Wilhelmina Sadler Given Into the Custody of Her Mother.

SHE IS THEN HURRIED OFF TO ST. LOUIS

Mrs. Sadler Contends She is Still Resident of Texas and Daughter is Minor Under that State's Law.

Among the passengers in the sleeping car... Wilhelmina is the girl for whose love Dorre S. Howard, a messenger boy aged 16...

On December 23 she was 18 years old and had broken with her mother, partly on the boy's account, and gone to live with another girl at Seventeenth and California.

After the shooting she announced her determination to live with Dorre's parents as soon as he returned to them. The latter vowed that the Howards' flat was no fit place because Maloney theater girls roomed there...

Old Man in Bad Condition.

An old man, who gave his name as Henry Keeler, unable to hobble along the streets, made a pitiful plea to Officer King Saturday.

Showing Age.

Some people begin to show age before the meridian of life has been reached, or they have lived out half their days. They are prematurely gray, haggard and sickly...

Old feet, chilly sensations, stiffness in muscles, joints, weak stomach, and poor digestion, lack of energy, and drowsiness, nervousness, etc., show that old age has been reached ahead of time.

Bad blood and weak circulation more often produce these miserable feelings and signs of decay than anything else. An inherited taint or poison of some description is at work in the system, causing stagnation and a general unhealthy condition of the blood...

For purifying the blood and promoting the circulation nothing is equal to S. S. S. It removes from the system all the waste matter that has been accumulating for years, and makes the blood rich and pure...

S. S. S. is a purely vegetable remedy, and the best purifier and tonic for old people, and those who are beginning to show age because of the run-down condition of the blood.

Theodore Johnson Makes Statement. OMAHA, Jan. 3.—To the Editor of The Bee: In an article in The Bee December 21 referring to the probable formation of a new organization of the Board of Education for the current year there were published rumors of the chairmanship of committees for the year.

The article said that I refused to speak on the subject, but to make the matter positive I desire to say that I had nothing to do with the article, and the publication of the news was a surprise to me.

I have never asked for a vote for the office of president of the board, and if my election were assured I certainly would not attempt to form committees before the result of the election was announced. Yours truly, THEODORE H. JOHNSON.

AFFAIRS AT SOUTH OMAHA

Proposition for Fire and Police Board Meets with Opposition.

LABOR UNIONS AGAINST THE CHANGE

Annual Report of South Omaha Hospital Association—Cudahy Company Cutting Ice at Seymour Lake.

While some of the members of the charter revision committee favor a fire police board, there is considerable opposition to the same, and it may be that this section will be left out of the amendments being prepared. It is asserted that there is no necessity for going to the expense of paying a commission to handle a department composed of only thirty men.

"If a commission is to be appointed," said a former member of the legislature to The Bee last night, "we hope the appointments will not be made by the governor of the state. We cannot see how a governor totally unacquainted with local conditions can appoint a board satisfactory to the majority of the people."

It is understood that the labor unions are strongly opposed to the appointment of a fire and police board and resolutions are to be adopted, so it is said, against the proposition. These resolutions, when properly prepared, will be presented to the charter revision committee. In case the committee pays no attention to the requests some of the labor leaders say that a committee will be sent to the legislature to present the petition.

Eighth Annual Report. The annual report of the South Omaha Hospital association has just been issued. This report shows that for 1935 there were treated at the hospital 168 patients, while seven patients were being cared for.

Of the total number of patients last year, eighty-eight were able to pay for the services rendered, while twenty-seven were placed on the charity roll. As for the nationality, the records show that forty-eight were Americans, ten Germans, twenty-three Irish, nine Bohemian, one French, one Norwegian, three Polish, four Swedes and four Scotch.

When it came to religion sixty-four of the occupants of the beds of the hospital said they had no religion; thirty-two were Catholics; the Methodists numbered four, while six professed adherence to the Presbyterian faith.

While the hospital always needs money, it goes out of the year clear of debt. Thirteen local physicians constituted the medical staff at the hospital. To these physicians and to a number of Omaha doctors who have been called in consultation the association returns thanks.

The officers of the association are: Mrs. C. L. Talbot, president; Mrs. G. H. Brewer, first vice president; Mrs. W. S. Babcock, second vice president; Josephine Carroll, recording secretary; Mrs. Otto Maurer, treasurer. Minnie Campbell and Ida Clayton are the auditors. Adelaide J. Hastings is superintendent of the hospital, while Mrs. Brewer is in charge of the nurses.

Mrs. Talbot Entertains. On New Year's day Mrs. C. L. Talbot, president of the South Omaha Hospital association, entertained. The occasion was a pound social for the benefit of the hospital. A large number of donations to this institution were received, as well as quite a sum of money. A musical and literary program were rendered and the afternoon was spent quite pleasantly by those who attended.

Federal Union Elects Officers. Federal Union, No. 7113, has elected these officers: F. C. Caldwell, president; Lawrence Curran, vice president; M. J. Fitzgerald, recording secretary; J. J. Carroll, recording secretary; Mrs. Otto Maurer, treasurer. Minnie Campbell and Ida Clayton are the auditors. Adelaide J. Hastings is superintendent of the hospital, while Mrs. Brewer is in charge of the nurses.

The Cudahy company is still cutting ice at Seymour lake. T. W. Tallferro, general manager of the company, returned from Chicago at noon yesterday and immediately inquired about the ice harvest. Mr. Tallferro said to a Bee reporter last night that the cutting of ice was going on rapidly and that so far over 10,000 tons had been cut and stored. The work will be kept up just as long as the cold weather lasts.

It is understood that quite a number of the members of the exchange will accompany the delegation named.

Frank Corcoran Arrested. Frank Corcoran was arrested yesterday afternoon by Detectives Elfelder and Morton. He is being held while an investigation can be made. The New Year's reception at the local Young Men's Christian association was largely attended and the officers of the association were congratulated on the rapidly growing membership.

STRIKE BREAKERS LEAVING. Nonunion Workmen at Shops Getting Away Before Strike Settlement Comes.

Strike breakers evidently have faith in the negotiations for a settlement of the Union Pacific strike, as they continue to leave the shops in droves. Forty-two of the Omaha force quit and left the city yesterday. Reports from other cities along the line tell of heavy desertions. The force in Omaha, which is the largest of any shop on the system, has dropped, it is said, to its lowest ebb since the outbreak of the strike.

The company is doing everything possible to keep the men in line pending the conferences in regard to the settlement of the strike. Not only the strike breakers, but the strikers who have been broad at work are beginning to be influenced by the reports from the scene of the conference. Three men who have been working in Dayton, O., have returned home, expecting to find the strike settled and their places awaiting them in the shops. One of the men says his wife telegraphed him that the strike was settled and he hurried home. The others read reports in Ohio papers and were governed accordingly.

Strikers deplore the policy of overconfidence in regard to the negotiations for a settlement. While hoping they may be ready favorably they are by no means ready to admit that the strike is over, and are proceeding with their plans and methods just as if the battle was to be continued uninterrupted for many months, as indeed it was. No advice have come from New York since the telegram of Mr. Wilson's saying the conferences had been continued until Tuesday.
