A Sudden Twinge

Of pain is generally the first warning of an attack of rheumatism. It feels as if the disease were in the bones or muscles, but the real cause of rheumatism is found in impure blood. In order to cure rheumatism the blood must be cleansed of the poisonous impurities which are the cause of the disease, Dr. Pierce's Golden Medical Discovery

organ.

Mr. R. A. McKnight, of Cades. Williamsburg Co., S. C. writes: "I had been troubled with rheumatism for tweive years, so bad at times I could not leave my bed. I was badly crippled. Tried many doctors and two of them gave me up to die. None of them did me much good. The pains in my back, hips and legs (and at times in my bead), would nearly kill me. My appetite was very had. Everybody who saw me said I must die. I took five bottles of the 'Golden Medical Discovery' and four vials of 'Peliets,' and to-day my health is good after suffering tweive years with rheumatism."

AGAINST BONDSMEN Deputy County Attorney Asks for

Judgments Against Signers of Bonds.

Abner Travis, colored janitor at the court house, shouldered a double burden of trouble yesterday, as Deputy County Attorney Dunn has started suit against him not only for the J. J. Dolan, after the recent robbery of the Robert Smith grocery store, but also for the amount of the \$700 bond of Minnie Williams, who decamped in June, 1901, but on whose bond no suit might ever have been started had not Travis signed the Dolan bond and thus harrowed up the old affair. The colored man has several lots at Sixteenth and Fort streets, somewhat encumbered, and is said to have been acting as surety in minor criminal cases for a consideration.

With the petitions for judgments against Travis, Deputy Dunn filed petitions for sim-Har judgments against Garnet C. Porter and his bondsman, Fred M. Hans, and against Joseph W. Sipe and his bondsman, D. R. Berlin. One petition relates that on December 17, 1901, a special grand jury returned an indictment against Porter for assault with intent to do great bodily injury; that Hans entered into Porter's recognizance in the sum of \$300; that the case was continued until the February term and that when it was then called Hans failed to produce Porter, and the security was therefore forfeited. Two other indictments for criminal libel had the same sequence, so that there is due \$900 on the three, in addition to the forfeiture of a county court appeal bond in the sum of \$500, declared forfeited April 30, 1902.

In the Sipe case the original charge was larceny as bailee and the amount involved in the bond is \$500. Sipe was to have appeared before Judge Baxter, then on the county bench, January 16, 1900.

arrested yesterday by Sergeant Gibbons G. A. P. D., Omaha, Neb. and Officer Jackson and is now being detained. A charge of bigamy may be made against him. Redding has made a complete confession to Captain Haze in the presence of the detectives.

Redding says he was born in Buckinghamshire, England, and came to America in November, 1897, landing at New York, Farnam street. traveling thence to Chicago, later to Dixon and Sterling, Ill., and finally arriving in this city on March 14, 1898. While he was residing in England he held the office of collector of taxes and had a wife and a SEAT B'NAI B'RITH OFFICERS family of four children, two boys and two girls, whom he deserted. He states that he was compelled to flee from England owing to a shortage in his accounts. He was married in England in 1887 to Miss Eliza Ives. In June, 1900, he was married to Helens Fedda at Lincoln by a justice of the peace, and since then they have been residing in this city. By this union were born two children, a son and a daughter

NEW FIRE ESCAPES GOING UP

Several Hotels Are Complying with Recent Order of Building Inspector.

Building Inspector Carter says that his ecent notices to some of the hotel keepers of the city requiring additional fire escapes on their buildings have for the greater part effected prompt action. New fire escapes in compliance with the ideas of the building napector are now being placed upon the Midland, Drexel and Merchants hotels and the annexes of the Paxton and Her Grand hotels.

In some few cases there has been delay, and the building inspector says he may be obliged to take legal steps in one or two cases to enforce his instructions and will do

so if he finus that necessary. Safes, clubs, Buffets and private sideboards should not be without Cook's Imperial Extra Dry Champagne.

EXODUS OF STRIKE BREAKERS

One Hundred and Seventy-Five Said to Have Left in One Week.

STRIKERS ALL LOOKING TO NEW YORK

President Kennedy Writes that Tuesday Will Bring Conference in New York to Definite Action on Settlement Proposition.

With trunks packed, the strike breakers still left in the Union Pacific shops are awaiting the news that will be their signal for removal. They are lingering only from day to day, and in the meantime large numbers of them are dropping off the pay rolls with each day that passes. This is the latest information of the strikers.

During the last week not less than 175 men have left the shops, according to the strikers. Forty-two went last Friday, forty-six on Saturday and thirty-three more yesterday. The balance left earlier in the week. Strikers' figures show that this leaves not more than 150 or 160 men at work in the shops. It is said that the office force is swamped with the demand for

time checks. The exodus has been felt especially in the blacksmith shop. The picket forces were told yesterday that Monday the foreman was unable to get a few straight pins made because of a dearth of workmen. It was said further that yesterday not a single forge on the east side of the shop would be working and that not more than seven or eight fires in the entire shop would be

All Eyes on New York.

With the strikers meanwhile everything is hinging on the results of Tuesday's conference in New York City. Martin Douglas, secretary of the local ledge of boiler makers, yesterday received a letter from E. F. Kennedy, president of the local and district lodges, now in attendance at the conference in New York. In this communication Mr. Kennedy stated that everything was looking favorable to the strikers and that Tuesday would bring a definite decision as to whether there would be a settlement at this time.

John Slocum, president of the Interna-tional Brotherhood of Blacksmiths, has written from the conference a letter in which he bemoans the erroneous character of the newspaper reports of that meeting which have come out. Mr. Slocum adds, however, that despite the fact that the conference and its doings were a profound secret, one accurate report of the affair did creep out, and he has sent a copy of this report, which has not yet arrived.

City Committee Called to Meet Saturday Night of This Week.

ED P. SMITH OUT OF MAYORALTY RACE

W. C. Bullard Appears Among the Candidates, of Whom There Are Several Supposed to Be in Receptive Mood.

Chairman Gilbert has called a meeting of the democratic city committee at the rooms of the Jacksonian club at 8 o'clock next Saturday night. The purpose of the meeting, as set forth in the call, is to make arrangements for the democratic primaries and the city convention, and to consider the proposition to make a new apportionment of delegates based on the vote cast for the head of the ticket at the last general election. The movement for a new apportion ment is made in the interest of the Jacksonian club as against the Donelas County Democracy, for the former organization is the stronger in the wards which would get an increased representation in the convention under an apportionment based on the democratic vote.

Yesterday one of the most formidable candidates for the democratic mayoralty nomination, Ed P. Smith, withdrew from the field and a new aspirant, W. C. Bullard, made his appearance. Ed E. Howell has been making an active canvass for the nom ination for some months and is generally regarded as the favored candidate of the Jacksonian wing of the party. Mr. Bullard and James P. Connolly are the only other avowed candidates, although the county commissioner is not being seriously considered by the party workers. Among those mentioned for the nomination are Frank T Ransom, C. O. Lobeck, Frank J. Burkley artistic calendar for 1903. Six sheets, 10x15 W. S. Poppleton, Ed S. Streeter and W.
