(From a Staff Correspondent.) LINCOLN, Dec. 30 .- (Special.) -- Governor Bavage has learned during the last few days that a new scheme to defraud has been successfully worked and his name, unknown to him, has been used in connection with the frauds.

The scheme is worked by parties who claim to have much influence with the governor and who for a certain price agreed to get parties out of the penitentiary by the pardon route. During the last week four parties who have relatives in the state prison have notified the governor that they had paid from \$4 to \$25 to men who for the fee agred to secure pardons. The been taken. No application had been filed with the governor for the pardons.

"I have received a letter from a poor woman who has a son in the penitentiary." said the governor, "asking why I had no" taken some action on her son's appeal f: elemency. She states that she paid \$2 several months ago to a Lincoln lawyer for the purpose of securing his release. I have never seen the man and this is the first that I have heard of the case. The man evidently took the fee without any intention of making any return for it. Within the last two days I have received three other similar letters from persons. who have been defrauded out of their money by unscrupulous persons. The old woman who wrote the first letter is fully 70 years old and yet some scoundrel has the appointment of Mr. Pierce just before the hardthood to take her money on the pretense that he is able to influence my Judgment.

The governor waxed wrathy in discussing the frauds that are being perpetrated Sheriff John M. Kreader yesterday handed and wanted it distinctly understood that a in his resignation to the county board, to meritorious case would be just as carefully looked into when presented by a this morning the board appointed Deputy poor man as by a man of influence or a lawyer.
