Bulls Hold Grain Pit Reins on Chicago Board of Trade. MARKETS CONSEQUENTLY ARE STRONG

Wheat, Corn and Oats All Go Up. While Provisions Remain Firm, with Slightly Better

Prices.

CHICAGO, Jan. 14.—The boils held the reins in the grain pit today and the markets were strong and active, May wheat closing the higher. May corn was up wife the man oats were there were the provisions closed firm, May pors being The higher. May lard unchanged and ribs a snade lower.

May lard unchanged and ribs a snade lower.

Wheat ruled strong and active, with the chief incentive to higher prices being the continued demand for May of the most prominent buils, although higher cables and small receipts were strengthening influences early in the day. The leading long was reported to have added materially to his aiready big line, and this fact acted as a dampener on the seilers, and in consequence offerings were rather limited. There was a good cash demand reported from the northwest and the seaboard was again an active buyer. May opened a shade to 14004c higher at 765007c. Clearances of wheat and flour were equal to 281,000 bushels. Primary receipts were 523,000 bushels, against 438,000 bushels a year ago. Minneapolis and Duinth reported receipts of 261 cars, which, with local receipts of 27 cars—none of contract—dade total receipts for the three points of 28 cars, against 406 cars last week and 430 cars a year ago.

cars, against 406 cars last week and 420 cars a year ago.

There was a good trade in corn and the sentiment was generally bullish on a big export demand and a heavy cash business here, sales being reported at over 200,000 bushels. The opening was strong on higher cables and small receipts, and the market held firm on a good general demand for futures from commission houses, while shorts covered freely in the January delivery. Offerings of January stuff were hard to get and more strength was manifested in that month than in the more distant futures, the price going up to 48½c. The close was 1½c higher at 47½c. May closed 1½5½c higher at 47½c. May closed 1½5½c higher at 44½ft., after ranging between 44½c and 44½c. Local receipts were 134 cars, none of which were of contract grade.

Oats were given open support by longs and an active and higher market resulted. Commission houses were also good buyers and there was some huying by shorts. Selling was chiefly in the way or liquidation. Small receipts and a firm cash demand were buil factors. The close was strong, with May 126%c higher at 35½c, after selling between 31½c and 35½c. Local receipts were 104 cars.

Provisions were dull and the opening was weak on liberal receipts of hogs and lower prices at the yards. There was a rally on the strength in grains and on actieve demand from brokers for January pork, and most of the earl yloss was regained. The close was steady to firm, with May pork 1½c higher at 15,55; May lard closed at 25,47½, while ribs were a shade lower at 25,47½, while ribs were a shade lower at 25,47½, while ribs were a shade lower at 25,47½c higher at 216,55; May lard closed at 25,47½c. higher at 15,55; May lard closed at 25,47½c. re a year ago. There was a good trade in corn and the

M.—WOOL—The market is generally quiet, though the firm tone previously noticed is continued and even intensified. Territory wools are relatively more active than the balance of the list. The demand is especially for fine wools, though mediums and fine mediums are also in demand. Fine staple, territory, scoured basis, quotable at \$5600, with fine at 53 gree; for fine mediums 50003c is asked, medium being quotable at 45000c. Texas wools are very firm, with the offerings rather light. There is moderate demand for California wools on a scoured basis of \$2503c for northern spring, with middle counties at 48050c; southern, 12 months, pure California wool is quotable at 48050c for state, cured basis. Fleece wools are in fair demand, especially for medium unfair demand, especially for medium unfair demand, especially for medium unsaked fleeces. XX wools are quoted at 18050c, with No. 1 clothing at about the same figure. Delaine wools are also in excellent demand and full quotations are being paid for desirable lots. Sales have been made of fine washed at 34c, with even higher prices being asked in some cases.

NEW YORK, Jan. 14.—COTTON—Opened steady at unchanged prices to an advance of 2 points, and after ruling dull for a time suddenly developed promounced strength and activity. Prices sharply advanced on general buying, but largely by shorts, who became alarmed in view of the continued failure of receipts to expand. Port receipts for the day were exceeded by the exports, the figures being 34,439 in the way of clarances. Today's exports bring the total for the season up to 3,88c,656 bales, against 3,987,70t bales last year, for the corresponding time, reducing the deficit to 38,56 bales, while reports from the spot markets of the south go to show a large demand on European account, which forecasted continued large clearances. At the strongest interval an advance of 468 points was apparent, with the market finally very steady at a net rise of 268 points. During the afternoon the buying was largely by the more important houses, which reported investment orders and a larger public interest; but the demand came cheffy from shorts, partly on fears of builtsh leadership by Liverpool tomorrow. The English had a tendency to out-advance the market in this country. Total sales futures estimated at 150,000 bales.

ST. LOUIS, Jan. 14.—COTTON—Firm; middling \$8c; sales 380 bales; respirits.
