# UNHEALTHY KIDNEYS

Cause More Sickness and Serious Complications than Anyone Knows.

Thousands of Men and Women Have Kidney Disease and Do Not Know Until It Has Developed Into Bladder Trouble, Rheumatism, Diabetes or Bright's Disease, Which Will Prove Fatal If Not Attended To At Once.

PAINS IN THE SMALL OF THE BACK

painful passing of urine, inflammation of the bladder, torpid liver, cloudy urine, pains in the back of the head and neck, theumatic pains and swellings all over the body, exsema and jaundice tell you your kidneys are diseased and are not able to do their work properly. If you have any of these symptoms great care should be taken to stop the progress of the disease and prevent it becoming chronic and pregnating the entire system.

Thousands of unreliated letters are should be taken to stop the progress of the disease and prevent it becoming chronic and pregnating the e system. housands of unsolicited letters are received daily from grateful men and womer have been cured by Warner's Safe Cure.

Dear Sirs: I feel it my duty to thank you. Eighteen years ago was suffering from kidney complaint, and for two years was very low. The doctors had given me up unless I went through an operation. At that time I heard of Warner's Safe Cure and immediately stopped all doctors and commenced using your remedy. For the last fifteen years and a half have enjoyed perfect health.

I advertise it to all sick people I come in contact with, and with a great many it has effected a cure. Very respectfully, JOHN C PELZER, Danham, Ind., Dec. 14, 1962.

the has effected a cure. Very respectfully, JOHN C PELZER, Danham, Ind., Dec. 14, 1962.

COULD NOT SLEEP, "SAFE CURE" CURED HIM

Dear Sirs: I received yours of the 3d inst. I got your trial bottle of Warner's Safe Cure and used it. Since I have taken two large and two small bottles, which I can gladly say have cured me of kidney trouble, for which I had to be up from two to three times at night; now I can rest without getting up. I had severe pains in kidneys and back, and I have no more pain, and am sure that it was through your Warner's Safe Cure that I now enjoy good health. You are at liberty to use the above statement. I return hearty thanks to you. Signed, J. F. SAUNDERS, Long Beach, Cal., Dec. II., 1962.

After your morning urine stands 24 hours, if you find a reddish brick dust sediment in it, or particles floating in the urine, or if it is cloudy, you will know your kidneys are in a diseased condition and are anable to perform their work, the result will be the bladder and urinary organs will become inflamed, uric acid will polson the blood, the stomach will become affected and unable to digest the food, the system will become weak and the result will be a break-down of the general health, with Bright's disease or diabetes, which will prove fatal if not treated with promptness and great care.

### ANALYSIS FREE

If, after you have made this test, you have any doubt in your mind as to the development of the disease in your system, send a sample of your urine to the Medical Department, Warner's Safe Cure Co., Rochester, N. Y., and our doctors will analyze it and send you a report with advice free of charge to you, together with a valuable book describing all diseases of the kidneys, liver, bladder and blood and treatment for each disease. All letters from women read and answered by a woman doctor. All correspondence in strictest confidence.

### "SAFE CURE" CURES WEAK KIDNEYS

It purifies and strengthens the kidneys and enables them to do their work; it will cure rheumatism, rheumatic gout, diabetes, Bright's disease, uric acid poison, inflammation of the biadder and urinary organs, and restore the patient's health and vigor. Safe Cure is purely vegetable and contains no narcotic or harmful drugs. It is free from sediment and is pleasant to take. You can buy Safe Cure at any drug store free from sediment and is pleasant to take.
or direct, 50 CENTS AND SI A BOTTLE

Beware of so-called kidney cures which are full of sediment and of bad odor—they are positively harmful and do not cure. WARNER'S SAFE PILLS move the bowels gently and ald a speedy cure.

the Legislature.

IMPROVEMENT BONDS ARE WANTED

Committeemen Would Have Mission of Securing Such Change as Would Make Possible Sewer and City Hall.

There is a movement to send a special submit to the legislature a proposition whereby the charter of South Omaha may be changed so as to permit the city council to issue general improvement bonds, the money derived from such issue to be devoted to the construction of a sewer from Twentieth and N street to the river and the erection of a city hall building. About \$5,000 also is wanted for permanent street repairs. In all, about \$150,000 will be asked to defray the expenses of the improvements

At the present time the general bonded debt of South Omaha is \$307,000, with a district debt of \$215,000. It is considered good business policy, eay those who are

# THE VALUE OF CHARCOAL

Few People Know How Useful it is in Preserving Health and Beauty.

for the same cleansing purpose. Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system. Charcoal sweetens the breath after smoking and drinking or after eating onions and

other odorous vegetables. Charcoal effectually clears and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the po'son

All druggists sell charcoal in one form or the most for the money is Stuart's Ab- and N streets, Monday evening. sorbent Lozenges; they are composed of the finest powdered willow charcoal and other barmless antiseptics in tablet form, or, rather, in the form of large, pleasant tast-

ing lozenges, the charcoal being mixed with The daily use of these losenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it their continued use, but, on the contrary,

great benefit. A Buffalo physician, in speaking of the benefits of charcoal, says: "I advise Stuart's Absorbent Losenges to all patients suffering from gas in the stomach and bowels, and to clear the complexion and purify Stuart's Absorbent Lozenges than in any of nel; Mrs. A. Finley, outside sentinel; Mrs. the other charcoal tablets."

It is asserted that bonds now can be sold at a constant of the several points and the paved streets. It is asserted that bonds now can be sold at a constant of the paved streets. Charter Revision Committee May Go Before low rate of interest and that the overlap can be provided for in the same issue, thus UNION FACTORY WAS POPULAR cutting down the interest fund. In this connection some of the members of the council have been corresponding with cities of the same class in other states. In some instances it is found that the fire and police departments are better provided for and that there are more miles of paved streets, while the levy is higher. While the valuation of South Omaha is \$16,000,000, that of Quincy, Mass., a city of 23,000 porulation. is \$22,000,000. The levy there for running expenses is \$177,000 a year and yet the city is in debt. From the comparison made, committee of business men to Lincoln to South Omaha is not considered so badly off except in that it needs more public improvements, and as the taxpaying public knows, improvements cost money. Mayor Koutsky is holding down expenditures to the lowest notch and expects to show at the end of his first year in the executive chair a big saving as compared with former administrations. There is likely to be some opposition to the issuing of general bonds for \$150,000, but the talk now is the calling of a mass meeting for a general discussion

of the matter. Collecting Taxes.

During the month of December, 1902, City Treasurer Howe collected city taxes to the amount of \$90,137.46. This is the largest amount ever collected in a single month by the treasurer here. While some of the corage of the two payment clause in the charter. As a general thing, the small property owners paid in full. Treasurer Howe is now Nearly everybody knows that charcoal is engaged in checking up his books preparathe safest and most efficient disinfectant tory to issuing a call for outstanding warand purifier in nature, but few realise its rants. This call will be made about Januvalue when taken into the human system ary 15.

Rice Mercantile Cigar Company Did Big Business Last

Year.

Among the many manufacturing institutions which have made wonderful headway in the city of St. Louis can be mentioned the cigar factory of the F. R. Rice Mercantile Cigar company. This company has not only met with immense success on the 'Mercantile' 10-cent eigar, but also on the "305" and "Agent" 5-cent cigars, and there is no question that a great part of this rapid growth on the Mercantile and other brands of cigars is, to a great extent, due to the fact that the firm has not only got an elegant force of first-class salesmen, who are extremely popular with the trade and who are working with a full heart for the success of the firm, but also because

the factory has one of the best force of cigar makers. This feeling was clearly demonstrated when the firm found that they were unable to get enough first-class cigarmakers to fill their orders. When they laid the matter before the cigarmakers they at once decided, being that they could not furnish enough men when the orders were piling up in the house, that they would sacrifice porations paid in full, others took advant- a few of their Sundays and make an exception, which has never been done before by the Cigarmakers' union, to work for a firm

on a Sunday. The sales of the firm last year were the largest in the history of their business, and the increase is due to the fact that the factory absolutely refuses to give out any schemes whatever either in the way of free cigars, cigar lighters or cutters. Everything is added to the quality of the cigar, and the consumer will in the end find out which brands are sold on a strictly merit and will then select the merit cigars. A great many have visited the factory during the year and were impressed with

the factory, and it always affords the firm | edge the true knowledge of proper and pleasure to escort anyone through the fac-

Democratic City Committee Decides on Ward Representation in Convention.

PRIMARIES TO BE HELD IN FEBRUARY

Difference of Opinion Exists Only as to Standard to Be Adopted in Apportioning Delegates to the Convention.

It took the democratic city central committee just fifteen minutes in executive session last night to change the method of apportionment of delegates to the city convention from the arbitrary number of nine from each ward to a number per ward based upon the last vote cast, that for W. H. Thompson, candidate for governor.

The setting of the date for the primaries as February 12 and of the convention for February 14 was a process equally brief, and after some additional business of a more routine type had been transacted, the committee adjourned. Washington hall was the place set for the convention. The executive committee was empowered to change the

The apportionment matter failed to bring forth the fight that had been expected. Twenty-five of the twenty-nine members of the committee were present or represented by proxy. An early vote showed that fifteen of the twenty-five favored a change from the arbitrary system to the apportionment by vote. Following this came a vote as to whether the apportionment should be on the vote for Thompson for governor in 1902, or that for Poppleton for mayor in 1900. Fifteen stood for the Thompson gauge, ten for the Popplton.

Apportionment Decided On. As it was agreed to give one delegate for each seventy-five votes or fraction thereof cast, the new system allows 115 delegates at the convention, while formerly there

ment by wards is:	Thompson	n
	Vote.	Delegat
First	863	
Second	1:430	
Second	1,076	
Fourth	867	
Fifth	773	
Sixth	1.072	
Seventh	647	
Eighth	868	
Ninth	631	

Totals 115 This apportionment gives a great increase of representation to the Second, Third and Sixth wards, almost sufficient to control the convention. The members of the committee assert that there was absolutely no factional lining up on this matter, but that any difference of opinion as to the proper method and the proper vote to take as a basis resulted entirely from personal motives among the different ward residents. In the absence of Chairman W. D. Gilbert, C. L. West, chairman of the executive committee, occupied the chair. Secretary T. H. Comte was on duty. Stanley Letovsky's place on the executive committee was declared vacant, because of his change of political heart, and Olrich Jellen was named on it in his stead.

### Places for Primaries.

Places at which the primaries will held were named as follows:

Fist Ward-1703 South Tenth. Second Ward-Fourteenth and William. Third Ward-1024 Dodge. Fourth Ward-Undecided. Fifth Ward-The first cigar stere sout of Locust street on the east side of Six-

Sixth Ward-Idlewild hall, Twenty-fourth and Grant. Seventh Ward-Twenty-seventh and Dor-

Eighth Ward—270 Cuming.

Ninth Ward—270 Cuming.

# Fire May Prove Blessing.

CEDAR FALLS, In., Jan. 10 .- (Special.)-It is very probable that the fire which caused the \$100,000 loss to the Great Western Cereal company at Fort Dodge will be the means of reopening the mills of the company in this city, which were closed a few days previous to the fire. A score of men were thrown out of employment in the midst of the winter. The reason for closing the mill was the scarcity of oats in this vicinity, all having to be shipped in from Fort Dodge territory. The Fort

### LOST SIGHT OF Important Aid to Education.

An important point often overlooked by parents in bringing up children is the use of proper food as an aid to education. Children make wonderful progress when

scientifically fed A little woman in East Brentwood, N. H. says of her girlhood days, "I was never very rugged and cold lunches and hearty evening meals and improper food soon began to work serious havoc.

"Then came a period of self-boarding while away at college and it is now easy to Also the fine Havana, that is worked in | see where, in the haste to acquire knowlnourishing food was neglected. The result, as may be imagined, was indigestion, dyspepsia and constipation. Then followed a weary time of dieting and, one after another, physicians were consulted, till hope of permanent cure was abandoned. Then, two years after leaving school, I entered a new home as a bride and having grown wiser through experience, I resolved to use food in accordance with hygienic principles.

> "We commenced to use Grape-Nuts and and eventually left me for good.

Sues City for Heavy Damages.

# Governor Atkinson of West Virginia

Writes to a friend from Charleston, under date of Sept. 8th, 1902, saying, "I have used a number of bottles of KODOL and have found it to be a very effective and, indeed, a very powerful remedy for stomach troubles. I do not hesitate to recommend it to all persons

who have weak digestive organs." Indigestion is mainly due to a lack of some of the elements which constitute natural digestive juices. Kodol Dyspepsia Cure supplies these, and reduces the food to a condition required for transforming it into living tissues. Kodol is unlike all other remedies in that it combines both digestive and tonic properties. Its use enables the stomach and digestive organs to digest, assimilate and transform all of the nourishment contained in all of the wholesome food that may be eaten, into the kind of blood that makes

# bone, sinew, tissue, muscle, health and strength. KODOL DYSPEPSIA CURE

If the stomach is disordered Kodol will correct it, and if diseased Kodol will cure it. This famous remedy lays the foundation for health and the upbuilding of strength by cleansing, purifying, sweetening and strengthening the glands and membranes of the stomach, and by supplying the natural juices necessary to perfect digestion, assimilation and nutrition.

# Dr. Hayes, of Washington, D. C.,

Writes an autograph letter to one of his professional friends, saying: "In a number of chronic cases, after exhausting the materia medica for even palliative measures, with negative results, I have prescribed Kodol with marked and increasing benefit, from the first dose until the stomach's disability has been permanently relieved. My experience in a general and hospital practice dates from 1872, and I am positive that of all the digestants prescribed in those thirty years, none in my hands has proven so thoroughly

# Kodol Digests what You Eat.

Belching of gas, sour stomach, fullness after eating, and all t'e2 symptoms of Indigestion are relieved by the use of Kodol. Kodol gives health to the sick and strength to the weak.
