7 per cent and those of 1900 by 20.5 per cent.

At the first glance the sudden rise in furnace stocks of pig iron to 94.2% tons, as compared with 71,555 on November 1, might suggest that consumption was below production, but obviously any accumulation that occurs is due to inadequate transportation facilities, since needs are urgent, as evidenced by the imports of eastern steel works. The pressure is still greater for railway supplies, with structural material next as to urgency of demand.

Shoe Season is Over.

Shoe Season is Over. Shoe Season is Over.

Small supplementary orders for spring shoes are received by New England shops, but the season is practically over. Aside from activity in union sole the leather market has been quiet. Further recessions have occurred in domestic hides. On the other hand, foreign dry hides are firmly neld, despite increased receipts.

Conditions are practically unchanged as to cotton goods, a fair volume of orders preventing secumulation at the mills. Quotations are steady and export sales of heavy brown cottons continue very small.

Woolen goods for next fall have been opened at an average advance of from 5 to 10 per cent.

WEEKLY CLEARING HOUSE TABLE.

Summary of Business Transacted by the Associated Banks.

NEW YORK, Dec. 12.—The following table, compiled by Bradstreet, shows the bank clearings at the principal cities for the week ended December II, with the percentage of increase and decrease as compared with the corresponding week last

GOOD WEATHER AIDS BUSINESS.

Bradstreet Reports Heavy Holiday

Trade on Pacific Coast.

Trade on Pacific Coast.

NEW YORK, Dec. 12.—Bradstreet's tomorrow will say: Retail distribution, further stimulated by colder weather and the advance of the holiday season, has expanded largely, until now it easily occupies first position to the trade situation. Wholesale trade, except where inroads upon retailers' stocks have reduced re-orders, is relapsing into the quiet usual at the stocktaking period.

Building trade activity has been checked by the climatic influences prevailing, and the distribution of lumber and building materials generally is less active. Other leading industries also note the quieting down usual at this season. Great basic conditions, however, make for future prosperity. Railway earnings, swelled by heavy traffic in grain and miscellaneous products, offsetting smaller movements of live stock, provisions and cotton, show an increase of 1.2 per cent for November over the same month a year ago.

Cold weather and snow have helped distribution with retail in the northwest, and the outlook is for an unprecedented holiday distribution on the Pacific coast.

Re-orders of heavy goods from jobbers are still of moderate proportions in the west, but spring sales are larger than a year ago in dry goods, shoes and clothing.

Holiday trade is brisk for this early stage of the season at least. It has been a narrow market for cotton. Heavy clothing, shoes and rubber goods have moved into consumption largely during the week, and spring business is reported of flattering volume.

There is but little new in the cotion goods ng volume.

There is but little new in the cotion goods

There is but little new in the cotton goods market, the export branch being still dull. Woolen goods are firm and the milis are well employed. Hides and leather are dull and rather quiet. Lumber is quiet, but prices are unimpaired.

Alone among the industries, from and steel show symptoms of weaker prices for crude material, but this on the whole is more apparent than real, because demands for supplies are as pressing as ever and for supplies are as pressing as ever and production has not yet overtaken con-

Lower prices for coke iron at the west and weaker quotations for foreign foundry iron at the seaboard may be really regarded as readjustments of abnormal situations previously prevailing. Heavier forms of finished material show no signs of weak-

ness.

Rather more interest is taken in pig iron. judging from the reopening of negotiations by the leading interest with the Bessemer association for deliveries in the second half of 1963. Pig iron production at the east is

improving.

Business failures in the United States for the week ending December 11 number 247, as against 185 last week, 233 in this week last year, 247 in 1999, 211 in 1899 and 234 in 1899.

Inst year, 247 in 1900, 211 in 1856 and 251 in 1898.

Wheat, including flour, exports for the week ending December 11 aggregate 3,751,075 bu., as against 5,704,400 last week 3,879,808 in this week last year and 4,875,577 in 1900. Wheat exports since July 1 aggregate 120,-507,405 bu., as against 126,303,331 last season and 86,003,003 in 1900. and se, we, lost in 1890.

Corn exports aggregate 1,301,256 bu., as against 1,523,561 last week, 278,308 last year and 4,853,458 in 1900. For the fiscal year exports are 5,160,186 bu., as against 19,794,953 last season and 84,806,396 in 1900.

## BALL MAN GETS THREE POSTS

Harry Pulliam Becomes President Secretary and Treasurer of National League.

NEW YORK, Dec. 12—The National League of Base Ball Clubs completed its business tonight and adjourned subject to the call of Harry Pulliam, who was elected president, secretary and treasurer today. The next session will probably not be held until its peace committee, appointed to confer with the American league, is ready to report.

report.

Before the election of officers the committee met the representatives of the American league. The session was executive, and at the close it was amounced that a further conference would be held on Jan-

The principal business transacted by the National league members today, was the abolition of the executive committee and the unanimous selection of Harry Pulliam of Pittsburg to the consolidated offices of president, secretary and treasurer. The only person mentioned as Mr. Pulliam's rival was John Montgomery Ward, who yesterday announced that the use of his name had been without his consent. The new executive officer of the league will be allowed to name his own assistant, for which position it is understood there are two prominent candidates, D. Mills of this city and Charles Murphy of Cincinnat.

Before Mr. Pulliam's election a letter of resignation from N. E. Young was read. Mr. Young has directed the affairs of the National league for many years and retires because of lil-health. He was elected to honorary membership and subsequently made an honorary life member of the board of directors.

The following new board of directors was elected: John T. Brush of New York, A. H. Soden of Boston, Barney Dreytuss of Pittsburg and James A. Hart of Chicago.

At the conclusion of the "peace" committee meeting Mr. Herrmann of the National league suld:

"We were informed by Mr. Johnson that while he and his companions had authority to arrange for a peace conference they could do nothing until the American league had met, appointed a committee to meet that of the National league and clothed the committee with power to act. He said that this would be done as soon as possible and suggested that January 5 be fixed as the date of the first conference. This was satisfactory to us. No other matters were discussed and after a little informal talk we adjourned. I think the first conference will be held in Chicago."

When seen later Ban Johnson said: "There is little to say regarding the proposed peace conference. My people are for peace first, last and all the time. I don't know why an amicable arrangement should not be reached."

Mr. Johnson admitted that under no circumstances would the American league consent to withdraw from The principal business transacted by the

expire.

The Americans will also insist that each organization retain the players it now has and that severe penalties be meted out to those who violate contracts.

KENILWORTH AGAIN VICTOR Horse Wins Ingleside Handicap with Ease Over a Muddy

SAN FRANCISCO. Dec. 12—Kenilworth again showed his ability at ingleside today when he took up 128 pounds in the six and a half furlongs handicap and won easily over a muddy track.

The steeplechase resulted in victory for Mike Rice over Duke of York II.

Newsboys' Home Opens Today.

The newsboys' home will be opened to-day at its former quarters under "Mogy's" boot blacking rooms. During the summer an effort was made to secure other and better quarters, but without result. A place on South Fourteenth street was of-fered them, but when it was learned that the cost of repairs would be equal to high rental it was decided to remain in the present quarters. One of the new features of entertainment for the boys is ping pong, a number of regulation tables having been placed in the rooms.

Convincing.

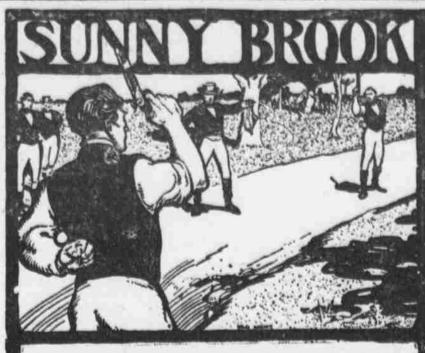

The perfect type of the purest whiskey, claims this:

Rye

The test is taste, and a taste convinces that it is Pure, Old, Mellow

It is the American Gentleman's Whiskey

Bold at all first-class cafes and by jobbars. WM Lana Han & SON, Baltimore, Md.

Upon the field of Honor, in the proud, Chivalrons days of the "code," men of the stamp or Andrew Jackson, Henry Clay, Marshall, etc., settled their differences with pistols at ten paces. After a fair fig...t both parties often toasted each other in rare old Sunny Brook Rye. It wins it's way in the North, because it is made where the climate is exactly right-where the water is exactly right-where the grain is exactly right-where the storage is exactly right. BUNNY BROOK DISTILLERY CO.,

PROKER
