Mr. and Mrs. Morand's Mid-Winter Term in Dancing Will Begin the First Week in January. Children Beginners, Saturday, 10 a. m. Adults, Tuesday and Friday, 8 p. m.

Mr. Morand is the only member with a diploma in the city of the Association of Master Dancers. We give to our pupils the advantages of the latest dances. We have in the past sixteen consecutive years of successful teaching in Omaha taught many of the young society people of the present day and introduced all of the latest dances which are popular here now.

For our Christmas greetings we will introduce the Military Dip, which we found so popular during our visit to Saratoga and Long Branch last summer and so fascinating to the elite of Boston and New York. Do not make the mistake of laying this suggestion aside. Read what the New York Herald says: "The Military Dip is one of the delights of a modern ball room." Also stylish London has taken it up. One or two private lessons will teach you the dance perfectly.

As in the past, the children's parties will be at Christmas, St. Valentine's Day and the first week in May. They are always free to the pupils and parents.

Mr. and Mrs. Morand are never absent from the classes and their work is never left to an assistant. Hence their success in teaching their pupils to dance perfectly in one term.

Mrs. Morand supervises a motherly care over the children and sees that the young ladies and gentlemen of the adult class are properly presented.

Classes are always open to beginners. Please call for particulars. Phone 1022.

Read What Coburn Says.

"I'm glad to hear of the growing circulation, and am wondering how you are able to get such a fund of information. You are surely making more money than the money asked for it."—*F. D. Coburn, Sec'y of Agriculture, Kansas State.*

More money is spent for articles by the prominent men and for the handsome and interesting illustrations than by any other farm journal.

A Prosperous Safe Concern.

The Bee man in his rounds dropped into the office of J. J. Deright & Co., 1119 Farnam street, safe dealers, and found Mr. Deright busy with a mass of correspondence relative to safes and safe burglaries.

J. J. DERIGHT AT WORK.

This concern does as large a business in their line as any other concern outside of New York City. From a business of about \$10,000 a year in 1895 it has grown until the concern last year sold about a quarter of a million dollars.

They carry a large stock of new and second-hand safes of different makes and employ a large force of traveling men, covering the entire middle west. Their principal bank safe is what is known as the Manganese Steel Safe. This safe differs from other bank safes in that it is cast solid, having no joints, bolts or screws; the door is ground into a perfectly air-tight fit and it is the only safe manufactured today which is guaranteed to be absolutely burglar-proof. The concern has had a large sale on them for the past year and have taken in a large number of other makes of safes, which they are offering at ridiculously low prices. They also employ a force of safe experts and have calls from all parts of the country to open and repair safes.

A BUSINESS DISPUTE is easily settled when accounts are properly kept. Don't practice false economy by trying to save on BLANK BOOKS. We will make you a set ruled and printed to order at such a small cost that you can buy the best.
