There was a joint meeting of the executive committee of the Nebraska Woman's Suffrage association and the committee on work before large assemblies at suffrage headquarters in the Lindell hotel in Lincoln on Thursday and Friday, those present being Mesdames Frank Young, Broken Bow, president; Amanda J. Marble, Table Rock, vice president; Mrs. Ollie Carriker, Nebraska City, secretary; Miss Laura A. Gregg, Omaha, state organizer, and others. Miss Mary H. Williams of Kenesaw was appointed state historian. Miss Williams is secretary of the Kenesaw club, one of the largest organizations of the state, and by education and experience is especially fitted to fill the position to which she has been appointed. As a means of income it was decided to issue a cook book of tested recipes not only for ordinary cooking, but to include the Vegetarian and Ralston recipes as well. The committee appointed for this purpose includes some of the best known women of the state and the book will be ready for sale in about three months. A series of suffrage conferences was planned to begin March 1 and a large section of the state will be included in the tour. These will consist of day and evening sessions, to be addressed by Miss Gail Laughlin of New York, Miss Laura A. Gregg and a local speaker. Miss Laughlin is one of the best known women in the suffrage cause at present. She is a graduate of Wellesiey and Cornell law school and was expert agent of the United States Industrial Commission from 1900 to 1902. She is to be one of the speakers at the coming National Suffrage association con-

RAILROAD TAXATION IS THE QUESTION

Committee Calls on Union Pacific Attorney, Delivers the Challenge and Now Expect Him to Accept it Soon.

It is up to John N. Baldwin, general attorney for the Union Pacific road, to defend in debate before the public the stand his and other roads have taken against just taxation in Nebraska. President C. F. Harrison of the Real Estate exchange of Omaha, Chairman F. D. Wead of the exchange's tax committee and W. G. Ure, secretary of the same committee, yesterday afternoon delivered to Mr. Baldwin in writing this challenge:

writing this challenge:

In order that the public may arrive at just conclusions in the matter of the repeal of the discriminating clause in the charters of cities of metropolitan, first and second classes, which, while it directs tax commissioners to assess all other property at its fair cash value provides "that tax commissioners shall take the valuation and assessment of railroad property within the city limits from the returns made by the State Board of Equalization to the county clerk." We invite you to a public debate with a representative to be chosen by us of the following propositions:

1. Railroads do not pay a fair share of municipal taxes.

2. If they did, it would not in any way affect the taxes paid by railroads in the several counties in the state.

3. The foregoing being true, all statutory provisions permitting discrimination in favor of railroad property, in the matter of municipal taxation, should be repealed.

HON. J. C. PETERSEN.

HON. J. C. PETERSEN.

Gentlemen: I always enjoyed good health until five years ago, when I began to notice repeated backache, which kept increasing. I had sharp stitches and my back felt lame and sore. I had my urine examined; the doctor found it highly colored, with considerable brick-dust, and pronounced it Bright's disease. I had little faith in his prescriptions and soon changed, taking some greatly advertised Kidney Cures, but with unsatisfactory results, until i used Warner's Safe Cure. Within ten days I felt greatly relieved, the pain gradually decreased and soon disappeared, the urine assumed a natural, healthy color and within four months my health was fully and completely restored.

I have now enjoyed good health for over four years and endorse Warner's Safe Cure as the one infallible remedy for kidney trouble.
