LEGISLATORS IN NO HURRY

Remaining at Home During the Recess and Capitol is Deserted.

SPEAKER MOCKETT ALSO IS LYING LOW

Keya Paha County Man Surrenders to Warden of Penitentiary, but is Denied Admission Without Papers.

(From a Staff Correspondent.)

LINCOLN, Jan. 12.—(Special.)—Very few of the legislators who went to their homes after adjournment Thursday have returned to Lincoln, though many of them are expected in tonight. Speaker Mockett announced today that he would be ready to name the committees of the house Wednesday. He has been conspicuously absent from the haunts of the legislators since his elevation to the speakership chair. Saturday night he ventured out and was so besieged that he immediately made his escape home.

In the meantime there is considerable talk of proposed legislation going the rounds. The labor people, it is said, desire some amendments to the child labor law. One change that will be insisted on, it is said, is an amendment that will compel children under 14 years of age to remain in school during the entire school year, as prescribed by the various school districts. Another is to bring the compulsory school law into harmony with the child labor law. The latter law, as it now stands, requires the attendance of the child for at least twenty weeks in the year, while the compulsory school law requires attendance two-thirds of the year.

Secretary Davis of the Board of Charity and Correction said that board would want several bills introduced. One of these will be to create a state parental school at Lincoln, the object of which is to enlarge the work of the Home for the Friendless. This board also wants a bill providing penalties for wife desertion. An act to prevent a county judge from giving marriage licenses to imbeciles, epileptics and insane persons; another bill to provide matrons for the penitentiary and county jails where women are confined.

What G. A. R. Wants.

The members of the Grand Army of the Republic were scouting around today to find some member of that organization in either house who would father a bill to prevent the desecration of the flag. Should this bill be introduced and passed it would mean that no business firm could use the flag to wrap up goods.

Three members of the Grand Army of the Republic, all past commanders, met yesterday to confer upon the appointment of a member of that body as a member of the committee on soldiers' homes. The man these will select will be recommended to Speaker Mockett. Captain Culver of Milford, Captain Adams of Superior and Captain Reese of Broken Bow made up the caucus.

Governor Considers Appointments.

Governor Mickey is still busy looking over the field of appointments and made no announcement today. Pending the announcement of the adjutant general, General Colby will hold over. The governor expects to make the appointment to this place either this week or the first of next. There are six candidates for the place, Captain Holderman of York and Captain Phelps of Holdrege being the last announced. The Kearney Industrial school superintendency still remains in doubt. Deputy Food Commissioner Bassett has consented to remain in office until May in order that the legislature may have the benefit of his experience.

The State Printing Board expects to meet Wednesday and name its secretary. This place is held by L. A. Williams of Blair, but there are a half dozen who would like the place. It pays $1,000 a year and a man can grow fat on the work.

Discover More School Land.

Land Commissioner Follmer has unearthed two pieces of land belonging to the state that had been lost sight of. These pieces comprise 160 acres. The books in the office of the commissioner have been carefully checked up recently and the mistaken entries discovered.

Breaking Into Penitentiary.

Another man has attempted to break into the penitentiary. This time it is Joseph Bouchet from Keya Paha county, under indictment for murder. He came to Lincoln this morning with a letter supposed to be from the sheriff of his county, recommending him to the warden of the penitentiary. He at once went to the prison and gave himself up to the warden and desired to be locked up. Bouchet was sentenced to serve seven years, but pending an appeal to the supreme court was out under bond. After the transcript had been made his attorney advised him to drop the proceedings and begin his sentence. As he was not armed with the necessary commitment papers, Bouchet will be held as a guest at the prison until these arrive.

Because the state's attorney failed to show the value of a horse which Joseph Keller of Cheyenne county was convicted of stealing, Keller's attorneys applied to Judge Holmes this morning to release Keller on a writ of habeas corpus.

Attorney for Keller, Mr. Berge, urged that the supreme court had held that such an omission is fatal when coupled with the fact that the information did not fix the value either. The case was one brought under a general statute making horse stealing a felony. The state insisted that habeas corpus was not the proper remedy, and that the defendant having failed to appeal to the supreme court was bound, the court having once secured jurisdiction over him. Mr. Berge contends that the information and verdict being irregular, the court never had jurisdiction and that his conviction and sentence therefore were void.

Judge Holmes took the matter under advisement.

Omaha Convict Dies.

Frank Clark sent to the penitentiary from Douglas county for burglary, died at the prison this morning of consumption, and the authorities are unable to locate his relatives and do not know what to do with the body. Clark was sentenced for five years and his time would have expired next September. He was 36 years of age.

From Plainview, Neb., Game Warden Simpkins today received two barrels of quails that had been left on the depot platform at that place for shipment. The agent notified Mr. Simpkins that the barrels were there, without addresses upon them and the latter had them sent here to be distributed among the state institutions. It is not known who left the game on the platform.

The secretary reported money in the treasury, no losses during the past year and no assessments made, and over $500,000 of insurance in force. The following officers were elected: D. Zimmerman, president; Henry Scheele, vice president; W. L. Kirkpatrick, secretary. The three directors elected were: R. B. Price of Thayer, Commodore Beavor of Waco and W. S. Freeman of West Blue. CASTRO ABANDONS ALL HOPE

No Longer Looks for Aid from the United States.

HIS REPLY IS NOT TO THE POINT

However, It is Regarded Certain that He Has Clothed Minister Bowen with Sufficient Power to Make Settlement.

NEW YORK, Jan. 12.—Referring to the situation in Venezuela the London correspondent of the Tribune says the opinion expressed by the leading officials there is that the blockade has evidently oppressed Castro and that he has given up all hope of American intervention.

The American's La Guayra correspondent is authority for the statement that under the persuasion of President Castro the foreign merchants of Caracas have "contributed" $5,000 to the expense fund of Mr. Bowen on his trip to Washington.

May Raise Blockade.

ROME, Jan. 12.—Negotiations between the co-operating powers relative to raising the blockade of the Venezuelan coast are proceeding, the main point being the question of guaranties for the payment of claims should the warships be withdrawn.

The Italian Foreign office recognizes the correctness of the contention in Secretary Hay's last note that a continuance of the blockade will only further impoverish Venezuela and make the settlement of the claims more difficult and is desirous of meeting the suggestion of the United States.

At the same time it cannot act without an agreement with Germany and Great Britain. As a solution of the question the suggestion is again mooted whether the United States must be asked to guarantee the payment of the sums awarded, now that the situation has so completely changed.

Castro Puzzles Germany.

BERLIN, Jan. 12.—The Foreign office here is somewhat puzzled by President Castro's last note. He avoids specific acceptance of the powers' stipulations and seemingly leaves the basis for a settlement as indefinite as in his preceding dispatch, agreeing generally to arbitration.

The president's reply has really not advanced the matter at all, but it is confidently supposed he has given Mr. Bowen full power of attorney.

The State department at Washington has advised the Foreign office that Mr. Bowen has sailed from La Guayra. Nothing more will be done from this side until Mr. Bowen arrives in Washington.

Bowen is on His Way.

WASHINGTON, Jan. 12.—Mr. Bowen before leaving La Guayra yesterday on Dolphin, dispatched a short telegram to the State department announcing his departure, but not stating what port he expects to make in the United States. The Navy department was informed that the boat would stop first at Kingston for coal.

Inquiries at the State department as to whether or not answers had been received from the European capitals to President Castro's last communication developed that the department now has nothing to do, directly or indirectly, with the exchanges which may pass between the powers and Venezuela. The functions of the department are said to have ceased when it brought the parties together and they must hereafter communicate directly. Presumably Mr. Bowen will be addressed as the representative of Venezuela, and as he cannot be reached on shipboard, there probably will be a halt to the exchanges.

Advices received here indicate that while Mr. Bowen comes as Venezuela's commissioner President Castro has made it a condition that the blockade shall be raised before he proceeds with the preparation of the protocol for the peaceful adjustment of the claims. Moreover, it now develops that in this request Venezuela is likely to have the support of Italy. The United States, though not a party to the negotiations, of course will throw the weight of its moral influence on the same side. The Italian government is influenced in its course by purely economic considerations. It does not desire to crush Venezuela simply to procure payment of claims. The continuance of the blockade by sapping the very life of the country threatens to make it impossible for Venezuela to pay these claims within any reasonable period, so that any judgment rendered against it by private arrangement or by The Hague tribunal would be hollow and almost without results.

HOLDS BANQUET AT BEATRICE

Dempster Manufacturing Company Gives Annual Function in Honor of Stockholders.

BEATRICE, Neb., Jan. 12.—(Special.)—The fourth annual banquet of the Dempster Mill Manufacturing company was held in Nichols' hall last night and was attended by nearly 200 stockholders and traveling men of the company, besides a number of invited guests.

The culinary department was presided over by the women of the First Presbyterian church, and of the menu too much praise cannot be given. The tables were as handsome creations as ever graced the dining halls of any event held in the city, and nothing was left undone to make it the best and most elaborate banquet yet held by the company.

J. W. Burgess, treasurer of the company, acted as toastmaster, and the following sentiments were responded to: "Our Maids," Fred Owen; "Our Bachelors," Miss Ethel Pyle; "The Ladies," Miss May Leary; "Alfalfa," R. A. Yale; "Oil," W. Z. Warner; "The Past and the Future," C. M. Hemler; "Our Wives," D. W. Carre; "Wants," Homer Metzger; "Knights of the Grip," Frank Owen; "The Press," B. E. Manville for the company and M. A. Metzger for the press; "The Church and the Laboring Man," Rev. W. H. Kearns; "The Legal Department," R. S. Bibb and Hon. Samuel Rinaker; "The Stockholders," M. T. Cummings; "An Outsider," M. V. Nichols; "Our Guests," President C. B. Dempster; "The Memphis Plant," A. B. Smith. These were followed by a poem by J. W. Burgess.

A handsome leather chair was then presented to Mr. Hemler by Mr. Dempster. The toasts were followed by a program of music and recitations. Jenkins' orchestra added spice with a musical program throughout the banquet.

The banquet was also the celebration of Mr. Dempster's fiftieth birthday and when the fact became known he was showered with congratulations. As the hour of midnight was reached the evening's festivities closed with a selection by the orchestra.

Social Event at Lexington.

LEXINGTON, Neb., Jan. 12.—(Special.)—Yesterday was the 59th anniversary of the birth of Judge H. A. Turton of this city, and his friends of the Woman's Relief corps and Grand Army of the Republic took advantage of the occasion to spring a surprise upon him. He was busily engaged in his official capacity when a detail of comrades presented itself in his office and requested his presence at Grand Army of the Republic hall to assist in getting up a program for joint installation. He excused himself on the ground that he was officially engaged, but was told he would only be kept ten minutes, so he accompanied the detail. On arriving at the hall he was ordered by the post commander to present himself at the altar. The room was filled to its utmost capacity with women and old soldiers. Comrade Mullin then, in a neat address in behalf of those present, presented him with an elegant rocker; and Mrs. Kohler, in behalf of the women, pinned a large bouquet upon the lapel of his coat. The judge was taken completely off his guard and the surprise was so complete that it took several moments for him to respond to the presentation, but he finally pulled himself together sufficiently to express his appreciation of the remembrance so kindly tendered him. A collation was then served and all present wished the judge many returns of his natal day.

Keep Up Search for Body.

WEST POINT, Neb., Jan. 12.—(Special.)—Unceasing efforts have been and are being made to recover the body of George Ruehl, who was drawn under the ice at the dam nearly a week ago, but without sucess. A mass meting of citizens was called and a committee appointed to supervise the work of the volunteer searchers. Nearly the entire membership of the local lodge of the Wodmen of the World, of which deceased was treasurer, have turned out and are cutting the ice away and searching the bottom of the dam. The weather being so cold and the water being fifteen feet deep renders the work very difficult. The search will not be abandoned until the body is found. His wife is prostrated with grief.

Held for Assaulting Girl.

YORK, Neb., Jan. 12.—(Special.)—George W. Bohner, for the past twenty years a resident of Bradshaw, and who during that time has run a drug store, was bound over to the district court charged with assault on little Wilhelma Reachuel, a 6-year-old girl living south of Bradshaw, who with her brother, 8 years old, was in Bohner's drug store, in which place it was claimed the assault was made. Witnesses testified to the good character and standing of Bohner during his twenty years' residence in Bradshaw. The trial occupied two days before the county court and was bitterly contested.

Dies from Burns.

WYMORE, Neb., Jan. 12.—(Special.)—Mrs. J. W. Roberts, the wife of a prominent farmer living south of town, died this morning, from the effects of a burn. Mrs. Roberts had been washing a waist in gasolene Saturday evening and had gone near the stove with it. The article took fire and before she could help herself the flames had enveloped her. She threw a piece of carpet over her head and ran out of doors, where she fell in an unconscious condition and was in that state when the family returned from town late in the evening.

Relief Corps Installs Officers.

BEATRICE, Neb., Jan. 12.—(Special.)—A very largely attended and enjoyable meeting of Rawlins' post No. 35, Grand Army of the Republic, and the Woman's Relief corps was held in the post hall last night at which time officers were installed for the ensuing year. Following installation refreshments were served, after which a musical program was rendered and a very pleasant evening passed by the large number present.

People as a general rule are well prepared and there is plenty of coal at the local yards to supply the present demand, although it has been very scarce at times during the early fall and winter.

TO TEST PECULIAR WILL

Document is Missing and Widow Relies for Her Rights Upon Stenographic Notes.

CINCINNATI, Jan. 12.—A peculiar contest began here in the probate court today, when the widow of the late millionaire, John McCormick Gibson of this city, who died at Asheville, N. C., a few months ago, presented for probate a copy of his will, made from stenographic notes alleged to have been preserved by Attorney Wells of Asheville.

The original will, it is asserted, has never been found since the death of Mr. Gibson. It bequeaths his entire estate to his widow, to whom he was married a few hours before his death.

His legal heirs, his mother and a brother, contest the probating of the will, and a legal argument is in progress on the question whether a will of this description is valid or not.

Mrs. Gibson, the widow, was Miss Cecilia Wolff of Providence. She was called by a telegram to Asheville when Mr. Gibson was critically ill and was married on her arrival. Mr. Gibson's first wife was one of the victims of the Windsor hotel fire in New York.

ROYAL ROMANCE IS OVER

Count Lonyay Leaves His Prince a When Poverty Becomes Oppressive.

DIVORCE PROCEEDINGS MAY FOLLOW

Couple Strive to Keep Up Position on Small Income and Failing Agree to Part Once for All.

VIENNA, Jan. 12.—Serious differences, according to Die Zeit, have arisen between the Countess and Count de Lonyay, formerly the Crown Princess Stephanie, during their stay in the south of France. The count is reported to have suddenly left his wife and to have since given no intimation as to his whereabouts. The nature of the alleged differences has not developed.

The count left his wife at Mentone on January 7 and his present whereabouts is not known. His friends assert that in addition to financial difficulties the count has found his position in society as the husband of the former crown princess of Austria-Hungary exceedingly uncomfortable and unpleasant and will seek a divorce. The disagreement between the couple has long been evident and it is believed that pecuniary troubles underlie the affair.

As a widow the former crown princess enjoyed an income of $125,000 and had free residence at the imperial palace and the use of carriages and servants. It is reported that the couple married in the belief that Emperor Francis Joseph and King Leopold would contribute to their maintenance. In this, however, they were disappointed. The emperor gave the countess $25,000 a year, while King Leopold stopped her former allowance of $10,000 altogether. The countess consequently tried to meet all the expenses of maintaining her household with one-fifth of her former income and found the task impossible.

She used the influence of her daughter, Archduchess Elizabeth Marie, who is a favorite with the Austrian emperor, to secure additional money and to obtain permission to reside in one of the imperial palaces, where she was out of reach of her creditors. She was granted the use of the palace at Hetzendorff, near Vienna, but this privilege expired upon the marriage of her daughter to Prince von Windischgraetz on January 3, 1902.

The Crown Princess Stephanie of Austro-Hungary, widow of the Archduke Rudolph and a daughter of King Leopold of Belgium, was married March 22, 1900, to Count de Lonyay, a popular diplomat of high standing in court circles. The marriage of the princess to Count de Lonyay was bitterly opposed by King Leopold.

LEGISLATURE RUSHING WORK

South Dakota Lawmakers Lose No Time in Transacting Business of Session.

PIERRE, S. D., Jan. 12.—(Special Telegram.)—The senate today passed a bill ceding land at Hot Springs to the United States for the purpose of a national sanitarium.

Among the principal bills introduced in the senate were one by Dillon appropriating $5,000 to the payment of the expenses of the state fair, and one relating to the establishment and vacation of highways, while several bills were introduced relating to legal practice.

A message from the governor was read including a letter from the management of the St. Louis exposition, asking the legislature to take action as to the desired design of a statue to be erected at the exposition to typify the state.

The first bill to pass both houses went through the house today as senate bill No. 2, which provides for the holding of terms of court at other than county seat towns.

The first house bill to go through was also passed today, it being to fix the terms of court in the Fourth circuit.

Bills introduced in the house were: By Nelson, to amend the law relating to the collection of delinquent personal property taxes by the sheriff; by Hutchinson of Beadle, to appropriate $50,000 to erect an armory and arsenal on the state militia grounds at Huron, and by Koening, prohibiting the killing of quails in the state for five years.

The senate capital removal bill went to first reading in the house under suspension of the rules, being taken up out of order by a vote of 71 to 11.

In joint session Hon. Bartlett Tripp of the code commission took up an hour explaining to the two houses the changes made in the laws by the commission, which are mostly changes in phraseology, making more clear the evident intent of laws in existence. He perpetrated what might be called a joke in stating that the commission found that under existing laws one of the circuit judges of the state was receiving a less salary than the other judges, which was undoubtedly a discrepancy which had crept into the laws and which the commission took the liberty to correct. Another change which was made provided for the qualification of county auditors at the same time with other county officers, January 1.

At the close of the session the speaker announced the placing of Representative Welch on the committees of live stock, appropriations and insurance, he having just taken his seat after a successful contest before the house.

South Dakota Divorce Legislation.

SIOUX FALLS, S. D., Jan. 12.—(Special.)—The agitation for an amendment to the divorce laws, increasing the period of time necessary for residents of other states to establish a residence in South Dakota, reducing the number of causes for which divorces may be granted and otherwise making it more difficult for eastern people to secure divorces in South Dakota, is not taken seriously here. The agitation is confined solely to those who are envious of Sioux Falls because this city, without any effort on the part of its citizens, has become the divorce center of the state. While the divorce business is a source of revenue to some attorneys and to some of the local hotels, it does not financially benefit the people of the city generally, the vast majority of whom do not care in the least whether the legislature amends the divorce laws or not. However, it is a safe prediction that the legislature, which is now in session, will absolutely refuse to tamper with the present divorce laws, which are as stringent as those of many other states.

Wheatland Feeding Center.

WHEATLAND, Wyo., Jan. 12.—(Special.)—Wheatland is becoming a feeding center of considerable importance. This winter several thousand sheep and cattle are being fed by the farmers, while large numbers of hogs are being fattened for market. Among the larger feeders are: E. T. David, 800 cattle, 1,200 sheep; E. M. Gibson, 6,000 sheep; M. R. Johnston, 4,000 sheep; Trenholm Brothers, 100 cattle, 50 calves.

Big Strike on Duck Creek.

WHEATLAND, Wyo., Jan. 12.—(Special.)—What promises to be an important mining strike was made one day last week on Duck creek, about thirty miles from Wheatland. On a claim owned by T. I. Laughlin, W. E. Seaman and others an immense ore body rich in copper and gold was discovered. Expert mining men who have visited the property say it will compare favorably with any property in the state. A tunnel has been run in from the base of a cliff, which years ago was struck by lightning and exposed the copper-bearing rock and now that the richness of the mine has been established the property will be worked systematically and regular shipments made.

Colored Man Badly Frozen.

PIERRE, S. D., Jan. 12.—(Special Telegram.)—Charlie Stokes, a negro, was found Saturday in a claim shanty on the range so badly frozen that both his feet had to be amputated. He was coming in from a ranch where he was at work and broke into the shanty where he was found and built a fire, but went to sleep and was frozen.

Business Man Declared Insane.

PIERRE, S. D., Jan. 12.—(Special Telegram.)—J. T. Lang, who came here from Sioux Falls last fall and started a second-hand store, has been declared insane and will be taken to Yankton. An attack of typhoid fever is accountable for his condition.

LIVING RELATIVES OWN DEAD

Court Holds Corpses to Be Property of Those Who Remain Behind.

ST. LOUIS, Jan. 12.—The circuit court today decided that the living relatives have the right to select the burying place of a member of the family and change it at will, and that a cemetery board has no interest in a dead body except that of holding the body in trust.

ASTHMA

Climates wear out. Smokes and sprays do not cure. They relieve symptoms instead of removing causes; whereas, we take Asthma so thoroughly out of the system that nothing remains which can produce an attack; sufferers are soon able to work, eat, sleep and stand exposure without the slightest return of Asthma. Being right in principle our treatment does what "reliefs" cannot do. We cure to stay cured so-to-speak, long-standing and pronounced "incurable" cases. If you are skeptical, it is because you are ignorant of our great work. Since 1885 we have treated 50,000 Asthma and Hay Fever sufferers. (Swamp Root is pleasant to take.)

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore when your kidneys are weak or out of order you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering with fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles; makes your head ache and back ache, causes indigestion, stomach and liver trouble, you get a sallow, yellow complexion, makes you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

The cure for these troubles is Dr. Kilmer's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical science.

If there is any doubt in your mind as to your condition, take from your urine on rising about four ounces, place it in a glass or bottle and let it stand twenty-four hours. If on examination it is milky or cloudy, if there is a brick-dust settling, or if small particles float about in it, your kidneys are in need of immediate attention.

Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by physicians in their private practice, and is taken by doctors themselves who have kidney ailments, because they recognize in it the greatest and most successful remedy for kidney, liver and bladder troubles.
