

He's Giving Away a Fortune A BOOK FOR EVERY HOME

A Masterpiece of Philanthropy by Hon. James R. Kenney, Ex-Mayor of Reading, Pa.

HON. JAMES R. KENNEY, The Man Who is Giving Away a Fortune in Books.

Hon. James R. Kenney, ex-mayor, is giving away a fortune in books. He is putting them right into the hands of the people absolutely without cost or trouble to them save the small trouble of writing. He has had prepared and printed the most remarkable work on personal magnetism, hypnotism and how to succeed in life that has ever been written. It is brimful of intensely interesting and practical information. It is just what the young man needs who is starting in life to give him vim, push and energy. It makes him magnetic to enable him to overcome obstacles and surmount every difficulty to his success. It is just what the middle-aged man needs to enable him to win and hold friends, to become a leader in his community, to influence and sway the minds of his business associates and make his mark in life. It is just what every father and every mother needs to eradicate bad tempers and evil inclinations in children, to strengthen their moral faculties, banish disease and make them grow to be men and women, such as God intended they should be. It is just what every minister of the gospel needs to help him hold the wavering steadfast in their faith, to help him turn the minds of the wicked toward morality, honesty and right doing. It is just what every lawyer needs to help him influence juries, control witnesses and to deliver his argument in that forceful, convincing manner which carries conviction with every word. It is just what you need to matter who you are or what you do, to enable you to get out of life the success, pleasure and happiness which the Creator intended should be yours. If you are not successful, if you are not making money, it is because you do not know that secret power that rules the thoughts and minds of men. If you are already successful you can become more successful if you will but master the hidden forces around you. Learn to use the secret magnetic power with which nature has endowed you. Ex-Mayor Kenney's book proves to every one it is born with this mighty, subtle power that any one can easily develop it at home without the knowledge of his intimate friends or associates, and influence people secretly to carry out his thoughts and ideas. It certainly is a wonderful force, capable of infinite good.

"Hypnotism truly reveals the secret of life and the mysteries of nature," writes J. L. Schottler, 1124 S. La Trobe, St. Louis, Mo. "My own father could not have convinced me of its wonderful power if I had not actually tested it for myself. I consider a knowledge of it invaluable to those who wish to get the most out of life; to those who wish to achieve success and live up to the full measure of their possibilities."

J. R. Gaskins, Newport News, Va., writes: "I must admit that I doubted very much that hypnotism could be practically taught. In four days after receiving your work, however, you demonstrated to my entire satisfaction that I was never far from the truth in my life. I am free from my troubles. Your free book is the finest thing of the kind I have ever seen."

A. C. Myers of Ithaca, N. Y., writes: "If any fault could be found with your instruction it would be that you give too much, thereby giving too many people the opportunity to acquire great secrets that have been guarded and known only by a very few for centuries—secrets that confer upon the possessor a wonderful power over their less informed friends."

Rev. John Lewing of Brownville, Neb., writes: "You are engaged in a glorious work. Hypnotism sets us free from poisonous drugs. I have just cured a case of throat and lung trouble which the doctors had pronounced incurable. I am applying your teachings every day. I congratulate you upon your work for suffering humanity."

Ex-Mayor Kenney ordered printed three months ago 10,000 copies of his new book for free distribution. The first copies are just now coming off the press. They are elegantly illustrated with the finest engravings and will prove a valuable addition to any library. If you would know all about hypnotism, the wonder science of the age, personal magnetism, thought force, magnetic healing and kindred sciences, write for a free copy of this remarkable book at once. It will be sent to your address postage prepaid. You will be delighted, mystified and benefited more than words can tell. Nothing like it has ever before been printed. Ex-Mayor Kenney is giving them away for the benefit of the public. He believes by doing so he is accomplishing more good than by donating them to hospitals, public libraries or anything of this nature. He gives you a book worth more to a young man than a college education. He gives it to you for your own personal use, to keep in your library or to carry with you. On account of the great expense in preparing and printing this book only those are requested to write who are especially interested in bettering themselves in life and who actually wish to make practical use of the information given in the book.

If you want a free copy write at once to L. C. Bauer, secretary of Ex-Mayor Kenney, office 130 M., 429 Walnut Street, Philadelphia, Pa.

AFFAIRS AT SOUTH OMAHA

High School Plans May Take More Substantial Form Tonight

BOARD THINKS IT SIGHTS THE FUNDS

Probably Will Instruct the Secretary to Advertise for Bids for the Construction of the New Building's Foundation.

On Monday night the Board of Education will hold a meeting and it is understood that the secretary will be instructed to advertise for bids for the construction of the foundation of the proposed high school building to be erected on the Hector property at Twenty-third and K streets. As the board sees money in sight now from liquor licenses and other sources some of the members favor the commencement of the building as soon as possible. It is asserted that by the time the foundations are well under way, money for the balance of the structure can be provided. It is figured that in order to complete the building it will be necessary to ask the people to vote bonds in the sum of \$100,000. This proposition, so it was stated yesterday, will be submitted to the people at the coming election.

One of the members of the board in speaking of this matter said last night that within a year sixteen new school rooms had been added to the buildings now in use and that six rented rooms were now being accepted and paid for. This shows an increase in the enrollment beyond the expectations of the board when the appropriations were made last year.

In the matter of bonds it is asserted that bonds of district No. 5 can be sold for about 4 per cent. in the district. It is understood that the property valued at about \$400,000. It is the intention, in case the bond proposition carries, to make the issue one of twenty years if possible in order to secure as low a rate of interest as possible. It may raise bids for the foundation will be advertised for on Monday night and then the question of bonds will be taken up after this matter is disposed of.

Accepts Appraisers' Report.

The officials of the Burlington road have notified the city officials that the report of the appraisers on the matter of vacating a portion of Thirty-sixth street would be accepted and that the payment of the \$1,043 damages reported would be paid at once. It appears that the report of the appraisers was not so explicit as it should have been. It did not carry out the idea of the engineers in designing the lines to be followed. The appraisers were consulted yesterday and agreed to file a supplemental report showing exactly what was contained in the first report, but making their statements more explicit. This report will be filed with the city officials on Monday night. As the members of the council are willing to consider this supplemental report it is thought that the vacation ordinance soon will be under way. The city officials insist that the amount of damages paid into the treasury before the ordinance is passed and this has been agreed upon by all parties concerned. This is the only case where the city has derived any financial benefit from the vacating of either streets or alleys.

City Clerk Makes Statement.

City Clerk Shrigley has prepared a statement showing the condition of the city funds at the close of business Saturday night. This statement shows that the amount of the 1902 levy was \$133,656. The balance of the levy from 1901 was \$5,066. Insurance paid, licenses and one-half of the county levy bring the total up to \$145,143. Up to this date there has been drawn from the old Bond packing house on the river bottom some time during 1903, perhaps by the middle of the year. The promoter is J. H. Shaw, now of Omaha, but formerly of Atlanta, Ga., and it is understood that the machinery for the plant will come from that place, or at least part of it, and that also a part of the financial backing will come from there. The Omaha men heavily interested in P. E. Her, the distiller, whose efforts in behalf of the enterprise have been mentioned already several times in The Bee, are evaluating service. A. L. Holcomb of the Atlanta sanitary has been in Omaha recently, when the first steps in the formation of a company were taken, but has returned to Atlanta, to head the project at that end of the line. The estimated investment is \$150,000.

Hostler Assaults Foreman.

Irwin Walters, an extremely able-bodied hater in Stuber's livery stable, Fifteenth street, Tuesday night assaulted the foreman of the stable, Dave Kling, who charged him with assaulting the foreman, but was not injured during the assault.

PERSONAL PARAGRAPHS.

Among those who were registered at the Hamilton hotel Saturday evening were: Tom Hughes, Grand Island, Neb.; Mr. and Mrs. W. E. Shafer, Sioux Falls, S. D.; W. C. Crite, Republic, Mo.; J. C. Sullivan, the Union Pacific railroad, C. J. Bowley, Crete, Neb.; F. C. Scott, Sutton, Neb., and E. L. Langworthy, Chicago.

COAL IS SOLD AT COST

Chicago Opens Municipal Yard to Sell Citizens Fuel.

DEMAND RUNS FAR AHEAD OF SUPPLY

Unfortunate Customers Claim to Purchase Means of Making Fires and Size of Lots Has to Be Cut Down.

CHICAGO, Jan. 31.—The distribution of bituminous coal at cost price by the city was inaugurated today. Hundreds of persons, mainly women, gathered at the city collector's office and at the various points of distribution throughout the city and it was demonstrated early in the day that 150 tons a day would prove inadequate to meet the demand. A hurried consultation resulted in the restriction of the amount sold to each person to one-half ton, instead of one ton, as originally planned. It is estimated that 1,200 tons will be required to meet the demands of the first day's applicants. A schedule of prices, varying according to the cost of delivery to the distributing points, was fixed, ranging from \$2.20 to \$2.25 per half ton. "It will be impossible to fully meet the demand," said Commissioner of Public Works Blocki, who is in charge of the municipal coal yards, "but we hope to be able to prevent suffering from absolute want of coal. We shall have at least 200 tons a day to sell and doubtless could get an adequate supply if the railroads could deliver it to us."

FOR THE PRESS CLUB BENEFIT

Program is Now Made Up and Shows Promising List of Attractions.

A striking program has been secured for the entertainment of the Tri-City Press club, to be given at Boyd's theater on the afternoon of Monday, February 9. The entertainment committee has now completed the card, which will begin with the two strongest numbers from the Orpheum vaudeville bill for that current week. First comes Mignonne Kollin, a famous danseuse. The next act will be by the Milano trio, composed of the widely known Milanese minstrel. But the last act of the vaudeville portion of the performance is the one from which most is expected. It is the monologue by Carl Reiter, manager of the Orpheum theater here. This will be Mr. Reiter's first appearance on a stage in this district role, but he has often demonstrated his ability in the story telling direction that he has been urged many times to carry his talents behind the footlights. For a closing scene the entertainment committee has secured one full act from "Shore Acres." William B. Gross, general manager of the James A. Herne attractions, was in Omaha Saturday and arranged with the committee for the production of the first act. This was chosen because of the fact that it introduced a large number of characters, sixteen in all, and because it contains scenes of the cleverest touches in the play. It is the act located in the barnyard of "Shore Acres" farm during haying time. Proceeds of the performance will be used to entertain the National Editorial association, and judging from present progress it is believed that the members and paper scribers will be shown the time of their lives.

TANNERY SEEMS ASSURED

Much-Disputed Project Takes More Material Form, with P. E. Her Pushing It.

A much discussed project seems about to materialize and Omaha has very good prospects of a large tannery. The old Bond packing house on the river bottom some time during 1903, perhaps by the middle of the year. The promoter is J. H. Shaw, now of Omaha, but formerly of Atlanta, Ga., and it is understood that the machinery for the plant will come from that place, or at least part of it, and that also a part of the financial backing will come from there. FATHER MARQUETTE LECTURE

Life and Times of the Famous Missionary the Subject of a Discourse by Bishop O'Gorman.

Right Rev. Thomas O'Gorman, D. D., bishop of the diocese of Sioux Falls, S. D., will deliver a lecture before the Omaha council, Knights of Columbus, and their guests at the Omaha opera house on the evening of February 13. Invitations to the lecture are now being issued. The subject chosen by Bishop O'Gorman is "Father Marquette," the famous pioneer missionary of the great lakes and the upper Mississippi. In the strenuous commercialism of our day a subject which carries the listener backward two and a quarter centuries, when the pioneers of the new world penetrated the trackless wilderness and blazed the path of civilization and nationhood, presents an intellectual exercise, recreation and instruction. The west is not far removed from pioneer days, and many now living have experienced the hardships and endured the privations incident to the development of a new country. But western pioneers, who are as yet, are incidents of the onrush of settlement, while those of Father Marquette were over a century in advance of white civilization and settlement. His zeal and devotion, his courage and his achievements, endeavor to make his one of the grand characters in American history. It is a singular incident of his career that the site of the westernmost post established by him, in what is now the state of Illinois, "Kaskaskia," has been obliterated. His name is on the map of Mississippi, while on the site of his hut on Lake Michigan has grown up the second largest city in North America. A picture of Father Marquette adorned one of the series of special postage stamps issued by the government to commemorate the Transmississippi exposition, and a heroic statue of the missionary has been placed by the state of Wisconsin in Statuary hall in the national capitol. Both tributes in memory of the famous pioneer called forth a dramatic production at the time, but no attention was paid to them.

LOCAL BREVITIES.

Already there is manifest considerable interest in the annual meeting of the Nebraska State Conference of Charities and Corrections to be in St. Paul, Minn., on Friday, February 5 and 6. A 6-year-old lad was picked up on a street car Saturday afternoon by Sergeant Hudson, who supposed the child had become lost and took him to the police station and gave him name to Desk Sergeant Haves as Monte Talbert, but did not know his real name. The verdict of the coroner's jury after the inquest held Saturday afternoon by Coroner Brayley over the body of the unidentified man who fell unconscious in Johnson & Carson's saloon Thursday night was that the stranger had died from nephritis, induced by a cold. The body was buried and the man identified and will be held until Monday noon. IRRITATING TROUBLE QUICKLY OVERCOME. If You Only Find Out the Right Course to Pursue. Many physicians who advertise to cure hemorrhoids, piles, etc., simply use Pyramid Pile Cure remedies. They do so because they know it is the best medicine for obtaining a proper combination of the most scientific ingredients for the cure of piles. Pyramid Pile Cure is not in an experimental stage, but is an established remedy and is recognized and used by the best physicians in the country. Being in suppository form, it reaches the trouble at a point where the healing process is quick and effective; immediate results are obtained and before the patient realizes the fact he has recovered from the pain, suffering and irritation which this trouble causes. Children who suffer from this painful trouble obtain relief at once. It is painful with a very few children to reduce the size of the suppository before using. However, if children are afflicted with piles, they should be treated without delay or the trouble may become chronic. Hundreds of little ones have been cured with Pyramid Pile Cure. The prevention of piles is better than the cure and they can be prevented if only people would look to the regularity of the bowels and not become constipated. Constipation and its attendant ills can be avoided by the use of Pyramid Pile Cure. The proprietors of the Pyramid Pile Cure saw that it was necessary to use with the majority of their patients a mild non-irritating laxative, and the Pyramid Pills for constipation were the result of much careful thought and patient investigation. Pyramid Pile Cure and Pyramid Pills are sold by druggists everywhere for fifty and twenty-five cents per package. A little book on the nature and cure of hemorrhoids or piles will be furnished free on application to the Pyramid Drug Co., Marshall, Mich.

HELENA, Mont., Jan. 31.—Judge Knowles in the United States court decided today that the Peire Manhes process of converting commercial copper from copper matte was in all respects similar to the Bessemer process of converting iron into steel, and that the Boston and Montana company, against whom suit was brought to recover for infringement of patent had a right to use the process. Farrell & Midgeon claimed a royalty of \$2 a ton on all copper matte treated by the process since it was patented in 1892. All copper produced in the United States is covered by the Manhes patent and it is estimated that the amount involved, if damages could be collected for all copper so reduced, would be in the neighborhood of \$2,000,000.

DALY DIES A BANKRUPT

Late Theatrical Manager's Debts Exceed Assets by Twenty-Eight Thousand Dollars.

NEW YORK, Jan. 31.—The appraisal of the estate of the late Augustin Daly, which was filed today, shows a deficiency of \$28,460. The assets included the lease and royalties of Daly's theater in this city, Daly's theater, London, and contracts with George Edwards of the Gaiety theater London. The gross personal estate is valued at \$32,986. The total liabilities are \$361,446.

Porter Pops Arrested.

At 5:30 o'clock yesterday afternoon Thomas Porter, the negro porter at the shops hotel, was arrested on charge taken by Officer Crow. The negro is accused by Fred Welton, a shop employe, of taking \$40 from Welton's pocket on Thursday night and forgoing to remove in the morning. The negro was suspected because he makes up the laundry for Welton and also because he quit work at 2 o'clock of the afternoon when the money was missed.

Northern Pacific Dividend.

NEW YORK, Jan. 31.—The directors of the Northern Pacific Railroad company have declared the regular quarterly dividend of 15 per cent and an extra dividend of 10 per cent.

OMAHA HIGH SCHOOL.

The City society held its regular monthly meeting Friday evening at the following program was rendered to a large audience of students attending the high school. The program consisted of: "Karl Martell," by Hilda Edgington; "Pippen," by Donald Douglas; "The Affirmative Side," by Carl Vansant and Robert Savage was victorious. The program closed with a vocal solo by Janet Marrow. The following is a list of the program: "The Virgins," by Sarah Martin; the second edition of the Oracle, a monthly paper published by the City society, containing social incidents happening in the city and also local news. Miss Julia Hatfield will be the soloist for Mrs. Wigg's of the "Cabbage Patch," the program closing with a vocal solo by Mrs. Ely. The former former high school girls, now attending the University of Nebraska, visited the high school on Friday. The party came to Omaha to witness the basketball game played between the university and the high school. The basketball team took great interest in the high school gymnasium. Among the party were Misses Elizabeth Evans and Helen Woodman. Since the high school gymnasium has been opened the girls have shown great interest in basketball. They practice twice a week and games are often played between the juniors and the seniors. The regular junior team has not yet been formed. Two places are yet to be filled on this team and over twenty girls are trying for these two places. The first half of the year's work was finished on Friday in most of the classes. A good deal of the day was spent in giving the pupils their final averages and to changing the regular daily program of many of the students. All pupils receiving an average of less than 70 per cent were assigned to take the work over again in the subject in which they failed. The G. O. J. is a newly organized society of the city. The first meeting was held Wednesday at the home of Minnie Edrick and an elaborate luncheon was served. The members of the society are Beulah Buckley, Elizabeth Kiewit, Edna and Etienne Hillis, Mary Mcintosh, Jean Fleming, Lela Hillis, Beulah Phelps, Edith Patterson and Minnie Edrick.

Warner's Safe Cure

MR. MICHEL BLANDYPOS.

Gentlemen: It affords me the greatest pleasure to testify to the merits of Warner's Safe Cure, as I consider it was the sole means of restoring me to health. I suffered for nearly three years with inflammation of the bladder, causing me severe pains also the most terrible headaches, and at times I was unable to attend to my regular duties. I doctored without receiving any benefit and felt very discouraged, when a club friend advised me to try Warner's Safe Cure. It seemed as if there was not a sound organ in my body when I began using it, but a gradually improved and felt much encouraged. It took seven months to fully restore me to health, but during that time I used no medicine but the Safe Cure and therefore know that I owe my recovery and good health of today entirely to it, and am pleased to endorse it. Very truly yours, MICHEL BLANDYPOS, 1027 Marais St., New Orleans, La., Dec. 8, 1902, Secretary, "The Marlowe Club."

"SAFE CURE" CURES KIDNEY DISEASE.

If you have pains in the back, rheumatism, uric acid poison, rheumatic gout, diabetes, Bright's disease, inflammation of the bladder and urinary organs, scalding pains when you urinate, eczema, jaundice, swellings or torpid liver; if a woman, bearing-down sensations, fainting spells, so-called female weakness, painful periods, those symptoms tell you that your kidneys have been diseased for a long time, for kidney disease seldom put out such symptoms as the victim recognizes until they have been working several months. You should lose no time—get a few bottles of Safe Cure as your druggist's. It will relieve you at once and effect a permanent cure. It kills all disease germs. Doctors prescribe and hospitals use "Safe Cure" exclusively in all cases of kidney or bladder trouble. Warner's Safe Cure is purely vegetable and contains no narcotic or harmful drugs. It is free from sediment and pleasant to take. It does not constipate. It is a most reliable and effective tonic; it is a stimulant to digestion and weakens the torpid liver. It repairs the tissues, soothes inflammation and irritation, stimulates the enfeebled organs and heals at the same time. It builds up the body, gives it strength and restores energy. You can buy Safe Cure at any drug store or direct. 50 CENTS AND \$1.00 BOTTLES. Be sure you get "Warner's Safe Cure"—take no other. TEST YOUR KIDNEYS—Let some morning urine stand for twenty-four hours in a glass or bottle. If there is any of cloudy or watery or reddish or brick-dust sediment, or if particles or germs float about in it, your kidneys are diseased.

ANALYSIS FREE.

If, after you have made this test, you have any doubt in your mind as to the development of the disease in your system, send a sample of your urine to the Medical Department, Warner's Safe Cure Co., Rochester, N. Y., and our doctors will analyze it and send you a report with advice free of charge to you, together with a valuable booklet describing all diseases of the kidneys, liver, bladder and blood, and treatment for each disease. All letters from women read and answered by a woman doctor. All correspondence in strictest confidence. Beware of so-called kidney cures which are full of sediment and of bad odor—they are positively harmful and do not cure. WARNER'S SAFE PILLS move the bowels gently and aid a speedy cure.

W. A. COOK, M. D.

Varicocele, Hydrocele, Blood Poison, Piles, Stricture, Rupture.

If you have any ailment in the above list you should seek relief. Ask the banks about our reliability or let me give you the names of good citizens I have cured who do not object to the use of their names. I cure Varicocele in one week never to return by an original method; you will be pleased after I explain. Hydrocele in ten days. Lost manhood and evil effects of vicious habits in thirty to ninety days. Blood Poison in twenty-seven to thirty days without potash or mercury. Piles in ten days. Fistula in two weeks and Rupture in six. I guarantee my cures in writing, as well as to show the proofs first. Charges low and consultation free at my office or by letter.
