CIGARS, PIPES AND TOBACCO.

# CIGARS

Talk about cutting the price on cigars, see what others give you and then find out what we offer you. Our 14 for 25c cannot be touched by the people who have started this war, for they find that their backbone is not stiff mough to bump against Omaha's largest cigar house. We can save the consumer, who is so often deceived by these people, the jobber's profit and the retailer's profit, and self them cigars like the ones offered to them 5 and 16 for 25c, 14 for 25c, and they are not made by the trust, either, but manufactured in our own factory. When we cut we cut at all our stores at the same time.

### Tomorrow, January 5, THE WINTER TERM OF BOYLES BUSINESS COLLEGE

WILL OPEN.

### BUSINESS COLLEGE ADVERTISING.

BUSINESS COLLEGE ADVERTISING.

The school that would get the best results from its advertising must win the respect and loyalty of its students. The school that is right on the inside will control a patronage in proportion to the energy and skill with which it presents its advantages to the public. No amount of skillful advertising will compensate for inherent weakness in the school's organization or methods.

It is the purpose of these few observations by the management of BOYLES COLLEGE to assist the student in analysing business college advertising. The school that publishes a catalogue of alluring attractiveness, and promises results rivaling the imagination of the showman's press agent, depends on getting business through printer's ink, rather than through the efficiency of the school or the ability of its teachers. The institution that offers free tuition for a time, or tuition or credit, testifies to a lack of public confidence.

Shorthand should not be advertised as "easy to read, easy to write and easy to learn." What would a knowledge of shorthand be worth if it could be acquired without effort or time? A student who is attracted by this kind of advertising is not the one who makes the best stenographer; hence, an overcrowded market of "plug" stenographers may be charged directly to what Boyles College terms "fake advertising." There is always a good demand for the competent stenographer.

The school that changes shorthand and typewriting systems five times in as many years, claiming each system to be better than the other, is at all times experimentang, and experiments at the expense of the student. Such experiments lead to disappointment. The greased-lightning, 100-words-a-minute-in-five-or-six-weeks system has never met the requirements of practical business and hever will.

The method of school advertising should be to present facts, and there should not be any discrepancy between accomplishment and promise. This school realizes with pride the immensity of its opportunities, but the student must d

pupil.

Intending pupils should visit the school where opportunity is given for personal examination. The more young people and their parents become acquainted with our methods of instruction the more highly they respect and esteem this college.

Students will be received during the entire week for this term, but all are urged to start tomorrow if possible.

### THE WINTER TERM OF THE

# Omaha Commercial College Opens Tomorrow Morning

At 17th and Douglas Streets.

New classes will be organized in every department tomorrow. Holidays are over. Old students have returned. Scores of new ones will enroll this week. The time has gone by when a little knowledge of theoretical bookkeeping, arithmetic, etc. constitutes a business training. Business men of today wish to employ young men who are bright and alert, of errect carriage and good address. To this end the Omaha Commercial College has broadened its course of study, and while our bookkeeping, shorthand, etc., are presented in a better manner than ever before, we have added other essentials which assist materially in giving young men and young women a well rounded course of training. Well trained minds in sound bodies are now needed.

Why the Omaha Commercial College is the best place to attend school:

why the Omaha Commercial College is the best place to attend school:

Its large attendance makes it possible to have a large number of classes, so that every student, however bright or duil, may start at the proper place in his studies.

Because it is the only school of its kind in the west which offers its students a well rounded, symetrical business training. Our students, instead of droning over books day after day, without recreation, have the opportunity to take an hour's vigorous exercise and a good shower bath each day which keeps them in the prime of condition for mental work, besides offording innocent recreation.

Because our Actual Business Department is the only one in the west that does business upon a business basis, thus affording the student experience of great value. value.

Fourth—Our Literary Society, Orchestra, College Band, Concerts and Entertainments afford opportunity to put on a polish in language and address which is being more appreciated by business men.

Fifth—As important as penmanship is, this is the only school in the city which

### Telegraph Department

We will have the largest attendance in our Telegraph Department we have ever had. Our course of study fits young men and women for telegraphic positions. All interested in telegraphy should call and visit this department or obtain our

### Shorthand and Typewriting Department

Many new students have made arrangements to enter this tomorrow morning. All thinking of studying shorthand should investigate the Mosher System before deciding where to attend. While this system is easy to learn, it is the most rapid and legible ever invented. It is based upon the Gregg, but is from 20 to 40 per cent briefer and a great deal more legible.

A WEEK'S TRIAL FREE—in order to give students an opportunity to examine the merits of the Mosher System, is why we do this. This will enable them to decide whether they are adapted to the study of shorthand or not and whether they like the school and the system faught. Start with us tomorrow morning.

TO GREGG STUDENTS AND WRITERS—In order to give you an opportunity to see the many and great improvements which have been made on the pure Gregg, we offer every Gregg writer or student of the Gregg two weeks free instruction. To come two weeks if you cannot stay longer. It will cost you nothing and will make you familiar with new principles which when thoroughly learned will increase your speed and the legibility of your notes from 20 to 40 per cent.

MOSHER WRITERS HOLD THE BEST POSITIONS—While we have trained sories of atenographers and placed them in excellent positions during the last six or eight months, space will not permit us to name but a few. We will refer only to one class, in which there were five young men, Paul, Levine, Lee, Honnold and Tusa. Mr. Paul is with a firm in Council Bluffs, drawing \$60 per month; Mr. Honnold is stenographer for John A. Tolle, Nebraska Bridge and Lumber Supply Co., at \$60 per month; Mr. Tusa was with the Union Pacific at Cheyenne at \$77.50 per month; Mr. Levine is with the Switt Packing Co., at \$65 per month. When students after spending five or six months studying the Mosher System can become such expert stenographers that they are able to hold from \$90 to \$75 positions it should certainly be an incentive for others to investigate the merits of this system.

### Address, Rohrbough Bros., Omaha, Neb.
