

AFFAIRS AT SOUTH OMAHA

Active and Effective Work on the Part of the Police.

PROMPT ARREST OF SUSPECTED MEN

Prisoners Are Wanted at Kansas City and Believed to Have Been Imprisoned in a Recent Bank Robbery.

The South Omaha police have been active and have managed to make several good catches recently. On Friday work was received here to look out for two colored men who had committed a robbery in Kansas City. Saturday the officers arrested James Barnes. He was found working at one of the packing houses, and a notice of the arrest was sent to Kansas City. When an officer from that city arrived early Sunday morning a search for the other burglar was instituted and the result was that Roy Jackson was placed behind the bars. The Kansas City officer had little to say except that the two persons were wanted for burglary and that he wanted to take them back. This officer complimented Chief Briggs and his men for the quick work. He expected to take both prisoners away with him last night, providing they would go without papers. In case papers are needed there will be a delay and the men will be held for four days on suspicion. On account of the secrecy of the matter it is inferred that the prisoners are connected in some way with the robbery of a bank at Springfield, Ill. This cannot be proven, but the officers say, but he hopes to make a case. Other charges are pending in both St. Louis and Kansas City against the prisoners, so that the local authorities will not hesitate to let the men go whenever they are called for.

At the same time the police are searching the city for those who are supposed to have been implicated in the recent bank robberies in this vicinity. All suspicious characters are being put in jail and the night patrolmen have instructions to compel any man out late at night to give an account of himself. In this way the local police expect to keep the city clear of sneakthieves.

City Council Tonight.

At the meeting of the city council tonight it is expected that the supplemental report of the appraisers for the Burlington taxation ordinance will come up. There seems to be no objection to the supplemental report, and the ordinance will be passed. It is expected that the company wants to have the report made more explicit and this will be approved by the council.

Aside from this business there is nothing doing outside of the reading of reports and the filing of statements. It might be that the question of the appointment of a stock examiner might come up, but this is hardly probable.

That High School Proposition.

When it became known yesterday through the Board of Education that the proposition to advertise for bids for the construction of the foundation of the proposed high school building on the Hector site, some of the members of the Taxpayers' league went straight up into the air. They threatened injunctions and mandamus. Members of the league said last night that the Taxpayers' league "would not cut much for, as it had showed its hand and had been outwitted." However, there seems to be a determined effort to put a stop to the carrying of an issue of bonds and the commencement of work on the proposed high school site. The school district as it stands today is not bonded and the general desire of the citizens seems to keep it free from a mortgage. In case a fight is put up it is thought the bonds will be defeated, although the people generally seem to think that a high school building should be erected.

Tickets Selling Rapidly.

Tickets for the charity ball, to be given by the women of the South Omaha Hospital association, are selling rapidly. Already 300 tickets have been sold, and as there is a week yet in which to dispose of the tickets it is expected that the entire issue will be disposed of. The proceeds will go to enlarging the present hospital, as there does not seem to be any chance of the association securing a building of its own with the revenue now derived from donations.

Coal Dealers Talk.

Several coal dealers said yesterday that if the present shipments were continued through February that there would be no shortage in coal. Some anthracite is coming in every few days, and there is quite a supply of bituminous coal on hand. There will not be any change, so dealers say, in the price of anthracite, although it is expected that the price of soft coal will come down before long.

Hibernians Present Statue.

The Hibernians of South Omaha gathered at the hall, Twenty-third and N streets, last evening at 7 o'clock and marched to St. Mary's church. Thirty-six and a quarter of the members of the order were present, and presented a statue of St. Patrick. With appropriate ceremonies the statue was formally presented, and accepted by the priest and congregation. The ceremony was well attended, but on account of the weather many who were expected did not march from the hall to the church.

Maize City Gossip.

The South Omaha cavalry troop will meet for drill tonight. The members of the local Young Men's Christian association will meet at 8 o'clock on Saturday evening for an enjoyable time. A card and dancing party will be given on Friday evening, February 4, at Masonic hall by the members of Knoxall council, Royal Arcanum. Rev. James A. Wise, pastor of the Episcopal church, has delivered a very interesting address to the members at the meeting Sunday afternoon. A subscriber writes to ask what has become of the proposition to secure money by the voting of bonds for the purchasing of a site and building for a suitable city hall. The park commissioners are still looking for a chance to open money. Now they want Twenty-fifth street cut through to the Omaha boulevard. This work may be done this summer, as there is money in the park fund here. The police are still hunting for supposed bank robbers. Yesterday a colored man was arrested and put in their hands here and there assisted by members of the local detective force.

BURNS SATISFIED WITH CLUB

Colorado Springs Magistrate Thinks He Has Good Chance to Win Pennant.

"I look for the most successful year in the Western league's history," said Mr. Burns, Tom Burns of Colorado Springs at the meeting at Kansas City and I believe I have voiced the sentiments of all the boys, as they expressed them at the meeting. Mr. Burns is enthusiastic over his present club of pitchers. He thinks he has a good bunch and is well satisfied with the men he has gathered up to work behind the bat. His ambition for the season is to win a young fellow of the Great Promises, Tom Albany, the winner of the New York state league last year. For a pitcher, a man Burns runs across at St. Louis, and Jones and Neumeier of last year's vintage. "I couldn't let Neumeier and Jones get away from me," said the millionaire, with a smile upon his face as he mentioned the names of Neumeier, Callahan, and Jones. Burns has Doran, Herward and Starnagle. Burns is enthusiastic over his present club of pitchers. BASE BALL MAGNETS MEET

Discuss Games with American Clubs, but Can't Decide on Nothing.

CINCINNATI, Feb. 1.—Today's informal conference of the western presidents of the National base ball league was with a few exceptions, a failure. The meeting was held at the Hotel Cincinnati, and was attended by President Robinson of St. Louis and President Dreyfus of Pittsburgh conferred during the day on various matters, but tonight they had done nothing and expected to do nothing at this meeting, although they will be together early tomorrow. They are all in favor of asking the western clubs of the American league to cooperate with them in an interchange of games before the championship season opens and there is little doubt the proposition will be accompanied with a schedule of dates that Mr. Herrmann has prepared.
